In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote “NO” on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City's finances are sound. Our economy continues to:

- grow
- provide jobs
- raise the tax revenues our government needs

ARGUMENT AGAINST PROPOSITION I

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein
William Cohien
Jerome Adams
Timothy Tosta
Louis Giraudo
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city's best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would reduce the chance that our neighborhoods, and the small businesses that serve them, will have a person to take care of our needs in City Hall.

Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods’ small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Ben Horowitz, Commissioner, Board of Education
Richard Corbatos, Commissioner, Board of Education
Delis Lee, Member, Civil Service Commission
Ben Tom, Commissioner, Board of Education
Yuri Wada, President, California Board of Regents
Julie Tang, Commissioner, Community College Board
Jeff Mori, Member, Parks and Recreation Commission
Gordon Lau
Jess Esteva

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which affect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can’t afford to have a Board of Supervisors which spends less time on our community’s interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carloita Tezider del Portillo, Member, Civil Service Commission
Clemente Ohregon
Al Bower, Attorney at Law
Jim Morales
Ralph Hurtado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Welton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Superintendent Doris Ward
Supervisor Willie B. Kennedy
Dr. Zurett L. Goosby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sedona Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP “I”

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

PROPOSITION I

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeout type.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven-nine members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
Jail Cost Reimbursement

PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

Yes 249
No 250

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can't be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It's only logical that financially able people pay for their own keep when they're convicted of crimes and not make taxpayers foot the bill.

VOTE YES ON PROPOSITION J

Martha Gillham
Beverly Ann Grove
H.P. Wright
Walter Domeniconi

NO ARGUMENT AGAINST PROPOSITION J WAS SUBMITTED

TEXT OF PROPOSED INITIATIVE ORDINANCE PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant's ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant's financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.
PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

YES 253 ▶
NO 254 ▶

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller’s Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: “Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time.”

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition “K”.

Support Proposition “K”.

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition “J” to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition “K”. Vote YES on Proposition “K”.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

Unfortunately this measure doesn't go far enough. But it is a step in the right direction. City Hall has to adopt tougher controls on runaway downtown office growth and on shading of all open spaces. Not just a few as this measure does. Give us our sun. Vote yes on K.

San Franciscans for Reasonable Growth  
Sue Hestor  
Brad Paul  
Ruth Gravanis  
David Jones  
Tony Kilroy

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON PROPOSITION K

Public parks and open space are essential to all San Franciscans. To achieve their highest use now and for the future, we must ensure that our parks have as much sunlight as possible for as many hours a day as possible.

Protect our parks from further shadows. Vote Yes on "K".

ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition "K".

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote “NO” on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
Park Shadow Ban

Problems occur, amendments can be made, problems adjusted. For example, Proposition K would exempt 40-foot buildings. However, even 40-foot buildings can cast shadows in open areas in early morning and late afternoon, particularly during low sun periods in winter months.

VOTE NO ON "K"

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let's do it right — Vote NO on K.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco's architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning's Downtown Plan.

The Department of City Planning and University of California's School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university's simulation laboratory. The Downtown Plan's sunlight access rules are based upon this careful analysis.

The Downtown Plan's innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children's playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is "supposed" to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director

Polls open at 7 a.m. and close at 8 p.m.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION A

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions
(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, and 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.
(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.
(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION B

NOTE: Additions or substitutions are indicated by **bold-face**; deletions are indicated by **strike-out**.

8.451 Police Department
(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.
(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.
(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.
(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this subsection. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.
(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(i) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part I of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgement of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(l) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression “rates of compensation”, as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation” as used in this section, shall mean “salary attached to the rank” as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean “compensation earnings” as used in section 8.549.

The term “police officers or patrolmen” as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco.
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8,361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may regard any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in said cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between service steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression “rates of compensation” as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8,540.

The term “firemen” as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, strokers, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8,361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the department of inspectors of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a), (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
percentage of increase or decrease in the cost of living during the twelve-
month period ending March 31st of that same year as shown by the Con-
sumer Price Index, All Items San Francisco, and the percentage of in-
crease or decrease in the cost of living during the same period as shown
by the Consumer Price Index, All Items, in the cities included in the cer-
tified report of said commission. The Consumer Price Index referred to
herein is defined as that certain index issued by the U.S. Bureau of Labor
Statistics and published in the Monthly Labor Review or a successor pub-
llication. In the event the U.S. Bureau of Labor Statistics discontinues the
compilation and publication of said indexes, the board of supervisors
shall have the power, and it shall be its duty, to appoint a statistical fact
finding committee to determine the same data pursuant to the methods
therebefore used by the U.S. Bureau of Labor Statistics. The cost of liv-
ing adjustments as hereinafter provided shall be based upon the percen-
tage of such increases or decreases. The board of supervisors may, in ad-
to the rates of compensation as established herein, and at the same
time said rates of compensation are established, increase said rates of
compensation by an amount equal to the difference between the average
cost of living increase of the cities included in the certified report of the
civil service commission and the actual cost of living increase for San
Francisco. In the event the board of supervisors elects not to grant such
cost of living increase in any year in which any such increase would be
granted, the board of supervisors shall, upon a written request filed with
the clerk of the board of supervisors not later than the 10th day of Sep-
tember of said year by representatives of the unified members of the
police and fire departments, as designated by the police and fire commis-
sions, respectively, submit the question of said cost of living increase to
the qualified electors of the city and county at the next succeeding
citywide election. In the event said cost of living increase is approved by
a majority of the qualified electors voting thereon, said cost of living in-
crease shall be effective as of the first day of the then current fiscal year.
(g) Notwithstanding any of the provisions contained in this section, no
unified member of the police or fire department employed prior to July
1, 1976, whose compensation is fixed pursuant to the formula contained
herein, shall suffer a salary reduction by the application of any new com-
pen- sation schedules, and the rates for fiscal year 1975-76 shall continue
until such time as the new schedules equal or exceed the current salary in-
crement schedules, provided, however, that such time shall not be ex-
tended beyond June 30, 1982, and provided further that this prohibition
against reduction of compensation for the designated employees shall not be
deemed to supersede the provisions of section 8.406 of this charter.
(h) Notwithstanding any of the provisions contained in this section, no
unified member of the police or fire department, whose compensation
is fixed pursuant to the formula contained herein, shall suffer a salary re-
duction by the application of the compensation schedules provided for
herein. Provided, however, that this prohibition against reduction of
compensation for the designated employees shall not be deemed to super-
cede the provisions of section 8.406 of this charter.

(i) Notwithstanding any of the provisions of the forgoing sub-sec-
tions, members of the fire department employed in the entry rank thereof (H-2) who have completed specified years of satisfactory ser-
vice shall be entitled to additional compensation as herein provided.
Service shall not qualify as “satisfactory” if the member has been sus-
spended or otherwise disciplined pursuant to the authority granted in section 8.343 during the five year period immediately pre-
ceding initial qualification for the additional compensation provided for
herein. Any member who shall be so suspended or otherwise dis-
ciplined while receiving such additional compensation shall cease to be
entitled thereto for a period of two years from the date of decision by
the chief of department or the fire commission as appropriate.
Additional compensation as herein provided shall not be included for
purposes of retirement benefit calculation or contributions pro-
vided elsewhere in this charter.

In determining the years of service necessary to qualify for addi-
tional compensation as provided herein, service rendered prior to the
effective date of this section as amended shall be given full credit and
allowed.

(1) Upon the completion of ten and until the completion of fifteen
years of aggregate service, an amount equal to 2 1/2 percent above the
rates of compensation as defined and provided for this section shall be
paid;
(2) Upon the completion of fifteen and until the completion of twenty
years of aggregate service, an amount equal to 5 percent above the rates of compensation as defined and provided for this sec-
ction shall be paid;
(3) Upon the completion of twenty years of aggregate service, an
amount equal to 7 1/2 percent above the rates of compensation as de-
efined and provided for this section shall be paid;

The provisions of this sub-section shall become effective in the
manner provided by law, but in no event prior to July 1, 1984.
Thereafter entitlement to additional compensation as herein pro-
vided shall commence with the beginning of the pay period im-
mediately following the completion of the prescribed periods of ser-
vice.

PROPOSITION E, CONTINUED FROM PAGE 37

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board
of supervisors in each instance, the public utilities commission shall
have authority to issue Hetch Hetchy revenue bonds for the purpose of
acquiring, financing, constructing, improving or developing water
uses and water power facilities under its Hetch Hetchy project, under
such terms and conditions as the commissioner may authorize by ap-
propriate resolution. Such revenue bonds shall be issued in accor-
dance with the Revenue Bond Law of 1941 as it read, including
amendments, on June 5, 1984, except that the provisions of said Re-
venue Bond Law set forth in sections 54380 through 54388, inclusive,
of the government code shall not apply to the issuance and sale of
such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate
of interest not to exceed that which may be fixed and prescribed by
the public utilities commission subject to the approval or rejection of
the board of supervisors without regard to the limitations contained
in the Revenue Bond Law of 1941. The bonds issued by the commis-
sion pursuant to the provisions of this section shall not constitute nor
evidence any indebtedness of the city and county but shall constitute
and evidence only indebtedness of the said commission payable sol-
ely out of revenues received by the commission from the Hetch
Hetchy project or from water and power facilities operated or con-
trolled by it.

(c) Hetch Hetchy revenue bonds issued for such purposes pur-
suant to this section shall not be included in the bonded debt limit
provided for in section 6.401. Nothing in this section shall prevent the
city and county from issuing general obligation bonds for the
purpose of acquiring, constructing, financing, improving or de-
veloping Hetch Hetchy water facilities or water power facilities under the
commission’s jurisdiction, subject to the bond issue procedure provided
for in this charter.

(d) The issuance of revenue bonds under this section shall be sub-
ject to the revenue bond voter approval requirements of section
7.300, except that voter approval shall not be required for revenue
bond issues for reconstruction and replacement of existing facilities,
when authorized by resolution adopted by a three-fourths affirmati-
ave vote of all the members of the board of supervisors.
PROPOSITION F, CONTINUED FROM PAGE 39

principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds hereafter or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the board's pleasure, and the board shall employ a consulting actuary. The secretary-general manager or and the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

Section 3.201 Functions, Powers and Duties.

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
The chief administrative officer may designate the recorder to exercise the powers and perform the duties of the registrar of voters and to occupy the office of registrar of voters and recorder, receiving a single salary therefor to be fixed in accordance with the salary standardization provisions of this charter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter, provided, however, that any person who has civil service status to the position of executive assistant on the date of approval of this amendment by the electorate shall continue to have civil service status to said position under the civil service provisions of this charter.

The chief administrative officer shall appoint a confidential secretary who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1984, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 6th day of January, 1981, shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January, 1981.

The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the six members receiving the highest number of votes respectively at said election shall hold office for a term of four years, the next highest number of votes respectively at said election shall hold office for a term of two years. Therefore, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1983; and at the general election in each fourth year after 1982, the successors to said five members of the board of supervisors shall be elected; and at the general election in 1986, there shall be elected six members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1985; and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing: structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall approve the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have no adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, "property designated for acquisition by the Recreation and Park Commission" shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall also be incorporated into the City Planning Code.
Application for absentee ballot appears next to Page 48

Would allow the City to charge prisoners for the cost of jail, if they can afford to pay.
Analysis 51
Arguments 52, 53
Legal Text 53

PROPOSITION K
With exceptions, would regulate the construction of buildings that cast shadows on parks & playgrounds.
Analysis 54
Arguments 55-58
Legal Text 63

CREDITS

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Bor-ganova, Stephanie Salter and Susan Kwock. They were assisted by Thomas Toomey of the City Attorney's Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
  • are a U.S. citizen.
  • are at least 18 years of age on election day.
  • are a resident of California, and
  • are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232.

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
  • Going to the Registrar of Voters office in City Hall and voting there or
  • mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
  • your address when you signed up to vote,
  • the address where you want the ballot mailed,
  • then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS
## 48 delegates are listed on pages 1 & 2. Vote for no more than 8 of the 48 delegates.

### Delegate Listing Continued on Next Page

---

**Democrats Please Note:**

This year the method of voting for president is different than at previous elections. Instead of voting for one presidential candidate, you will be voting for eight delegates.

Pages 1 and 2 contain the names of 48 citizens who want to be delegates at the Democratic Convention to be held here in San Francisco. Each would-be delegate is pledged to support one of the six (6) presidential candidates. The names of the presidential candidates are printed in bold let-

(Continued on bottom of page 5)

### 48 delegates are listed on pages 1 & 2. Vote for no more than 8 of the 48 delegates.

### 48 delegados listados en págs. 1-2. Votar por 8 delegados solamente.

You will probably want to cast your eight votes for the slate of 8 delegates representing the presidential candidate of your choice. If you do not want to do this, you can split your eight votes among two or more slates of delegates.

Under no circumstances should you vote for more than eight delegates (you may, however, vote for less than eight, if you wish).
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

STEP 1

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.

Usage de los dos manos, meta la tarjeta de voto completamente dentro del "Votomatic."

第一步
请双持票向自动机将整张选票插入。

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coincidan con las dos cabecitas rojas.

第二步
请如把选票插入时，票尾之二孔，接合於二红点之上。

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.

Para votar, sostenga el instrumento de voto y perfore con él la tarjeta de voto en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

第三步
请把票袋之选票插入，由小孔内垂直插入打孔投票。

STEP 4

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

第四步
投票选举之后，把选票取出，放入空封袋内，票尾凸出在外。

在封袋上，有空白格预备为投票人填写。

(Due to space limitations and requirements that the other sample ballot pages face each other, the voting instructions had to be placed in the middle of your sample ballot. When you go to the polls this page on your voting machine will be blank.)

PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES  185  NO  186

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES  190  NO  191

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES  196  NO  197

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

YES  204  NO  205
BALOTA INDEPENDIENTE 無政黨選票

INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS. Modifica las disposiciones para la inversión. Declara las haberes de la caja de jubilaciones como fondos fiduciarios. Específica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependería de si las inversiones de los fondos de jubilación públicos están a una tasa más alta o más baja debido a la flexibilidad adicional que se permite.

PUBLIC PENSION INVESTMENT. Modifies provisions for investment. Declares the pension funds as fiduciary funds. Specifies the investment norms for the fiduciary. Fiscal impact: No direct fiscal effect. An indirect effect could result from the flexibility additional to the selection of the personal account held in the program of investments.

PUETOS EXENTOS DEL SERVICIO CIVIL ESTATAL. Exempts from the civil service a specific director of the State School of Public Employment and the State School of Schoolmasters. Fiscal impact: No direct fiscal effect. An indirect effect may result from the flexibility additional to the selection of the personal account held in the program of investments.

State service exemptions. Exempts specific directors of civil service from public duty. Fiscal impact: No direct fiscal effect. An indirect effect may result from the flexibility additional to the selection of the personal account held in the program of investments.

IMPUESTO A LA PROPIEDAD. EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SISMOS. Exempts from the real estate tax the construction for security against earthquakes. Fiscal impact: No direct fiscal effect. An indirect effect may result from the flexibility additional to the selection of the personal account held in the program of investments.

PROPERTY TAX. Exempts from the real estate tax construction for security against earthquakes. Fiscal impact: No direct fiscal effect. An indirect effect may result from the flexibility additional to the selection of the personal account held in the program of investments.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición y votación de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sostenimiento. Fiscal impact: The funds for the sostenimiento of the Legislature of 1984-85 would be reduced by 878,000 of the amount that must be otherwise distributed. From the 1984-85, a limit set to the consolidation for the Legislature.

STATE CONSTRUCTION FOR EARTHQUAKE SECURITY. Exempts from the real estate tax construction for security against earthquakes. Fiscal impact: No direct fiscal effect. An indirect effect may result from the flexibility additional to the selection of the personal account held in the program of investments.

LEGISLATION: RULES, PROCEDURES, POWERS, CONSOLIDATION. Specifies the proceeding respecting the composition and voting of the committees, of the requirements to vote, and of other matters. Reduces the allocations for support. Fiscal impact: The funds for the support of the Legislature of 1984-85 would be reduced by 878,000 of the amount that must be otherwise distributed. From the 1984-85, a limit set to the consolidation for the Legislature.
## CITY & COUNTY PROPOSITIONS

### A
Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

- **YES 212**
- **NO 213**

### B
Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o'clock p.m. and 7:00 o'clock a.m., provided it will not increase their retirement benefits?

- **YES 216**
- **NO 217**

### C
Shall entry level firefighters who have completed ten years of satisfactory service receive 2 1/2% additional compensation, after fifteen years service 5% and after twenty years service 7 1/2%, providing that the additional compensation shall not increase their retirement benefits?

- **YES 221**
- **NO 222**

### E
Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

- **YES 226**
- **NO 227**

### F
Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

- **YES 231**
- **NO 232**
¿Deberá autorizarse a la Junta de Supervisores a otorgarles a empleados de la ciudad condiciones de trabajo o beneficios adicionales comparables a los provistos a empleados en por lo menos 50% de las entidades gubernamentales del Área de la Bahía?

A

¿Deberá pagárselo a los oficiales de policía un 6.25% adicional de su compensación por trabajar noches entre las 5:00 en punto p.m. y las 7:00 en punto a.m., estipulándose que esto no aumentará sus beneficios de jubilación?

B

¿Deberá los bomberos a nivel de entrada que hayan completado diez años de servicio satisfactorio recibir compensación del 2 1/2% adicional, después de quince años de servicio 5%, y después de veinte años de servicio 7 1/2%, estipulándose que la compensación adicional no aumentará sus beneficios de jubilación?

C

¿Deberá autorizarse a la Comisión de Servicios Públicos a emitir bonos de ingresos de Hetch Hetch, para la reconstrucción y reemplazo de instalaciones existentes, mediante el voto de tres cuartas partes de la Junta de Supervisores y deberá necesitarse la aprobación de los votantes para la emisión de bonos de ingresos para nuevas instalaciones?

E

¿Deberá autorizarse a la Comisión de Servicios Públicos a emitir bonos de ingresos del Departamento de Aguas para la reconstrucción y reemplazo de instalaciones existentes, mediante el voto de tres cuartas partes de la Junta de Supervisores y deberá necesitarse la aprobación de los votantes para la emisión de bonos de ingresos para nuevas instalaciones?

</table>
Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

### RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY

My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.

My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES 212

NO 213

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

POLLs ARE OPEN FROM 7 A.M. TO 8 P.M.
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.

3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.
Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let’s make our fair city truly fair. Vote YES on PROPOSITION “A”!
Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION “A”, our loss will be these cities’ and counties’ gain.

Take stock in San Francisco’s future. Vote YES on PROPOSITION “A”.

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.
Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance.

This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great!

It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone.

Vote to keep San Francisco one of America’s best-run cities.

Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.

Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION “A” will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION “A” will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION “A”.

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION “A”!

Keith Calden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION “A” would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION “A” would enable local government to explore new proposals.

PROPOSITION “A” would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION “A” gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government. VOTE for PROPOSITION “A”!

23
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result. Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.
San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.
San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future. Vote YES on PROPOSITION “A”!

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.
Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.
Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.
Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

We urge a Yes vote on Proposition A because the time has come to upgrade service to our neighborhoods.

Reverend Cecil Williams
Glide Memorial Church

Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?
Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.
All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.
A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women’s Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.
San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.
Proposition A will mean better City service, and a better City, for all of us.
Vote Yes on A.

Dorothy L. Jaymes
Granville A. Jackson

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will keep San Francisco great.
It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.
Vote for a better San Francisco. Vote yes on Proposition A.

Luisa P. Blue
Martha Ryan
Maria O’Brien

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.
A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Agar Jaicks
Pat Jackson
Bill Kraus

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate.

San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees.

Proposition A is a bargain. Vote yes on A.

Shirley Black
Member, Planning Association of the Richmond
Charles Breyer, Attorney
Regina Sneed
Lydia San Felippo
John J. Simpson, Retired
Susan Kelly-Kennedy

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposilion “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of govern-

ment, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970's, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspecific and unidentified costs which cannot be predetermined. This is financially unsound.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City's voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

William F. O'Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE MAN

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960's by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won't have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors' ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-wage compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor's statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can't stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let's not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.
PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o'clock p.m. and 7:00 o'clock a.m., provided it will not increase their retirement benefits?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot. The Supervisors voted as follows:

NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
Police Night Pay

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition “B” will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition “B” would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition “B” grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition “B”. It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your “YES" vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City’s Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff’s Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing

Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE "YES" ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, “night differential" certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

YES ON PROPOSITION B

Please vote yes on Proposition B.

Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessey
Sheriff

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6 1/2% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That’s why I intend to vote “YES” on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.). The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote “YES” on Proposition B.

Million Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the “high crime” evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Toler
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city’s Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

“Night Differential” is as basic as “apple pie.”
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe
that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest "Chuck" Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco's Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco.
Prop B is cost efficient and good government.
Vote Yes on Prop B.

Al Cusciauto, President
San Francisco Police Officers' Assn.

JoAnne Miller
Democratic Central Committee

ARGUMENT AGAINST PROPOSITION B

The concept of "NIGHT PREMIUM PAY" for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keefe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE.
Firefighter Longevity Pay

PROPOSITION C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

YES 221

NO 222

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:

- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller’s Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING (SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent “on-the-front line” fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay “on-the-front line”, and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition “C”, a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition “C”.

Fire Chief Emmett Condon
Fire Commission President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre “TIME SERVED” proposal would raise each fireman’s pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual “pay package” for a regular “entry rank” H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O’Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE MAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent “RAPID TURNOVER” problem perceived solely by the Fire Fighter’s Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition “C”.

If passed, this “longevity of service” premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION “C”.

SAN FRANCISCO TAXPAYERS ASSOCIATION
W.F. O’Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition "C".

The City has been generous to our firefighters, both in the department's annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition "C" will not improve one bit.

Proposition "C" simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don't clutter the Charter with such special interest legislation.

Vote NO on Proposition "C".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco's firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior renumeration. If the "problem" alleged in Proposition C does not exist, then this is just another raid on the City treasury.

San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION C

NOTE: Additions or substitutions are indicated by **bold-face**; deletions are indicated by *strike out type.*

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification, the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance, (1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E
Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City's water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on "E"

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted "No."

Controller's Statement on "E"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E:

"Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time."

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
Hetch Hetchy Financing

ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition “E” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition “E” would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City’s General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy’s facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition “E” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “E”.

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition “E”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION E

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the “Hetch Hetchy Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities.

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “F”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “F”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION F BEGINS ON PAGE 39

POLLS ARE OPEN FROM 7AM TO 8PM
Water Dept. Financing

ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition “F”

Proposition “F” would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition “E”, this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition “E” only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition “F” will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition “F”.

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition “F”.

Proposition “F” would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition “F” would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition “F” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition “F” would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition “F” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “F”.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to approve or reject Water Department revenue bond issues.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION F

NOTE: These sections are entirely new.

6.407-1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the “Water Department Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section

6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of (Continued on page 62)
Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

“Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application

is now a card insert located on or about page 48 of this pamphlet.

Please print your name clearly.
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE "YES" ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees’ Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE "YES" ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under

Civil Service.

Republican County Central Committee

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

YES 240

NO 241

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder's duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government.

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder's Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder’s job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It’s like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City’s elections office. It is in the best interest of a well run city that the Recorder’s office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate “red tape”, delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.

Republican County Central Committee

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I:

“Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

THE TEXT OF PROPOSITION I BEGINS ON PAGE 50
ARGUMENT IN FAVOR OF PROPOSITION I

WARNING TO VOTERS:

Don’t be impressed by prominent names and groups opposing Proposition “I”.
Most of those people and organizations are subject to political arm-twisting or have their own fingers in the “BIG PIE” at City Hall.
Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote “YES”.

Robert Guichard
Citizens For Better Government Chairman
Robert Silvestri

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN FORUM ENDORSES:

San Francisco Republican Forum endorses YES on “I” (to save $500,000 yearly by reducing the Board of Supervisors).

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscan against San Franciscan. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition "I".

Once again, a small band of political opportunist is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition "I".

Additionally, Proposition "I" would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition "I".

Proposition "I" would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition "I".

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition "I".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

San Francisco Police Officers’ Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote "NO" on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representa-
tive government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with ele-
ven members — best serves economic and civic health. The City's finances are sound. Our economy continues to:

• grow
• provide jobs
• raise the tax revenues our government needs

ARGUMENT AGAINST PROPOSITION I

It is in the city's best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representa-
tive and hard-working Board of Supervisors. But Proposition I
would throw our city government into turmoil.

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods' small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Ben Horo
Richard Cerbates, Commissioner, Board of Education
Pius Lee
Lourry Hop Lee, Member, Civil Service Commission
Ben Tam, Commissioner, Board of Education
Yori Wada, President, California Board of Regents
Julie Tang, Commissioner, Community College Board
Jeff Mori, Member, Parks and Recreation Commission
Gordon Lau
Jenn Esteva

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which affect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can't afford to have a Board of Supervisors which spends less time on our community's interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carla Turner del Piero, Member, Civil Service Commission
Clemente Olvera
Al Borvick, Attorney at Law
Jim Morales
Ralph Hurtado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Wesman Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Goodman, Member, Airports Commission
Betty Broocks, Member, Housing Authority
Dr. Sadie Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Reduce Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I. The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP “I”

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter, there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1988, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249
NO 250

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can’t be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It’s only logical that financially able people pay for their own keep when they’re convicted of crimes and not make taxpayers foot the bill.

VOTE YES ON PROPOSITION J

Martha Gillham
Beverly Ann Grove
H.P. Wright
Walter Domeniconi

NO ARGUMENT AGAINST PROPOSITION J WAS SUBMITTED

TEXT OF PROPOSED INITIATIVE ORDINANCE

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant’s ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant’s financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

YES 253
NO 254

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller’s Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: "Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time."

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED.
PREFER TO MAILING LABEL ON BACK COVER.
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition "K".

Support Proposition "K".

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition "J" to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public's right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition "K". Vote YES on Proposition "K".

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE "YES" ON PROPOSITION K!

A "YES" vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City's green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

San Francisco's Recreation and Park facilities are the "lungs" of the City. Protect these valuable properties from chilling shadows. Vote "YES" on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON "K"

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY'S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

Unfortunately this measure doesn’t go far enough. But it is a step in the right direction. City Hall has to adopt tougher controls on runaway downtown office growth and on shading of all open spaces. Not just a few as this measure does. Give us our sun. Vote yes on K.

San Franciscans for Reasonable Growth

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON PROPOSITION K

Public parks and open space are essential to all San Franciscans. To achieve their highest use now and for the future, we must ensure that our parks have as much sunlight as possible for as many hours a day as possible.

Protect our parks from further shadows. Vote Yes on "K".

ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition “K.”
Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have maximum light. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote “NO” on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Park Shadow Ban

Problems occur, amendments can be made, problems adjusted. For example, Proposition K would exempt 40-foot buildings. However, even 40-foot buildings can cast shadows in open areas in early morning and late afternoon, particularly during low sun periods in winter months.

VOTE NO ON "K"

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco's architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning's Downtown Plan.

The Department of City Planning and University of California's School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university's simulation laboratory. The Downtown Plan's sunlight access rules are based upon this careful analysis.

ARGUMENT AGAINST PROPOSITION K

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let's do it right — Vote NO on K.

Supervisor Quentin L. Kop

ARGUMENT AGAINST PROPOSITION K

The Downtown Plan's innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children's playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is "supposed" to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION A

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions

(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION B

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.541 Police Department

(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgment of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor and shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgment of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part 1 of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgment of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half which is herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations thereafter shall be based thereon.

The expression “rates of compensation”, as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”. Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation” as used in this section, shall mean “salary attached to the rank” as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean “compensation earnable” as used in section 8.549.

The term “police officers or patrolmen” as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct.

The form or amount of said reward to be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance, for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall in-clude the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression “rates of compensation” as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or shift split, or pay for special services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8.549.

The term “firemen” as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over, of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, strokers, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter, but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
PROPOSITION E, CONTINUED FROM PAGE 37

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in such instance, the public utility commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall constitute evidence of indebtedness of the city and county but shall not be considered to evidence any indebtedness of the special assessment district created under the laws of the state.

(c) Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (c).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

3.670 Board Composition
The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary
The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the discretion of the board's pleasure, and the board shall employ a consulting actuary. The secretary-general manager and the actuary shall have the power to administer oaths and affiliations in all matters pertaining to the business of the retirement system.

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

Section 3.201 Functions, Powers and Duties.
The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief ad-

ministrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.
The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective term of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. At the general municipal election in 1989, every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o’clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the six persons receiving the highest number of votes respectively at said election shall hold office for a term of four years, the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years. Thereafter, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1983, and at the general election in each fourth year thereafter, the successors to said five members of the board of supervisors shall be elected, and at the general election in 1984, there shall be elected six members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1985, and at the general election in each fourth year thereafter, the successors to said six members of the board of supervisors shall be elected:

The respective terms of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o’clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be consolidated with the direct primary in 1972 shall succeed to said offices at twelve o’clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be consolidated with the direct primary in 1972, shall be as follows: The four members receiving the highest number of votes respectively at said election shall hold office for a term consisting of the period of time until the 8th day of January, 1975. Thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials shall commence at twelve o’clock noon on the 8th day of January following the date of their election.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing: structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, “property designated for acquisition by the Recreation and Park Commission” shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall also be incorporated into the City Planning Code.
Application for absentee ballot appears next to Page 48

Application para papeleta de votante ausente aparece en la Pagina 48

POLL WORKERS NEEDED
Election day workers are needed at the polls in most San Francisco Neighborhoods, Bilingual citizens are particularly encouraged to apply.

WHEELCHAIR ACCESSIBILITY:
The "yes" or "no" on the second line of your address label indicates whether or not your polling place is wheelchair accessible.
This evaluation takes into account architectural barriers only. Geographical barriers you may encounter enroute to the polls have not been considered.

Arguments .................. 52, 53
Legal Text .................. 53

PROPOSITION K

With exceptions, would regulate the construction of buildings that cast shadows on parks & playgrounds.
Analysis .................. 54
Arguments .................. 55-58
Legal Text .................. 63

CREDITS

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Bor-Woog, Stephanie Salter and Susan Kwock. They were assisted by Thomas Toomey of the City Attorney’s Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to
vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
• are a U.S. citizen.
• are at least 18 years of age on election day.
• are a resident of California, and
• are not imprisoned or on parole for the
conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what
political party you consider yours, you can say “Inde-
pendent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to
vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this
election?
A—President, Congress, State Legislature and County
Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and
address sent with this Voters’ Pamphlet (back
cover).

Q—If I don’t know what to do when I get to my voting
place, if there someone there to help me?
A—Yes. The workers at the voting place will help you.
If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your vot-
ing place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth
even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in
voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the
ballot?
A—Yes. This is called a “write-in.” If you want to and don’t
know how, ask one of the workers to help you. The poll
workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any
test?
A—No.

Q—Is there anyway to vote besides going to the polls
on election day?
A—Yes. You can vote early by:
• Going to the Registrar of Voters office in City Hall and
  voting there
or
• mailing in the application sent with this voters’
handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an
absentee ballot. This letter or postcard should be sent to
the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
• your address when you signed up to vote,
• the address where you want the ballot mailed,
• then sign your name, and also clearly print your name
underneath.

Q—When do I mail my absentee ballot back to the Reg-
istrar of Voters?
A—You should mail your absentee ballot back to the Reg-
istrar of Voters as soon as possible. You must be sure your
absentee ballot gets to the Registrar of Voters by 8 P.M.
on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING
CALL THE REGISTRAR OF VOTERS
### DEMOCRATS PLEASE NOTE:

This year the method of voting for president is different than at previous elections. Instead of voting for one presidential candidate, you will be voting for eight delegates. Pages 1 and 2 contain the names of 48 citizens who want to be delegates at the Democratic Convention to be held here in San Francisco. Each would-be delegate is pledged to support one of the six (6) presidential candidates. The names of the presidential candidates are printed in bold letters.

(Continued on bottom of page 5)
## Vote for no more than 8 delegates

(Continued from bottom of page 4)

You will probably want to cast your eight votes for the slate of 8 delegates representing the presidential candidate of your choice. If you do not want to do this, you can split your eight votes among two or more slates of delegates.

Under no circumstances should you vote for more than eight delegates (you may, however, vote for less than eight, if you wish).
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

STEP 1
Using both hands insert the ballot card all the way into the Votomatic.
Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

第三步
请双手持票向自动机内票位置票插入。

STEP 2
Be sure the two slots in the stub of your card fit down over the two red pins.
Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabezucas rojas.

第二步
请切记将选票插入时，票尾之二孔，按合于二红针之上。

STEP 3
Hold punch vertical (straight up). Punch straight down through the ballot card to indicate your choice. Do not use pen, or pencil.
Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

第三步
请将票之选票针，由小孔内垂直插入打孔投票。

STEP 4
After voting, withdraw the ballot card and place it inside the envelope pocket, with the stub showing.
Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

第四步
投票选票之后，把选票取出，放入空封袋内，票尾插入在外。

在封袋上，有空白者预设为投票人用。

(Due to space limitations and requirements that the other sample ballot pages face each other, the voting instructions had to be placed in the middle of your sample ballot. When you go to the polls this page on your voting machine will be blank.)

