

San Francisco Public Library presents

CONNECT WITH TECH WEEK

May 7- 12, 2018

Access. Learn. Teach. Empower.

DIGITAL INCLUSION FOR ALL

sfpl.org/connectwithtech • (415) 557-4388

What is Connect with Tech Week?

A citywide initiative comprised of events, spearheaded by the San Francisco Public Library, to promote online access and technology skill-building to reduce digital disparities in our communities.

Connect with Tech Week is free, open to the public, and has something for everyone. Opportunities abound for people interested in expanding their tech skills. We welcome seniors, people with disabilities, volunteers, tech industry professionals, policymakers and nonprofits working towards digital inclusion.

Phase II of the Library's Tech'd Out lending program begins during Connect with Tech Week. Visit the Main, Bayview, Ocean View, Visitacion Valley, Chinatown or North Beach branches for the chance to check out a mobile hotspot with your library card. www.sfpl.org/techdout
