A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 19th day of December, 1933, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The proposition of incurring a bonded debt of the City and County of San Francisco to the amount of Three Million Dollars (\$3,000,000) for the acquisition and construction of certain new school house buildings in the City and County of San Francisco, and the acquisition of certain lands therefor, and the acquisition of certain other property including furnishings and structures necessary to be used in and about said school house buildings, and for the purpose of making repairs, alterations, additions, betterments and replacements to existing school house buildings.

Section 2. The estimated cost of the municipal improvements described herein was fixed by the Board of Supervisors by Resolution No. 1128, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of Three Million Dollars (\$3,000,000), and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvements described in Section 1 hereof.

REPLACE UNSAFE SCHOOLS

Vote YES on School Bonds

TWENTY-THREE THOUSAND CITIZENS of San Francisco have asked the Board of Supervisors through an initiative petition to place before the voters for favorable action a proposal to issue bonds in the sum of \$3,000,000, the proceeds of which will be used to replace wooden public schools, some of which are more than 50 years old. The need for replacing these schools with modern fireproof structures is an urgent one.

The bond issue proposal has received the approval of the City and County Federation of Women's Clubs and the Second District, Congress of Parents and Teachers, which organizations obtained signatures to the initiative petitions.

Old wooden three-story school buildings, similar to the Fremont Elementary School which was destroyed by fire on April 27, constructed between 1880 and 1913, are still in operation.

Three schools with an enrollment of 2500 pupils, were closed for major repairs on November 22 because of earthquake hazards. This was done to comply with recent changes in school building laws as a result of urgent demands in a statewide campaign by school authorities and newspapers, and an engineering survey ordered by the Board of Education.

Public schools built in San Francisco since 1920 have passed all tests of the State Engineer's office as to their safety and conform to all earthquake resistant requirements. Schools which must be repaired immediately are schools built prior to 1920.

The cry throughout California is "make every school building safe for our children." *Therefore the safety program must be given first consideration.*

Elementary schools scheduled for replacement or substantial repair are: Glen Park, Starr King, Visitacion, Buena Vista, Francis S. Key, Irving M. Scott, Patrick Henry and Agassiz.

To replace the above-mentioned schools by including such an amount or portions of it in an annual school budget, in addition to requirements for the adopted expansion policy, will greatly increase the annual tax rate, and will delay such replacement a considerable number of years.

The proceeds of the bond issue will also be used to build the new George Washington High School, Richmond District, Marina Junior High School, Marina District, and Lawton Elementary School, Sunset District.

Citizens are urged to remove the fire and earthquake hazards by voting in favor of these 10-year short-term bonds NOW. These bonds will be paid off within TEN YEARS.

The Board of Education has complied with its functions, in calling attention to the situation of a possible menace.

It remains in the hands of the voters to assume the responsibility and provide the funds for an immediate building program by voting for these bonds.