</tbody>
</table>
PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES 185
NO 186

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES 190
NO 191

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES 196
NO 197

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

YES 204
NO 205
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.
Modifica las disposiciones para la inversión. Declara los hábiles de la caja de jubilaciones como fondos fiduciarios. Específicas las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependerá de si las inversiones de los fondos de jubilación públicos están a una tasa más alta o más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL ENMIENDA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de director del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD. EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SIEMPOS. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Excluye del reavalúo para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sísmos. Impacto fiscal: Pérdida desconocida de réditos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades bienal de las comunidades y, posiblemente, otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición partidaria de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1994-85 serían reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1994-85, un límite tope se fija al crecimiento de la consolidación para la Legislatura.

州議會，規則，程序，權力，撥款。制訂各委員會中各黨組成的程序，投票規定和其他事項。削减後勤經費撥款。財政影響：州議會經費開支將較一九八五至八五財政年度規定的撥款減少 $37,000,000。一九八五至八五財政年度後，州議會經費的增長將比出一最高限額。

WRITE YOUR CHOICES ON THIS CARD AND TAKE IT INTO THE VOTING BOOTH WITH YOU.
¿Deberá el Secretario-Gerente General y el Funcionario Inversionista Principal del Sistema de Jubilaciones ser nombrado por la Junta de Jubilaciones y estar exento del Servicio Civil?

¿Deberá ser eliminada la autoridad para combinar la Oficina del Registro con la Oficina del Registrador de Votantes, y deberá hacerse al funcionario del Registro un funcionario de la Ciudad en forma separada, bajo las órdenes del Funcionario Administrativo Principal?

¿Deberá la Junta de Supervisores ser reducida de once miembros a nueve miembros después de la elección de noviembre de 1964 y deberá posteriormente ser reducida a siete miembros después de la elección de noviembre de 1966, y deberán cambiar de años pares a años impares las elecciones para Supervisores?

¿Deberá San Francisco adoptar una ordenanza que establece el cobrar los costos de encarcelamiento en una cárcel del condado u otra instalación local de detención a un acusado que la Corte lo considere financieramente capaz de pagar?

¿Deberá adoptarse una ordenanza que prohíbe los permisos de construcción para ciertas estructuras que produzcan considerable sombra sobre propiedad del Departamento de Recreación y Parques, a excepción de aquellos previamente autorizados por la Comisión de Planeamiento Municipal de conformidad con la ordenanza, con ciertas excepciones?
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY
My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37
My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.
My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge
My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies? YES 212  NO 213

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Remne.

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

POLLs ARE OPEN FROM 7 A.M. TO 8 P.M.
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let's make our fair city truly fair. Vote YES on PROPOSITION "A".
Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco's growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION "A" will help San Francisco attract those workers. Without PROPOSITION "A", we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION "A", our loss will be these cities' and counties' gain.

Take stock in San Francisco's future. Vote YES on PROPOSITION "A".

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers' money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.
Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance. This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great!
It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.
A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.
Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone.
Vote to keep San Francisco one of America’s best-run cities. Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.
Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.
Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.
Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.
PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.
VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.
ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION "A" will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION "A" will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION "A".

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn't give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco's labor relations. Now and in the long run, Proposition A is unquestionably in the city's best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco's basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let's keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION "A"!

Keith Calden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION "A" will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION "A" would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION "A" would enable local government to explore new proposals.

PROPOSITION "A" would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION "A" gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government.
VOTE for PROPOSITION "A"!

Honorable Ken Tom
President, Board of Education
Honorable Sadonia Wilson
Vice President, Board of Education
Honorable Dick Cerbatos
Member, Board of Education
Honorable Libby Denebein
Member, Board of Education
Honorable Eugene Hopp
Member, Board of Education
Honorable Myra Kopf
Member, Board of Education

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It's the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can't negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

Honorable Gordon Lau
Member, Port Commission

Honorable Sue Bierman
Member, Planning Commission

Honorable Peter Ashe
Member, Retirement Board

Honorable Warren De Merritt
Member, Retirement Board

Honorable Jerome H. Klein
Member, Planning Commission

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It's the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can't negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

Carolyn Reilly
President, Irish American Democratic Club

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give public employees in San Francisco the right to bargain for basic benefits. Employees have this right in virtually every major U.S. city. Why not San Francisco?

Proposition A is fair to workers, and it's good government. Vote yes on Proposition A.

Jack Crowley
Secretary-Treasurer
San Francisco Central Labor Council

Tim Twomey
President
San Francisco Central Labor Council

Paul Dempster
San Francisco Maritime Trades Council

Chuck Mack
Bay Area Teamsters Joint Council

LeRoy King
International Longshoreman's and Warehouseman's Union

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result.

Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and
Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.

San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future. Vote YES on PROPOSITION “A”!

Dr. Tim Wolfred
President
San Francisco Community College Board
Chuck Ayala
Member
San Francisco Community College Board
Alan Wong
Member
San Francisco Community College Board

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

Jack Creighton
Visitation Valley Merchants Association
Jay Johnson
President, Eureka Valley Merchants Association
Robert Pacheco
Past President, Geneva-Mission Business Association
Harry Philibosian
Century 21 Gibraltar Realty
Pat Short
Past President, Polk Street Merchants Association
Joe Udoch
Proprietor, Oceanside Sheet Metal

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

Reverend Cecil Williams
Glide Memorial Church
ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?

Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposal A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women’s Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposal A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Dorothy L. Jaynes
Grandvel A. Jackson

Mabel E. Bailey
Douglass Haynes

ARGUMENT IN FAVOR OF PROPOSITION A

Proposal A will keep San Francisco great.

It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.

Vote for a better San Francisco. Vote yes on Proposition A.

Luisa P. Blue
Martha Ryan
Maria O’Brien

Virginia Lozada
Cornelius Gallagher
Jane Seidenberg

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will introduce much needed Civil Service reform into San Francisco.

Proposition A is a message to our supervisors that we want flexibility in dealing with public employees. Proposition A would give our City to exchange outmoded, expensive practices for current benefits. The result could be savings to the taxpayers and to the employees.

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.

A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Agar Jaacks
Pat Jackson
Bill Kraus

Marie Jobling
Tess Roversal
Ron Huberman
ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate.

San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees.

Proposition A is a bargain. Vote yes on A.

Paula Pede

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposition “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of government, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp
Employee Benefit Formula

ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970's, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspecified and unidentified costs which cannot be predetermined. This is financially unsound.

Finally, by placing the responsibility for the negotiator with the Board of Supervisors, this measure establishes a potentially dangerous relationship between the Board and City workers. There are 25,000 City employees who if unified could form a powerful voting block. This could significantly influence any instructions the Board of Supervisors give to their negotiator when dealing with City employees. Proposition A increases the possibility of either higher costs or public employee strikes.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City's voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

This potentially catastrophic proposal puts the Board back into the business of annually negotiating individual labor contracts with each and every union. Millions of your tax dollars are at stake! VOTE NO!

William F. O'Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE MAN

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960's by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor's statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can't stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.

Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o’clock p.m. and 7:00 o’clock a.m., provided it will not increase their retirement benefits?

YES 216
NO 217

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.
The Supervisors voted as follows:
NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition “B” will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition “B” would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition “B” grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition “B”. It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your “YES” vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City’s Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff’s Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE “YES” ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

Please vote yes on Proposition B.

Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessey
Sheriff
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6/4% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That’s why I intend to vote “YES” on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential is one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote “YES” on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the “high crime” evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Toler
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city’s Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

“Night Differential” is as basic as “apple pie.” Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe
that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest "Chuck" Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco's Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and good government.
Vote Yes on Prop B.

Al Casciato, President
San Francisco Police Officers' Assn.

Don Scott
Former Chief of Police

ARGUMENT AGAINST PROPOSITION B

The concept of "NIGHT PREMIUM PAY" for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEEEMAN.
Firefighter Longevity Pay

PROPOSITION C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:

- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller’s Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING
(SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent “on-the-front line” fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay “on-the-front line”, and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition “C”, a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition “C”.

Fire Chief Emmet Condon
Fire Commission President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre “TIME SERVED” proposal would raise each fireman’s pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual “pay package” for a regular “entry rank” H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O’Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE MAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent “RAPID TURNOVER” problem perceived solely by the Fire Fighter’s Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition “C”.

If passed, this “longevity of service” premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION “C”.

SAN FRANCISCO TAXPAYERS ASSOCIATION
W. F. O’Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.
ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition "C".

The City has been generous to our firefighters, both in the department’s annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition "C" will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition "C" simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don’t clutter the Charter with such special interest legislation.

Vote NO on Proposition "C".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco’s firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior renumeration. If the “problem” alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION C

NOTE: Additions or substitutions are indicated by **bold-face**; deletions are indicated by *strike-out-type*.

8.40S Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance, (1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification; (2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class; (3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and (4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E

Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City’s water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “E”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “E”

City Controller John C. Fariell has issued the following statement on the fiscal impact of Proposition E: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition “E” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition “E” would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City’s General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy’s facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition “E” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “E”.

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition “E”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the “Hetch Hetchy Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities.

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 231
NO 232

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “F”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “F”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

POLS ARE OPEN FROM 7AM TO 8PM

THE TEXT OF PROPOSITION F BEGINS ON PAGE 39
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition "F". Proposition "F" would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities. Like Proposition "E", this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars. Your YES vote for Proposition "E" only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition "F" will result in no new taxes and the City would not be obligated to use existing tax dollars. It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition "F".

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition "F".

Proposition "F" would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition "F" would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition "F" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition "F" would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition "F" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "F".

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to approve or reject Water Department revenue bond issues.

Republican County Central Committee

NOTE: These sections are entirely new.

6.407-1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the "Water Department Revenue Fund." All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of (Continued on page 62)
Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:
“Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application
is now a card insert located on or about page 48 of this pamphlet.
Please print your name clearly.
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE “YES” ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees’ Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE “YES” ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under

Civil Service.

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

YES 240

NO 241

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.
The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder's duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government. The Recorder's office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder's Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder's job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It's like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City's elections office. It is in the best interest of a well-run city that the Recorder's office be carefully, independently administered on a full-time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate "red tape", delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions. Republican County Central Committee

Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I:

“Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED.
PLEASE REFER TO MAILING LABEL ON BACK COVER.

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

THE TEXT OF PROPOSITION I BEGINS ON PAGE 50
ARGUMENT IN FAVOR OF PROPOSITION I

WARNING TO VOTERS:

Don’t be impressed by prominent names and groups opposing Proposition “I”.

Most of those people and organizations are subject to political arm-twisting or have their own fingers in the “BIG PIE” at City Hall.

Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote “YES”.

San Francisco Republican Forum endorses YES on “I” (to save $500,000 yearly by reducing the Board of Supervisors).

Eelect President Ronald Reagan, Tom Spinosa for Congress,

and Max Woods and Robert Silvestri for State Assembly.

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pit- ted San Franciscan against San Franciscan. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrup-ted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors pro-vides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition "I".

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition "I".

Additionally, Proposition "I" would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition "I".

Proposition "I" would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition "I".

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition "I".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — governance that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers’ Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote “NO” on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City’s finances are sound. Our economy continues to:

- grow
- provide jobs
- raise the tax revenues our government needs

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein
William Cohleantz
Jerome Adams
Timothy Tosta
Louis Giaundo
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city’s best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would reduce the chance that our neighborhoods, and the small businesses that serve them, will have a person to take care of our needs in City Hall.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.

Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods' small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Ben Horr
Richard Cerbatos, Commissioner, Board of Education
Pius Lee
Louis Hap Lee, Member, Civil Service Commission
Ben Toni, Commissioner, Board of Education
Yuri Waia, President, California Board of Regents
Julie Tang, Commissioner, Community College Board
Jeff Mori, Member, Parks and Recreation Commission
Gordon Lau
Jess Estes

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which affect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can’t afford to have a Board of Supervisors which spends less time on our community’s interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carlota Tedoro del Portillo, Member, Civil Service Commission
Clarence Oliva
Al Borice, Attorney at Law
Jim Morales
Ralph Hurdado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Welton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Gosdy, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sarah Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Reduce Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP "I"

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

PROPOSITION I

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeout type.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven nine members elected at large. At 12:00 o’clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o’clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o’clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board unless 12:00 o’clock noon on January 8, 1988. At 12:00 o’clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o’clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o’clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o’clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective terms of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 they shall be elected three members of the board of supervisors to succeed

(Continued on page 63)
PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249
NO  250

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn't have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it's working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let's put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they're able to pay.

Even if the plan doesn't result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can't afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco's Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Brit, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can’t be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It’s only logical that financially able people pay for their own keep when they’re convicted of crimes and not make taxpayers foot the bill.

VOTE YES ON PROPOSITION J

Martha Gillham
Beverly Ann Grove
H.P. Wright
Walter Domeniconi

NO ARGUMENT AGAINST PROPOSITION J WAS SUBMITTED

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant's ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant's financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.
Park Shadow Ban

PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

YES 253

NO 254

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller's Statement on "K"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: "Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time."

How "K" Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.

THE TEXT OF PROPOSITION K APPEARS ON PAGE 63
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition "K".

Support Proposition "K".

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition "J" to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition "K". Vote YES on Proposition "K".

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE "YES" ON PROPOSITION K!

A "YES" vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote "YES" on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON "K"

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city's parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let's approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It's entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let's do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco's many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Franciscans millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote "NO" on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
Park Shadow Ban

problems occur, amendments can be made, problems adjusted. For example, Proposition K would exempt 40-foot buildings. However, even 40-foot buildings can cast shadows in open areas in early morning and late afternoon, particularly during low sun periods in winter months.

VOTE NO ON “K”
Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco’s architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning’s Downtown Plan.

The Department of City Planning and University of California’s School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university’s simulation laboratory. The Downtown Plan’s sunlight access rules are based upon this careful analysis.

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let’s do it right — Vote NO on K.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION K

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children’s playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is “supposed” to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor

Lex Byers
Executive Director

Polls open at 7 a.m. and close at 8 p.m.
If possible, please vote in the middle of the day

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions
(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.
(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.
(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike out type.

8.451 Police Department
(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.
(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.
(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.
(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.
(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.
(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part 1 of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.
(g) Whenever in the judgement of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.
(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.
(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.
(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression “rates of compensation”, as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation” as used in this section, shall mean “salary attached to the rank” as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean “compensation earnable” as used in section 8.549.

The term “police officers or patrolmen” as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional rates paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(e) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression “rates of compensation” as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, shall be included within the meaning of “rates of compensation.”

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8.549.

The term “firemen” as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stokers, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be fifteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for Hetch Hetchy purposes; (5) reconstruction and replacement as determined by the commission or as required by any Hetch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hetch Hetchy project or from water and power facilities operated or controlled by it.

(c) Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities and electric power facilities under the commission’s jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7,300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
proposition F, continued from page 39

principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (c).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that

proposition G

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the power to dissolve the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to him by the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the term present in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the board’s pleasure, and the board shall employ a consulting actuary. The secretary-general manager and the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

section 3.201 Functions, Powers and Duties.

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
The chief administrative officer may designate the recorder to exercise the powers and perform the duties of the registrar of voters and to occupy the offices of registrar of voters and recorder, receiving a single salary thereafter to be fixed in accordance with the salary-standardization provisions of this charter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter; provided, however, that any person who has civil service status at the position of executive assistant on the date of approval of this amendment by the electorate shall continue to have civil service status at said position under the civil service provisions of this charter.

The chief administrative officer shall appoint a confidential secretary who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective term of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. At the general municipal election in 1989, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January, 1981. Thereafter, the term of office of the members of the board of supervisors elected at the general election in 1980 shall be so limited as to provide that the members of the board shall serve for a term of four years.

At the general election in 1983 there shall be elected five members of the board of supervisors to succeed those members thereof, whose respective terms of office expire on the 8th day of January, 1983, and at the general election in each fourth year after 1982, the successors to said five members of the board of supervisors shall be elected, and at the general election in 1984, there shall be elected six members of the board of supervisors to succeed those members thereof, whose respective terms of office expire on the 8th day of January, 1985, and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

The respective terms of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o'clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be consolidated with the direct primary in 1972 shall succeed to said offices at twelve o'clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be consolidated with the direct primary in 1972, shall be as follows: The four members receiving the highest number of votes respectively at said election shall hold office for a term consisting of the period of time until the 8th day of January, 1975. Thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof, whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof, whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials, shall commence at twelve o'clock noon on the 8th day of January following the date of their election.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing: structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (1) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (2) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental review have been filed prior to March 5, 1984 and which involve physical integration and in new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department shall make the investigation and report on the environmental impact of the project pursuant to the procedures set forth in the City Planning Commission's standards and procedures. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department shall make the investigation and report on the environmental impact of the project pursuant to the procedures set forth in the City Planning Commission's standards and procedures. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department shall make the investigation and report on the environmental impact of the project pursuant to the procedures set forth in the City Planning Commission's standards and procedures.

Arguments .......... 52, 53
Legal Text .......... 53

PROPOSITION K
With exceptions, would regulate the construction of buildings that cast shadows on parks & playgrounds.
Analysis ............ 54
Arguments .......... 55-58
Legal Text .......... 63

CREDITS
The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Boroganova, Stephanie Salter and Susan Kwok. They were assisted by Thomas Toomey of the City Attorney’s Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
  • are a U.S. citizen.
  • are at least 18 years of age on election day.
  • are a resident of California, and
  • are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
  • Going to the Registrar of Voters office in City Hall and voting there
  or
  • mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
  • your address when you signed up to vote,
  • the address where you want the ballot mailed,
  • then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS

**DELEGATES LISTING CONTINUED ON NEXT PAGE**

---

**DEMONSTRATES PLEASE NOTE:**

This year the method of voting for president is different than at previous elections. Instead of voting for one presidential candidate, you will be voting for eight delegates. Pages 1 and 2 contain the names of 48 citizens who want to be delegates at the Democratic Convention to be held here in San Francisco. Each would-be delegate is pledged to support one of the six (6) presidential candidates. The names of the presidential candidates are printed in bold letter.(Continued on bottom of page 5)

END OF PRESIDENTIAL DELEGATE LISTING

(Continued from bottom of page 4)

Letters right below the would-be delegates names. Each presidential candidate has a slate of eight (8) delegates; the slates of delegates have been grouped together for your convenience.

You will probably want to cast your eight votes for the slate of 8 delegates representing the presidential candidate of your choice. If you do not want to do this, you can split your eight votes among two or more slates of delegates.

Under no circumstances should you vote for more than eight delegates (you may, however, vote for less than eight, if you wish).
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de voto y obtenga otra.

溪手話

STEP 1

Using both hands
Insert the ballot card all the way into the Votomatic.

Usando las dos manos, mete la tarjeta de voto completamente dentro del "Votomatic."

第一步
请双手持票向自動機將整張選票插入。

STEP 2

Be sure the two slots in the stub of your card fit down over the two red pins.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabechas rojas.

第二步
請切記將選票插入時，票尾之二孔，接
合於二紅點之上。

STEP 3

Hold punch vertical (straight up). Punch straight down through the ballot card to indicate your choice. Do not use pen or pencil.

Para votar, sostenga al instrumento de voto y perforé con él la tarjeta de voto en el lugar de los candidatos de su preferencia. No use plumas ni lápices.

第三步
請把面側之選票針，由小孔內垂直插入
打孔投票。

STEP 4

After voting, withdraw the ballot card and place it inside the envelope pocket, with the stub showing.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

第四步
投票選舉之後，把選票取出，放入空封
袋內，票尾凸出在外。

在封袋上，有空白格預備投票人應用。

**FUNCIONARIOS ELEGIDOS.** Desclasificación cuando se han efectuado declaraciones difamatorias o calumniosas en campañas políticas que contribuyan como una causa mayor a la derrota del candidato oponente. Impacto fiscal: Ningún impacto fiscal directo. Si un candidato triunfador es desclasificado, los gobiernos locales podrían incurrir en gastos de elección adicionales si se requiere una elección para llenar el vacante.

**JUDICIAL**

**6F**
### Public Pension Fund Investments

**Number:** 21  
**Description:** Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.  
**Vote:** YES 185  
**Vote:** NO 186

### Exempt State Civil Service Positions

**Number:** 22  
**Description:** Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.  
**Vote:** YES 190  
**Vote:** NO 191

### Property Taxation. Seismic Safety Construction Exclusion

**Number:** 23  
**Description:** Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.  
**Vote:** YES 196  
**Vote:** NO 197

### Legislature: Rules, Procedures, Powers, Funding

**Number:** 24  
**Description:** Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.  
**Vote:** YES 204  
**Vote:** NO 205
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.
Modifica las disposiciones para la inversión. Declara los haberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto depende de si las inversiones de los fondos de jubilación públicos están a una tasa más alta a más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL ENMENDA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de director del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ninguno efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD. EXCUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SISMOS. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Excluye del reavalúo para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sismos. Impacto fiscal: Pérdida desconocida de réditos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades bimetales de las comunidades y, posiblemente, otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición partidaria de los comités, de los requisitos para votar, y de otros asuntos. Reduce los asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serían reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite top se fija al crecimiento de la consolidación para la Legislatura.

州立法，规定，程序，权力，办法。订定各委员会的各自组成部分的程序，投票程序和其他事项，削减议会费款。财政影响，州议会总支出将按一九八四年至八五财政年度原定的捐助减少$37,000,000。一九八四年至八五财政年度后，州议会的支出将旨在一最高限额。

WRITE YOUR CHOICES ON THIS CARD AND TAKE IT INTO THE VOTING BOOTH WITH YOU.
PROPOSICIONES DE LA CIUDAD & CONDADO

G. Deberá el Secretario-Gerente General y el Funcionario Inversionista Principal del Sistema de Jubilaciones ser nombrado por la Junta de Jubilaciones y estar exento del Servicio Civil?

H. Deberá ser eliminada la autoridad para combinar la Oficina del Registro con la Oficina del Registrador de Votantes, y deberá hacerse al funcionario del Registro un funcionario de la Ciudad en forma separada, bajo las órdenes del Funcionario Administrativo Principal?

I. Deberá la Junta de Supervisores ser reducida de once miembros a nueve miembros después de la elección de noviembre de 1984 y deberá posteriormente ser reducida a siete miembros después de la elección de noviembre de 1986, y deberá cambiar de años pares a años impares las elecciones para Supervisores?

J. Deberá San Francisco adoptar una ordenanza que establece el cobrar los costos de encarcelamiento en una cárcel del condado u otra instalación local de detención a un acusado que la Corte lo considere financieramente capaz de pagar?

K. Deberá adoptarse una ordenanza que prohíbe los permisos de construcción para ciertas estructuras que produzcan considerable sombra sobre propiedad del Departamento de Recreación y Parques, a excepción de aquellos previamente autorizados por la Comisión de Planeamiento Municipal de conformidad con la ordenanza, con ciertas excepciones?
Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as "Permanent Absentee Voters". A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY
My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37
My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.
My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge
My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

**PROPOSITION A.**

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

**Analysis**

by Ballot Simplification Committee

**THE WAY IT IS NOW:** The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

**THE PROPOSAL:** Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

**A NO VOTE MEANS:** If you vote no, you want to continue to require voter approval for these comparable employee benefits.

**How Supervisors Voted on “A”**

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

**YES:** Supervisors Harry Britt, Richard Hongisto, Willie Kennedy, Bill Maier, John Molinari, Wendy Nelder, Carol Ruth Silver, and Nancy Walker.

**NO:** Supervisors Quentin Kopp and Louise Renne.

**Controller’s Statement on “A”**

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.

3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.
Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let’s make our fair city truly fair. Vote YES on PROPOSITION “A”!
Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION “A”, our loss will be these cities’ and counties’ gain.

Take stock in San Francisco’s future. Vote YES on PROPOSITION “A”.

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.
Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator
ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance. This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great!

It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone.

Vote to keep San Francisco one of America’s best-run cities. Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.

Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION “A” will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION “A” will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION “A”.

Wendy Neider
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION “A” would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION “A” would enable local government to explore new proposals.

PROPOSITION “A” would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION “A” gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government. VOTE for PROPOSITION “A”!

Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It's the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can't negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

Honorable Gordon Lau
Member, Port Commission

Honorable Sue Bierman
Member, Planning Commission

Honorable Peter Ashe
Member, Retirement Board

Honorable Warren De Merritt
Member, Retirement Board

Honorable Jerome H. Klein
Member, Planning Commission

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It's the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can't negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

President, Harvey Milk Democratic Club

Sal Rosselli, President

Alice B. Toklas Democratic Club

Carolyn Reilly
President, Irish American Democratic Club

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give public employees in San Francisco the right to bargain for basic benefits.

Employees have this right in virtually every major U.S. city. Why not San Francisco?

Proposition A is fair to workers, and it's good government.

Vote yes on Proposition A.

Jack Crowley
Secretary-Treasurer
San Francisco Central Labor Council

Tim Twomey
President
San Francisco Central Labor Council

Paul Dempster
San Francisco Maritime Trades Council

Chuck Mack
Bay Area Teamsters Joint Council

LeRoy King
International Longshoreman's and Warehouseman's Union

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result.

Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it's fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION "A" will help San Francisco city services grow as the city does.
San Francisco's police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.
San Francisco can't afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That's why San Francisco needs PROPOSITION "A". A YES vote on PROPOSITION "A" will keep our best public servants right here at home. It will keep our city competitive.

Dr. Tim Wolfred
President
San Francisco Community College Board
Chuck Ayala
Member
San Francisco Community College Board
Alan Wong
Member
San Francisco Community College Board

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City's business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

Jack Creighton
Visitation Valley Merchants Association
Jay Johnson
President, Eureka Valley Merchants Association
Robert Pachew
Past President, Geneva-Mission Business Association
Harry Philbuthan
Century 21 Gibraltar Realty
Pat Short
Past President, Polk Street Merchants Association
Joe Udovitch
Proprietor, Oceanside Sheet Metal

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn't allow it.

Imagine if you had to pay for your family's health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it's like to have a job that doesn't cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It's time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary's Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

Reverend Cecil Williams
Glide Memorial Church
ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?

Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women's Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposition A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Dorothy L. Jaymes
Granavel A. Jackson
Dorothy Elliott

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will keep San Francisco great.

It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.

Vote for a better San Francisco. Vote yes on Proposition A.

Luise P. Blue
Martha Ryan
Maria O'Brien

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will introduce much needed Civil Service reform into San Francisco.

Proposition A is a message to our supervisors that we want flexibility in dealing with public employees. Proposition A would give our City to exchange outmoded, expensive practices for current benefits. The result could be savings to the taxpayers and to the employees.

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.

A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Agar Jaacks
Pat Jackson
Bill Kraus

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate.

San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees.

Proposition A is a bargain. Vote yes on A.

Henry Der
Susan E. Walters
Elisabeth Jewell
Bety Brooks
Paula Pepe

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposition “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of government, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970’s, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unsppecific and unidentified costs which cannot be predetermined. This is financially unsound.

Finally, by placing the responsibility for the negotiator with the Board of Supervisors, this measure establishes a potentially dangerous relationship between the Board and City workers. There are 25,000 City employees who if unified could form a powerful voting block. This could significantly influence any instructions the Board of Supervisors give to their negotiator when dealing with City employees. Proposition A increases the possibility of either higher costs or public employee strikes.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City’s voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

This potentially catastrophic proposal puts the Board back into the business of annually negotiating individual labor contracts with each and every union. Millions of your tax dollars are at stake! VOTE NO!

William F. O’Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE MAN

ARGUMENT AGAINST PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinar, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960’s by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor’s statement, Supervisor Molinar with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinar can’t stand up to special interest pressure, especially in an election year.

John J. Barbegalata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business

of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.
Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o'clock p.m. and 7:00 o'clock a.m., provided it will not increase their retirement benefits?

YES 216
NO 217

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot. The Supervisors voted as follows:

NO: Supervisor Richard Hongisto.

Controller's Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

"Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year."

The text of Proposition B appears on page 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition “B” will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition “B” would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition “B” grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition “B”. It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your “YES” vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City’s Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff’s Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE “YES” ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, “night differential” certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

ARGUMENT IN FAVOR OF PROPOSITION B

Please vote yes on Proposition B.

Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessey
Sheriff

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6½% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That's why I intend to vote "YES" on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote "YES" on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the "high crime" evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Toler
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city's Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

"Night Differential" is as basic as "apple pie."
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest “Chuck” Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco’s Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and good government.

Vote Yes on Prop B.

ARGUMENT AGAINST PROPOSITION B

The concept of “NIGHT PREMIUM PAY” for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry “goes with the territory”. It is one of the reasons why a regular “entry rank” Q2 Patrolman’s annual “pay package” is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O’Keefe, Sr.
President
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEEMAN
Firefighter Longevity Pay

PROPOSITION C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

YES 221 ▼
NO 222 ▼

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:
- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller’s Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING
(SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent “on-the-front line” fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay “on-the-front line”, and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition “C”, a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition “C”.

Fire Chief Emmet Condon
Fire Commission President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre “TIME SERVED” proposal would raise each fireman’s pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual “pay package” for a regular “entry rank” H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O’Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE MAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent “RAPID TURNOVER” problem perceived solely by the Fire Fighter’s Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition “C”.

If passed, this “longevity of service” premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION “C”.

SAN FRANCISCO TAXPAYERS ASSOCIATION
W.F. O’Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Firefighter Longevity Pay

ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition "C".

The City has been generous to our firefighters, both in the department's annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition "C" will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition "C" simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don't clutter the Charter with such special interest legislation.

Vote NO on Proposition "C".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote NO on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco's firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior renumeration. If the "problem" alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION C

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-through.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco. Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,
(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;
(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;
(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and
(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E
Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City’s water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “E”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “E”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
Hetch Hetchy Financing

ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition "E".

Proposition "E" would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition "E" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition "E" would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City's General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy's facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition "E" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "E".

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition "E".

Proposition "E" would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition "E".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION E

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the "Hetch Hetchy Revenue Fund." All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Moneys in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facili-

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?  

YES  231
NO  232

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on "F"

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted "No."

Controller's Statement on "F"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F: "Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time."
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition “F”.

Proposition “F” would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition “E”, this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition “E” only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition “F” will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition “F”.

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition “F”.

Proposition “F” would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition “F” would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition “F” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition “F” would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition “F” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “F”.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to ap-

prove or reject Water Department revenue bond issues.

Republican County Central Committee

NOTE: These sections are entirely new.

6.407.1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the “Water Department Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of

Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?  

YES  236

NO  237

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

“Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 52

Your Absentee Ballot Application

is now a card insert located on or about page 48 of this pamphlet.

Please print your name clearly.
VOTE "YES" ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees’ Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE “YES” ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to replace the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

YES 240

NO 241

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder’s duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to ensure good government.

The Recorder’s office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder’s Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder’s job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It’s like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City’s elections office. It is in the best interest of a well run city that the Recorder’s office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate “red tape”, delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.
Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

YES 244
NO 245

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller's Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I: “Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

THE TEXT OF PROPOSITION I BEGINS ON PAGE 50
ARGUMENT IN FAVOR OF PROPOSITION 1

WARNING TO VOTERS:

Don’t be impressed by prominent names and groups opposing Proposition "I".

Most of those people and organizations are subject to political arm-twisting or have their own fingers in the “BIG PIE” at City Hall.

Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote “YES”.

Robert Guichard
Citizens For Better Government Chairman

Robert Silvestri
Republican Central Committeeman
State Assembly Candidate

George Rehmet
Citizens For Better Government Treasurer

Dr. Terence Faulkner
Republican Central Committeeman

ARGUMENT IN FAVOR OF PROPOSITION 1

REPUBLICAN LEADERS AGREE:

Despite City Hall pressure, the Republican Central Committee on 3/21/84 wisely refused to endorse the tax-wasting eleven member Board of Supervisors.

Save $500,000 YEARLY and dramatically cut City Hall staff with a cost-effective seven member Board. Remember, all fifty-seven other California counties have but five Supervisors.

Irresponsible Board actions include their notorious commendation of Joseph Knute Burke, Consul General of murderous COMMUNIST Grenada. American marines later died to liberate Grenada.

We agree with the “PROGRESS” editorial favoring reduction of this Board!

Robert Silvestri
Republican Central Committeeman
State Assembly Candidate

Robert Guichard
Businessman

Dr. Terence Faulkner
Republican Central Committeeman
Former City Commissioner

John Hoy
Republican Central Committee Candidate

ARGUMENT IN FAVOR OF PROPOSITION 1

REPUBLICAN FORUM ENDORSES:

San Francisco Republican Forum endorses YES on “I” (to save $500,000 yearly by reducing the Board of Supervisors).

Erect President Ronald Reagan, Tom Spinosa for Congress.

and Max Woods and Robert Silvestri for State Assembly.

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION 1

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscans against San Franciscans. Stop this needless turmoil by voting NO on Proposition 1.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition 1.

John H. Jacobs
San Francisco Chamber of Commerce
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition “I”.

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition “I”.

Additionally, Proposition “I” would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turnout historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition “I”.

Proposition “I” would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition “I”.

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition “I”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers’ Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote “NO” on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-elect years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city, ethnicity, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City’s finances are sound. Our economy continues to:

• grow
• provide jobs
• raise the tax revenues our government needs

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein
William Coblenz
Jerome Adams
Timothy Tosta
Louis Giraudo
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city’s best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would reduce the chance that our neighborhoods, and the small businesses that serve them, will have a person to take care of our needs in City Hall.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods' small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Jess Esteva

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which effect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can't afford to have a Board of Supervisors which spends less time on our community's interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carlota Texidor del Portillo, Member, Civil Service Commission
Clemente Obregon
Al Borvice, Attorney at Law
Jim Morales
Ralph Hurtado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Walton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Gooby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sadonia Wilson, Member, Board of Education
Black Leadership Forum
ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women, and Neighborhoods to be represented on the Board. Keep our tradition of fairness; VOTE NO on PROP "I"

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

PROPOSITION I

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeout-type.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
Jail Cost Reimbursement

PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249

NO 250

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gilham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can't be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It's only logical that financially able people pay for their own keep when they're convicted of crimes and not make taxpayers foot the bill.

