YOUR POLLING PLACE

Your polling place may have changed after the November 7, 1995 Election. Be sure to check the label on the back cover of this Voter Information Pamphlet for the correct location before going to vote.

Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you.

Voting at Your Polling Place

When you arrive at your polling place to vote, a pollworker will hand you a ballot and a small poker. Go to an open voting booth. Because of the short ballot, you will not need a voting machine to vote. Punch the circle to the right of the candidate of your choice. When you have completed voting, look at the back of the ballot card and remove the small hanging chips of paper. Fold your ballot and drop it in the green box on the pollworker table.

Early Voting

In-person voting is available at 633 Folsom Street, Room 109, (between 2nd and 3rd, on the corner of Hawthorne Street.)

The dates and time are:
• November 13, 1995 through December 12, 1995
• Monday through Friday, 8:30 a.m. to 4:30 p.m.
• Saturday and Sunday, December 9th and 10th, 9 a.m. to 3 p.m
• Election Day, December 12th, 7a.m. to 8 p.m.

No voting is available at the temporary City Hall (401 Van Ness) site.

Telephoning the Registrar of Voters

The Registrar now has special telephone lines for specific purposes:
To register to vote, call 554-4398;
To request an Absentee Ballot application, call 554-4399;
For information about becoming a Poll Worker, call 554-4385;
For election results on Election Night, call 554-4375; or
For all other information, call 554-4375.

For your convenience and because of the huge number of calls during the weeks leading up to the election, the Registrar uses automated information lines in addition to regular operators. If all operators are busy, callers may hear recorded messages which will direct them to leave their name, address and telephone number. Callers with touch tone phones may be asked to press numbers to direct their calls to the right desk. Callers with rotary phones may wait on the line for an operator or to leave a message.