VOTE YES ON PROPOSITION J

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRAN-
CFISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-
2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS
OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL
DETENTION FACILITY.

Be it ordained by the People of the City and County of San Fran-
cisco:

Section 1. Article V, Chapter 10, of the San Francisco Administra-
tive Code is hereby amended by adding Section 10.39-2 thereto,
reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover
Costs of Incarceration.

The director of the adult probation department is designated as
the county officer of San Francisco responsible for collection of
monies ordered by the courts pursuant to Section 1203.1c of the
California Penal Code, and shall make inquiry into the ability of the
defendant to pay all or a portion of the costs of incarceration, devel-
up a scale for determining a defendant's ability to pay such costs,
develop payment schedules, receive payments, and deposit into the
general fund through the county treasurer any funds determined by
a court to be the amounts to be reimbursed by such defendant to the
county in a manner in which the court believes reasonable and com-
patible with the defendant’s financial ability.

The director of the adult probation department shall base the costs
of incarceration, including costs of booking, upon a determination
made by the Sheriff and approved by the controller, to be reviewed
annually by the board of supervisors, of the average per-day costs of
incarceration in the county jail or other local detention facility. The
board of supervisors may adopt such further legislation as is neces-
sary to effectuate the purpose of this ordinance, but not to repeal the
collection of monies pursuant to Section 1203.1c of the California
Penal Code.
PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller’s Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: “Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time.”

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

THE TEXT OF PROPOSITION K APPEARS ON PAGE 63
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition “K”.

Support Proposition “K”.

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition “J” to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition “K”. Vote YES on Proposition “K”.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON “K”

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition “K”.  

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote “NO” on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
K

Park Shadow Ban

VOTE NO ON "K"

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco’s architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning’s Downtown Plan.

The Department of City Planning and University of California’s School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university’s simulation laboratory. The Downtown Plan’s sunlight access rules are based upon this careful analysis.

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let’s do it right — Vote NO on K.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION K

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children’s playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is "supposed" to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director
NOTE: The entire section is new.

8.407–1 Prevailing Fringe Benefits and Working Conditions

(a) Notwithstanding the provisions of charters section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department

(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgment of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgment of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part I of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgment of the police commission the efficient performance of police duty requires that one or more members of the police department shall report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in section 106 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean "compensation earnable" as used in section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year. Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall in-clude the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The standard rates of compensation as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8.549.

The term “firemen” as used in this section shall mean the persons employed in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, strokers, fillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a)(1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a)(1), (2) and (3) and (c)(1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for Hatch Hetchy purposes or replacement of bonds or otherwise disposed of by the commission or as required by any Hatch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (c).

7.313 Hatch Hetchy Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hatch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hatch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1943, and provisions for the Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.
(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hatch Hetchy project or from water and power facilities operated or controlled by it.
(c) Hatch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hatch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission’s jurisdiction, subject to the bond issue procedure provided for in this charter.
(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

unformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(i) Notwithstanding the provisions of any of the foregoing sub-sections, members of the fire department employed in the entry rank thereof (H-2) who have completed specified years of satisfactory service shall be entitled to additional compensation as herein provided. Service shall not qualify as “satisfactory” if the member has been suspended or otherwise disciplined pursuant to the authority granted in section 8.343 during the five year period immediately preceding initial qualification for the additional compensation provided for herein. Any member who shall be so suspended or otherwise disciplined while receiving such additional compensation shall cease to be entitled thereto for a period of two years from the date of decision by the chief of department or the fire commission as appropriate. Additional compensation as herein provided shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

In determining the years of service necessary to qualify for additional compensation as provided herein, service rendered prior to the effective date of this section as amended shall be given full credit and allowed.

(1) Upon the completion of ten and until the completion of fifteen years of aggregate service, an amount equal to 2 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;
(2) Upon the completion of fifteen and until the completion of twenty years of aggregate service, an amount equal to 5 percent above the rates of compensation as defined and provided for this section shall be paid;
(3) Upon the completion of twenty years of aggregate service, an amount equal to 7 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984. Thereafter entitlement to additional compensation as herein provided shall commence with the beginning of the pay period immediately following the completion of the prescribed periods of service.
principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeover type.

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names have been submitted to him by the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the pleasure, and the board shall employ a consulting actuary. The secretary-general manager and the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeover type.

Section 3.201 Functions, Powers and Duties.

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire
on the 8th day of January, 1987. The respective term of office of the
members of the board of supervisors elected at the general election in
1986, shall be for a term of three years. At the general municipal
election in 1989, and in every fourth year thereafter, successors to
said three members of the board of supervisors shall be elected and
hold office for a term of four years.

Notwithstanding any provision of this section or any other section of
the charter to the contrary, the respective terms of office of the members
of the board of supervisors who shall hold office on the 8th day of
January, 1981, shall expire at twelve o’clock noon on said date and the eleven
persons elected as members of the board of supervisors at the general
election in 1980 shall succeed to said office on said 8th day of January
1981. The respective terms of office of the members of the board of
supervisors elected at the general election in 1980 shall be as follows: the
six members receiving the highest number of votes respectively at said
election shall hold office for a term of four years, the five members
receiving the next highest number of votes respectively at said election
shall hold office for a term of two years. Thereafter, the term of each
member elected to the board of supervisors shall be four years from the
commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of
the board of supervisors to succeed those members thereof of whose
respective terms of office expire on the 8th day of January, 1983, and at the general
election in each fourth year after 1982, the successors to said five
members of the board of supervisors shall be elected; and at the general
election in 1984, there shall be elected six members of the board of supervisors
to succeed those members thereof of whose respective terms of office
expire on the 8th day of January, 1985, and at the general elections in each
fourth year after 1984, the successors to said six members of the board of
supervisors shall be elected.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure
that will cast any shade or shadow upon any property under the
jurisdiction of, or designated for acquisition by, the Recreation and
Park Commission may be issued except upon prior action of the City
Planning Commission pursuant to the provisions of this ordinance;
provided, however, that the provisions of this ordinance shall not
apply to building permits authorizing: structures which do not exeed
40 feet in height; structures which cast a shade or shadow upon
property under the jurisdiction of, or designated for acquisition by,
the Recreation and Park Commission only during the first hour after
sunrise and/or the last hour before sunset; structures to be con-
structed on property under the jurisdiction of the Recreation and
Park Commission for recreational and park-related purposes; struc-
tures of the same height and in the same location as structures in
place on June 6, 1984; projects for which a building permit applica-
tion has been filed and either (i) a public hearing has been held prior
to March 5, 1984 on a draft environmental impact report published
by the Department of City Planning, or (ii) a Negative Declaration
has been published by the Department of City Planning prior to the
date of adoption of this initiative ordinance; or projects for which a
building permit application and an application for environmental
evaluation have been filed prior to March 5, 1984 and which involve
physical integration of new construction with rehabilitation of a
building designated as historic either by the San Francisco Board of
Supervisors as a historical landmark or by the State Historic Preser-
vation Officer as a State Historic Landmark, or placed by the United
States Department of the Interior on the National Register of His-
toric Places and which are located on sites that, but for separation by
a street or alley, are adjacent to such historic building. The City Plan-
ing Commission shall conduct a hearing and shall disapprove the
issuance of any building permit governed by the provisions of this or-
dinance if it finds that the proposed project will have any adverse im-
portant effect on the use of the property under the jurisdiction of, or desig-
nated for acquisition by, the Recreation and Park Commission be-
cause of the shading or shadowing that it will cause, unless it is deter-
mined that the impact would be insignificant. The City Planning
Commission shall not make the determination required by the provi-
sions of this subsection until the general manager of the Recreation
and Park Department in consultation with the Recreation and Park
Commission has had an opportunity to review and comment to the
City Planning Commission upon the proposed project. The City
Planning Commission and the Recreation and Park Commission,
after a joint meeting, shall adopt criteria for the implementation of
the provisions of this ordinance. The zoning administrator shall de-
termine which applications for building permits propose structures
which will cast a shade or shadow upon property under the jurisdic-
tion of, or designated for acquisition by, the Recreation and Park
Commission. As used in this subsection, “property designated for
acquisition by the Recreation and Park Commission” shall mean
property which a majority of each of the Recreation and Park Com-
mision and the City Planning Commission meeting jointly, with the
concurrence of the Board of Supervisors, have recommended for ac-
quision from the open space acquisition and park renovation fund
which property is to be placed under the jurisdiction of the Recre-
ation and Park Commission. The provisions of this ordinance shall
also be incorporated into the City Planning Code.

CREDITS

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Bor- ganova, Stephanie Salter and Susan Kwok. They were assisted by Thomas Toomey of the City Attorney’s Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
- are a U.S. citizen.
- are at least 18 years of age on election day.
- are a resident of California, and
- are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
- Going to the Registrar of Voters office in City Hall and voting there or
- mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
- your address when you signed up to vote,
- the address where you want the ballot mailed,
- then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"WITH SO MUCH VOTER APATHY, I LIKE TO THINK OF IT AS GETTING OUT THE VOTE..."

(Reprinted by permission of the San Francisco Chronicle.)

Fortunately, the type of activity depicted above rarely occurs in California elections. To help keep it that way, please report to the Registrar, in writing, any unlawful election activity you may be aware of.
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

A 第四步
如何用自動投票機
如有錯誤，請向助理員換取新選票。

B 第一步
請雙手持票向自動機將整張選票插入。

STEP 1

Note: Si hace algun error, devuélvala su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.

Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

C 第二步
請切記將選票插入時，票尾之二孔與二紅點之上。

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

D 第三步
請把帶釘之選舉針，由小孔內垂直插入打孔投票。

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.

Para votar, sostenga el instrumento de votar y perfore con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

E 第五步
投票選舉之後，把選票取出，放入空封袋內，票尾凸出在外。
在封袋上，有空白格預備為投票人應用。

STEP 4

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.
PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE ATTACHED TO VOTE RECORDER; NEVER WITH PEN OR PENCIL.

INSTRUCTIONS TO VOTERS:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate’s name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, write the title of the office and the person’s name in the blank space provided for that purpose on the Write-In Ballot Envelope.

To vote on any measure, punch the ballot card in the hole at the point of the arrow after the “YES” or after the word “NO”.

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

PERFORE LA TAREA DE VOTO ÚNICAMENTE CON EL PICADOR ATADO EN LA CUERDA AL REGISTRADOR; NO USE PLUMA NI LAPIZ.

INSTRUCCIONES A LOS VOTANTES:

Para votar por candidato de su selección, perforé la balota en el círculo que señala la flecha opuesta al nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo cargo, perforé la balota en el círculo que señala la flecha opuesta de los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.

Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.

Para votar sobre cualquier medida, perforé la balota en el círculo que señala la flecha después de la palabra “SÍ” o después de la palabra “NO”.

Todas las marcas o borradoras están prohibidas e invalidan el voto. Si usted equivocadamente perfora, rompe o estropea la balota, o rompe o estropea el sobre, devuélvala al miembro del consejo del precinto y obtenga otra.

#### JUDICIAL
PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES 185  NO 186

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES 190  NO 191

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES 196  NO 197

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

YES 204  NO 205
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.
Modifica las disposiciones para la inversión. Declara los haberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto depende de si las inversiones de los fondos de jubilación públicos están a una tasa más alta o más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL.
Enmenda Constitucional Legislativa. Exenta del servicio civil a puestos específicos del director del sistema de jubilación de los empleados públicos. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD. EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SISMOS.
Enmenda Constitucional Legislativa. Excluye del reavalúo para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sismos. Impacto fiscal: Pérvida desconocida de rendimientos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de rendimientos de los distritos escolares y de las universidades estatales de las comunidades y, posiblemente, otros gobiernos locales por pérdida de rendimientos del impuesto a la propiedad. Aumento menor en los rendimientos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN.
Especifica los procedimientos respecto a la composición partidista de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serían reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite tope se fija al crecimiento de la consolida para la Legislatura.
A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES 212

NO 213

B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o’clock p.m. and 7:00 o’clock a.m., provided it will not increase their retirement benefits?

YES 216

NO 217

C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

¿Debería adoptarse una ordenanza que prohíbe los permisos de construcción para ciertas estructuras que produzcan considerable sombra sobre propiedades del Departamento de Recreación y Parques, a excepción de aquéllos previamente autorizados por la Comisión de Planeamiento Municipal de conformidad con la ordenanza, con ciertas excepciones?
Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY

My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.

My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES  212
NO   213

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

POLLs ARE OPEN FROM 7 A.M. TO 8 P.M.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?

1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.

3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let’s make our fair city truly fair. Vote YES on PROPOSITION “A”!

Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION “A”, our loss will be these cities’ and counties’ gain.

Take stock in San Francisco’s future. Vote YES on PROPOSITION “A”.

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.

Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance. This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great! It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees. Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone. Vote to keep San Francisco one of America’s best-run cities. Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City. Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.
It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.
PROPOSITION “A” will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION “A” will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!
Vote for good local government. Vote YES on PROPOSITION “A”.

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION “A”!

Keith Calden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will give San Francisco much needed flexibility in negotiating with public employee unions.
PROPOSITION “A” would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION “A” would enable local government to explore new proposals.
PROPOSITION “A” would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION “A” gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government.
VOTE FOR PROPOSITION “A”!

Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

LeRoy King
International Longshoreman’s and Warehouseman’s Union

Jack Crowley
Secretary-Treasurer
San Francisco Central Labor Council

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result. Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does. San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future. Vote YES on PROPOSITION “A”!

Dr. Tim Wolfred
President

President, Eureka Valley Merchants Association

Robert Parot
Past President, Geneva-Mission Business Association

Harry Phillohan
Century 21 Gibraltar Realty

Pat Short
Past President, Polk Street Merchants Association

Joe Ustrich
Proprietor, Oceanside Sheet Metal

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

We urge a Yes vote on Proposition A because the time has come to upgrade service to our neighborhoods.

Reverend Cecil Williams
Glide Memorial Church

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?

Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women’s Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposition A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Dorothy L. Jaynes
Grandvel A. Jackson

Mabel E. Bailey
Douglas Haynes

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will keep San Francisco great.

It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.

Vote for a better San Francisco. Vote yes on Proposition A.

Luise P. Blue
Martha Ryan
Maria O’Brien

Virginia Lozada
Cornelius Gallagher
Jane Seidenberg

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will introduce much needed Civil Service reform into San Francisco.

Proposition A is a message to our supervisors that we want flexibility in dealing with public employees. Proposition A would give our City to exchange outmoded, expensive practices for current benefits. The result could be savings to the taxpayers and to the employees.

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.

A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Agor Joice
Pat Jackson
Bill Kraus

Marie Jobling
Tess Rousseau
Ron Huberman
ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate.

San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees.

Proposition A is a bargain. Vote yes on A.

Shirley Black
Member, Planning Association of the Richmond
Charles Breyer, Attorney
Regina Sneed
Lydia San Felippo
John J. Simpson, Retired
Susan Kelly Kennedy

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition "A".

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to "collectively bargain" for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition "A" would open wholesale the floodgates to increased costs while removing your

ARGUMENT AGAINST PROPOSITION A

and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just one year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote "NO" on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say "yes" or "no" to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of govern-
Employee Benefit Formula

ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970’s, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspecified and unidentified costs which cannot be predetermined. This is financially unsound.

Finally, by placing the responsibility for the negotiator with the Board of Supervisors, this measure establishes a potentially dangerous relationship between the Board and City workers. There are 25,000 City employees who if unified could form a powerful voting block. This could significantly influence any instructions the Board of Supervisors give to their negotiator when dealing with City employees. Proposition A increases the possibility of either higher costs or public employee strikes.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City’s voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

This potentially catastrophic proposal puts the Board back into the business of annually negotiating individual labor contracts with each and every union. Millions of your tax dollars are at stake! VOTE NO!

William F. O’Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960’s by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor’s statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can’t stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.
The Supervisors voted as follows:

NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition "B" will bring fairness and equity to the City's work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition "B" would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition "B" grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition "B". It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your "YES" vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City's Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff's Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE "YES" ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, "night differential" certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

Please vote yes on Proposition B.

Sala Burton

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6 1/2% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That's why I intend to vote "YES" on Proposition B.

_Supervisor Quentin L. Kopp_

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote "YES" on Proposition B.

_Milton Marks_

State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the "high crime" evening and night time hours.

_Al Nelder_

_David Sanchez_

_Jo Daly_

_Burl Toler_

Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city's Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

_Jane McKaskle Murphy_

Former Police Commissioner

_Arlo Smith_

District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

_I urge you to vote YES on Proposition B._

_Lee Dolson_

ARGUMENT IN FAVOR OF PROPOSITION B

"Night Differential" is as basic as "apple pie."
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe
that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest "Chuck" Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco’s Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and good government.
Vote Yes on Prop B.

Democratic Central Committee

ARGUMENT AGAINST PROPOSITION B

The concept of "NIGHT PREMIUM PAY" for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE.
PROPOSITION C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

YES 221
NO 222

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:
- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller’s Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING (SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent “on-the-front line” fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay “on-the-front line”, and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition “C”, a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition “C”.

Fire Chief Emmet Condon
Fire Commissioner President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre “TIME SERVED” proposal would raise each fireman’s pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual “pay package” for a regular “entry rank” H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O’Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE EMAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent “RAPID/TURNOVER” problem perceived solely by the Fire Fighter’s Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER!
In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition “C”.

If passed, this “longevity of service” premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!
VOTE NO ON PROPOSITION “C”.

W. F. O’Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Firefighter Longevity Pay

ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition “C”.

The City has been generous to our firefighters, both in the department’s annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition “C” will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition “C” simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don’t clutter the Charter with such special interest legislation.

Vote NO on Proposition “C”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco’s firemen have one of the most generous wage and benefits packages in California. Yet after year the voters are presented with measures designed to increase their already superior remuneration. If the “problem” alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION C

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the first day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

(b) The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)

Hetch Hetchy Financing

PROPOSITION E

Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City’s water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “E”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “E”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition "E".

Proposition "E" would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition "E" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition "E" would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City's General Fund each year, funds which are used to support police and fire services, recreation, library, and the other facilities supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy's facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition "E" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "E".

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition "E".

Proposition "E" would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the "Hetch Hetchy Revenue Fund." All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priorities: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities.

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 231

NO 232

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on "F"

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted "No."

Controller's Statement on "F"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

"Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time."

Polls are open from 7AM to 8PM

The Text of Proposition F Begins on Page 39
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition “F”

Proposition “F” would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition “E”, this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition “E” only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition “F” will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition “F”.

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition “F”.

Proposition “F” would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition “F” would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition “F” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition “F” would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition “F” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “F”.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to approve or reject Water Department revenue bond issues.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION F

NOTE: These sections are entirely new.

6.407-1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the “Water Department Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of

(Continued on page 62)
Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

“Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application

is now a card insert located on or about page 48 of this pamphlet.

Please print your name clearly.
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE “YES” ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees’ Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE “YES” ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under place.

Civil Service.

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

YES 240
NO  241

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder’s duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer. This reorganization is necessary to insure good government.

The Recorder’s office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder’s Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder’s job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It’s like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City’s elections office. It is in the best interest of a well run city that the Recorder’s office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate “red tape”, delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.

Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

YES 244
NO 245

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I: “Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

Elect President Ronald Reagan, Tom Spinosa for Congress,

and Max Woods and Robert Silvestri for State Assembly.

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscan against San Franciscan. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition “I”.

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition “I”.

Additionally, Proposition “I” would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition “I”.

Proposition “I” would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition “I”.

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition “I”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers’ Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote "NO" on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city’s ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City’s finances are sound. Our economy continues to:

• grow
• provide jobs
• raise the tax revenues our government needs

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein
William Coblenz
Jerome Adams
Timothy Tosta
Louis Giraudo
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city’s best interest to VOTE NO on Proposition I.

Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we reduce the chance that our neighbors...

Make Your Vote Truly Count—Support The Republican Party!

Your vote is critical – but it is just one vote!

Why not make it multiply (and help your candidates win) by sending a few dollars now to the Republican Party’s Victory Fund and/or volunteer a few hours of your time as we head into the November elections?

In addition to Ronald Reagan, every Republican candidate who wins in the June primary will depend heavily on us to provide the campaign services and resources they need for victory. Send us $15 or $20 now, and we’ll have the funds on hand to pay for advertising, polling and get-out-the-vote mailings, and statewide organization.

Your check now means we can reach hundreds more voters, just as we have reached you. Won’t you please help? Lift this flap now and show your support for the entire Republican team!
Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhods' small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Ben Hom
Richard Cervidez, Commissioner, Board of Education
Pius Lee
Louis Hop Lee, Member, Civil Service Commission
Ben Tom, Commissioner, Board of Education
Yori Wada, President, California Board of Regents
Julie Yang, Commissioner, Community College Board
Jeff Mort, Member, Parks and Recreation Commission
Gordon Lau
Jess Esteva

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which effect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can't afford to have a Board of Supervisors which spends less time on our community's interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carlos Texidor del Porrillo, Member, Civil Service Commission
Clemente Ohrean
Al Borvice, Attorney at Law
Jim Morales
Ralph Hurtado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Welton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zaretty L. Goosby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sodonia Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Reduce Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP "I"

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

PROPOSITION I

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeout type.
2.100 Composition and Salary

The Board of supervisors shall consist of eleven members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.
2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisiorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisiorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed

PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249

NO 250

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles—and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J—Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case
VOTE YES ON PROPOSITION J
Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can’t be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J
People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in jail is $47,000 per day. It’s only logical that financially able people pay for their own keep when they’re convicted of crimes and not make taxpayers foot the bill.

TEXT OF PROPOSED INITIATIVE ORDINANCE PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant’s ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant’s financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.

PARK SHADOW BAN

PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

\[ \text{YES} \quad 253 \quad \text{NO} \quad 254 \]

**Analysis**

by Ballot Simplification Committee

**The Way It Is Now:** The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

**The Proposal:** Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

**A Yes Vote Means:** If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

**A No Vote Means:** If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

**Controller’s Statement on “K”**

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: “Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which cannot be determined at this time.”

**How “K” Got on Ballot**

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

THE TEXT OF PROPOSITION K APPEARS ON PAGE 63
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition “K”.

Support Proposition “K”.

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition “J” to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON “K”

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks is shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition “K”. Vote YES on Proposition “K”.

Submitted by the Board of Supervisors

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

ARGUMENT IN FAVOR OF PROPOSITION K

Unfortunately this measure doesn’t go far enough. But it is a step in the right direction. City Hall has to adopt tougher controls on runaway downtown office growth and on shading of all open spaces. Not just a few as this measure does. Give us our sun. Vote yes on K.

San Franciscans for Reasonable Growth
Sue Hestor
Brad Paul
Ruth Gravanis
David Jones
Tony Kilroy

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON PROPOSITION K

Public parks and open space are essential to all San Franciscans. To achieve their highest use now and for the future, we must ensure that our parks have as much sunlight as possible for as many hours a day as possible.

Protect our parks from further shadows. Vote Yes on “K”.

Telegraph Hill Dwellers

*Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.*
ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition "K".

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city's parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let's approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote “NO” on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
lens occur, amendments can be made, problems adjusted. For example, Proposition K would exempt 40-foot buildings. However, even 40-foot buildings can cast shadows in open areas in early morning and late afternoon, particularly during low sun periods in winter months.

VOTE NO ON "K"

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let’s do it right — Vote NO on K.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco’s architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning’s Downtown Plan.

The Department of City Planning and University of California’s School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university’s simulation laboratory. The Downtown Plan’s sunlight access rules are based upon this careful analysis.

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children’s playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is "supposed" to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions

(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 59% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department

(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor and shall receive equivalent time credit to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression “rates of compensation”, as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other paid absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”. Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation” as used in this section, shall mean “salary attached to the rank” as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to multi-wheel motorcycle traffic duty, shall also mean “compensation earnable” as used in section 8.549.

The term “police officers or patrolmen” as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission's survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the said report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. "Average wage" as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;
(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;
(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and
(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation", as used in subsections (c) and (d) of this section shall mean "salary attached to the rank" as used in section 169 of the charter of 1932, as amended and "compensation earnable" as used in section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, strokeemen, truckmen, or hosemen, in the San Francisco fire department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirty-three percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds hereafter issued; and (5) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hatchey Hetchy Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hatchey Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hatchey project, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.
(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hatchey project or from water and power facilities operated or controlled by it.
(c) Hatchey Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hatchey water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.
(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7,300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors. 
PROPOSITION F, CONTINUED FROM PAGE 39

principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.467 (e).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities owned or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7,300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

3.670 Board Composition
The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to him by the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary
The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the board's pleasure, and the board shall employ a consulting actuary. The secretary-general manager and the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

Section 3.201 Functions, Powers and Duties.
The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.
The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
The chief administrative officer may designate the recorder to exercise the powers and perform the duties of the registrar of voters and to occupy the offices of registrar of voters and recorder, receiving a single salary therefore to be fixed in accordance with the salary standardization provisions of this charter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective term of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. The general municipal election in 1989, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January, 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the six members receiving the highest number of votes respectively at said election shall hold office for a term of four years; the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years; thereafter, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1983; and at the general election in each fourth year after 1982, the successors to said five members of the board of supervisors shall be elected and at the general election in 1984, there shall be elected four members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1985; and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

The respective terms of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o'clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be held in November 1971, shall succeed to said offices at twelve o'clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be held in 1980 shall be as follows: the four members receiving the highest number of votes respectively at said election shall hold office for a term of six years; the six members receiving the next highest number of votes respectively at said election shall hold office for a term of two years; thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials shall commence at twelve o'clock noon on the 8th day of January following the date of their election.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

TEXT OF PROPOSED ORDINANCE

PROPOSITION K

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior service of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing: structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in existence on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, "property designated for acquisition by the Recreation and Park Commission" shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall also be incorporated into the City Planning Code.

CREDITS

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Borvanova, Stephanie Salter and Susan Kwock. They were assisted by Thomas Toomey of the City Attorney’s Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:

- are a U.S. citizen.
- are at least 18 years of age on election day.
- are a resident of California, and
- are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:

- Going to the Registrar of Voters office in City Hall and voting there or
- mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:

- your address when you signed up to vote,
- the address where you want the ballot mailed,
- then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"WITH SO MUCH VOTER APATHY, I LIKE TO THINK OF IT AS GETTING OUT THE VOTE..."

(Reprinted by permission of the San Francisco Chronicle.)

Fortunately, the type of activity depicted above rarely occurs in California elections. To help keep it that way, please report to the Registrar, in writing, any unlawful election activity you may be aware of.
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.

Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

STEP 1

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coincidan con las dos cabezuelas rojas.

C 第二步
请确认将选票插入时，票尾之二孔，契合于二红点之上。

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.

Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
请把带针之选票针，由小孔内垂直插入打孔投票。

STEP 4

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步
投票选出之后，把选票取出，放入空封袋内，票尾凸出在外。
在封袋上，有空白格预备为投票人应用。
PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE ATTACHED TO VOTE RECORDER; NEVER WITH PEN OR PENCIL.

INSTRUCTIONS TO VOTERS:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, write the title of the office and the person's name in the blank space provided for that purpose on the Write-In Ballot Envelope.

To vote on any measure, punch the ballot card in the hole at the point of the arrow after the "YES" or after the word "NO". All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

PERFORE LA TAREA DE VOTO ÚNICAMENTE CON EL PICADOR ATADO EN LA CUERDA AL REGISTRADOR; NO USE PLUMA NI LAPIZ.

INSTRUCCIONES A LOS VOTANTES:

Para votar por candidato de su selección, perfóra la balota en el circulo que señala la flecha opuesto al nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo cargo, perfóra la balota en el circulo que señala la flecha opuesto de los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.

Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.

Para votar sobre cualquier medida, perfóra la balota en el circulo que señala la flecha después de la palabra "SI" o después de la palabra "NO".

Todas las marcas o borraduras están prohibidas e invalidan el voto. Si usted equivocadamente perfóra, rompe o estrupe la balota, o rompe o estrupe el sobre, devuélvala al miembro del consejo del precinto y obtenga otra.

請在投票記錄器上之打孔針在選票上打孔；千萬不要用鋼筆或鉛筆。

選民須知:

投票時所選擇的任何其他候選人，請在選票上箭頭所指之候選人名打孔。如果有兩位或以上候選人競選同一職位，請在選票上箭頭所指之所有候選人中，選擇你要投票的候選人打孔，但不要超過該選舉的規定人數。

投票合格的非候選人候選人，請在非候選候選人選票信封所提供的預定空白上寫下該候選人所競選的職位和候選人的姓名。

投票任何選案，請在選票上箭頭所指 "YES" 或 "NO" 字樣打孔。

選票上若有顯著污點或模糊者，選票作廢。

如果你在選票上打孔錯了，撕裂或弄損了，或撕裂了，弄損了非候選候選人的選票信封，應把該選票遞給選舉區的選舉員，另索取一份選票。

MEASURES SUBMITTED TO VOTE OF VOTERS — STATE PROPOSITIONS

16 COUNTY JAIL CAPITAL EXPENDITURE BOND ACT OF 1984.
This act provides for the construction, reconstruction, remodeling,
and replacement of county jails and the performance of deferred
maintenance thereon pursuant to a bond issue of $250,000,000.

YES 163

NO 164

17 NEW PRISON CONSTRUCTION BOND ACT OF 1984. This act
provides for the construction, renovation, remodeling, and deferred
maintenance of state correctional facilities pursuant to a bond issue
of $300,000,000.

YES 167

NO 168

18 CALIFORNIA PARK AND RECREATIONAL FACILITIES ACT
OF 1984. This act provides for a bond issue of $370,000,000 to be
used for specified acquisition, development, rehabilitation, or resto-
ration of real property for park, beach, recreational, or historical
preservation purposes.

YES 171

NO 172

19 FISH AND WILDLIFE HABITAT ENHANCEMENT ACT OF
1984: This act provides for a bond issue of $85,000,000 to be avail-
able for appropriation to the Wildlife Conservation Board and the
State Coastal Conservancy for specified acquisition, enhancement,
and development of habitat areas.

YES 175

NO 176

20 ELECTED OFFICIALS. Disqualification where libelous or slan-
derous campaign statements are made that are major contributing
cause to opposition candidate's defeat. Fiscal impact: No direct fis-
cal effect. If a successful candidate is disqualified, local govern-
ments could incur additional election costs if an election is required
to fill vacancy.

### EXEMPT STATE CIVIL SERVICE POSITIONS

Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

<table>
<thead>
<tr>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>190</td>
<td>191</td>
</tr>
</tbody>
</table>

### PROPERTY TAXATION, SEISMIC SAFETY CONSTRUCTION EXCLUSION

Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

<table>

</tbody>
</table>

### LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING

Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

</tbody>
</table>
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.
Modifica las disposiciones para la inversión. Declara los haberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependería de si las inversiones de los fondos de jubilación públicos están a una tasa más alta a más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL ENMIENDA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de director del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD, EXCLUSIÓN DE CONSTRUCCIÓN CONTRA SISMOS. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Excluye del reavalúo para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sísmos. Impacto fiscal: Pérdida desconocida de réditos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades bienales de las comunidades y, posiblemente, otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición parteraria de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sosténimiento. Impacto fiscal: Los fondos para el sosténimiento de la Legislatura de 1984-85 serían reducidos hasta por $37,000,000 de la cantidad que de otra manera habría sido asignada. Después de 1984-85, un límite tope se fija al crecimiento de la consolidación para la Legislatura.

J. ¿Deberá San Francisco adoptar una ordenanza que establece el cobro de los costos de encarcelamiento en una cárcel del condado u otra instalación local de detención a un acusado que la Corte lo considere financieramente capaz de pagar?

K. ¿Deberá adoptarse una ordenanza que prohíbe los permisos de construcción para ciertas estructuras que produzcan considerable sombra sobre propiedades del Departamento de Recreación y Parques, a excepción de aquellos previamente autorizados por la Comisión de Planeamiento Municipal de conformidad con la ordenanza, con ciertas excepciones?
WORDS YOU NEED TO KNOW

By Ballot Simplification Committee

Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as "Permanent Absentee Voters". A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY

My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.

My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES 212
NO 213

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

POLLS ARE OPEN FROM 7 A.M. TO 8 P.M.
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.

3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A. Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance.

San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right.

In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let's make our fair city truly fair. Vote YES on PROPOSITION "A"!
Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco's growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION "A" will help San Francisco attract those workers. Without PROPOSITION "A", we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States.

But not in San Francisco! Without PROPOSITION "A", our loss will be these cities' and counties' gain.

Take stock in San Francisco's future. Vote YES on PROPOSITION "A".

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers' money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.

Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance.

This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great!

It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone. Vote to keep San Francisco one of America’s best-run cities. Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.

Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it. It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION "A" will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION "A" will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION "A".

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn't give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco's labor relations. Now and in the long run, Proposition A is unquestionably in the city's best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco's basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let's keep San Francisco a safe and secure place to live.

PROPOSITION "A" will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION "A" would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION "A" would enable local government to explore new proposals.

PROPOSITION "A" would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION "A" gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote YES on PROPOSITION "A"!

Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It's the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can't negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It's the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can't negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

LeRoy King
International Longshoreman's and Warehouseman's Union
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result.

Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and
Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.

San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future. Vote YES on PROPOSITION “A”!

Dr. Tim Wolfred
President
San Francisco Community College Board
Chuck Ayala
Member
San Francisco Community College Board
Alan Wong
Member
San Francisco Community College Board

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bar-

gain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

Reverend Cecil Williams
Glide Memorial Church

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?

Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women's Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposition A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Paula Pede

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your

and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposition “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of govern-ment, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp
Employee Benefit Formula

ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970’s, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the “voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspecified and unidentified costs which cannot be predetermined. This is financially unsound.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City’s voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

William F. O’Keefe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE

ARGUMENT AGAINST PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960’s by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor’s statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can’t stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o'clock p.m. and 7:00 o'clock a.m., provided it will not increase their retirement benefits?

YES 216

NO 217

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.

The Supervisors voted as follows:

NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition "B" will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition "B" would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition "B" grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition "B". It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your “YES” vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City’s Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff’s Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing

ARGUMENT IN FAVOR OF PROPOSITION B

Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE “YES” ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, “night differential” certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

ARGUMENT IN FAVOR OF PROPOSITION B

Please vote yes on Proposition B.
Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessey
Sheriff
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6¼% premium for night work, but our own San Francisco Police Department police officers do not. This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That's why I intend to vote "YES" on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.). The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote "YES" on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most: the "high crime" evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Tolier
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city's Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

"Night Differential" is as basic as "apple pie."
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe

that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest “Chuck” Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco’s Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority, length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and good government.
Vote Yes on Prop B.

ARGUMENT AGAINST PROPOSITION B

The concept of “NIGHT PREMIUM PAY” for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry “goes with the territory”! It is one of the reasons why a regular “entry rank” Q2 Patrolman’s annual “pay package” is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police

William F. O’Keefe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE.
Firefighter Longevity Pay

**PROPOSITION C**

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

YES 221
NO 222

---

**Analysis**

by Ballot Simplification Committee

**THE WAY IT IS NOW:** San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

**THE PROPOSAL:** Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:
- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

**A YES VOTE MEANS:** If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

**A NO VOTE MEANS:** If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

---

**How Supervisors Voted on “C”**

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

---

**Controller’s Statement on “C”**

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

"Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year."

---

**USE YOUR VOTER SELECTION CARD WHEN VOTING**

(SEE INSERT)

**THE TEXT OF PROPOSITION C BEGINS ON PAGE 35**
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent "on-the-front line" fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay "on-the-front line", and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition "C", a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition "C".

Fire Chief Emmet Condon
Fire Commissioner President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre "TIME SERVED" proposal would raise each fireman’s pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual "pay package" for a regular "entry rank" H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O'Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE MAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent "RAPID TURN-OVER" problem perceived solely by the Fire Fighter's Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition "C".

If passed, this "longevity of service" premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION "C".

SAN FRANCISCO TAXPAYERS ASSOCIATION
W.F. O'Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.
ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition “C”.

The City has been generous to our firefighters, both in the department’s annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition “C” will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition “C” simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don’t clutter the Charter with such special interest legislation.

Vote NO on Proposition “C”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco’s firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior remuneration. If the “problem” alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION C

NOTE: Additions or substitutions are indicated by **bold-face**; deletions are indicated by strike out.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.)

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E

Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 226

NO 227

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City's water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on "E"

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted "No."

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E: "Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time."

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition "E".

Proposition "E" would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition "E" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition "E" would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City's General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy's facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition "E" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "E".

Submitted by the Board of Supervisors.

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION E

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(n) Subject to the budget and fiscal provisions of this charter, whenever revenue bonds are issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy Project shall be set aside and deposited into a fund in the city and county treasury to be known as the "Hetch Hetchy Revenue Fund." All amounts paid into such fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(6) Moneys in the Hetch Hetchy revenue fund, including earnings thereof, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance, and operation of the Hetch Hetchy project and related facilities owned, operated, or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of debt service; and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require in accordance with (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds; (4) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds; and (5) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds.

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 231 ♦
NO 232 ♦

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “F”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted "No."

Controller’s Statement on “F”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government cannot be estimated at this time.”

THE TEXT OF PROPOSITION F BEGINS ON PAGE 39

POLLS ARE OPEN FROM 7AM TO 9PM
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition "F"

Proposition "F" would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition "E", this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition "E" only allows the Water Department to issue bonds to replace worn-out facilities. Proposition "F" would allow the Water Department to issue revenue bonds to replace facilities of any kind, such as equipment and facilities if 1/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition "F" will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition "F".

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Proposition "F" would provide a method for the Board of Supervisors to allow the issuance of revenue bonds by our San Francisco Water Department. Proposition "F" would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition "F" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition "F" would cost NOTHING to the taxpayer; generally, since the Water Department is fully self-supporting. We already have an enormous investment in the pipeline, dams, filtration plants, and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unanticipated facility replacement costs.

Currently, a breakdown in the valve produces the Water Department from selling revenue bonds. Proposition "F" would create a better way to retain the taxpayers' power to approve all projects and new proposed facilities.

We urge you to Vote YES on Proposition "F".

Submit it to the Board of Supervisors.

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to approve or reject "Water Department revenue bond issues."

Consolidated County Central Committee

TEXT OF PROPOSED CHARter AMENDMENT

PROPOSITION F

Note: These sections are entirely new.

§ 6.80F. Water Department Revenue Bond

(a) Subject to the budget and fiscal provisions of this Charter, whenever revenue bonds are issued by the Public Utility Commission pursuant to section 6.612 with outstanding water rate revenue of the Water Department shall be added as a local debt of the city and county treasury, but known as the "Water Department Revenue Bond". All revenue arising and derived from such bonds shall be invested in the operating expenses, expenditures to maintain the operation of the Water Department and shall be accounted for in a separate account, separate from all other city and county funds. The bond authorized by this section shall be issued in two series: (1) immediately after the election and (2) the year following the election, the first series to be voted on at the election in November of the first year following this Charter amendment. The amount of bonds shall not exceed the amount of proposed expenses as described in the budget and fiscal provisions of this Charter amendment.

(b) The proceeds of the Water Department Revenue Bond shall be used to acquire, improve, maintain and operate the water, treatment, and distribution facilities of the Water Department; to construct additional facilities; to provide for the operation of the Water Department; and to acquire or finance other property necessary for the performance of the duties of the Water Department.

(c) The issuance of the Water Department Revenue Bond is subject to the approval of the Board of Supervisors and the Mayor, who shall have the right to call for a public hearing on any bond issue submitted to them, and who shall have the right to determine the amount, terms, and conditions of the bonds.

(d) The bond issue shall be subject to the provisions of this Charter and the Public Utilities Act of 1939, as amended, and to the provisions of any future legislation enacted by the City and County of San Francisco.
Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 3 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

“Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application
is now a card insert located on or about page 48 of this pamphlet.
Please print your name clearly.
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE "YES" ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1921, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees' Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE "YES" ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn't be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don't weaken our city's merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let's keep these two positions under place.

Civil Service

Bilingual persons are particularly needed
PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder's duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government.

The Recorder's office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder's Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder's job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It's like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City's elections office. It is in the best interest of a well run city that the Recorder's office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate "red tape", delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.

Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I: “Should the proposed initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,334 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

THE TEXT OF PROPOSITION I BEGINS ON PAGE 50
ARGUMENT IN FAVOR OF PROPOSITION I

WARNING TO VOTERS:

Don’t be impressed by prominent names and groups opposing Proposition “I”.
Most of those people and organizations are subject to political arm-twisting or have their own fingers in the “BIG PIE” at City Hall.
Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote “YES”.

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN LEADERS AGREE:

Despite City Hall pressure, the Republican Central Committee on 3/21/84 wisely refused to endorse the tax-wasting eleven member Board of Supervisors.

Save $500,000 YEARLY and dramatically cut City Hall staff with a cost-effective seven member Board. Remember, all fifty-seven other California counties have but five Supervisors.

Irresponsible Board actions include their notorious commendation of Joseph Knie Burke, Consul General of murderous COMMUNIST Grenada. American marines later died to liberate Grenada.

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscans against San Franciscans. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition "I".

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our city and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote NO on Proposition "I".

Additionally, Proposition "I" would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition "I".

Proposition "I" would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition "I".

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition "I".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscans needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board's decisions will be less reflective of the voters' thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers' Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote "NO" on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco's voters.

The people behind this proposition aren't telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won't be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won't work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won't make our Supervisors work full-time. Seven Supervisors just can't run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It's time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City’s finances are sound. Our economy continues to:
• grow
• provide jobs
• raise the tax revenues our government needs

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein
William Coblentz
Jerome Adams
Timothy Tosta
Louis Giraudi
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city’s best interest to VOTE NO on Proposition I.
Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would reduce the chance that our neighborhoods, and the small businesses that serve them, will have a person to take care of our needs in City Hall.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.

Take Your Vote Truly Count—Support The Republican Party!

Your vote is critical – but it is just one vote!

Why not make it multiply (and help your candidates win) by sending a few dollars now to the Republican Party's Victory Fund and/or volunteer a few hours of your time as we head into the November elections?

In addition to Ronald Reagan, every Republican candidate who wins in the June primary will depend heavily on us to provide the campaign services and resources they need for victory. Send us $15 or $20 now, and we'll have the funds on hand to pay for advertising, polling and get-out-the-vote mailings, and statewide organization.

Your check now means we can reach hundreds more voters, just as we have reached you. Won't you please help? Lift this flap now and show your support for the entire Republican team!
Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods' small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Fred Ateyeh, President, Independent Grocers Association*
Walter G. Jebe, Jebe's Kompact Kamera
Dana Walsh, President, Greater Clement Street Merchants Association*

*Organization listed for identification purposes only.

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which effect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can't afford to have a Board of Supervisors which spends less time on our community's interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Welton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Gooby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sadonia Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP "I"

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough.

PROPOSITION I

2.100 Composition and Salary

The Board of supervisors shall consist of seven members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249
NO 250

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

"Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time."

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47.00 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can’t be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47.000 per day. It’s only logical that financially able people pay for their own keep when they’re convicted of crimes and not make taxpayers foot the bill.

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERE TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant’s ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant’s financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.

PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

YES 253
NO 254

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller’s Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: “Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time.”

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition “K”.

Support Proposition “K”.

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition “J” to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition “K”. Vote YES on Proposition “K”.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON “K”

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

If we let some developer completely shadow and thereby ruin this existing Chinatown playground, practical "common sense" politics dictates that the taxpayers will inevitably be obliged to buy and build some additional new playgrounds nearby at a cost of millions! Let's save the taxpayers some money right now, and let the sun continue to shine on our most important product!

CHILDREN! VOTE YES!

ARGUMENT IN FAVOR OF PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote "NO" on Proposition K.

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
Park Shadow Ban

VOTE NO ON "K"

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco’s architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning’s Downtown Plan.

The Department of City Planning and University of California’s School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university’s simulation laboratory. The Downtown Plan’s sunlight access rules are based upon this careful analysis.

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children’s playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Gihardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is “supposed” to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION A

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions

(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION B

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department

(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefore or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part 1 of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgement of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.
The expression “rates of compensation”, as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.
Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.
For all purposes of the retirement system, the expression “rates of compensation” as used in this section, shall mean “salary attached to the rank” as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean “compensation earnable” as used in section 8.549.
The term “police officers or patrolmen” as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission's survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. "Average wage" as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year. Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation", as used in subsections (c) and (d) of this section shall mean "salary attached to the rank" as used in section 169 of the charter of 1932, as amended and "compensation earnable" as used in section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stroke, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, shall be ten percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief's operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsections (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsections (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
percentage of increase or decrease in the cost of living during the twelve-month period ending March 31st of that same year as shown by the Consumer Price Index, All Items San Francisco, and the percentage of increase or decrease in the cost of living during the same period as shown by the Consumer Price Index, All Items, in the cities included in the certified report of said commission. The Consumer Price Index referred to herein is defined as that certain index issued by the U.S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. In the event the U.S. Bureau of Labor Statistics discontinues the compilation and publication of said indexes, the board of supervisors shall have the power, and it shall be its duty, to appoint a statistical fact finding committee to determine the same data pursuant to the methods theretofore used by the U.S. Bureau of Labor Statistics. The cost of living adjustments as hereinafter provided shall be based upon the percentage of such increases or decreases. The board of supervisors may, in addition to the rates of compensation as established herein, at the same time said rates of compensation are established, increase said rates of compensation by an amount equal to the difference between the average cost of living increase of the cities included in the certified report of the civil service commission and the actual cost of living increase for San Francisco. In the event the board of supervisors elects not to grant such cost of living increase in any year in which any such increase might be granted, the board of supervisors shall, upon a written request filed with the clerk of the board of supervisors not later than the 10th day of September of each year by representatives of the uniformed members of the police and fire departments, as designated by the police and fire commissions, respectively, submit the question of said cost of living increase to the qualified electors of the city and county at the next succeeding citywide election. In the event said cost of living increase is approved by a majority of the qualified electors voting thereon, said cost of living increase shall be effective as of the first day of the then current fiscal year.

(g) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department employed before July 1, 1976, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of any new compensation schedules, and the rates for fiscal year 1975-76 shall continue in effect until such time as the new schedules are adopted or exceed the current salary increment schedules, provided, however, that such time shall not be extended beyond June 30, 1982, and provided further that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(h) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(i) Notwithstanding the provisions of any of the foregoing sub-sections, members of the fire department employed in the entry rank thereof (H-2) who have completed specified years of satisfactory service shall be entitled to additional compensation as herein provided.

Service shall not qualify as "satisfactory" if the member has been suspended or otherwise disciplined pursuant to the authority granted in section 8.343 during the five year period immediately preceding initial qualification for the additional compensation provided for herein. Any member who shall be so suspended or otherwise disciplined while receiving such additional compensation shall cease to be entitled thereto for a period of two years from the date of decision by the chief of department or the fire commission as appropriate.

Additional compensation as herein provided shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

In determining the years of service necessary to qualify for additional compensation as provided herein, service rendered prior to the effective date of this section as amended shall be given full credit and allowed.

(1) Upon the completion of ten and until the completion of fifteen years of aggregate service, an amount equal to 2 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

(2) Upon the completion of fifteen and until the completion of twenty years of aggregate service, an amount equal to 3 percent above the rates of compensation as defined and provided for this section shall be paid;

(3) Upon the completion of twenty years of aggregate service, an amount equal to 7 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984. Thereafter entitlement to additional compensation as herein provided shall commence with the beginning of the pay period immediately following the completion of the prescribed periods of service.

PROPOSITION E, CONTINUED FROM PAGE 37

ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for Hetch Hetchy purposes; (5) reconstruction and replacement as determined by the commission or as required by any Hetch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1945, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54386, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hetch Hetchy project or from water and power facilities operated or controlled by it.

(c) Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
PROPOSITION F, CONTINUED FROM PAGE 39

principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (c).

7.312 Water Department Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission’s jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to him the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the term presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the board’s pleasure, and the board shall employ a consulting actuary. The secretary-general manager or the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

Section 3.201 Functions, Powers and Duties.

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
PROPOSITION I, CONTINUED FROM PAGE 50

The respective terms of office of the members of the board of supervisors elected at the general election in 1976 shall be for a term of three years. At the general municipal election in 1972, and in every fourth year thereafter, successors to said three members elected to the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January, 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the six members receiving the highest number of votes respectively at said election shall hold office for a term of four years; the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years. Therefore, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1983, and at the general election in each fourth year after 1972, the successors to said five members of the board of supervisors shall be elected, and at the general election in 1984, there shall be elected six members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1985, and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing: structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunset and for the last hour before sunrise; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational or park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, "property designated for acquisition by the Recreation and Park Commission" shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall be incorporated into the City Planning Code.

CREDITS
The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Borganova, Stephanie Salter and Susan Kwock. They were assisted by Thomas Toomey of the City Attorney's Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
- are a U.S. citizen.
- are at least 18 years of age on election day.
- are a resident of California, and
- are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
- Going to the Registrar of Voters office in City Hall and voting there or
- mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
- your address when you signed up to vote,
- the address where you want the ballot mailed,
- then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as "Permanent Absentee Voters". A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"With so much voter apathy, I like to think of it as getting out the vote."

(Reprinted by permission of the San Francisco Chronicle.)

Fortunately, the type of activity depicted above rarely occurs in California elections. To help keep it that way, please report to the Registrar, in writing, any unlawful election activity you may be aware of.
**HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER**

**SPECIAL NOTE:**

IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

**STEP 1**

Insert the ballot card all the way into the Votomatic.

Nota: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

**STEP 2**

Be sure the two slots in the stub of your card fit down over the two red pins.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

**STEP 3**

Hold punch vertical (straight up). Punch straight down through the ballot card to indicate your choice. Do not use pen or pencil.

Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

**STEP 4**

After voting, withdraw the ballot card and place it inside the envelope pocket, with the stub showing.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.
PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE ATTACHED TO VOTE RECORDER; NEVER WITH PEN OR PENCIL.
INSTRUCTIONS TO VOTERS:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.
To vote for a qualified write-in candidate, write the title of the office and the person's name in the blank space provided for that purpose on the Write-In Ballot Envelope.
To vote on any measure, punch the ballot card in the hole at the point of the arrow after the "YES" or after the word "NO".
All distinguishing marks or erasures are forbidden and make the ballot void.
If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

PERFORE LA TARETA DE VOTO ÚNICAMENTE CON EL PICADOR ATADO EN LA CUERDA AL REGISTRADOR; NO USE PLUMA NI LAPIZ.
INSTRUCCIONES A LOS VOTANTES:

Para votar por candidato de su selección, perfure la balota en el círculo que señala la flecha opuesto al nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo cargo, perfure la balota en el círculo que señala la flecha opuesto de los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.
Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.
Para votar sobre cualquier medida, perfure la balota en el círculo que señala la flecha después de la palabra "Sí" o después de la palabra "No".
Todas las marcas o borraduras están prohibidas e invalidan el voto. Si usted equivocadamente perfura, rompe o estropea la balota, o rompe o estropea el sobre, devuélvalo al miembro del consejo del precinto y obtenga otra.

請用附在投票紀錄機上之打孔針在選票上打孔；千萬不要用鋼筆或鉛筆。

選民須知：

投票時所選舉的任何其他候選人；請在選票上填寫所指之候選人名打孔。如果選票上有兩個或以上
候選人競選同一職位，請在選票上填寫所指之所有候選人中，盡選你要投選的候選人打孔，但不
要超過所選舉的規定人數。
選舉合格的非候選的候選人，請在非候選候選人選票信封所提供的選舉空位上填下該候選人
所競選的職位和候選人的姓名。
選選任何提案，請在選票上打孔設指 "YES" 或 "NO" 字樣打孔。
選票上若有顯著污點或無疑者，選票作廢。
如果你在選票上打孔錯了，撕破或弄壞了；或撕壞了、弄壞了非候選候選人的選票信封，應
把該選票退給選舉區的監票員，另索取一份選票。

**FUNCIONARIOS ELEGIDOS.** Descalificación cuando se han efectuado declaraciones difamatorias o calumniosas en campañas políticas que contribuyan como una causa mayor a la derrota del candidato oponente. Impacto fiscal: Ningún impacto fiscal directo. Si un candidato triunfador es descalificado, los gobiernos locales podrían incurrir en gastos de elección adicionales si se requiere una elección para llenar la vacante.

Fiscal: $85,000,000,000,000.00. Permite la compra de materias para el sistema de protección de vida silvestre. Entrega de fondos para la conservación de la vida silvestre.
PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES 185
NO 186

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES 190
NO 191

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES 196
NO 197

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

YES 204
NO 205
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.

Modifica las disposiciones para la inversión. Déclara las haberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependiendo de si las inversiones de los fondos de jubilación públicos están a una tasa más alta o más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL ENMIENDA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de director del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD. EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURO CONTRA SISMOS ENMIENDA CONSTITUCIONAL LEGISLATIVA. Excluye del reavalúo para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sismos. Impacto fiscal: Pérdida desconocida de derechos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de derechos del impuesto a la propiedad. Aumento menor en los impuestos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Específica los procedimientos respecto a la composición partidaria de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serían reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite top se fija al crecimiento de la consolidación para la Legislatura.

州公教員的免許。公教員退休制度和州教員退休制度的若干指定位職可從免於公務制度；財政影響；無直接影響，但如選擇人員靈活性的增加影響到投資計劃的執行時，則可能產生間接影響。

物業税，地震安全建築免絕收稅。凡是地震安全進行的具體指定位職可出現物業稅。財政影響，地方政府物業稅的增加及增加的徵收費用，其數額不詳，州為補償學校。社區大學，可能還有地方政府的其他收入的損失，所增加的財政數額不詳，由於物業稅扣稅額減低，州所得稅收入略增。

州議會，規則，程序，權力，撥款，制訂各委員會各點規定的程序，投票規定和 其他事項，削減後勤經費撥款，財政影響，州議會經費突破到八四至八五財政年度規定的撥款減少 $37,000,000。八四至八五財政年度後，州議會經費的增長將訂出最高限額。

WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as "Permanent Absentee Voters". A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY
My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won't be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don't vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.
My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.

Statements printed on this page are volunteered by the candidates and have not been checked for accuracy by any official agency. These statements are printed at the expense of the candidates.
Employee Benefit Formula

PROPOSITION A
Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.
The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

POLLs ARE OPEN FROM 7 A.M. TO 8 P.M.
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?

1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let's make our fair city truly fair. Vote YES on PROPOSITION “A”!

Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

ARGUMENT IN FAVOR OF PROPOSITION A

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.

Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator
ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance.

This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great!

It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone.

Vote to keep San Francisco one of America’s best-run cities. Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.

Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION "A" will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION "A" will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION "A".

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient workforce means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION “A”!

Keith Calden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION "A" will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION "A" would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION "A" would enable local government to explore new proposals.

PROPOSITION "A" would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION "A" gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government.

VOTE FOR PROPOSITION "A"!

Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits.

Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits.

Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result.

Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and
Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.

San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future.
Vote YES on PROPOSITION “A”!

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making correct decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

We urge a Yes vote on Proposition A because the time has come to upgrade service to our neighborhoods.

Reverend Cecil Williams
Glide Memorial Church

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance? Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women's Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposition A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Dorothy L. Jaynes
Grandvel A. Jackson
Mabel E. Bailey
Douglas Haynes

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will keep San Francisco great.

It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.

Vote for a better San Francisco. Vote yes on Proposition A.

Laura Pascoe
Martha Ryan
Maria O'Brien
Virginia Lozada
Cornelius Gallagher
Jane Seidenberg

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.

A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Agar Jaicks
Pat Jackson
Bill Kraus

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate. San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees. Proposition A is a bargain. Vote yes on A.

Shirley Black
Member, Planning Association of the Richmond
Charles Breyer, Attorney
Regina Sneed
Lydia San Felippo
John J. Simpson, Retired
Susan Kelly Kennedy

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposition “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of government, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
A

Employee Benefit Formula

ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970’s, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspecific and unidentified costs which cannot be predetermined. This is financially unsound.

Finally, by placing the responsibility for the negotiator with the Board of Supervisors, this measure establishes a potentially dangerous relationship between the Board and City workers. There are 25,000 City employees who if unified could form a powerful voting block. This could significantly influence any instructions the Board of Supervisors give to their negotiator when dealing with City employees. Proposition A increases the possibility of either higher costs or public employee strikes.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City’s voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

This potentially catastrophic proposal puts the Board back into the business of annually negotiating individual labor contracts with each and every union. Millions of your tax dollars are at stake! VOTE NO!

William F. O’Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE MAN

ARGUMENT AGAINST PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960’s by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor’s statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can’t stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o'clock p.m. and 7:00 o'clock a.m., provided it will not increase their retirement benefits?

YES 216
NO 217

Analysis
by Ballot Simplification Committee.

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.
The Supervisors voted as follows:
NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition "B" will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition "B" would extend this benefit to police officers. There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition "B" grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition "B". It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your "YES" vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City's Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff's Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE "YES" ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

Please vote yes on Proposition B.

Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessey
Sheriff
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 61/2% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That’s why I intend to vote “YES” on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote “YES” on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the “high crime” evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Toler
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city’s Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

I urge you to vote YES on Proposition B.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

“Night Differential” is as basic as “apple pie.”

Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe

Police Night Pay

that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest "Chuck" Ayala

 ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco's Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

 ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco.
Prop B is cost efficient and good government.
Vote Yes on Prop B.

 ARGUMENT AGAINST PROPOSITION B

The concept of "NIGHT PREMIUM PAY" for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keefe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE."
**PROPOSITION C**

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

**Analysis**

by Ballot Simplification Committee

**THE WAY IT IS NOW:** San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

**THE PROPOSAL:** Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:
- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

**A YES VOTE MEANS:** If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

**A NO VOTE MEANS:** If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

**How Supervisors Voted on “C”**

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot. The Supervisors voted as follows:

**YES:** Supervisors Harry Britt, Richard Hongisto, Willie Kennedy, John Molinari, Wendy Nelder, Carol Ruth Silver, and Nancy Walker.

**NO:** Supervisors Quentin Kopp, Bill Maher and Louise Renne.

**Controller’s Statement on “C”**

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

"Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year."

**USE YOUR VOTER SELECTION CARD WHEN VOTING (SEE INSERT)**

**THE TEXT OF PROPOSITION C BEGINS ON PAGE 35**
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent "on-the-front line" fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay "on-the-front line", and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition "C", a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition "C".

Fire Chief Emmet Condon
Fire Commission President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre "TIME SERVED" proposal would raise each fireman's pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual "pay package" for a regular "entry rank" H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O'Keeffe, Sr.
PRESIDENT,
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEEMAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent "RAPID TURNOVER" problem perceived solely by the Fire Fighter's Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition "C".

If passed, this "longevity of service" premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION "C".

SAN FRANCISCO TAXPAYERS ASSOCIATION
W.F. O’Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition “C”.

The City has been generous to our firefighters, both in the department’s annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition “C” will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition “C” simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don’t clutter the Charter with such special interest legislation.

Vote NO on Proposition “C”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco’s firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior renumeration. If the “problem” alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION C

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

1. For the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;

2. For the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

3. For said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

4. Shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E

Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 226
NO 227

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City's water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “E”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted "No."

Controller’s Statement on “E”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition “E” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition “E” would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City’s General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy’s facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition “E” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “E”.

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition “E”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION E

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the “Hetch Hetchy Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facili-

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 231

NO 232

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “F”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “F”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION F BEGINS ON PAGE 39

POLS ARE OPEN FROM 7AM TO 8PM
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition "F"

Proposition "F" would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition "E", this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition "E" only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition "F" will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition "F".

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition "F".

Proposition "F" would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition "F" would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition "F" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition "F" would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition "F" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "F".

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!
San Francisco voters should continue to have the right to approve or reject Water Department revenue bond issues.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION F

NOTE: These sections are entirely new.

6.407-1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the “Water Department Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of

Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.
The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G: “Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application

is now a card insert located on or about page 48 of this pamphlet.
Please print your name clearly.
VOTE "YES" ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees’ Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE "YES" ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under Civil Service.

Republican County Central Committee

POLL WORKERS NEEDED

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer? YES 240 \ NO 241 \n
Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.
If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder's duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government.

The Recorder's office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder's Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder's job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It's like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City's elections office. It is in the best interest of a well run city that the Recorder's office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate "red tape", delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

Republican County Central Committee

There is no compelling reason to separate these two positions.
Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

YES 244
NO 245

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I: “Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

NOTE: YOUR POLLING PLACE MAY HAVE CHANGED. PLEASE REFER TO MAILING LABEL ON BACK COVER.

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

THE TEXT OF PROPOSITION I BEGINS ON PAGE 50
ARGUMENT IN FAVOR OF PROPOSITION I

WARNING TO VOTERS:

Don't be impressed by prominent names and groups opposing Proposition "I". Most of those people and organizations are subject to political arm-twisting or have their own fingers in the "BIG PIE" at City Hall. Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote "YES".

Robert Guichard
Citizens For Better Government Chairman

Robert Silvestri
Republican Central Committeeman
State Assembly Candidate

George Rehmet
Citizens For Better Government Treasurer

Dr. Terence Faulkner
Republican Central Committeeman

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN LEADERS AGREE:

Despite City Hall pressure, the Republican Central Committe on 3/21/84 wisely refused to endorse the tax-wasting eleven member Board of Supervisors.

Save $500,000 YEARLY and dramatically cut City Hall staff with a cost-effective seven member Board. Remember, all fifty-seven other California counties have but five Supervisors.

Irresponsible Board actions include their notorious commendation of Joseph Knute Burke, Consul General of murderous, COMMUNIST Grenada. American marines later died to liberate Grenada.

Robert Silvestri
Republican Central Committeeman
State Assembly Candidate

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN FORUM ENDORSES:

San Francisco Republican Forum endorses YES on "I" (to save $500,000 yearly by reducing the Board of Supervisors).

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscan against San Franciscan. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition "I".

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition "I".

Additionally, Proposition "I" would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition "I".

Proposition "I" would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition "I".

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition "I".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers’ Assn.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote “NO” on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City's finances are sound. Our economy continues to:

- grow
- provide jobs
- raise the tax revenues our government needs

ARGUMENT AGAINST PROPOSITION I

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein
William Coblenz
Jerome Adams
Timothy Tosta
Louis Giraud
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city's best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would reduce the chance that our neighborhoods, and the small businesses that serve them, will have a person to take care of our needs in City Hall.

Make Your Vote Truly Count—Support The Republican Party!

Your vote is critical — but it is just one vote!

Why not make it multiply (and help your candidates win) by sending a few dollars now to the Republican Party's Victory Fund and/or volunteer a few hours of your time as we head into the November elections?

In addition to Ronald Reagan, every Republican candidate who wins in the June primary will depend heavily on us to provide the campaign services and resources they need for victory. Send us $15 or $20 now, and we'll have the funds on hand to pay for advertising, polling and get-out-the-vote mailings, and statewide organization.

Your check now means we can reach hundreds more voters, just as we have reached you. Won't you please help? Lift this flap now and show your support for the entire Republican team!
Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods' small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Ben Hom
Richard Cerbatos, Commissioner, Board of Education
Pius Lee
Louisa Hop Lee, Member, Civil Service Commission
Ben Tom, Commissioner, Board of Education
Yuri Wada, President, California Board of Regents
Julie Tang, Commissioner, Community College Board
Jeff Mori, Member, Parks and Recreation Commission
Gordon Lau
Jess Esteva

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which effect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can't afford to have a Board of Supervisors which spends less time on our community's interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carolina Fisler del Puerto, Member, Civil Service Commission
Clemente Obregon
Al Borice, Attorney at Law
Jim Morales
Ralph Hurtado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Welton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Gooby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Soloni Wilton, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I. The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP "I"

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

PROPOSITION I

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeout type.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $25,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1988, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249

NO 250

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can’t be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It’s only logical that financially able people pay for their own keep when they’re convicted of crimes and not make taxpayers foot the bill.

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant's ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant's financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.
PROPOSITION K
Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller's Statement on "K"
City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: "Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time."

How "K" Got on Ballot
On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition “K”.

Support Proposition “K”.

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition “J” to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

· Support our parks! Support our heritage! Support Proposition “K”. Vote YES on Proposition “K”.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON “K”

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition "K".

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote "NO" on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
Park Shadow Ban

lems occur, amendments can be made, problems adjusted. For example, Proposition K would exempt 40-foot buildings. However, even 40-foot buildings can cast shadows in open areas in early morning and late afternoon, particularly during low sun periods in winter months.

VOTE NO ON “K”

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco’s architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning’s Downtown Plan.

The Department of City Planning and University of California’s School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university’s simulation laboratory. The Downtown Plan’s sunlight access rules are based upon this careful analysis.

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children’s playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is “supposed” to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director

Polls open at 7 a.m. and close at 8 p.m.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION A

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions
(a) Notwithstanding the provisions of charter sections 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION B

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department

(a) The word "member" or "members" as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part 1 of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgement of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank", as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean "compensation earnable" as used in section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annuity compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

Not later than the first day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the first day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance:

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression “rates of compensation” as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8.549.

The term “fireman” as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stokers, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator’s as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), 2 and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds hereafter issued by the city and county for Hetch Hetchy pur-
poses; (5) reconstruction and replacement as determined by the com-
mission or as required by any Hetch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hetch Hetchy project or from water and power facilities operated or controlled by it.

(c) Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.306, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
proposition, principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds herefore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, and for such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough.

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to the mayor for such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the board's pleasure, and the board shall employ a consulting actuary. The secretary-general manager and the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough.

Section 3.201 Functions, Powers and Duties.

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are added to his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
The chief administrative officer may designate the recorder to exercise the powers and perform the duties of the register of voters and to occupy the offices of registrar of voters and recorder, receiving a single salary therefore to be fixed in accordance with the salary-standardization provisions of this chapter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter; provided, however, that any person who has civil service status to the position of executive assistant on the date of approval of this amendment by the electorate shall continue to have civil service status to said position under the civil service provisions of this charter.

The chief administrative officer shall appoint a confidential secretary who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective term of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. At the general municipal election in 1989, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o’clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said office on said 8th day of January 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the six members receiving the highest number of votes respectively at said election shall hold office for a term of four years; the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years. Thereafter, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1983, and at the general election in each fourth year after 1982, the successors to said five members of the board of supervisors shall be elected, and at the general election in 1984, there shall be elected six members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1985, and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

The respective terms of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o’clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be consolidated with the direct primary in 1972 shall succeed to said offices at twelve o’clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be consolidated with the direct primary in 1972, shall be as follows: The four members receiving the highest number of votes respectively at said election shall hold office for a term consisting of the period of time until the 8th day of January, 1975. Thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials shall commence at twelve o’clock noon on the 8th day of January following the date of their election.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, "property designated for acquisition by the Recreation and Park Commission" shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall also be incorporated into the City Planning Code.

POLL WORKERS NEEDED
Electoral day workers are needed at the polls in
most San Francisco Neighborhoods. Bilingual
citizens are particularly encouraged to apply.

WHEELCHAIR ACCESSIBILITY:
The "yes" or "no" on the second line of your
address label indicates whether or not your pol-
ling place is wheelchair accessible.
This evaluation takes into account architectu-
ral barriers only. Geographical barriers you
may encounter enroute to the polls have not
been considered.

CREDITS
The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Bor- ganova, Stephanie Salter and Susan Kwock. They were assisted by Thomas Toomey of the City Attorney’s Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to
    vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
   • are a U.S. citizen,
   • are at least 18 years of age on election day,
   • are a resident of California, and
   • are not imprisoned or on parole for the
     conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what
    political party you consider yours, you can say “In-
    dependent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to
    vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this
    election?
A—President, Congress, State Legislature and County
    Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and
    address sent with this Voters’ Pamphlet (back
    cover).

Q—If I don’t know what to do when I get to my voting
    place, is there someone there to help me?
A—Yes. The workers at the voting place will help you.
    If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your vot-
    ing place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth
    even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in
    voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the
    ballot?
A—Yes. This is called a “write-in.” If you want to and don’t
    know how, ask one of the workers to help you. The poll
    workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any
    test?
A—No.

Q—Is there any way to vote besides going to the polls
    on election day?
A—Yes. You can vote early by:
   • Going to the Registrar of Voters office in City Hall and
     voting there
   • mailing in the application sent with this voters’
     handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an
    absentee ballot. This letter or postcard should be sent to
    the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
   • your address when you signed up to vote,
   • the address where you want the ballot mailed,
   • then sign your name, and also clearly print your name
     underneath.

Q—When do I mail my absentee ballot back to the Reg-
    istrar of Voters?
A—You should mail your absentee ballot back to the Reg-
    istrar of Voters as soon as possible. You must be sure your
    absentee ballot gets to the Registrar of Voters by 8 P.M.
    on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING
CALL THE REGISTRAR OF VOTERS
Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"With so much voter apathy, I like to think of it as getting out the vote..."

(Reprinted by permission of the San Francisco Chronicle.)

Fortunately, the type of activity depicted above rarely occurs in California elections. To help keep it that way, please report to the Registrar, in writing, any unlawful election activity you may be aware of.
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

A 第一步
請雙手持票向自動機器將選票選票插入。

STEP 2
BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.
Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabechitas rojas.

C 第二步
請切記將選票插入時，票尾之二孔，接合於二紅點之上。

STEP 3
HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.
Para votar, sostenga el instrumento de votar y perfore con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
請著銘選票選票，由小孔內當直插入打孔投票。

STEP 4
AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.
Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步
投票選舉之後，選票取出，放入空封袋內，票尾凸出在外。在封袋上，有空白格預備為投票人應用。
Punch out ballot card only with punching device attached to vote recorder; never with pen or pencil.

Instructions to Voters:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate’s name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, write the title of the office and the person’s name in the blank space provided for that purpose on the Write-In Ballot Envelope.

To vote on any measure, punch the ballot card in the hole at the point of the arrow after the “YES” or after the word “NO”.

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

Perfore la Tarea de Voto Unicamente con El Picador Atado en la Cuerda al Registrador; No Use Pluma Ni Lápiz.

Instrucciones a Los Votantes:

Para votar por candidato de su selección, perfore la balota en el círculo que señala la flecha opuesta al nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo cargo, perfore la balota en el círculo que señala la flecha opuesta de los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.

Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.

Para votar sobre cualquier medida, perfore la balota en el círculo que señala la flecha después de la palabra “SI” o después de la palabra “NO”.

Todas las marcas o borraduras están prohibidas e invalidan el voto. Si usted equivocadamente perfora, rompe o estropea la balota, o rompe o estropea el sobre, devuélvalo al miembro del consejo del precinto y obtenga otra.

請用附在投票票簿上的打孔針在選票上打孔；千萬不要用鋼筆或鉛筆。

選民須知：

選民選票所選的任何其他候選人，請在選票上箭頭所指之候選人名打孔。如果有兩名或以上候選人競選同一職位，請在選票上箭頭所指之所有候選人中，選擇你要投票的候選人打孔，但不要超過要選舉的候選人數。

選民必須的非候選的候選人，請在非候選候選人選票信封所提供的處於選票上選票所選侯選人選票所選的職位和候選人的姓名。

選民投票時，請在選票上箭頭所指“YES”或“NO”字樣打孔。

選票上有選票信封或選票套，選票只能作選票。

如果你在選票上打孔錯誤，撕破或損壞了，撕破了非候選候選人的選票信封，應把該選票退回給選票的監票員，另索取一份選票。

### MEASURES SUBMITTED TO VOTE OF VOTERS — STATE PROPOSITIONS

This act provides for the construction, reconstruction, remodeling, and replacement of county jails and the performance of deferred maintenance thereon pursuant to a bond issue of $250,000,000.

| Yes | 163 ➡️ |
| No  | 164 ➡️ |

#### 17. NEW PRISON CONSTRUCTION BOND ACT OF 1984.
This act provides for the construction, renovation, remodeling, and deferred maintenance of state correctional facilities pursuant to a bond issue of $300,000,000.

| Yes | 167 ➡️ |
| No  | 168 ➡️ |

This act provides for a bond issue of $370,000,000 to be used for specified acquisition, development, rehabilitation, or restoration of real property for park, beach, recreational, or historical preservation purposes.

| Yes | 171 ➡️ |
| No  | 172 ➡️ |

This act provides for a bond issue of $85,000,000 to be available for appropriation to the Wildlife Conservation Board and the State Coastal Conservancy for specified acquisition, enhancement, and development of habitat areas.

| Yes | 175 ➡️ |
| No  | 176 ➡️ |

### ELECTED OFFICIALS.
Disqualification where libelous or slanderous campaign statements are made that are major contributing cause to opposition candidate’s defeat. Fiscal impact: No direct fiscal effect. If a successful candidate is disqualified, local governments could incur additional election costs if an election is required to fill vacancy.

PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES 185    NO 186

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES 190    NO 191

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES 196    NO 197

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

**INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.**
Modifica las disposiciones para la inversión. Declara los háberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto depende de si las inversiones de los fondos de jubilación públicos están a una tasa más alto o más bajo debido a la flexibilidad adicional que se permite.

**PUESTOS EXENTOS DEL SERVICIO CIVIL ESPECIAL CONSTITUCIONAL LEGISLATIVA.** Exenta del servicio civil a puestos específicos de directores del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad en la selección del personal afecta el rendimiento de los programas de inversiones.

**IMPUESTO A LA PROPIEDAD, EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SISMOS.** Exime de revaluación para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sismos. Impacto fiscal: Pérdida de réditos. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades bienales de las comunidades y, posiblemente, otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

**LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN.** Especifica los procedimientos respecto a la composición paritaria de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serían reducidos hasta por 237 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite tope se fija al crecimiento de la consolidación para la Legislatura.

**COMUNIDAD.** Operaciones de créditos pendientes. Declaran los créditos pendientes como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto depende de si las inversiones de los fondos de jubilación públicos están a una tasa más alto o más bajo debido a la flexibilidad adicional que se permite.

**PUBLICIDAD.** Operaciones de créditos pendientes. Declaran los créditos pendientes como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN MCCURDY
My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37
My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.
My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge
My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.

Statements printed on this page are volunteered by the candidates and have not been checked for accuracy by any official agency. These statements are printed at the expense of the candidates.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES 212
NO 213

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

Controller's Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.

3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let’s make our fair city truly fair. Vote YES on PROPOSITION “A”!

Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION “A”, our loss will be these cities’ and counties’ gain.

Take stock in San Francisco’s future. Vote YES on PROPOSITION “A”.

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.

Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance.

This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION "A" is a vote to keep San Francisco great!

It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION "A" will keep San Francisco's best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION "A".

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it's harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone.

Vote to keep San Francisco one of America's best-run cities.

Vote YES on PROPOSITION "A"!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City. Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let's hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION “A” will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION “A” will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION “A”.

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

San Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION “A”!

Keith Caden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION “A” would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION “A” would enable local government to explore new proposals.

PROPOSITION “A” would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION “A” gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government. VOTE for PROPOSITION “A”!

Honorable Ben Tom
President, Board of Education

Vice President, Board of Education
Honorable Dick Cerbatas
Member, Board of Education
Honorable Libby Denverin
Member, Board of Education
Honorable Eugene Hopp
Member, Board of Education
Honorable Myra Kopp
Member, Board of Education

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

Honorable Gordon Lau
Member, Port Commission
Honorable Sue Bierman
Member, Planning Commission
Honorable Peter Ashe
Member, Retirement Board
Honorable Warren De Merritt
Member, Retirement Board
Honorable Jerome H. Klein
Member, Planning Commission

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give public employees in San Francisco the right to bargain for basic benefits.

Employees have this right in virtually every major U.S. city. Why not San Francisco?

Proposition A is fair to workers, and it’s good government.

Vote yes on Proposition A.

Tim Twomey
President
San Francisco Central Labor Council

San Francisco Maritime Trades Council
Chuck Mack
Bay Area Teamsters Joint Council
LeRoy King
International Longshoreman’s and Warehousemen’s Union

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result.

Proposition A will enable the City to correct this deficiency, but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and
Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.

San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future.
Vote YES on PROPOSITION “A”!

Dr. Tim Wolfred
President
San Francisco Community College Board
Chuck Ayala
Member
San Francisco Community College Board
Alan Wong
Member
San Francisco Community College Board

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

ARGUMENT IN FAVOR OF PROPOSITION A

We urge a Yes vote on Proposition A because the time has come to upgrade service to our neighborhoods.

Reverend Cecil Williams
Glide Memorial Church
ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?
Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.
All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women’s Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.
San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.
Proposition A will mean better City service, and a better City, for all of us.
Vote Yes on A.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate. San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees. Proposition A is a bargain. Vote yes on A.

Shirley Black
Member, Planning Association of the Richmond
Charles Breyer, Attorney
Regina Sneed
Lydia San Felippo
John J. Simpson, Retired
Susan Kelly Kennedy

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit. Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your

and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposition “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of govern-

ment, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp
Employee Benefit Formula

ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970's, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspoken and unidentified costs which cannot be predetermined. This is financially unsound.

Finally, by placing the responsibility for the negotiator with the Board of Supervisors, this measure establishes a potentially dangerous relationship between the Board and City workers. There are 25,000 City employees who if unified could form a powerful voting block. This could significantly influence any instructions the Board of Supervisors give to their negotiator when dealing with City employees. Proposition A increases the possibility of either higher costs or public employee strikes.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City’s voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

This potentially catastrophic proposal puts the Board back into the business of annually negotiating individual labor contracts with each and every union. Millions of your tax dollars are at stake! VOTE NO!

William F. O'Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE MAN

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960’s by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor’s statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can’t stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.

Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o’clock p.m. and 7:00 o’clock a.m., provided it will not increase their retirement benefits?

YES 216
NO 217

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.
The Supervisors voted as follows:

NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition “B” will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition “B” would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition “B” grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition “B”. It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your “YES” vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City’s Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff’s Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing

ARGUMENT IN FAVOR OF PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, “night differential” certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

ARGUMENT IN FAVOR OF PROPOSITION B

Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE “YES” ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

Please vote yes on Proposition B.
Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessy
Sheriff
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6 1/4% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That's why I intend to vote "YES" on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote "YES" on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the "high crime" evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Toler
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city’s Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

"Night Differential" is as basic as "apple pie."
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe
Police Night Pay

that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest "Chuck" Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!

San Francisco's Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B

Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and good government.

Vote Yes on Prop B.

ARGUMENT AGAINST PROPOSITION B

The concept of "NIGHT PREMIUM PAY" for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE.
Firefighter Longevity Pay

PROPOSITION C

 Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits? 

YES 221
NO 222

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be: 2½% over base pay after 10 years of service, 5% over base pay after 15 years of service, 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot.
The Supervisors voted as follows:
NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller’s Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING
(SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent "on-the-front line" fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry . . . even other fire departments—grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay "on-the-front line", and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition "C", a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition "C".

Fire Chief Emmet Condon
Fire Commission President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre "TIME SERVED" proposal would raise each fireman's pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual "pay package" for a regular "entry rank" H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial automatic pay increases again in July!

William F. O'Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEEMAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent "RAPID TURNOVER" problem perceived solely by the Fire Fighter's Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition "C".

If passed, this "longevity of service" premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION "C".

SAN FRANCISCO TAXPAYERS ASSOCIATION
W.F. O'Keeffe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition "C".

The City has been generous to our firefighters, both in the department's annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition "C" will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition "C" simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only—and only to one rank within that Department. Don’t clutter the Charter with such special interest legislation.

Vote NO on Proposition "C".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firefighters. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco’s firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior remuneration. If the “problem” alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION C

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E
Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 226
NO 227

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City’s water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

The text of Proposition E begins on page 37
ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition “E” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition “E” would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City’s General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy’s facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition “E” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “E”.

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition “E”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the “Hetch Hetchy Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities.

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 231
NO 232

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “F”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “F”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION F BEGINS ON PAGE 39

POLLS ARE OPEN FROM 7AM TO 8PM
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition “F”

Proposition “F” would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition “E”, this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition “E” only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition “F” will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition “F”.

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition “F”.

Proposition “F” would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition “F” would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition “F” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition “F” would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition “F” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “F”.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to approve or reject Water Department revenue bond issues.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION F

NOTE: These sections are entirely new.

6.407-1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the “Water Department Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of (Continued on page 62)
PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236

NO 237

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G: “Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application is now a card insert located on or about page 48 of this pamphlet. Please print your name clearly.

40
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE “YES” ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees’ Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE “YES” ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under place: Civil Service.

Republican County Central Committee

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot. The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.
If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder’s duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government.

The Recorder’s office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder’s Office. Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder’s job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It’s like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City’s elections office. It is in the best interest of a well run city that the Recorder’s office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate “red tape”, delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.

Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

YES 244
NO 245

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I: “Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

ARGUMENT IN FAVOR OF PROPOSITION I

WARNING TO VOTERS:

Don't be impressed by prominent names and groups opposing Proposition "I". Most of those people and organizations are subject to political arm-twisting or have their own fingers in the "BIG PIE" at City Hall. Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote "YES".

Robert Guichard
Citizens For Better Government Chairman

Robert Silvestri
Republican Central Committeeman
State Assembly Candidate

George Retumet
Citizens For Better Government Treasurer

Dr. Terence Faulkner
Republican Central Committeeman

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN LEADERS AGREE:

Despite City Hall pressure, the Republican Central Committee on 3/21/84 wisely refused to endorse the tax-wasting eleven member Board of Supervisors.

Save $500,000 YEARLY and dramatically cut City Hall staff with a cost-effective seven member Board. Remember, all fifty-seven other California counties have but five Supervisors.

Irresponsible Board actions include their notorious commendation of Joseph Knute Burke, Consul General of murderous COMMUNIST Grenada. American marines later died to liberate Grenada.

We agree with the "PROGRESS" editorial favoring reduction of this Board!

Robert Silvestri
Republican Central Committeeman
State Assembly Candidate

Robert Guichard
Businessman

Dr. Terence Faulkner
Republican Central Committeeman

Former City Commissioner

John Morris

Tom Spinosa
Republican Congressional Candidate

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN FORUM ENDORSES:

San Francisco Republican Forum endorses YES on "I" (to save $500,000 yearly by reducing the Board of Supervisors).

Elect President Ronald Reagan, Tom Spinosa for Congress.

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscans against San Franciscans. Stop this needless turmoil by voting NO on Proposition 1.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition 1.

John H. Jacobs
San Francisco Chamber of Commerce

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition "I".

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition "I".

Additionally, Proposition "I" would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition "I".

Proposition "I" would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition "I".

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition "I".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers’ Assn.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hard-working Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote "NO" on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

As members of the REPUBLICAN PARTY, we strongly urge you to vote NO on Proposition “I”.

With the Board of Supervisors reduced from seven to eleven, membership on the Board will be far less diverse and representative of San Francisco.

Please vote NO on Prop “I”.

Dolph Andrews, Chairman, Republican County Central Committee*  
Robert R. Bocci, Secretary, Republican County Central Committee*

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members — best serves economic and civic health. The City’s finances are sound. Our economy continues to:

• grow
• provide jobs
• raise the tax revenues our government needs

ARGUMENT AGAINST PROPOSITION I

Yet another attempt to alter the form and election of the Board of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote NO on this disruptive and destructive proposition.

Morris Bernstein  
William Coben  
Jerome Adams  
Timothy Tosta  
Louis Giraud  
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city’s best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would reduce the chance that our neighborhoods, and the small businesses that serve them, will have

Make Your Vote Truly Count—Support The Republican Party!

Your vote is critical — but it is just one vote!
Why not make it multiply (and help your candidates win) by sending a few dollars now to the Republican Party’s Victory Fund and/or volunteer a few hours of your time as we head into the November elections?

In addition to Ronald Reagan, every Republican candidate who wins in the June primary will depend heavily on us to provide the campaign services and resources they need for victory. Send us $15 or $20 now, and we’ll have the funds on hand to pay for advertising, polling and get-out-the-vote mailings, and statewide organization.

Your check now means we can reach hundreds more voters, just as we have reached you. Won’t you please help? Lift this flap now and show your support for the entire Republican team!
The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods’ small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

Ben Hor
Richard Corbato, Commissioner, Board of Education
Pius Lee
Louis Hop Lee, Member, Civil Service Commission
Ben Tom, Commissioner, Board of Education
Yori Wada, President, California Board of Regents
Julie Tang, Commissioner, Community College Board
Jeff Moshi, Member, Parks and Recreation Commission
Gordon Lau
Jes Esteva

ARGUMENT AGAINST PROPOSITION II

Each year, the Board of Supervisors must examine many ordinances and funding requests which effect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can’t afford to have a Board of Supervisors which spends less time on our community’s interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

Ernest C. Ayala, Commissioner, Community College Board
Carloota Tejador del Portillo, Member, Civil Service Commission
Clemente Obregom
Al Borvice, Attorney at Law
Jim Morales
Ralph Hurtado

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Welton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Goody, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sedumia Wiltam, Member, Board of Education
Black Leadership Forum
We urge all San Franciscans to vote NO on Proposition I. The people behind Proposition I are hiding their real purpose—to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups—women, minorities, and gays—will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP “I”
Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven nine members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisorial election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in fourth every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter, there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 they shall be elected three members of the board of supervisors to succeed (Continued on page 63)
Jail Cost Reimbursement

PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Angela Barbagelata
Wallace A. Myers
Madyline A. Case
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can't be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It's only logical that financially able people pay for their own keep when they're convicted of crimes and not make taxpayers foot the bill.

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant's ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant's financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.
PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

YES 253
NO 254

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller’s Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: “Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time.”

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

THE TEXT OF PROPOSITION K APPEARS ON PAGE 63
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition "K".

Support Proposition "K".

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition "J" to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition "K". Vote YES on Proposition "K".

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

Recreation and Park Commission
Eugene L. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON “K”

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition “K”.  

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays, but Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote “NO” on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Park Shadow Ban

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let’s do it right — Vote NO on K.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION K

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is “supposed” to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions
(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.
(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.
(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION B

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department
(a) The word “member” or “members” as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.
(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.
(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.
(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.
(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.
(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part I of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.
(g) Whenever in the judgement of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.
(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.
(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.
(j) Any member who actually performs services between the hours of 6:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean "compensation variable" as used in section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining the amount of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The amount of such reward shall be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount of pay to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year. Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

The board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression “rates of compensation” as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such living benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8.549.

The term “firemen” as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, strokers, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police department and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
percentage of increase or decrease in the cost of living during the twelve-month period ending March 31st of that same year as shown by the Consumer Price Index, All Items San Francisco, and the percentage of increase or decrease in the cost of living during the same period as shown by the Consumer Price Index, All Items in the cities included in the statement report of said commission. The Consumer Price Index referred to herein is defined as that certain index issued by the U.S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. In the event the U.S. Bureau of Labor Statistics discontinues the compilation and publication of said indexes, the board of supervisors shall have the power, and it shall be its duty, to appoint a statistical fact finding committee to determine the same data pursuant to the methods therefore used by the U.S. Bureau of Labor Statistics. The cost of living adjustments as hereinafter provided shall be based upon the percentage of such increases or decreases in the indexes. In computing the increase or decrease in the rates of compensation as established herein, and at the same time the said rates of compensation are established, increase said rates of compensation by an amount equal to the difference between the average cost of living increase of the cities included in the certified report of the civil service commission and the actual cost of living increase for San Francisco. In the event the board of supervisors elects not to grant such cost of living increase in any year in which any such increase might be granted, the board of supervisors shall, upon a written request filed with the clerk of the board of supervisors not later than the 10th day of September of said year by representatives of the uniformed members of the police and fire departments, as designated by the police and fire commissions, respectively, submit the question of said cost of living increase to the qualified electors of the city and county at the next succeeding citywide election. In the event said cost of living increase is approved by a majority of the qualified electors voting thereon, said cost of living increase shall be effective as of the first day of the then current fiscal year.

Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department employed before July 1, 1976, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of any new compensation schedules, and the rates for fiscal year 1975-76 shall continue until such time as the new schedules equal or exceed the current salary increment schedules, provided, however, that such time shall not be extended beyond June 30, 1982, and provided further that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

Notwithstanding any of the provisions contained in this section, no

uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(i) Notwithstanding the provisions of any of the foregoing sub-sections, members of the fire department employed in the entry rank thereof (H-2) who have completed specified years of satisfactory service shall be entitled to additional compensation as herein provided.

Service shall not qualify as "satisfactory" if the member has been suspended or otherwise disciplined pursuant to the authority granted in section 8.343 during the five year period immediately preceding initial qualification for the additional compensation provided for herein. Any member who shall be so suspended or otherwise disciplined while receiving such additional compensation shall cease to be entitled thereto for a period of two years from the date of decision by the chief of department or the fire commission as appropriate.

Additional compensation as herein provided shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

In determining the years of service necessary to qualify for additional compensation as provided herein, service rendered prior to the effective date of this section as amended shall be given full credit and allowed.

(1) Upon the completion of ten and until the completion of fifteen years of aggregate service, an amount equal to 2 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

(2) Upon the completion of fifteen and until the completion of twenty years of aggregate service, an amount equal to 5 percent above the rates of compensation as defined and provided for this section shall be paid;

(3) Upon the completion of twenty years of aggregate service, an amount equal to 7 1/2 percent above the rates of compensation as defined and provided for this section shall be paid.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984. Thereafter entitlement to additional compensation as herein provided shall commence with the beginning of the pay period immediately following the completion of the prescribed periods of service.

PROPOSITION E, CONTINUED FROM PAGE 37

ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds hereeto- fore or hereafter issued by the city and county for Hetch Hetchy pur- poses; (5) reconstruction and replacement of such commission or as required by any Hetch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed the rate which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hetch Hetchy project or from water and power facilities operated or controlled by it.

(c) Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

61
PROPOSITION F, CONTINUED FROM PAGE 39

principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.306, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension planning, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to him the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the board's pleasure, and the board shall employ a consulting actuary. The secretary-general manager and the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

Section 3.201 Functions, Powers and Duties.

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief administrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
The chief administrative officer may designate the recorder to exercise the power and perform the duties of the register of voters and to occupy the office of register of voters and recorder, receiving a single salary therefor to be fixed in accordance with the salary standardization provisions of this charter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter; provided, however, that any person who has civil service status to the position of executive assistant on the date of approval of this amendment by the electorate shall continue to have civil service status to said position under the civil service provisions of this charter.

The chief administrative officer shall appoint a confidential secretary who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective terms of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. At the general municipal election in 1989, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981; shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said office on said 8th day of January 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall begin as follows: the six members receiving the highest number of votes respectively at said election shall hold office for a term of four years; the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years. Thereafter, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1983; and at the general election in 1984, four members of the board of supervisors shall be elected to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1984; and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

The chief administrative officer may designate the recorder to exercise the power and perform the duties of the register of voters and to occupy the office of register of voters and recorder, receiving a single salary therefor to be fixed in accordance with the salary standardization provisions of this charter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter; provided, however, that any person who has civil service status to the position of executive assistant on the date of approval of this amendment by the electorate shall continue to have civil service status to said position under the civil service provisions of this charter.

The chief administrative officer shall appoint a confidential secretary who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

the respective terms of office of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o'clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be consolidated with the direct primary in 1972 shall succeed to said offices at twelve o'clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be consolidated with the direct primary in 1972, shall be as follows: The four members receiving the highest number of votes respectively at said election shall hold office for a term consisting of the period of time until the 8th day of January, 1975. Thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials shall commence at twelve o'clock noon on the 8th day of January following the date of their election.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

TEXT OF PROPOSED ORDINANCE

PROPOSITION K

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing: structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Hist-

CREDITS

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Borrganova, Stephanie Salter and Susan Kwock. They were assisted by Thomas Toomey of the City Attorney's Office.
Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
   • are a U.S. citizen.
   • are at least 18 years of age on election day.
   • are a resident of California, and
   • are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don't want to tell what political party you consider yours, you can say "Independent" or "I don't want to tell."

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters' Pamphlet (back cover).

Q—If I don't know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can't help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I've written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a "write-in." If you want to and don't know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
   • going to the Registrar of Voters office in City Hall and voting there
   • mailing in the application sent with this voters' handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
   • your address when you signed up to vote,
   • the address where you want the ballot mailed,
   • then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—if you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"With so much voter apathy, I like to think of it as getting out the vote..."
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

A 第一步
请双手持票向自动机牌插盖选票插入。

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.
Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabezales rojas.

B 第二步
请切记将选票插入时，票尾之二孔，应合於二红点之上。

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.
Para votar, sostenga el instrumento de votar y perfora con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
请把带锥之选票由小孔向票面插入打孔投票。

STEP 4

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobres.

E 第四步
投票选投票之后，把选票取出，放入空封袋内，票尾凸出在外。
在封袋上，有空白格预备为投票人应用。
PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE ATTACHED TO VOTE RECORDER; NEVER WITH PEN OR PENCIL.

INSTRUCTIONS TO VOTERS:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, write the title of the office and the person's name in the blank space provided for that purpose on the Write-In Ballot Envelope.

To vote on any measure, punch the ballot card in the hole at the point of the arrow after the "YES" or after the word "NO".

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

PERFORAR LA TARETA DE VOTO ÚNICAMENTE CON EL PICADOR ATADO EN LA CUERDA AL REGISTRADOR; NO USE PLUMA NI LAPIZ.

INSTRUCCIONES A LOS VOTANTES:

Para votar por el candidato de su selección, perforar la balota en el círculo que señala la flecha opuesta al nombre del candidato. Cuando hayan dos o más candidatos para el mismo cargo, perforar la balota en el círculo que señala la flecha opuesta a los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.

Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.

Para votar sobre cualquier medida, perforar la balota en el círculo que señala la flecha después de la palabra "Sí" o después de la palabra "No".

Todas las marcas o borradas están prohibidas e invalidan el voto. Si usted equivocadamente perfora, rompe o estrapea la balota, o rompe o estrapea el sobre, devuélvala al miembro del consejo del precinct y obtenga otra.

<td></td>
<td></td>
</tr>
<tr>
<td>23</td>
<td>PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions. YES 196  NO 197</td>
<td></td>
<td></td>
</tr>
<tr>
<td>24</td>
<td>LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding. YES 204  NO 205</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.
Modifica las disposiciones para la inversión. Declara las haberes de la caja de jubilaciones como fondos fiduciarios. Específica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependería de si las inversiones de los fondos de jubilación públicos están a un tasa más alto o más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL ENMIENDA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de directores del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD, EXCLUSIÓN DE CONSTRUCCION PARA SEGURIDAD CONTRA SISMOS. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Excluye del reavalúo para el impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sismos. Impacto fiscal: Pérdida desconocida de réditos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades binales de las comunidades, y, posiblemente, otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a una menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición paritaria de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sosténimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serían reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite tope se fija al crecimiento de la consolidación para la Legislatura.

</tbody>
</table>
A. Deberá autorizarse a la Junta de Supervisores a otorgar a empleados de la ciudad condiciones de trabajo o beneficios adicionales comparables a los previstos a empleados en por lo menos 50% de las entidades gubernamentales del Área de la Bahía.

B. Deberá pagárseles a los oficiales de policía un 6.25% adicional de su compensación por trabajar noches entre las 5:00 en punto p.m. y las 7:00 en punto a.m., estipulándose que esto no aumentará sus beneficios de jubilación.

C. Deberán los bomberos a nivel de entrada que hayan completado diez años de servicio satisfactorio recibir compensación del 2 1/2% adicional, después de quince años de servicio 5%, y después de veinte años de servicio 7 1/2%, estipulándose que la compensación adicional no aumentará sus beneficios de jubilación.

E. Deberá autorizarse a la Comisión de Servicios Públicos a emitir bonos de Ingresos de Hetch Hetch para la reconstrucción y reemplazo de instalaciones existentes, mediante el voto de tres cuartas partes de la Junta de Supervisores y deberá necesitarse la aprobación de los votantes para la emisión de bonos de ingresos para nuevas instalaciones.

F. Deberá autorizarse a la Comisión de Servicios Públicos a emitir bonos de Ingresos del Departamento de Aguas para la reconstrucción y reemplazo de instalaciones existentes, mediante el voto de tres cuartas partes de la Junta de Supervisores y deberá necesitarse la aprobación de los votantes para la emisión de bonos de ingresos para nuevas instalaciones.

WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY

My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.

My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES 212

NO 213

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.
3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let's make our fair city truly fair. Vote YES on PROPOSITION "A"!

Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco's growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION "A" will help San Francisco attract those workers. Without PROPOSITION "A", we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION "A", our loss will be these cities' and counties' gain.

Take stock in San Francisco's future. Vote YES on PROPOSITION "A".

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers' money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.
Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family, health plan, dental coverage, life insurance, and disability insurance. This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION "A" is a vote to keep San Francisco great!

It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION "A" will keep San Francisco's best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION "A".

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it's harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

Better public employees make a better city government, and that makes for a more pleasant city for everyone.

Vote to keep San Francisco one of America's best-run cities. Vote YES on PROPOSITION "A"!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.

Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let's hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.
ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION “A” will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION “A” will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION “A”.

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception: To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION “A”!

Keith Calden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION “A” would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION “A” would enable local government to explore new proposals.

PROPOSITION “A” would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION “A” gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government. VOTE for PROPOSITION “A”!

Honorable Eugene Hopp
Member, Board of Education
Honorable Myra Kopf
Member, Board of Education

Arguments printed on this page are the opinion of the author and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A will save the city, and taxpayers, money. It will let the city explore ways of trading employee salaries for benefits, thereby lifting some of the burden caused by payroll taxes. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits.

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give public employees in San Francisco the right to bargain for basic benefits. Employees have this right in virtually every major U.S. city. Why not San Francisco?

Proposition A is fair to workers, and it’s good government. Vote yes on Proposition A.

Jack Crowley
Secretary-Treasurer
San Francisco Central Labor Council

And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

LeRoy King
International Longshoreman’s and Warehouseman’s Union

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and loss in service to the taxpayers, is the result.

Proposition a will enable the City to correct this deficiency, but does not require it to do so. In the long run it's fair, and it will mean a better City for all of us.

Jane Mckaskle Murphy
Former Supervisor and Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.

San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future. Vote YES on PROPOSITION “A”!

Dr. Tim Wolfred
President
San Francisco Community College Board
Chuck Ayala
Member
San Francisco Community College Board
Alan Wong
Member
San Francisco Community College Board

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

Pat Short
Past President, Polk Street Merchants Association
Joe Vidnov
Proprietor, Oceanside Hardware

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

We urge a Yes vote on Proposition A because the time has come to upgrade service to our neighborhoods.

Reverend Cecil Williams
Glide Memorial Church

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?

Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women's Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposition A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Dorothy L. Jaymes
Grandvel A. Jackson

Mabel E. Bailey
Douglas Haynes

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will keep San Francisco great.

It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.

Vote for a better San Francisco. Vote yes on Proposition A.

Luisa P. Blue
Martha Ryan
Maria O'Brien

Virginia Lozada
Cornelius Gallagher
Jane Seidenberg

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will introduce much needed Civil Service reform into San Francisco.

Proposition A is a message to our supervisors that we want flexibility in dealing with public employees. Proposition A would give our City to exchange outmoded, expensive practices for current benefits. The result could be savings to the taxpayers and to the employees.

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.

A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate.

San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees.

Proposition A is a bargain. Vote yes on A.

Shirley Black
Member, Planning Association of the Richmond
Charles Breyer, Attorney
Regina Sneed
Lydia San Felippo
John J. Simpson, Retired
Susan Kelly Kennedy

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of government, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote "NO" on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970's, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspecified and unidentified costs which cannot be predetermined. This is financially unsound.

Finally, by placing the responsibility for the negotiator with the Board of Supervisors, this measure establishes a potentially dangerous relationship between the Board and City workers. There are 25,000 City employees who if unified could form a powerful voting block. This could significantly influence any instructions the Board of Supervisors give to their negotiator when dealing with City employees. Proposition A increases the possibility of either higher costs or public employee strikes.

John H. Jacobs
San Francisco Chamber of Commerce.

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City's voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

This potentially catastrophic proposal puts the Board back into the business of annually negotiating individual labor contracts with each and every union. Millions of your tax dollars are at stake! VOTE NO!

William F. O’Keeffe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEE MAN

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960's by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won't have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor's statement, Supervisor Molinari with union prodding, got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can't stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let's not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.
Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o’clock p.m. and 7:00 o’clock a.m., provided it will not increase their retirement benefits?

YES 216

NO 217

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.
The Supervisors voted as follows:

NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition “B” will bring fairness and equity to the City’s work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition “B” would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition “B” grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition “B”. It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your “YES” vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City’s Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, they do not yet enjoy the extra compensation for night duty that is standard for other City law officers — such as employees of the Sheriff’s Department or Airport Police — and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, because there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE “YES” ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, “night differential” certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

Please vote yes on Proposition B.

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6/4% premium for night work, but our own San Francisco Police Department police officers do not.

   This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That’s why I intend to vote “YES” on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

   Vote “YES” on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

   One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

   Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the “high crime” evening and night time hours.

   Al Nelder
   David Sanchez
   Jo Daly
   Burl Toler
   Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city’s Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience.

   VOTE YES ON PROPOSITION B!

   Jane McKaskle Murphy
   Former Police Commissioner
   Arlo Smith
   District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

   I urge you to vote YES on Proposition B.

   Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

“Night Differential” is as basic as “apple pie.”
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe
that our police officers should *definitely* receive it as well.

I urge you to vote YES on Proposition B.

**ARGUMENT IN FAVOR OF PROPOSITION B**

**VOTE YES ON PROPOSITION B!**

San Francisco's Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority: length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran  
State Senator — 8th District

**ARGUMENT IN FAVOR OF PROPOSITION B**

**YES ON PROPOSITION B**

Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and *good government*. Vote Yes on Prop B.

**ARGUMENT AGAINST PROPOSITION B**

The concept of “NIGHT PREMIUM PAY” for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keeffe, Sr.  
PRESIDENT.  
SAN FRANCISCO TAXPAYERS ASSOCIATION.  
REPUBLICAN COUNTY COMMITTEEMAN.
Firefighter Longevity Pay

PROPOSITION C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2½% additional compensation, after fifteen years service 5% and after twenty years service 7½%, providing that the additional compensation shall not increase their retirement benefits?

YES 221

NO 222

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:

- 2½% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7½% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot. The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller's Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING (SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent "on-the-front line" fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay "on-the-front line", and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition "C", a plan to establish longevity pay for certain uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to fire fighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced fire fighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two fire fighters have resigned.

We urge you to vote NO on Proposition "C".

Fire Chief Emmet Condon
Fire Commission President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre "TIME SERVED" proposal would raise each fireman's pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual "pay package" for a regular "entry rank" H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial AUTOMATIC pay increases again in July!

William F. O'Keefe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEE MAN.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent "RAPID TURNOVER" problem perceived solely by the Fire Fighter's Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition "C".

If passed, this "longevity of service" premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

VOTE NO ON PROPOSITION "C":
SAN FRANCISCO TAXPAYERS ASSOCIATION
W. F. O'Keefe, Sr., PRESIDENT.
Robert Guichard, VICE PRESIDENT.
ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition "C".

The City has been generous to our firefighters, both in the department's annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition "C" will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition "C" simply is a means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don't clutter the Charter with such special interest legislation.

Vote NO on Proposition "C".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco's firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior renumeration. If the "problem" alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSEDCharter Amendment PROPOSITION C

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out-type.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3.531 of this chapter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,
(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;
(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;
(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and
(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E
Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 226
NO 227

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City’s water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “E”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “E”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition “E” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition “E” would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City’s General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy’s facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition “E” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “E”.

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition “E”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION E

NOTE: These sections are entirely new.
6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the “Hetch Hetchy Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities.

(Continued on page 61)
PROPOSITION F

Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

YES 231
NO 232

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on "F"

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on "F"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

"Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

POLLs ARE OPEN FROM 7AM TO 8PM
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition "F"

Proposition "F" would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition "E", this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition "E" only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition "F" will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition "F".

Dianne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition "F".

Proposition "F" would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition "F" would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition "F" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition "F" would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifyable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition "F" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "F".

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to ap-

prove or reject Water Department revenue bond issues.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT

PROP 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operations and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of (Continued on page 62)
Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.
The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G: “Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application

is now a card insert located on or about page 48 of this pamphlet.

Please print your name clearly.
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE "YES" ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the only Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees' Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE "YES" ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn’t be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to re-place the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don’t weaken our city’s merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let’s keep these two positions under Civil Service.

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

YES  240

NO   241

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

THE PROPOSAL: Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A YES VOTE MEANS: If you vote yes, you want the Recorder to be a separate officer of the city and county.

A NO VOTE MEANS: If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

How Supervisors Voted on “H”

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

None of the supervisors voted “No”.

Controller’s Statement on “H”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

THE TEXT OF PROPOSITION H BEGINS ON PAGE 62

Polls open at 7 a.m. and close at 8 p.m.

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder’s duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government.

ARGUMENT IN FAVOR OF PROPOSITION H

The Recorder’s office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.

Reduce Board of Supervisors

PROPOSITION I

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

YES 244 □
NO 245 □

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I:

“Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN FORUM ENDORSES:

San Francisco Republican Forum endorses YES on “I” (to save $500,000 yearly by reducing the Board of Supervisors).

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscan against San Franciscan. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition “I”.

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote NO on Proposition “I”.

Additionally, Proposition “I” would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turnout historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition “I”.

Proposition “I” would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition “I”.

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition “I”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

NO ON PROP I

Vote No on Prop I.

San Francisco Police Officers’ Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hardworking Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote "NO" on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

As members of the REPUBLICAN PARTY, we strongly urge you to vote NO on Proposition “I”.

With the Board of Supervisors reduced from seven to eleven, membership on the Board will be far less diverse and representative of San Francisco.

Please vote NO on Prop “I”.

Dolph Andrews, Chairman, Republican County Central Committee*
Robert R. Bonci, Secretary, Republican County Central Committee*

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our businesses prosper here. We believe that stable and representative government is essential to the continued economic health of our City.

The current structure of the Board of Supervisors — with eleven members - best serves economic and civic health. The City’s finances are sound. Our economy continues to:

• grow
• provide jobs
• raise the tax revenues our government needs

ARGUMENT AGAINST PROPOSITION I

It is in the city’s best interest to VOTE NO on Proposition I. Small businesses in San Francisco need a stable, representative and hard-working Board of Supervisors. But Proposition I would throw our city government into turmoil.

1984 Victory Fund
The Board of Supervisors needs to be able to do its work without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods’ small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

*Organization listed for identification purposes only.

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which affect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can’t afford to have a Board of Supervisors which spends less time on our community’s interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Winton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Goodby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. Sodonia Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP “I”

Jim Wachob - President
District Eight Democratic Club

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikeout type.

2.100 Composition and Salary

The Board of supervisors shall consist of eleven nine members elected at large. At 12:00 o’clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o’clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisioral election. Thereafter, at 12:00 o’clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisioral election shall assume the office of president of the board until 12:00 o’clock noon on January 8, 1988. At 12:00 o’clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o’clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisor shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o’clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o’clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249

NO 250

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn't have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it's working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let's put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they're able to pay.

Even if the plan doesn't result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can't afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco's Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can't be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It's only logical that financially able people pay for their own keep when they're convicted of crimes and not make taxpayers foot the bill.

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant's ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant's financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.
PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

YES 253
NO 254

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller's Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K:

"Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time."

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

THE TEXT OF PROPOSITION K APPEARS ON PAGE 63
ARGUMENT IN FAVOR OF PROPOSITION K

Preserve sunlight in the parks; vote YES on Proposition “K”.

Support Proposition “K”.

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition “J” to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public’s right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition “K”. Vote YES on Proposition “K”.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE “YES” ON PROPOSITION K!

A “YES” vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City’s green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco’s Recreation and Park facilities are the “lungs” of the City. Protect these valuable properties from chilling shadows. Vote “YES” on Proposition K.

Recreation and Parks Commission
Eugene E. Friend, President

ARGUMENT IN FAVOR OF PROPOSITION K

YES ON “K”

San Franciscans spend millions of tax dollars on neighborhood parks. Sunlight, greenery and good recreational equipment are essential components. Recently, some parks have been threatened with shading by highrise buildings. We must have policies to ensure protection from shading parks now and for future generations. PROTECT OUR CITY’S INVESTMENT! Vote YES on Proposition K.

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city's parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let's approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It's entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let's do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco's many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote "NO" on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
Park Shadow Ban

Problems occur, amendments can be made, problems adjusted. For example, Proposition K would exempt 40-foot buildings. However, even 40-foot buildings can cast shadows in open areas in early morning and late afternoon, particularly during low sun periods in winter months.

VOTE NO ON "K"

Secondly, some developments over 40 feet are exempted from this measure and others are not. Thirdly, the measure also ignores steps by builders to mitigate shadows.

ARGUMENT AGAINST PROPOSITION K

We encourage a NO vote on Proposition K.

To protect public open spaces from shadows, San Francisco’s architecture, business and development communities support reasonable and technically workable sunlight access regulations. And such regulations are included in the Department of City Planning’s Downtown Plan.

The Department of City Planning and University of California’s School of Environmental Design constructed a precise model of San Francisco to establish sunlight preservation rules for all downtown public open spaces and shopping streets. These regulations have been thoroughly tested in the university’s simulation laboratory. The Downtown Plan’s sunlight access rules are based upon this careful analysis.

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formulae.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let’s do it right — Vote NO on K.

Supervisor Quentin L. Kopp

The Downtown Plan’s innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children’s playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

Proposition K will destroy our progress toward a more livable city. Imagine San Francisco without landmarks like Mission Dolores, Coit Tower, Ghirardelli Square, City College, City Hall, Park Merced Apartments, and the St. Francis Hotel. Proposition K would prevent their being built today. Vote NO on K.

San Francisco is a city that is “supposed” to know how. Passing hastily prepared, poorly thought out ordinances only invites lawsuits — lawsuits that will be contested at taxpayer expense. It is not the way to build a better city. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION A

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions
(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION B

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department

(a) The word "member" or "members" as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgment of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said member to have his time reduced proportionately, or may cause him to receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgment of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part 1 of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leaves for members are concerned.

(g) Whenever in the judgment of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting; and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

PROPOSITION C, CONTINUED FROM PAGE 35

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean "compensation variable" as used in section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month’s salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission’s survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. “Average wage” as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression “rates of compensation” as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, or any permitted absence for any type whatever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of “rates of compensation”.

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression “rates of compensation”, as used in subsections (c) and (d) of this section shall mean “salary attached to the rank” as used in section 169 of the charter of 1932, as amended and “compensation earnable” as used in section 8.549.

The term “firemen” as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, strokers, tillermen, truckmen, or hosenmen, in the San Francisco fire department.

The expression “members of the fire department” does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month’s salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief’s operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to sections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(4) Notwithstanding the provisions of any of the foregoing sub-sections, members of the fire department employed in the entry rank thereof (H-2) who have completed specified years of satisfactory service shall be entitled to additional compensation as herein provided.

Service shall not qualify as "satisfactory" if the member has been suspended or otherwise disciplined pursuant to the authority granted in section 8.343 during the five year period immediately preceding initial qualification for the additional compensation provided for herein. Any member who shall be so suspended or otherwise disciplined while receiving such additional compensation shall cease to be entitled thereto for a period of two years from the date of decision by the chief of department or the fire commission as appropriate.

Additional compensation as herein provided shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

In determining the years of service necessary to qualify for additional compensation as provided herein, service rendered prior to the effective date of this section as amended shall be given full credit and allowed.

(1) Upon the completion of ten and until the completion of fifteen years of aggregate service, an amount equal to 2 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

(2) Upon the completion of fifteen and until the completion of twenty years of aggregate service, an amount equal to 5 percent above the rates of compensation as defined and provided for this section shall be paid;

(3) Upon the completion of twenty years of aggregate service, an amount equal to 7 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984. Thereafter entitlement to additional compensation as herein provided shall commence with the beginning of the pay period immediately following the completion of the prescribed periods of service.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984. Thereafter entitlement to additional compensation as herein provided shall commence with the beginning of the pay period immediately following the completion of the prescribed periods of service.

PROPOSITION E, CONTINUED FROM PAGE 37

ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds hereafter issued by the city and county for Hetch Hetchy purposes; (5) reconstruction and replacement as determined by the commission or as required by any Hetch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute a lien on the property and shall not be a debt of the city and county and shall not be chargeable against the property and shall not be chargeable against or in any way chargeable against the property of the city and county.

(c) The Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
PROPOSITION F, CONTINUED FROM PAGE 39

principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and Interest on general obligation bonds heretofore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (c).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as is read, including amendments, on June 5, 1984, except that

the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission’s jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

3.670 Board Composition

The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and the duties of the board of administration, the board of trustees of the police relief and pension fund, and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, three members to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system. The members appointed by the mayor shall either hold a degree of doctor of medicine, or shall be experienced in life insurance, actuarial science, employee pension management, or investment portfolio management, and shall be appointed by the mayor from among three persons whose names shall have been submitted to the mayor for each such appointment by a committee consisting of two members each of the San Francisco Medical Society, Bar Association of San Francisco, San Francisco Real Estate Board and the Greater San Francisco Chamber of Commerce; provided, however, that there shall not be, at any one time, more than one appointed member who holds a degree of doctor of medicine. The term of office of the six members, other than the president of the board of supervisors, shall be five years, and the terms presently in effect for appointed and elected members shall continue to apply. The members of the retirement board shall serve without compensation. Subject to the civil service provisions of this charter, the retirement board shall appoint a secretary-general manager.

3.672 Secretary-General Manager, Chief Investment Officer and Actuary

The retirement board shall appoint a secretary-general manager, a chief investment officer and an actuary, who shall hold office at the pleasure of the board, and the board shall employ a consulting actuary. The secretary-general manager or the actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION H

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

Section 3.201 Functions, Powers and Duties

The chief administrative officer shall be responsible to the mayor and to the board of supervisors for the administration of all affairs of the city and county that are placed in his charge by the provisions of this charter and by ordinance, and to that end, except as otherwise provided in section 9.102 of this charter, and the general laws of this state respecting the registration of voters, the holding of elections and all matters pertaining to elections in a city and county, he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction; to appoint the heads of departments under his control and the members of advisory and other boards provided by this charter or by ordinance to be appointed by the chief ad-

ministrative officer, to prescribe general rules and regulations for the administrative service under his control; to have a voice but no vote in the board of supervisors, with the right to report on or to discuss any matter before the said board concerning the affairs of the departments in his charge; to make such recommendations and propose such measures to the mayor, the board of supervisors, or committees thereof, concerning the affairs of the city and county in his charge as he may deem necessary; to coordinate the functioning of the several departments of the city and county charged with powers and duties relating to control of traffic; and to provide for the budgeting and control of publicity and advertising expenditures of the city and county.

The chief administrative officer may designate an officer or an employee in any department under his jurisdiction to exercise the powers and perform the duties of any county office not specifically designated by this charter.
those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective terms of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. At the general municipal election in 1989, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January, 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the six members receiving the highest number of votes respectively at said election shall hold office for a term of four years; the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years. Thereafter, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1983. At the general election in each fourth year after 1982, the successors to said five members of the board of supervisors shall be elected, and at the general election in 1984, there shall be elected six members of the board of supervisors to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1985; and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

The respective terms of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o'clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be consolidated with the direct primary in 1972 shall succeed to said offices at twelve o'clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be consolidated with the direct primary in 1972, shall be as follows: The four members receiving the highest number of votes respectively at said election shall hold office for a term consisting of the period of time until the 8th day of January, 1975. Thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials shall commence at twelve o'clock noon on the 8th day of January following the date of their election.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

TEXT OF PROPOSED ORDINANCE

PROPOSITION K

NOTE: This section is entirely new.

- Be it ordained by the people of San Francisco:
  No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historical landmark or by the State Historic Preservation Officer as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, "property designated for acquisition by the Recreation and Park Commission" shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall also be incorporated into the City Planning Code.

**CREDITS**

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Borganova, Stephanie Salter and Susan Kwok. They were assisted by Thomas Toomey of the City Attorney's Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
- are a U.S. citizen.
- are at least 18 years of age on election day.
- are a resident of California, and
- are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell.”

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
- Going to the Registrar of Voters office in City Hall and voting there
- mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
- your address when you signed up to vote,
- the address where you want the ballot mailed,
- then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"WITH SO MUCH VOTER APATHY, I LIKE TO THINK OF IT AS GETTING OUT THE VOTE..."

(Reprinted by permission of the San Francisco Chronicle.)

Fortunately, the type of activity depicted above rarely occurs in California elections. To help keep it that way, please report to the Registrar, in writing, any unlawful election activity you may be aware of.
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algun error, devuelva su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, mete la tarjeta de votar completamente dentro del "Votomatic."

B 第一步
请双手持票向自动機將整張選票插入。

STEP 1

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.
Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

C 第二步
請記者將選票插入時，票尾之二孔，接合於二紅點之上。

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.
Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
请把帶鋒之選舉針，由小孔內順直插入行孔投票。

STEP 4

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步
投票選舉之後，把選票取出，放入空封袋內，票尾凸出在外。
在封袋上，有空白格請備為投票人應用。

6
PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE ATTACHED TO VOTE RECORDER; NEVER WITH PEN OR PENCIL.

INSTRUCTIONS TO VOTERS:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, write the title of the office and the person's name in the blank space provided for that purpose on the Write-In Ballot Envelope.

To vote on any measure, punch the ballot card in the hole at the point of the arrow after the "YES" or after the word "NO".

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

PERFORE LA TAREA DE VOTO UNICAMENTE CON EL PICADOR ATADO EN LA CUERDA AL REGISTRADOR; NO USE PLUMA NI LAPIZ.

INSTRUCCIONES A LOS VOTANTES:

Para votar por candidato de su selección, perforé la balota en el círculo que señala la flecha opuesta al nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo cargo, perforé la balota en el círculo que señala la flecha opuesta de los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.

Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.

Para votar sobre cualquier medida, perforé la balota en el círculo que señala la flecha después de la palabra "SÍ" o después de la palabra "NO".

Todas las marcas o borradoras están prohibidas e invalidan el voto. Si usted equivocadamente perfora, rompe o estropea la balota, o rompe o estropea el sobre, devuélvalo al miembro del consejo del precinto y obtenga otra.

請在投票紀錄器上之打孔針在選票上打孔；千萬不要用鋼筆或鉛筆。

選民須知:

投票時所選擇的任何其他候選人，選在選票上所指示之候選人姓名打孔。如果有兩個或以上
候選人競選同一職位，選在選票上所指示之所有候選人中，選擇你要投票的候選人打孔。但不
要超過要選舉的固定數數。

如投票時所選擇的非候選人，請在非候選候選人選票信封所提供之預定空白上屬下數候選人
所選選的職位和候選人姓名。

選票任何摺疊，選在選票上所指示 "YES" 或 "NO" 字樣打孔。

選票上若有圖書插貼或紙張，選票作廢。

如果你在選票上打孔損了，或摺損或弄髒了，或撕損了非候選候選人的選票信封，應
把該選票懸掛於選舉員，另發取一份選票。

PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES 185
NO 186

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES 190
NO 191

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES 196
NO 197

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

YES 204
NO 205
BALOTA INDEPENDIENTE

INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS.
Modifica las disposiciones para la inversión. Declara los haberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependerá de si las inversiones de los fondos de jubilación públicos están a una tasa más alta o más baja debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL EMENDADA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de director del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD. EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SISMOS. EMENDADA CONSTITUCIONAL LEGISLATIVA. Excluye del recaudado el impuesto a la propiedad las reconstrucciones propuestas de seguridad contra sísmos. Impacto fiscal: Pérdida desconocida de réditos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumento desconocido de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades binales de las comunidades y posiblemente otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición partidaria de los comités, de los requisitos para votar y de otros asuntos. Reduce las asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serán reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite tope se fija al crecimiento de la consolidación para la Legislatura.

Público en el estudio, análisis y formulación, se propone eliminar los efectos directos de la ley. Se declara el interés de los obstáculos que se encontrarán en el proceso de implementación, incluyendo la coordinación de los recursos humanos y financieros, la formación de la población, la conformación de políticas públicas e identificación de las necesidades de la población. Se requiere la creación de un programa integral de educación, formación y sensibilización dirigida a la población en general para promover el uso consciente y eficiente de los recursos.

WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

**VOTE BY MAIL**—See Absentee Ballot, above.

**POLL**—The place where you go to vote.

**PROPOSITION**—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

**CHALLENGE**—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

**CHARTER AMENDMENT**—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

---

**RIGHTS OF THE HANDICAPPED VOTER**

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as "Permanent Absentee Voters". A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY

My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.

My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

POLLS ARE OPEN FROM 7 A.M. TO 8 P.M.
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.

2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.

3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.
Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance.
San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let’s make our fair city truly fair. Vote YES on PROPOSITION “A”!
Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.
PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION “A”, our loss will be these cities’ and counties’ gain.

Take stock in San Francisco’s future. Vote YES on PROPOSITION “A”.

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.

Vote for a fair, responsible, and efficient San Francisco.
Vote YES on PROPOSITION A.

Honorable Milton Marks
State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will give city and county workers a basic right. It will give them the same right that workers in other large counties and cities have had for years: the right to bargain with their employer for benefits. Benefits such as a family health plan, dental coverage, life insurance, and disability insurance. This basic right will give workers and their families a measure of security. It will bring labor relations in San Francisco up to date. And because a secure worker is likely to be more satisfied with the job, it will slow turnover among public workers. And that means a better-run city.

Give city workers a fair deal. Vote yes on Proposition A.

Honorable Art Agnos
Member, California State Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for PROPOSITION “A” is a vote to keep San Francisco great! It is a vote to keep public employees from leaving San Francisco for cities where they can bargain for such basic benefits as dental coverage, family health plans, life insurance and disability insurance.

A vote for PROPOSITION “A” will keep San Francisco’s best, most productive, and hardest-working public employees in San Francisco. It will help our city run more efficiently, and it will help our city get, and keep, the best workers available.

Vote for a hard-working government. Vote YES on PROPOSITION “A”.

Michael Hennessey
Sheriff

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is falling behind the times in its treatment of public employees.

Every major county in California, except San Francisco, bargains with its public employees for basic benefits. As a result, some of our best public employees have begun looking elsewhere. And it’s harder to attract bright, talented workers when other cities and counties appear to offer better conditions.

San Francisco is one of America’s best-run cities. Better public employees make a better city government, and that makes for a more pleasant city for everyone.

Vote to keep San Francisco one of America’s best-run cities. Vote YES on PROPOSITION “A”!

Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION A

A vote for Proposition A is a vote for a better-run City.

Proposition A will attract the hardest-working, most dedicated and talented workers to San Francisco. And it will keep them here.

Proposition A locks the City into nothing. If negotiations are unsuccessful, then any benefits for public employees would still go before the voters.

Proposition A will benefit everyone — especially the taxpayers of San Francisco.

Vote for good city government and help keep San Francisco great. Vote yes on Proposition A.

Jeff Brown
Public Defender

ARGUMENT IN FAVOR OF PROPOSITION A

During my years as Chief of Police and as a member of the San Francisco Board of Supervisors, I learned the great responsibility city managers have to attract and retain skilled, dedicated workers.

PROPOSITION A will provide city managers with more flexibility to do just that. We will all profit by more effective delivery of services and more efficient city government.

We cannot afford to lose the best police officers and fire fighters. Let’s hold our city managers accountable for the quality of service to taxpayers.

VOTE YES ON PROPOSITION A.

Al Nelder
Ret. Chief of the San Francisco Police Dept.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

To keep local government running smoothly, San Francisco needs good people working for it.

It needs people who are talented, well-trained and well-versed in their duties. Satisfied workers stay in their jobs. And an experienced workforce knows how to get things done, and get them done efficiently.

PROPOSITION “A” will help San Francisco maintain such a workforce by giving employees what almost all public employees have: the right to bargain for job benefits. Basic benefits such as dental plans and family health coverage. PROPOSITION “A” will attract the brightest, hardest-working public employees to the greatest city in the world, San Francisco. And it will keep them here!

Vote for good local government. Vote YES on PROPOSITION “A”.

Wendy Nelder
President, SF Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco lacks what businesses everywhere regard as a responsible, worthwhile practice: bargaining for job benefits with its employees for basic benefits, such as a family health plan, dental coverage, and insurance in case of death or disability.

Proposition A doesn’t give public employees these benefits, but it does give them the right to bargain for them. In the event the city and its employees reach no agreement, the final decision would be left up to the voters. Proposition A does not obligate the city to spend any extra on public employees.

Proposition A is a much-needed reform to modernize San Francisco’s labor relations. Now and in the long run, Proposition A is unquestionably in the city’s best interests. Because the best workers go to the best jobs.

Getting and keeping the best public employees helps maintain the quality of San Francisco’s basic services — services such as transportation, police and fire protection, and city planning. A more efficient work force means less waste. And that saves the taxpayers money.

Support a well-run San Francisco. Vote yes on Proposition A.

Sam Duca
Assessor

ARGUMENT IN FAVOR OF PROPOSITION A

Every city needs dedicated, hard-working police officers and fire fighters.

San Francisco is no exception. To attract and retain the finest public servants, San Francisco must not lag behind other cities in providing an attractive job atmosphere.

Police and firemen can bargain for benefits in virtually every major U.S. city. We cannot afford to have our fine police and fire departments gutted by defections to these cities.

Let’s keep San Francisco a safe and secure place to live.

Vote YES on PROPOSITION “A”!

Keith Caden
Ret. Chief of the San Francisco Fire Dept.
William Murray
Ret. Chief of the San Francisco Fire Dept.
Tom Cahill
Ret. Chief of the San Francisco Police Dept.
Donald Scott
Ret. Chief of the San Francisco Police Dept.

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will give San Francisco much needed flexibility in negotiating with public employee unions.

PROPOSITION “A” would not obligate the city to pay public employees any more than they are paid now. It could even save the city money. PROPOSITION “A” would enable local government to explore new proposals.

PROPOSITION “A” would not lead to binding contract negotiations. If the city and employees reach an impasse, the ultimate decision on benefits would still rest with the voters.

PROPOSITION “A” gives away nothing. It could save the city money, and that means it could save taxpayers money, too!

Vote for a flexible and responsible city government. VOTE for PROPOSITION “A”!

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

Public employees in San Francisco are denied a basic right. It’s the right to bargain with their employer for benefits. Public employees lack health coverage for their families, dental plans, and life insurance. And they can’t negotiate with the city to get them.

Proposition A will give public employees that right. And ultimately, Proposition A could save the city, and taxpayers, money. If the city pays for some preventive health care, we all avoid the far greater cost to society of expensive hospital treatment.

Nothing in Proposition A forces the city to spend more on public employees. If negotiations are unsuccessful, the ultimate decision on employee benefits still lies with the voters.

But by giving public employees the right to bargain with the city, Proposition A will keep the best city workers here in San Francisco. Those workers will have no incentive to leave for other cities, cities that already allow bargaining for benefits. And a more talented and dedicated public sector helps everyone in the long run, because an efficient city runs more cheaply.

Vote for fairness and effectiveness in city government. Vote yes on Proposition A.

San Francisco Maritime Trades Council

Chuck Mack
Bay Area Teamsters Joint Council

LeRoy King
International Longshoreman’s and Warehouseman’s Union

Jack Crowley
Secretary-Treasurer
San Francisco Central Labor Council
ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on Proposition A. Right now, the men and women who work for San Francisco City and County are unable to protect their families adequately because they have no family health insurance. Lost time off the job, and losses to the tax-payers, is the result.

Proposition A will enable the City to correct this deficiency. but does not require it to do so. In the long run it’s fair, and it will mean a better City for all of us.

Jane McKaskle Murphy
Former Supervisor and
Police Commissioner

ARGUMENT IN FAVOR OF PROPOSITION A

PROPOSITION “A” will help San Francisco city services grow as the city does.

San Francisco’s police must be the best available to keep our neighborhoods safe. Its fire fighters must be dedicated and hardworking, and all city and county workers must be satisfied that San Francisco is the best city possible to work in.

San Francisco can’t afford to lose its best police, its most skilled fire fighters, its most talented staff to cities that offer better working conditions. That is why San Francisco needs PROPOSITION “A”. A YES vote on PROPOSITION “A” will keep our best public servants right here at home. It will keep our city competitive.

Don’t skimp on San Francisco’s future.

Vote YES on PROPOSITION “A”!

Dr. Tim Wolfred
President
San Francisco Community College Board
Chuck Ayala
Member
San Francisco Community College Board
Alan Wong
Member
San Francisco Community College Board

ARGUMENT IN FAVOR OF PROPOSITION A

As independent businessmen, we know how important it is to take responsibility for making critical decisions about our businesses. We expect elected officials and city managers to take the same responsibility for the City’s business.

We support Proposition A because it makes good business sense. We want our City to be run as efficiently as we run our businesses.

ARGUMENT IN FAVOR OF PROPOSITION A

Imagine if your boss told you that bargaining for basic job benefits was out of the question because the law wouldn’t allow it.

Imagine if you had to pay for your family’s health care and your dental treatment out of your own pocket. Public employees in San Francisco know what it’s like to have a job that doesn’t cover these costly services.

Proposition A would give public employees the right to bargain with the city for these benefits. It would let them bargain for their security, and for the security of their families.

Every major county in California gives public employees this right. So do most major U.S. cities. It’s time San Francisco did, too. Vote yes on Proposition A.

Joseph P. Lacey
Chair, Old St. Mary’s Housing Committee

ARGUMENT IN FAVOR OF PROPOSITION A

Vote Yes on A for more effective delivery of services to San Francisco neighborhoods.

Improved City service for our neighborhoods is our top priority. To get good service, you have to provide standard benefits.

ARGUMENT IN FAVOR OF PROPOSITION A

We urge a Yes vote on Proposition A because the time has come to upgrade service to our neighborhoods.

Reverend Cecil Williams
Glide Memorial Church
Employee Benefit Formula

ARGUMENT IN FAVOR OF PROPOSITION A

How would you feel if you and your family were not covered by health insurance?

Basic benefits such as a family health plan, dental coverage, life insurance and disability. You might worry about your future.

All San Franciscans should be worried about their future — the future of their city government. For San Francisco does not even give its public employees the right to bargain for these basic benefits. And the best public employees, the most talented, will be considering cities and counties where the jobs are more attractive, where they have the right to bargain for benefits.

Proposition A can keep San Francisco from falling behind other cities. Proposition A would not force the city to pay any money. But it would give it flexibility in negotiating with city workers. And those workers would be able to bargain for benefits. If an impasse occurred, the last word would still belong with the voters.

A vote for Proposition A is a vote for a fair City and a brighter future. Vote yes on A.

Louise Ogden
President
San Francisco National Women’s Political Caucus

ARGUMENT IN FAVOR OF PROPOSITION A

We, the undersigned San Franciscans, urge a Yes vote on Proposition A because it is in the tradition of fairness and pride in our City.

San Franciscans know that we have to work constantly to maintain and improve our City. Proposition A takes a necessary step toward improving our City government by modernizing the method of setting employee benefits.

Proposition A will mean better City service, and a better City, for all of us.

Vote Yes on A.

Dorothy L. Jaymes
Grandel A. Jackson

Mabel E. Bailey
Douglas Haynes

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will keep San Francisco great.

It will give the best public employees incentive to stay here. It will give the city flexibility in labor negotiations. It will make our future a little more secure.

Vote for a better San Francisco. Vote yes on Proposition A.

Luisa P. Blue
Martha Ryan
Martha O’Brien

Virginia Latzada
Cornellia Gallagher
Jane Seidenberg

ARGUMENT IN FAVOR OF PROPOSITION A

Proposition A will introduce much needed Civil Service reform into San Francisco.

Proposition A is a message to our supervisors that we want flexibility in dealing with public employees. Proposition A would give our City to exchange outmoded, expensive practices for current benefits. The result could be savings to the taxpayers and to the employees.

Proposition A is a message that San Franciscans would rather support preventive health care than subsidize expensive hospital treatment of others through their own health insurance.

A vote for Proposition A is a vote for more efficient, less wasteful local government. Vote yes on Proposition A.

Agar Jacobs
Pat Jackson
Bill Kraus

Marie Jobling
Tess Rosner
Ron Huberman

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT IN FAVOR OF PROPOSITION A

San Francisco is in danger of allowing its public sector workforce to deteriorate.

San Francisco is one of the few great cities of the United States in denying its public employees the privilege of bargaining for job benefits. San Francisco is falling behind the cities that give workers this privilege, because these cities can offer public employees more attractive working conditions. Our best public servants are beginning to look elsewhere.

Proposition A does not obligate the city to pay any sum of money. But it would elevate San Francisco back among the leaders in its relations with public employees.

Proposition A is a bargain. Vote yes on A.

Shirley Black
Member, Planning Association of the Richmond
Charles Breyer, Attorney
Regina Sneed
Lydia San Felippo
John J. Simpson, Retired
Susan Kelly Kennedy

ARGUMENT AGAINST PROPOSITION A

I strongly urge you to vote NO on Proposition “A”.

This Charter Amendment circumvents all existing Charter sections that would permit you, the voter, to approve all new costly employee fringe benefits. Instead, the Board of Supervisors would be permitted to “collectively bargain” for any and all benefits and working conditions, including life insurance, disability insurance, and a dental plan for more than 24,000 employees.

This Charter Amendment can and will cost you, the voters, literally, tens of millions of dollars — and very fast.

You will lose your present right to vote on each benefit.

Proposals for fringe benefits should be submitted to the voters one at a time, and I am prepared to do just that. Pay and benefits for our employees should be comparable with surrounding counties, many of which already provide dental coverage and life and disability insurance. Proposition “A” would open wholesale the floodgates to increased costs while removing your

ARGUMENT AGAINST PROPOSITION A

and my basic right to know and control these costs. This Amendment not only would open up all fringe benefits for miscellaneous workers, but also for Police, Fire and Municipal Railway employees. Its costs could exceed $25 million in just a year or two.

Frankly, as Mayor, I cannot continue to recommend budgets to expand your library, police, park, health and social services unless I have some say in controlling the size and timing of large pay and fringe benefit packages.

This Amendment makes prudent budgeting much more difficult, and will increase your costs dramatically in unprecedented ways.

So, keep your basic right to vote on employee fringe benefits and to know their costs before you are saddled with the bills.

Vote NO on Proposition “A”.

Dianne Feinstein
Mayor

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

In 1975 and 1976, San Francisco voters finally achieved some control over runaway salaries and compensation benefits for city employees and give-away supervisors. A number of Charter reforms were adopted. Now, there is a threat one such reform will be repealed unless you vote “NO” on Proposition A.

VOTE NO ON PROPOSITION A

Non-salary benefits for city employees are now set by Charter. Voter approval is required for any increased or new benefits. Proposition A would deprive voters of their right to say “yes” or “no” to higher or new benefits for city employees.

The Civil Service Commission does not recommend Proposition A. The head of civil service also recommended no endorsement. The Controller said to the Board of Supervisors on March 5, 1984 that this could substantially affect the cost of government, meaning in his own words, at least $500,000 per year in higher costs to taxpayers. The manager of civil service also said on March 5th that Proposition A will “open up the world” on non-salary benefits. In fact, it will eliminate voter review power over 22 different charter compensation benefit provisions. The Employee Relations Division of the Board of Supervisors states its operating costs would in effect be increased 75% if Proposition A passes.

VOTE NO ON PROPOSITION A

Don’t let the Board of Supervisors eliminate your power over people who work for you. Don’t let the Board add to taxpayer burdens. Vote “NO” on Proposition A and maintain stable and equitable salary and non-salary benefits for our employees.

Supervisor Quentin L. Kopp
Employee Benefit Formula

ARGUMENT AGAINST PROPOSITION A

Vote No on Proposition A. Presently only the voters of San Francisco determine the fringe benefit package for City Civil Service employees. Proposition A will allow City Civil Service employees to negotiate their own benefit package.

In the mid 1970's, after experiencing a series of major City employee strikes resulting from unresolved labor negotiations, the voters approved a formula system for setting employee salaries.

By opening fringe benefits to negotiations, the City treasury will be vulnerable to unspoken and unidentified costs which cannot be predetermined. This is financially unsound.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION A

Whose economic judgement do you trust the most? The City’s voters and taxpayers who currently must APPROVE and PAY for new fringes, or the historically SPAGHETTI-SPINED Board of Supervisors?

Giving this power to pusillanimous past Boards proved to be a municipal DISASTER! How do you think we got HIDDEN fringe costs HIGHER for some City employees than their base pay check?

William F. O’Keefe, Sr.
PRESIDENT
SAN FRANCISCO TAXPAYERS ASSOCIATION
REPUBLICAN COUNTY COMMITTEEMAN

ARGUMENT AGAINST PROPOSITION A

VOTE NO ON PROPOSITION A

I authored or co-authored all of the city employee benefit reforms of 1975-76. Now, Supervisor Molinari, in an election year give-away, has introduced Proposition A which will undo the Charter reforms you approved overwhelmingly. Reforms which kept our city from insolvency and even higher taxes.

This measure would allow the Board of Supervisors to repeat the fiscal blunders of the 1960’s by providing additional compensation benefits over and above salary increases, even if voters have rejected such compensation benefits.

Dental benefits are but one of many examples. Voters have disapproved them twice since 1977; under Proposition A, voters won’t have power anymore to approve or disapprove such benefits in the future. The Board of Supervisors ballot argument is intellectually dishonest. It never once tells you that your power over city employee non-salary compensation will be lost if Proposition A passes.

Despite the significant additional costs referred to in the contractor’s statement, Supervisor Molinari with union prodding got the Board of Supervisors to put this on the ballot. Why? Because self-serving Supervisors like Molinari can’t stand up to special interest pressure, especially in an election year.

John J. Barbagelata

ARGUMENT AGAINST PROPOSITION A

Vote NO on Proposition A!

Let’s not put the Board of Supervisors back into the business of negotiating fringe benefits.

Republican County Central Committee

Polls are open from 7 a.m. to 8 p.m.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police Night Pay

PROPOSITION B

Shall police officers be paid an additional 6.25% of their compensation for working nights between 5:00 o’clock p.m. and 7:00 o’clock a.m., provided it will not increase their retirement benefits?

YES 216
NO 217

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Police officers are paid for a 40-hour week. The pay is the same whether these hours are worked during the daytime or at night.

THE PROPOSAL: Proposition B says that police officers who work between 5 p.m. and 7 a.m. will get an extra 6.25% of their base pay. This additional night pay will not increase their retirement benefits.

A YES VOTE MEANS that you want police officers who work at night to get an additional 6.25% of their base pay.

A NO VOTE MEANS that you want police officers who work at night to get no additional pay for night work.

How Supervisors Voted on “B”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition B on the ballot.
The Supervisors voted as follows:
NO: Supervisor Richard Hongisto.

Controller’s Statement on “B”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on current staffing patterns and salary levels, increase the cost of government by approximately $1,275,000 per year.”

THE TEXT OF PROPOSITION B APPEARS ON PAGE 59

Apply for Your Absentee Ballot Early
Application must reach the Registrar at least 1 week before election
ARGUMENT IN FAVOR OF PROPOSITION B

Proposition "B" will bring fairness and equity to the City's work force. Most City employees are now entitled to a 6.25% night differential pay if they work between 5:00 p.m. and 7:00 a.m. Our police officers are presently not eligible for this differential. Proposition "B" would extend this benefit to police officers.

There are 799 civilian employees working in the police department. If their work assignment falls between 5:00 p.m. and 7:00 a.m., they receive a 6.25% night differential. But our sworn police officers, many of whom work between 5:00 p.m. and 7:00 a.m., are denied this benefit. This disparity creates a major inequity.

Proposition "B" grants to police officers, who work during the night time providing public safety and security, the same night differential benefit for which over 20,000 other City employees are eligible if assigned to night work.

Vote YES on Proposition "B". It is fair to provide equal benefits to our police officers. It is fair to compensate police officers for the extra danger they encounter during night work.

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION B

Vote Yes on Proposition B. Proposition B will provide incentives for senior police officers to take night shifts, where the bulk of dangerous and violent crimes occur.

Because shift assignments are determined by seniority, veteran officers have tended to select day work, leaving the evening and night shifts to younger and less-experienced officers. Consequently, a wasteful situation is created where the more-experienced officers handle the less-serious circumstances, and high-crime hours are staffed by younger policemen. Allowing a situation in which experienced personnel is not used properly is not fully responsible.

Paying a night differential is a proven and effective method of attracting experienced personnel to unpopular shifts. It is used in almost all industries and should be applied in this case to provide better protection to all of San Francisco.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT IN FAVOR OF PROPOSITION B

Your "YES" vote on Proposition B will ensure our city more effective police protection because police officers will be able to receive the same kind of extra pay that other City employees do for night work.

The City's Charter presently prohibits policemen from negotiating for pay or benefits increases. As a result, many do not yet enjoy the extra compensation for night duty that is standard for other City law officers -- such as employees of the Sheriff's Department or Airport Police -- and for most civilian employees as well.

Proposition B would eradicate this inequity by allowing

ARGUMENT IN FAVOR OF PROPOSITION B

Police Department officers to be compensated at a standard 6.25% above base pay, during the hours of 5:00 P.M. and 7:00 A.M. No additional expenses to the City, such as increased retirement benefits, would accrue.

Currently, most night patrol officers have less experience than those working the day shift, but, there is no inducement for officers with seniority to work night hours. Pay differential would provide that inducement, and assure that better prepared policemen are patrolling our streets at all hours.

VOTE "YES" ON PROPOSITION B.

John L. Molinari, Supervisor

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B

If there ever was a time honored, widely accepted benefit for working people, "night differential" certainly qualifies.

Time away from family, friends and loved ones, regardless of the profession, has long been recognized as grounds for premium compensation.

Police officers have historically worked around the clock protecting lives and property while others sleep. Proposition B would finally see to it that they receive the same benefits as other night time employees.

Please vote yes on Proposition B.

Sala Burton
Member of Congress
Barbara Boxer
Member of Congress
Art Agnos
Assemblyman 16th Assembly District
Wendy Nelder
President of San Francisco Board of Supervisors
Michael Hennessey
Sheriff
ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B

City employees in the criminal justice system, such as deputy sheriffs, park patrol officers, museum guards, airport police and building and grounds officers, now receive a 6½% premium for night work, but our own San Francisco Police Department police officers do not.

This is a matter of equality of treatment for regular police officers who enforce both state and local laws. That’s why I intend to vote “YES” on Proposition B.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION B

Night differential in one form or another is a standard for police officers throughout the state of California. In San Francisco, night differential is standard for all employees including those that are sworn peace officers (i.e. airport, sheriffs, etc.) The only police officers not receiving night differential are the San Francisco Police Officers. Your vote will correct this inequity.

Vote “YES” on Proposition B.

Milton Marks
State Senator

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON B

As members of the Police Commission, it is our responsibility to organize and administer the police department in order to make it the most efficient law enforcement agency it can be.

One of the major concerns facing the department at this time is that the element of experience amongst the rank and file officers is unequally distributed, leaving the evening and night time shifts to be covered by relatively less experienced officers. Though qualified to do the job, these younger officers are in need of the guidance and direction that only seasoned officers can provide.

Proposition B is a fair charter amendment which would help to capitalize on the vital element of experience by attracting senior officers to work when they are needed most; the “high crime” evening and night time hours.

Al Nelder
David Sanchez
Jo Daly
Burl Toler
Members San Francisco Police Commission

ARGUMENT IN FAVOR OF PROPOSITION B

Proposition B presents the voters of San Francisco with an opportunity to improve the efficiency and effectiveness of this city’s Police Department. This measure will provide an extra 6.25% in pay for officers who must work between the hours of 5:00 P.M. and 7:00 A.M. — those hours when the level of experience an officer brings to the job is critical. This incentive will help bring more experienced officers to the night shifts at a time when the officers now serving on those shifts have been employed about 3 years or less. Improve our Police Department while using experience. VOTE YES ON PROPOSITION B!

Jane McKaskle Murphy
Former Police Commissioner
Arlo Smith
District Attorney

ARGUMENT IN FAVOR OF PROPOSITION B

Most other city employees, including sheriffs and airport police officers, receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe that our police officers should definitely receive it as well.

Lee Dolson

ARGUMENT IN FAVOR OF PROPOSITION B

“Night Differential” is as basic as “apple pie.”
Most other city employees; including sheriffs and airport police officers receive this form of compensation in lieu of working the late evening and midnight hours. I firmly believe

Police Night Pay

that our police officers should definitely receive it as well. I urge you to vote YES on Proposition B.

Ernest "Chuck" Ayala

ARGUMENT IN FAVOR OF PROPOSITION B

VOTE YES ON PROPOSITION B!
San Francisco's Police Department provides round-the-clock protection and service, with officers assigned to one of three shifts based upon seniority; length of service in the Department. While employees of other city departments who work night shifts have long enjoyed an incentive for having to work these odd hours, police officers have been shortchanged in this benefit area. This Proposition will directly address that inequity by providing an added 6.25% in pay for the officers who must work those shifts.

John F. Foran
State Senator — 8th District

ARGUMENT IN FAVOR OF PROPOSITION B

YES ON PROPOSITION B
Amending the charter to provide night time differential will increase the quality of police service in San Francisco. Prop B is cost efficient and good government.
Vote Yes on Prop B.

Al Casiato, President

ARGUMENT AGAINST PROPOSITION B

The concept of "NIGHT PREMIUM PAY" for police work is preposterous!

Every job applicant knows in advance that working at night to catch felons and protect the citizenry "goes with the territory"! It is one of the reasons why a regular "entry rank" Q2 Patrolman's annual "pay package" is $60,101.81 including a medical plan and retirement costs at 96% of base pay! In addition, ALL Police Department personnel will receive substantial AUTOMATIC pay raises again in July.

William F. O'Keeffe, Sr.
PRESIDENT.
SAN FRANCISCO TAXPAYERS ASSOCIATION.
REPUBLICAN COUNTY COMMITTEEMAN.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Firefighter Longevity Pay

PROPOSITION C

Shall entry level firefighters who have completed ten years of satisfactory service receive 2 1/2% additional compensation, after fifteen years service 5% and after twenty years service 7 1/2%, providing that the additional compensation shall not increase their retirement benefits?

YES 221
NO 222

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: San Francisco firefighters join the Fire Department at the entry-rank (H2). After entry-rank firefighters reach the top step of their pay scale, they do not receive additional pay based on the number of years they have been with the department.

THE PROPOSAL: Proposition C would provide additional pay for entry-rank firefighters after they have performed their duties satisfactorily for a number of years. These increases would be:
- 2 1/2% over base pay after 10 years of service,
- 5% over base pay after 15 years of service,
- 7 1/2% over base pay after 20 years of service.

The additional pay would not increase their retirement benefits.

A YES VOTE MEANS: If you vote yes, you want entry-rank firefighters to get additional pay after they have worked satisfactorily for the department for at least 10 years.

A NO VOTE MEANS: If you vote no, you do not want entry-rank firefighters to get additional pay based on length of satisfactory service.

How Supervisors Voted on “C”

On March 5 the Board of Supervisors voted 7-3 on the question of placing Proposition C on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp, Bill Maher and Louise Renne.

Controller’s Statement on “C”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

“Should the proposed Charter amendment be adopted, in my opinion, it would, based on the present length of service and salaries of current members of the Fire Department, increase the cost of government by approximately $550,000 per year.”

USE YOUR VOTER SELECTION CARD WHEN VOTING (SEE INSERT)

THE TEXT OF PROPOSITION C BEGINS ON PAGE 35
Firefighter Longevity Pay

ARGUMENT IN FAVOR OF PROPOSITION C

Proposition C is a simple matter of fairness.

Presently, Fire Fighters do not receive additional pay based on the number of years they have been with the department. While common sense dictates that this most hazardous of jobs increases exposure to accident over time, there is no merit pay increase for years spent “on-the-front line” fighting fires here in San Francisco.

This is neither fair nor equitable. Teachers, military personnel, private industry ... and even other fire departments — grant merit pay increases for satisfactory job performance over the years.

A cross-section of California cities with some sort of time-on-the-job merit pay increases include: Los Angeles City, Los Angeles County, Burlingame, Daly City, Healdsburg, La Habre, National City, Oxnard, Redondo Beach, Sacramento, San Joaquin County, Santa Clara, South San Francisco, Stockton, and Torrance.

This merit pay formula does not count toward retirement benefits and excludes officers, who receive time and merit pay increases through promotion. Further, any Fire Fighter suspended or otherwise disciplined by the Fire Chief or Fire Commission does not qualify for merit pay for a set period of time.

This fairness issue rewards rank-and-file Fire Fighters for years of faithful service, creates incentive for experienced fire fighters to stay “on-the-front line”, and puts us in line with other fire fighters state-wide.

We urge a Yes Vote on Proposition C.

James T. Ferguson
President
San Francisco Fire Fighters Local 798

ARGUMENT AGAINST PROPOSITION C

The Members of the Fire Commission listed below, and the Fire Chief, are opposed to Proposition “C”, a plan to establish longevity pay for certain Uniformed members of the Fire Department.

The proposed Charter amendment is unfair and exclusionary as it would apply only to firefighters, excluding all other uniformed members of the Department. Thus, creating a potential morale problem. Also, longevity is usually enacted to assure the retention of trained and experienced firefighters, a problem which does not exist in the San Francisco Fire Department, as witnessed by the fact that during the last seven years only thirty-two firefighters have resigned.

We urge you to vote NO on Proposition “C”.

Fire Chief Emmet Condon
Fire Commissioner President Henry Berman
Fire Commissioner Juanita Del Carlo
Fire Commissioner Anne Howden
Fire Commissioner Robert Nicco

ARGUMENT AGAINST PROPOSITION C

This bizarre “TIME SERVED” proposal would raise each fireman’s pay an additional $756.68, $1,513.36, or $2,270.05 respectively. Their current annual “pay package” for a regular “entry rank” H2 Hoseman is already $62,825.86 including a medical plan and retirement costs at 105% of base pay! In addition, ALL Fire Department personnel will receive substantial automatic pay increases again in July!

William F. O’Keefe, Sr.
President.
San Francisco Taxpayers Association.
Republican County Committeeman.

ARGUMENT AGAINST PROPOSITION C

This Charter Amendment would cost taxpayers $561,200 the FIRST YEAR to solve a fictional, non-existent “RAPID TURNOVER” problem perceived solely by the Fire Fighter’s Union! The cost in future years will obviously be higher!

In the Fire Department, there is virtually NO TURNOVER! In the last FIVE YEARS there have been only twenty-nine resignations from a budgeted force of 1569 firemen!

The Fire Chief, the Fire Commission, and the Civil Service Commission ALL oppose proposition “C”.

If passed, this “longevity of service” premium pay concept will immediately be demanded by ALL other City workers at an annual cost of millions!

Vote NO ON PROPOSITION “C”.

San Francisco Taxpayers Association
W.F. O’Keefe, Sr., President.
Robert Guichard, Vice President.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Firefighter Longevity Pay

ARGUMENT AGAINST PROPOSITION C

I urge you to vote NO on Proposition "C".

The City has been generous to our firefighters, both in the department’s annual budget requests and in wage and benefit increases. However, I oppose this special salary increase for firefighters.

Our City Charter provides a formula to guarantee that firefighters receive an annual salary increase. This keeps them paid at the average rate of the largest cities of California and I think this is fair and proper. It has served us well and it has been good to our firefighters. During the last five years that I have been Mayor, the Charter formula has increased firefighter salaries by almost $9,000. The current salary is over $30,000 a year, which is sufficiently high to attract thousands of job applicants.

The argument that this amendment will encourage senior firefighters to stay with the Department is simply not true. Few firefighters quit the department prior to collecting a very liberal retirement allowance. What is true is that Proposition "C" will cost all of us over $500,000 a year and our fire protection will not improve one bit.

Proposition "C" simply means to obtain extra salary outside the formula contained in the City Charter. The Proposition grants a benefit to employees in one Department only — and only to one rank within that Department. Don’t clutter the Charter with such special interest legislation.

Vote NO on Proposition "C".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C. The stated intent of this Charter amendment is to prevent early retirement and retain senior firemen. Yet both the Fire Chief and the Fire Commission say there is no retention problem and are opposed to this measure. And if passed, Proposition C will cost the City an estimated $484,000 annually though it will not accomplish its stated goal.

The City Charter has established a fair and equitable method of setting wage scales comparable to the major city fire departments in California. Our Charter provides a proven method that is both fair to the firemen and fair to the public, those who pay the bills.

San Francisco’s firemen have one of the most generous wage and benefits packages in California. Yet year after year the voters are presented with measures designed to increase their already superior remuneration. If the “problem” alleged in Proposition C does not exist, then this is just another raid on the City treasury.

John H. Jacobs
San Francisco Chamber of Commerce

TEXT OF PROPOSED CHARTER AMENDMENT

PROPOSITION C

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strikethrough.

8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the first day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission’s survey and certification the rates contained in said certification shall be the average of the highest rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual compensations are set forth in section 3,531 of this charter and said rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. “Average wage” as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classifications in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certify by the civil service commission for the same class;

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

(Continued on page 59)
Hetch Hetchy Financing

PROPOSITION E

Shall the Public Utilities Commission be authorized to issue Hetch Hetchy revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Hetch Hetchy project is the City’s water transport and power generating facility. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water and electric power facilities it must submit the bond issue to the voters. These bonds are repaid from Hetch Hetchy income. A majority of the voters must approve the sale of the bonds.

THE PROPOSAL: Proposition E says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Hetch Hetchy bond issues would require voter approval. Proposition E would also set up a Hetch Hetchy Revenue Fund to pay off the revenue bonds and to operate the Hetch Hetchy Project.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other Hetch Hetchy bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Hetch Hetchy revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “E”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition E on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “E”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E:

“Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Hetch Hetchy Projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION E BEGINS ON PAGE 37
Hetch Hetchy Financing

ARGUMENT IN FAVOR OF PROPOSITION E

Vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy Hydroelectric Power System to issue revenue bonds, thus providing an efficient, economical method of financing the repair or replacement of worn out facilities whenever funds for such replacements would be needed.

Proposition “E” would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific vote of approval by the people.

Proposition “E” would cost NOTHING to the taxpayers generally since Hetch Hetchy is fully self-supporting. In fact, the project makes a significant contribution to the City’s General Fund each year, funds which are used to support police and fire services, recreation, library and the other services supported by the General Fund. Thus, the necessary investments made to secure Hetch Hetchy’s facilities, and thus its earning power, are a benefit to the general tax base.

Currently, a technicality in the law precludes Hetch Hetchy from selling revenue bonds. Proposition “E” would remedy this without removing the people’s power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition “E”.

Submitted by the Board of Supervisors.

ARGUMENT IN FAVOR OF PROPOSITION E

I urge you to vote YES on Proposition “E”.

Proposition “E” would allow our Hetch Hetchy system to issue revenue bonds to pay for the replacement of machinery and structures or the building of new facilities.

This amendment would modernize Charter language to allow Hetch Hetchy the ability to issue revenue bonds in a manner similar to other City revenue-making departments.

Bonds issued to pay for replacement of worn or damaged equipment or structures would require the approval of both 3/4 of the Board of Supervisors (9 members) and the Mayor and no bonds for new facilities could be sold without a vote of the citizens of San Francisco.

Any bonds issued would be repaid by Hetch Hetchy revenues from its sale of electricity. The citizens of San Francisco would not pay for the bonds, no new taxes would result and the City would not be obligated to use existing tax dollars.

Without this amendment, our hydro-electric power system would be unable to quickly replace facilities that might be damaged or need replacement. Protect our historic investment in the Hetch Hetchy system.

Vote YES on Proposition “E”.

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION E

Vote NO on Proposition E!

Voter approval of revenue bond issues provides necessary checks and balances.

Republican County Central Committee

NOTE: These sections are entirely new.

6.407-2 Hetch Hetchy Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.313 are outstanding, the entire gross revenue of the Hetch Hetchy project shall be set aside and deposited into a fund in the city and county treasury to be known as the “Hetch Hetchy Revenue Fund.” All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer’s official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Hetch Hetchy revenue fund, including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the Hetch Hetchy project and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of principal, interest, reserve, sinking funds, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of Hetch Hetchy or related facilities.

(Continued on page 61)
Shall the Public Utilities Commission be authorized to issue Water Department revenue bonds for reconstruction and replacement of existing facilities by a three-fourths vote of the Board of Supervisors and need voter approval for issuing revenue bonds for new facilities?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Water Department revenue bonds now may not be issued without approval of a majority of voters. If the Public Utilities Commission wants to sell revenue bonds to acquire, build, improve or develop water facilities it must submit the bond issue to the voters. These bonds are repaid from Water Department income.

THE PROPOSAL: Proposition F says that with the approval of 3/4 of the Board of Supervisors, the Public Utilities Commission could issue revenue bonds for reconstruction and replacement of existing facilities. All other Water Department bond issues would require voter approval. Proposition F would also set up a Water Revenue Fund to pay off the revenue bonds and to operate the Water Department.

A YES VOTE MEANS: If you vote yes, you want the Public Utilities Commission, with the approval of 3/4 of the Board of Supervisors, to be able to sell revenue bonds for reconstruction and replacement. All other water department bond issues would require voter approval.

A NO VOTE MEANS: If you vote no, you want all Water Department revenue bonds to be submitted to the voters for approval.

How Supervisors Voted on “F”

On March 5 the Board of Supervisors voted 10-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

None of the Supervisors present voted “No.”

Controller’s Statement on “F”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a result of its possible future application, revenue bonds could be issued in specified circumstances to finance certain Water Department projects. The effect, if any, of these possible future actions on the cost of government can not be estimated at this time.”

THE TEXT OF PROPOSITION F BEGINS ON PAGE 39

POLLS ARE OPEN FROM 7AM TO 8PM

38
ARGUMENT IN FAVOR OF PROPOSITION F

I urge you to vote YES on Proposition "F"

Proposition "F" would allow our Water Department to issue revenue bonds to pay for replacement and improvement of its facilities.

Like Proposition "E", this Charter amendment is necessary so that our Water Department can issue revenue bonds. These bonds would be paid out of the revenues of the Water Department and not from your tax dollars.

Your YES vote for Proposition "E" only allows the Water Department to issue bonds to replace worn, damaged or outdated equipment and facilities if 3/4 of the Board of Supervisors (9 members) and the Mayor agree. Any bonds for new facilities would require a vote of the people.

Proposition "F" will result in no new taxes and the City would not be obligated to use existing tax dollars.

It will insure the continued trouble-free operation of our water system.

I urge you to vote YES on Proposition "F".

Diéne Feinstein, Mayor

ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition "F".

Proposition "F" would provide a method for the Board of Supervisors or the people to approve the issuance of revenue bonds by our San Francisco Water Department. Proposition "F" would provide an efficient, economical method of financing the repair or replacement of worn-out facilities whenever funds for such replacements would be needed.

Proposition "F" would amend the Charter to allow the sale of bonds to finance the replacement of existing facilities without a vote of the people, but only with approval of three-fourths of the members of the Board of Supervisors. It prohibits the sale of bonds for any new facilities without a specific further vote of approval by the people.

Proposition "F" would cost NOTHING to the taxpayers generally since the Water Department is fully self-supporting. We already have an enormous investment in the pipelines, dams, filtration plants and other facilities of our water distribution network. A prudent repair/replacement policy for the major assets of the Water Department is a sure way to protect against unjustifiable rate increases to finance unanticipated facility replacement costs.

Currently, a technicality in the law precludes the Water Department from selling revenue bonds. Proposition "F" would remedy this without removing the people's power to approve at the polls any new proposed facilities.

We urge you to Vote YES on Proposition "F".

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION F

Vote NO on Proposition F!

San Francisco voters should continue to have the right to ap-

prove or reject Water Department revenue bond issues.

Republican County Central Committee

TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION F

6.407-1 Water Department Revenue Fund

(a) Subject to the budget and fiscal provisions of this charter whenever revenue bonds issued by the public utilities commission pursuant to section 7.312 are outstanding, the entire gross revenue of the water department shall be set aside and deposited into a fund in the city and county treasury to be known as the "Water Department Revenue Fund." All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds and shall be secured by the treasurer's official bond or bonds. Separate accounts shall be kept of said fund with respect to receipts and disbursements. Said fund shall be exempt from section 6.407(a).

(b) Monies in the Water Department Revenue Fund including earnings thereon, shall be appropriated, transferred, expended or used for the following purposes pertaining to the financing, maintenance and operation of the water department and related facilities owned, operated or controlled by the commission and only in accordance with the following priority: (1) the payment of operation and maintenance expenses for such utility and related facilities; (2) the payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the commission may establish or the board of supervisors may require with respect to employees of the commission; (3) the payment of

Retirement Managers Exemption

PROPOSITION G

Shall the Secretary-General Manager and the Chief Investment Officer of the Retirement System be appointed by the Retirement Board and be exempt from Civil Service?

YES 236
NO 237

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Retirement System is governed by the Retirement Board and has a secretary-general manager and a chief investment officer who are hired under the civil service provisions of the Charter.

THE PROPOSAL: Proposition G would allow the Retirement Board to appoint its own secretary-general manager and chief investment officer. These two positions would be exempt from civil service.

A YES VOTE MEANS: If you vote yes, you want the Retirement Board to appoint its secretary-general manager and its chief investment officer. You want both of these positions to be exempt from civil service.

A NO VOTE MEANS: If you vote no, you want the secretary-general manager and the chief investment officer to remain under civil service.

How Supervisors Voted on “G”

On March 5 the Board of Supervisors voted 9-1 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisor Quentin Kopp.

Controller’s Statement on “G”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G: “Should the proposed Charter amendment be adopted, in my opinion, it should have no effect on the cost of government.”

THE TEXT OF PROPOSITION G APPEARS ON PAGE 62

Your Absentee Ballot Application is now a card insert located on or about page 48 of this pamphlet. Please print your name clearly.
ARGUMENT IN FAVOR OF PROPOSITION G

VOTE "YES" ON PROPOSITION G

Proposition G is designed to provide the Retirement Board the means to more effectively administer the Retirement System and to manage a comprehensive, diversified Retirement Fund.

By any standard, the Retirement System today is a large-scale business enterprise. In addition to administering a number of comprehensive pension plans covering over 35,000 active and retired members, Retirement Board members serve as fiduciaries of a pension fund whose assets exceed $1.6 billion. The effective management of that fund, in competition with similar funds throughout the United States, requires substantial pension plan and investment management experience and expertise.

The Retirement Board, in its role as fiduciaries of the fund, acts in the capacity of trust and is accountable for the breach of that trust. It is therefore essential that the Board possess the authority to appoint and remove at its pleasure a General Manager and a Chief Investment Officer who shall carry out and implement Board policies on the management and disposition of plan funds.

As a matter of record, although the current charter provides for the civil service appointment of a Secretary-General Manager, the position, since its inception in 1922, has never been filled by the civil service process. In addition, of the 16 board and commissions in City and County Service whose members are appointed by the Mayor, the Retirement Board is the *only* Board that lacks authority to appoint its chief executive officer; all other chief executive officers serve at the pleasure of the respective boards and commissions.

Proposition G will provide the Retirement Board an effective tool in evaluating the on-going management of the System and the performance of the all-important investment fund. The Legislature of the State of California, recognizing the same needs for the State Public Employees' Retirement System fund, has placed on the June 1984 state ballot a similar proposition.

The Retirement Board, Mayor Dianne Feinstein, the Board of Supervisors and the Civil Service Commission support Proposition G.

VOTE "YES" ON PROPOSITION G

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION G

VOTE NO ON PROPOSITION G

Proposition G was just defeated by the voters in 1982. It shouldn't be on the ballot again. This is another example of hoping to wear the voters out. The Charter was amended to make the head of the Retirement System part of the Civil Service System. Instead of holding a civil service test in the past two years to replace the retired incumbent who gave notice two years ago, this measure is placed on the ballot. The Retirement System Board already was given the power to pick any one of the top three people who place on the civil service test. Don't weaken our city's merit system. Vote NO on Proposition G.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION G

Vote NO on Proposition G!

For good government, let's keep these two positions under

Civil Service.

PROPOSITION H

Shall the authority to combine the Office of the Recorder with the Office of the Registrar of Voters be eliminated and the Recorder made a separate officer of the City under the Chief Administrative Officer?

**Analysis**

by Ballot Simplification Committee

**THE WAY IT IS NOW:** Under the City Charter, the Recorder and the Registrar of Voters are two separate offices. The Chief Administrative Officer can appoint one person to serve as both the Recorder and the Registrar of Voters. Currently, one person holds both offices.

**THE PROPOSAL:** Proposition H would require that the Recorder be a separate officer of the city and county under the Chief Administrative Officer. The Chief Administrative Officer could not appoint one person to serve as both the Recorder and the Registrar of Voters.

A **YES VOTE MEANS:** If you vote yes, you want the Recorder to be a separate officer of the city and county.

A **NO VOTE MEANS:** If you vote no, you want the Chief Administrative Officer to have the power to appoint one person to serve as both the Recorder and the Registrar of Voters.

**How Supervisors Voted on “H”**

On Feb. 27 the Board of Supervisors voted 11-0 on the question of placing Proposition H on the ballot.

The Supervisors voted as follows:

**YES:** Supervisors Harry Britt, Richard Hongisto, Willie Kennedy, Quentin Kopp, Bill Maher, John Molinari, Wendy Nelder, Louise Renne, Carol Ruth Silver, Nancy Walker and Doris Ward.

None of the supervisors voted “No”.

**Controller’s Statement on “H”**

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.”

**THE TEXT OF PROPOSITION H BEGINS ON PAGE 62**

Polls open at 7 a.m. and close at 8 p.m.

If possible, please vote in the middle of the day.
ARGUMENT IN FAVOR OF PROPOSITION H

VOTE YES ON PROPOSITION H

Proposition H creates a separate position for the Recorder. Until now, the Registrar of Voters, who also serves as Recorder, has made those duties his lowest priority. Proposition H will take the Recorder's duties out of the realm of the Registrar of Voters — where they never belonged in the first place. The Recorder will be an independent office and directly responsible to the Chief Administrative Officer.

This reorganization is necessary to insure good government.

The Recorder's office collects $13,000,000 annually. Last year it became apparent that the office was mishandled and poorly managed. San Francisco cannot afford to have such an important office go unsupervised. Establishing a separate position of Recorder is a logical method of improving accountability and streamlining the operation. It will not cost citizens anything and will greatly increase the quality of service.

VOTE YES ON PROPOSITION H

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION H

As it is now, the same person holds the offices of Recorder and Registrar of Voters of the City and County of San Francisco. This official juggles both jobs simultaneously, and not always satisfactorily. Late last year there were disclosures of copious problems encountered by citizens attempting to record real estate documents, and revelations that the Registrar of Voters was spending but 10% of his time managing the Recorder's Office.

Proposition H would separate the Office of the Recorder from the Registrar of Voters and make one person in charge of that office as Recorder. The Recorder would be accountable directly to the Chief Administrative Officer.

The Recorder’s job is vital to our City. It is simply illogical to lump the Recorder with the Registrar of Voters. Administering elections is different than managing an office which deals with often complex real estate transactions. It’s like mixing apples and oranges. The Recorder collects approximately $13,000,000 each year. The job is too important to be allowed to take a back seat to the City’s elections office. It is in the best interest of a well run city that the Recorder’s office be carefully, independently administered on a full time basis and not neglected. Giving direct responsibility for its operation to the Chief Administrative Officer will insure that the office functions efficiently and serves the City in the best way possible.

Proposition H will make city government more effective and eliminate "red tape", delays and legal disputes about the recording of documents by citizens.

VOTE YES ON PROPOSITION H

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H!

There is no compelling reason to separate these two positions.

Reduce Board of Supervisors

PROPOSITION 1

Shall the Board of Supervisors be reduced from eleven members to nine members following the November 1984 election and be further reduced to seven members following the November 1986 election, and shall elections for Supervisors be changed from even-numbered to odd-numbered years?

YES 244
NO 245

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: There are eleven members on the Board of Supervisors. Elections for supervisor are held at the general election in November of every even-numbered year. Six members will be elected in November 1984 for a four-year term. Five members will be elected in November 1986 for a four-year term.

THE PROPOSAL: Proposition I provides that four supervisors instead of six would be elected in November 1984, each for a three-year term. The November 1984 election would reduce the members from eleven to nine members. In the November 1986 election three supervisors instead of five would be elected for a three-year term. This would reduce the members from nine to seven members. Thereafter, elections for Supervisor would be held in November of every odd-numbered year and each would be elected for four-year terms.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to have seven members, elected in odd-numbered years.

A NO VOTE MEANS: If you vote no, you want the Board of Supervisors to continue to have eleven members, elected in even-numbered years.

Controller’s Statement on “I”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I: “Should the proposed Initiative Charter amendment be adopted, in my opinion, based on 1983-84 salary and staffing levels, the cost of government could be reduced by approximately $331,000 per year when the measure is fully implemented in 1987.”

How “I” Got on Ballot

On October 22, Registrar of Voters Jay Patterson certified that the initiative petition calling for a seven member Board of Supervisors had a sufficient number of signatures to be placed on the ballot.

Robert Guichard, the proponent of the petition, had gathered 31,354 signatures which he turned in to the Registrar on September 22.

A check of each of the signatures showed that 23,401 of the signatures were valid. This is more than the 22,834 signatures needed to qualify an initiative Charter amendment for the ballot.

ARGUMENT IN FAVOR OF PROPOSITION I

WARNING TO VOTERS:

Don’t be impressed by prominent names and groups opposing Proposition “T”.

Most of those people and organizations are subject to political arm-twisting or have their own fingers in the “BIG PIE” at City Hall.

Reducing the Board of Supervisors to seven members will save YOU $500,000 yearly. Save taxes. Cut waste. Vote “YES”.

Robert Guichard
Citizens For Better Government Chairman

Robert Silvestri
Republican Central Committee

State Assembly Candidate

George Rehmet
Citizens For Better Government Treasurer

Dr. Terence Faulkner
Republican Central Committee

ARGUMENT IN FAVOR OF PROPOSITION I

REPUBLICAN LEADERS AGREE:

Despite City Hall pressure, the Republican Central Committee on 3/21/84 wisely refused to endorse the tax-wasting eleven member Board of Supervisors.

Save $500,000 YEARLY and dramatically cut City Hall staff with a cost-effective seven member Board. Remember, all fifty-seven other California counties have but five Supervisors.

Irresponsible Board actions include their notorious commendation of Joseph Knute Burke, Consul General of murderous, COMMUNIST Grenada. American marines later died to liberate Grenada.

We agree with the “PROGRESS” editorial favoring reduction of this Board!

San Francisco Republican Forum endorses YES on “T” (to save $500,000 yearly by reducing the Board of Supervisors).

Elect President Ronald Reagan, Tom Spinosa for Congress,

and Max Woods and Robert Silvestri for State Assembly.

Dr. Terence Faulkner
Republican Forum President

ARGUMENT AGAINST PROPOSITION I

For 10 years, San Francisco has been politically torn apart by seven propositions changing the rules on how we elect our Board of Supervisors. These conflicting propositions have pitted San Franciscans against San Franciscan. Stop this needless turmoil by voting NO on Proposition I.

Continuous attempts to change the election rules have disrupted the orderly working of our legislative body. Candidates for election focus on short-term political gains. Thoughtful and coherent long-range policies for the overall good of the city are lost in the concern for campaigning. City Hall must be allowed to focus on managing our great city, and not be distracted by ever-changing rules of running for office. We are proud of our ethnic, cultural and social diversity. This diversity makes San Francisco great. An eleven member Board of Supervisors provides greater opportunity for this diversity to be represented.

Eliminate political turmoil and disruption. Support a Board that is more responsive and representative of a cosmopolitan city.

Vote NO on Proposition I.

John H. Jacobs
San Francisco Chamber of Commerce

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

Vote NO on Proposition "I".

Once again, a small band of political opportunists is trying to change the way we elect the Board of Supervisors.

In just the fourteen years since my election to the Board, there have been ten ballot measures to change the method of election to the Board. This constant pulling and tugging has created divisions within our City and undermined the stability of government.

Now, again, this year, another attempt is being made drastically to alter our system of representative government. This latest charter revision would reduce the number of Supervisors from eleven to seven. Not only is it bad legislation, but it is undemocratic and unfair.

Vote No on Proposition "I".

Additionally, Proposition "I" would shift elections from even-numbered years, when major state and national candidates and issues are on the ballot, to odd-numbered years, when voter turn-out historically is lowest. This is a blatant power-grab to limit voting to the smallest number of voters possible, all so they can be more easily targeted and manipulated by high-powered campaign tactics.

Vote NO on Proposition "I".

Proposition "I" would concentrate power in fewer hands, and give greater authority to the small special interests who can back their chosen candidates with big contributions. Many neighborhoods now represented on the Board would be voiceless, and whole sectors of our City would effectively be unrepresented.

Vote NO on Proposition "I".

The proponents throw up a smoke screen that the proposition would save money, as if democratic rights should be bargained in dollars. Their bluff is that the favored seven supervisors would need less staff, when, in fact, they would have much more work to do and would be clamoring for more staff.

We need a stable and truly representative City and County government. This initiative will be disruptive, divisive, and reduce representation.

I urge you to vote NO on Proposition "I".

Dianne Feinstein, Mayor

ARGUMENT AGAINST PROPOSITION I

Good government — government that pays attention to the people who pay for it and serves their needs — requires citizen participation. Taxpayers and voters have a right to reach their elected officials when they need help, and to participate in making the decisions that affect them.

We urge you to VOTE NO on Proposition I. This harmful proposition will severely limit citizen participation in government in many important ways.

Proposition I would move the time we elect Supervisors to years when a much smaller number of people vote. That means that many voters will be excluded from electing Supervisors, and will lose control over the decisions those Supervisors make. City policies and programs will be set by a minority of San Franciscans.

Because San Francisco is a City and County, our Board of Supervisors is charged with many more responsibilities than any other Board or City Council in the State. Reducing the number of our Board members will make it more difficult to take care of the combined responsibilities of our Board. The voters will have fewer of their problems taken care of by a Board too small to handle an overload of business.

Proposition I would also eliminate staff of the Board responsible for solving the many day-to-day problems that taxpayers and voters call City Hall for help with. Right now, when a San Franciscan needs contact with a member of the Board to discuss a problem or law, they have access to their offices. If Proposition I passes, it will be more and more difficult to talk with members of the Board, and the Board’s decisions will be less reflective of the voters’ thinking.

The goal of our city government should be to make sure all San Franciscans have a voice at City Hall, working to solve their problems. But the smaller the Board of Supervisors, the less likely that all points of view will be represented.

To assure a government with the strength to manage our problems, and keep all citizens involved in running our city, VOTE NO on Proposition I.

Submitted by the Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

NO ON PROP I

Less supervisors means less access and thus less representation for you, the citizens of San Francisco.

Vote No on Prop I.

San Francisco Police Officers’ Assn.
ARGUMENT AGAINST PROPOSITION I

I hope that all responsible San Francisco citizens will vote against Proposition I.

This disruptive Initiative will damage the stability of the Board of Supervisors. It will severely limit the ability of minority communities to receive fair representation.

The initiative also locks in the current inadequate part-time character of the Board. To reduce the number of members to seven part-time positions would greatly reduce the effectiveness of the Board.

Our City and County needs a full-time, not part-time, hardworking Board of Supervisors, committed to serving the needs of San Francisco.

I urge you to vote NO on Proposition I.

Wendy Nelder
President, Board of Supervisors

ARGUMENT AGAINST PROPOSITION I

In the last ten years San Francisco voters have voted seven times on how to elect a Board of Supervisors. The current system of eleven members elected at large is consistent with political tradition and affords adequate representation for this, the only consolidated city and county in California.

As someone who has served 13 years on our Board of Supervisors and notwithstanding the sincere intent of the proponents to save money on the operation of the Board, I intend to vote “NO” on Proposition I.

Supervisor Quentin L. Kopp

ARGUMENT AGAINST PROPOSITION I

WE URGE YOU TO VOTE NO ON PROPOSITION I

Everything about this Proposition is contrary to the fair thinking of San Francisco’s voters.

The people behind this proposition aren’t telling the truth about what they want to do to our city. In addition to making the Board of Supervisors smaller, they want to elect Supervisors in off-election years, when a significantly smaller number of San Franciscans vote. That means that our Supervisors, and the decisions they make, will not reflect the thinking of most San Franciscans.

Proposition I means San Franciscans won’t be well represented on the Board of Supervisors. Reducing the number of Supervisors reduces the likelihood that all San Franciscans will have a voice on the Board of Supervisors. While San Franciscans are justly proud of the diversity of our city, representation of the different groups that make up our city ethnic, minority, neighborhood and small business — would become virtually impossible.

Proposition I means city government won’t work as well. By eliminating four members of the Board of Supervisors, the crush of city business will take over, and we will see a decline in the way our city runs. Proposition I won’t make our Supervisors work full-time. Seven Supervisors just can’t run a city as large and complex as San Francisco.

Proposition I will result in chaos and instability in government. In the last ten years, San Franciscans have changed the way we elect Supervisors seven times. It’s time to give our system a chance to work, and stop the interruptions that keep the Supervisors from doing the work we elected them to do.

VOTE NO ON PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

We live in San Francisco, love the City, and want to have our
businesses prosper here. We believe that stable and representa-
tive government is essential to the continued economic health of
our City.

The current structure of the Board of Supervisors — with ele-
en members — best serves economic and civic health. The
City's finances are sound. Our economy continues to:
• grow
• provide jobs
• raise the tax revenues our government needs

Yet another attempt to alter the form and election of the Board
of Supervisors threatens this stability and prosperity.

We join the many other San Franciscans who urge you to vote
NO on this disruptive and destructive proposition.

Maurice Bernstein
William Coblenz
Jerome Adams
Timothy Tosta
Louis Giraud
Henry Berman

ARGUMENT AGAINST PROPOSITION I

It is in the city's best interest to VOTE NO on Proposition I.
Small businesses in San Francisco need a stable, representa-
tive and hard-working Board of Supervisors. But Proposition I
would throw our city government into turmoil.

By making the Board of Supervisors smaller, we would re-
duce the chance that our neighborhoods, and the small busines-
ses that serve them, will have a person to take care of our needs
in City Hall.

Make Your Vote *Truly* Count—Support The Republican Party!

Your vote is critical – but it is just one vote!

Why not make it multiply (and help your candidates win) by sending a few dollars now to the Republican Party's Victory Fund and/or volunteer a few hours of your time as we head into the November elections?

In addition to Ronald Reagan, every Republican candidate who wins in the June primary will depend heavily on us to provide the campaign services and resources they need for victory. Send us $15 or $20 now, and we'll have the funds on hand to pay for advertising, polling and get-out-the-vote mailings, and statewide organization.

Your check now means we can reach hundreds more voters, just as we have reached you. Won't you please help? Lift this flap now and show your support for the entire Republican team!
Reduce Board of Supervisors

The Board of Supervisors needs to be able to do its job without constant interruptions in the way it is elected. And it needs 11 members to have time and resources to make sure our neighborhoods’ small businesses get the city services and police protection they need.

Vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Our Board of Supervisors can only do its work for the people of the city if it is large enough and has the staff to assure that our complex city government is well run. That job requires eleven members.

The best way to get a hard-working Board, assuring that all communities receive services they need, is to leave the Board at its current size.

Everyone wants to have a Board that guarantees us good government. The way to build a strong Board is by electing the best possible people to office, not by reducing the number of members.

We urge you to vote NO on Proposition I.

ARGUMENT AGAINST PROPOSITION I

Each year, the Board of Supervisors must examine many ordinances and funding requests which effect the Hispanic community. We must look to the Board to take the care, time and effort to assure that our community needs are not ignored. Proposition I by radically reducing the number of Supervisors would mean that our needs and concerns would have less of a chance of being heard at City Hall.

We can’t afford to have a Board of Supervisors which spends less time on our community’s interests. The problems of affordable housing, transportation, police services and other community issues would take a back seat at a seven member board. Reduced members would mean that public hearings would not take place. We would have to fight twice as hard just to preserve basic services.

San Francisco needs a Board of Supervisors which represents all of our diverse communities. Proposition I rejects this diversity in favor of short-sighted, narrow political interests.

Proposition I is a bad idea for all San Franciscans, and an even worse idea for the Hispanic community. Vote NO on PROPOSITION I.

ARGUMENT AGAINST PROPOSITION I

Proposition I is a direct attack on democracy.

Through many years of hard fought election battles, the diverse segments of our community have been able to work together to elect a Board of Supervisors that reflects the character of our City. Proposition I would destroy this balance.

This proposition would create disunity where harmony now exists. Proposition I challenges the very root of American democracy, which is based on an equal and chance for all citizens to participate as elected members of our government.

The real purpose of Proposition I is to deny whole segments of our City fair representation in City Hall, and concentrate authority in the hands of a few power brokers. Proposition I would place the well-funded, special interest candidates in a better position than the community-oriented candidates, who must depend on small contributions and volunteers to get elected.

We urge all San Franciscans who care about preserving equal access to the political process to vote NO on Proposition I.

Wilton Flynn, President, Black Leadership Forum
Willie L. Brown, Speaker of the California Assembly
Supervisor Doris Ward
Supervisor Willie B. Kennedy
Dr. Zuretti L. Goosby, Member, Airports Commission
Betty Brooks, Member, Housing Authority
Dr. soda wins Wilson, Member, Board of Education
Black Leadership Forum

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
ARGUMENT AGAINST PROPOSITION I

We urge all San Franciscans to vote NO on Proposition I.

The people behind Proposition I are hiding their real purpose — to keep thousands of San Franciscans from voting for the Board of Supervisors.

Proposition I would move elections from even numbered years to odd numbered years when the electorate is significantly smaller, and less reflective of the thinking of all San Franciscans.

Proposition I will give us a Board of Supervisors less progressive in thinking, less inclined to pass important civil rights legislation and provide needed social services and community health programs.

If Proposition I passes, many different groups — women, minorities, and gays — will be left without adequate representation on the Board and without city services they deserve.

Submitted by Harvey Milk Lesbian and Gay Democratic Club
Carole Migden
President

ARGUMENT AGAINST PROPOSITION I

San Francisco is a city with a diverse population. Reducing the number of Supervisors would decrease the chances of Labor, Minorities, Women and Neighborhoods to be represented on the Board. Keep our tradition of fairness, VOTE NO on PROP "I"

Jim Wachob - President
District Eight Democratic Club

TEXT OF PROPOSED INITIATIVE CHARTER AMENDMENT

PROPOSITION I

NOTE: Additions or substitutions are indicated by bold face; deletions are indicated by strikethrough type.

1.100 Composition and Salary

The Board of supervisors shall consist of eleven-nine members elected at large. At 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. Each member of the board shall be paid a salary of $23,924 per year and each shall execute an official bond to the city and county in the sum of $5,000.

2.202 President and Committees of the Board

At 12:00 o'clock noon on January 8, 1982, the term of office of the president of the board of supervisors shall expire and said office shall be assumed by the member who received the highest number of votes at the November 4, 1980 supervisorial election. Thereafter, at 12:00 o'clock noon on the 8th day of January, 1983, and every second year thereafter, the member receiving the highest number of votes at the last preceding supervisory election shall assume the office of president of the board until 12:00 o'clock noon on January 8, 1988. At 12:00 o'clock noon on January 8, 1988, the term of office of the president of the board of supervisors shall expire and the supervisor who receives the highest number of votes at the general municipal election held in 1987 and at the election held every two years thereafter shall serve as president of the board for a two-year term commencing at 12:00 o'clock noon on January 8, 1988. When a vacancy occurs in the office of the president of the board, the supervisors shall elect one of their members as president for the unexpired portion of the term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

9.100 Elective Officers and Terms

The mayor, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, the members of the board of education, and commencing with the general election in 1980, the members of the board of supervisors, shall be elected at large by the voters of the city and county.

At the general municipal election in 1943, and at the general municipal election in every fourth year thereafter, there shall be elected a mayor, a district attorney and a sheriff, and at the general municipal election in 1945, and at the general municipal election in every fourth year thereafter, there shall be elected a city attorney and a treasurer, and at the general election in 1942, and at the general election in every fourth year thereafter there shall be elected an assessor and public defender. At a special municipal election to be consolidated with the direct primary in 1972 seven members of the board of education shall be elected at large. At the general election in 1980, eleven members of the board of supervisors shall be elected at large and at 12:00 o'clock noon on January 8, 1985, the board of supervisors shall consist of nine members elected at large and at 12:00 o'clock noon on January 8, 1987, the board of supervisors shall consist of seven members elected at large. All of the aforesaid officials, except as set forth herein, shall be elected for a term of four years, from commencement of their respective terms as herein specified.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, at the general election in 1984 there shall be elected four members of the board of supervisors to succeed those six members thereof whose respective terms of office expire on the 8th day of January, 1985. The respective term of office of the members of the board of supervisors elected at the general election in 1984, shall be for a term of three years. At the general municipal election in 1987, and every fourth year thereafter, successors to said four members of the board of supervisors shall be elected and hold office for a term of four years. At the general election in 1986 there shall be elected three members of the board of supervisors to succeed (Continued on page 63)
PROPOSITION J

Shall San Francisco adopt an ordinance providing for the collection of costs of incarceration in a county jail or other local detention facility from a defendant whom the Court finds financially able to pay?

YES 249

NO 250

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: State law says that when someone serves time in a county jail after conviction of a crime, the court may order the person to pay all or part of what it costs to keep him in jail, depending on his ability to pay. This law does not apply locally, however, unless a local ordinance is adopted. San Francisco has not adopted this ordinance.

THE PROPOSAL: Proposition J would adopt an ordinance to put this state law into effect in San Francisco. The ordinance puts the Director of the Adult Probation Department in charge of setting up and administering the program in the county.

A YES VOTE MEANS: If you vote yes, you want the court to be able to order someone who has been convicted of a crime to pay all or part of the costs of his stay in a county jail, if the person has the financial ability to pay.

A NO VOTE MEANS: If you vote no, you don’t want the court to be able to order someone convicted of a crime to pay all or part of the costs of his stay in the county jail.

How “J” Got on Ballot

On September 20, Registrar of Voters Jay Patterson certified that the initiative petition calling for prisoners to reimburse the City for the cost of incarceration had a sufficient number of signatures to be placed on the ballot.

Quentin Kopp, the proponent of the petition, had gathered 12,400 signatures which he turned in to the Registrar on September 7.

A random check of the signatures showed that 11,620 of the signatures were valid. This is more than the 9,679 signatures needed to qualify an initiative ordinance for the ballot.

Controller’s Statement on “J”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

“Should the proposed Initiative Ordinance be adopted, in my opinion, there could be an increase in revenues, the amount of which, being dependent on each inmate’s ability to pay, cannot be determined at this time.”

THE LEGAL TEXT OF PROPOSITION J APPEARS ON PAGE 53

YOUR POLLING PLACE LOCATION IS ON THE ADDRESS LABEL ON THE BACK COVER
ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Many people who are convicted of misdemeanors and are serving time in the county jail can afford to repay the taxpayers of San Francisco for what it costs to confine them at our expense. Sure, some people are unable to pay, and shouldn’t have to pay, but there are many others who can.

VOTE YES ON PROPOSITION J

There is no reason why law-abiding citizens should put up with the hazards of drunk drivers, and then have to pay for their time in jail when they themselves can afford to pay. Other counties in California have passed such a law after the legislature in 1982 gave counties the power to do so, including Alameda and Los Angeles — and it’s working! As the author of this initiative, I respectfully urge you to vote YES on Proposition J — Let’s put this sensible law into action in San Francisco.

Supervisor Quentin L. Kopp

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Each year, it costs the taxpayers of San Francisco $22,000,000 to keep convicted criminals in the county jail. While many of them cannot afford to pay the $47,000 a night the Sheriff certifies it costs to be there, some convicts can. Proposition J will allow San Francisco to charge convicted prisoners what it costs to keep them in jail when a judge decides they’re able to pay.

Even if the plan doesn’t result in a lot of money, it makes an important point. Convicted lawbreakers should help pay the costs instead of making taxpayers pay their penalties.

VOTE YES ON PROPOSITION J.

Cheryl Arenson

ARGUMENT IN FAVOR OF PROPOSITION J

In 1982, the California Legislature authorized every county in California to adopt an ordinance requiring county jail prisoners who are financially able to do so to reimburse taxpayers for the cost of confinement. Prisoners who can’t afford to would be exempt from paying. People convicted of misdemeanors, like drunk driving and other charges, who have the financial capacity to pay, should reimburse the taxpayer.

Over 15,000 San Francisco voters had to sign initiative petitions to secure enactment of a law which other major counties in California have adopted by single vote of their Board of Supervisors. San Francisco’s Board of Supervisors had to be different, however. Our Board of Supervisors refused to enact such a law because Supervisors Britt, Hongisto, Kennedy, Maher, Renne, Silver, Walker and Ward voted against it.

VOTE YES ON PROPOSITION J.

It is unfair for taxpayers to bear the burden of incarceration costs for prisoners who are capable financially.

John Barbagelata
Donald W. Boden
Daniel G. Gillham
Oscar Sutro

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would allow San Francisco to recover the costs of housing prisoners. The decision to determine if a prisoner can pay, and how much, would be left to the judge as part of sentencing.

Some people argue that most prisoners are poor and the amount of money raised by such a program would be insignificant. Proposition J would not require people who do not have the money, to pay. But business and professional people who drink and drive, or commit other crimes, will find that they must pay San Franciscans for their wrongdoing.

As much as $100,000 a year could be generated by charging prisoners room and board. And while this may seem like a small amount compared to the entire cost of running a jail, it could free scarce city funds for other services, like parks, libraries, repair of potholes and more police.

VOTE YES ON PROPOSITION J.

Arthur B. Uland
Angela Barbagelata
Wallace A. Myers
Madyline A. Case
Jail Cost Reimbursement

ARGUMENT IN FAVOR OF PROPOSITION J

VOTE YES ON PROPOSITION J

Proposition J would require people convicted of crimes to pay for all or part of the costs of their incarceration based on their ability to do so. Taxpayers can’t be expected to go picking up tab after tab.

VOTE YES ON PROPOSITION J

People of means who can well afford to pay for their time in jail are being convicted for drunk driving, white collar and other types of crimes. The average cost to taxpayers for someone in the county jail is $47,000 per day. It’s only logical that financially able people pay for their own keep when they’re convicted of crimes and not make taxpayers foot the bill.

TEXT OF PROPOSED INITIATIVE ORDINANCE
PROPOSITION J

NOTE: All sections are new.

AMENDING ARTICLE V, CHAPTER 10, OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 10.39-2 THERETO TO PROVIDE FOR THE COLLECTION OF COSTS OF INCARCERATION IN A COUNTY JAIL OR OTHER LOCAL DETENTION FACILITY.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article V, Chapter 10, of the San Francisco Administrative Code is hereby amended by adding Section 10.39-2 thereto, reading as follows:

Sec. 10.39-2 Director of Adult Probation Department to Recover Costs of Incarceration.

The director of the adult probation department is designated as the county officer of San Francisco responsible for collection of monies ordered by the courts pursuant to Section 1203.1c of the California Penal Code, and shall make inquiry into the ability of the defendant to pay all or a portion of the costs of incarceration, develop a scale for determining a defendant’s ability to pay such costs, develop payment schedules, receive payments, and deposit into the general fund through the county treasurer any funds determined by a court to be the amounts to be reimbursed by such defendant to the county in a manner in which the court believes reasonable and compatible with the defendant’s financial ability.

The director of the adult probation department shall base the costs of incarceration, including costs of booking, upon a determination made by the Sheriff and approved by the controller, to be reviewed annually by the board of supervisors, of the average per-day costs of incarceration in the county jail or other local detention facility. The board of supervisors may adopt such further legislation as is necessary to effectuate the purpose of this ordinance, but not to repeal the collection of monies pursuant to Section 1203.1c of the California Penal Code.

PROPOSITION K

Shall an ordinance be adopted prohibiting building permits for certain structures which will cast a substantial shadow on Recreation and Park Department property, except on prior approval of the City Planning Commission pursuant to the ordinance, with certain exceptions?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City Planning Commission sometimes asks a developer to modify plans for a building if it blocks the sunlight in recreational areas like parks and playgrounds. But no permanent standards exist for this now.

THE PROPOSAL: Proposition K says the City Planning Commission may not approve any building project which causes significant shading of recreational areas like parks and playgrounds. Exceptions would include certain projects in progress, buildings less than 40 feet high, buildings constructed for recreational or park-related purposes, or buildings which only cause shade during the first hour after sunrise and/or the last hour before sunset. Also, any building already constructed when this ordinance goes into effect could be rebuilt to the same height in the same location, if the need arises.

A YES VOTE MEANS: If you vote yes, you want to require the City Planning Commission to reject any building project which causes significant shading of a park or playground.

A NO VOTE MEANS: If you vote no, you do not want the City Planning Commission to set up these permanent standards for shading of recreational areas.

Controller’s Statement on “K”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K: “Should the proposed Ordinance be adopted, in my opinion, it should have no impact on the cost of government. However, as a result of its possible future application certain costs may be incurred, the amount of which can not be determined at this time.”

How “K” Got on Ballot

On March 14, an ordinance signed by several supervisors was delivered to the Registrar of Voters with instructions that it be placed on the ballot. A copy of that ordinance appears at the end of this pamphlet.

The City Charter allows four or more supervisors to submit an ordinance to the voters by signing their names to it and delivering it to the Registrar. Ordinances submitted in this manner need not go through the legislative process.

The Park Shadowing Ordinance was signed by Supervisors Nancy Walker, John Molinari, Carol Ruth Silver, Doris Ward, Willie Kennedy, Harry Britt, Louise Renne and Bill Maher.

THE TEXT OF PROPOSITION K APPEARS ON PAGE 63
Preserve sunlight in the parks; vote YES on Proposition "K". Support Proposition "K".

San Francisco is a beautiful City. It was built with care by people with foresight and concern, with an appreciation of human needs.

This tradition has been carried on in the repair of the cable cars, the restoration of Golden Gate Park, the passage of Proposition "J" to acquire and maintain adequate open space, and in overwhelmingly passing a Charter amendment to protect playgrounds and parks from sale without public consent.

We have dealt with the need to maintain ownership of our open spaces, but we need to protect the public's right to enjoy those spaces. There was recently a major battle over sunlight in Chinese Playground. Now there are problems at other parks, including Union Square, Portsmouth Square and several others.

No one goes to the park to sit in the shade and get windburn. To take the sunlight out of our parks in shortsighted environmental vandalism. Dark parks are dead parks.

Support our parks! Support our heritage! Support Proposition "K". Vote YES on Proposition "K".

Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION K

VOTE "YES" ON PROPOSITION K!

A "YES" vote on Proposition K is a vote for sunshine. Pure and simple. It will assure that the precious legacy of this City's green parks and open spaces is handed on to our children.

The measure would establish an ordinance outlawing all structures over 40 feet in height which cast shade on City parks and all Recreation and Park Commission property during any but the first and last hours of the day.

Our park space should be protected for all our children, seniors, those who enjoy spending their lunch hours in our downtown public squares and all who enjoy our parks.

I urge all voters to join me in keeping our parks and public squares warm and bright.

John L. Molinari
Supervisor

ARGUMENT IN FAVOR OF PROPOSITION K

San Francisco's Recreation and Park facilities are the "lungs" of the City. Protect these valuable properties from chilling shadows. Vote "YES" on Proposition K.

ARGUMENT IN FAVOR OF PROPOSITION K

If we let some developer completely shadow and thereby ruin this existing Chinatown playground, practical "common sense" politics dictates that the taxpayers will inevitably be obliged to buy and build some additional new playgrounds nearby at a cost of millions! Let's save the taxpayers some money right now, and let the sun continue to shine on our most important product!

CHILDREN! VOTE YES!

ARGUMENT IN FAVOR OF PROPOSITION K

Save Our Playgrounds!!! Vote YES on Proposition "K".

Dr. Terence Faulkner Republican Central Committee

ARGUMENT AGAINST PROPOSITION K

Our city’s parks and playgrounds are among our most precious possessions, oases in a busy city. We must preserve and protect them. However, Proposition K is not the best way to protect our parks from shadows cast by tall buildings. Sunlight in parks is not the only issue facing San Francisco — other concerns, such as jobs, affordable housing, better and more parks and playgrounds should have at least equal footing in building permit decisions. Proposition K would rob our planning process of needed flexibility and cast into law a rigid formula which will not necessarily be the best thing for our parks or the people who use them. Proposition K could not be changed except by another vote of the electorate, which makes it doubly inflexible.

In public testimony both the City Planning Director and the Recreation and Parks General Manager stated that they would prefer a situation which would allow them maximum flexibility in dealing with sunlight in parks as well as other factors affecting our urban environment.

Let’s approach the park shadowing problem with a city planning code amendment that would allow city officials to negotiate the best possible deal for the parks — and the people — of San Francisco. It’s entirely within our power to stop skyscrapers from spoiling our sunny parks and playgrounds. Let’s do it in the most intelligent, advantageous way possible.

Vote No on Proposition K.

Supervisor Richard Hongisto

ARGUMENT AGAINST PROPOSITION K

I grew up in San Francisco; my children are growing up here. All of us love San Francisco’s many parks and open spaces — and we certainly want them to have adequate sunlight. However, Proposition K is not the way to achieve this goal.

Proposition K is bad policy because:

1. Proposition K could prevent construction of apartments and other buildings many blocks away from a park because during morning and evening hours even a four-story apartment building will cast long shadows. Proposition K means less housing, fewer jobs and less economic growth for San Francisco.

2. Proposition K would hobble creation of new parks, since neighboring property owners would fight to avoid its restrictions.

3. Proposition K mainly benefits a few downtown parks, some of which are used only by office workers for a few hours on weekdays. But Proposition K will cost San Francisco residents millions of dollars, because property owners whose property is taken by Proposition K will sue the City and recover for their loss. Money that should be devoted to vital City services, including maintenance and improvement of parks throughout the City, adding new parks and playgrounds in our residential areas, and repairing the potholes in our streets, will vanish under a tide of litigation. Our entire City surplus of more than $100 million could evaporate under this burden, so thoughtlessly imposed by advocates of Proposition K. The hard-earned tax dollars of San Franciscans should not be squandered in this way.

4. Proposition K elevates sunlight in parks above all other social and economic issues. This is not sound policy. San Francisco has many problems — affordable housing, sufficient jobs, minority advancement, to name a few. In deciding whether new residential or other buildings should be built, these concerns, as well as sunlight in parks, should be taken into account. Proposition K is inflexible and cannot be changed without another vote of the people. Its many faults will be very difficult to correct.

Please vote "NO" on Proposition K.

Wendy Nelder
President
San Francisco Board of Supervisors

ARGUMENT AGAINST PROPOSITION K

VOTE NO ON PROPOSITION K

This is a well-intended measure. However, it is the wrong means to achieve a laudable end. The undersigned supports the end, but not the means, which are counter-productive. First, in the opinion of the City Planning Director, this measure will preclude negotiation with property owners to add sunlight to city parks. An initiative ordinance is inflexible, unlike a regular planning ordinance which is adopted only after adequate, open, public hearing before the Planning Commission and the Board of Supervisors, after proper public notification. If future prob-
Park Shadow Ban

As an initiative ordinance (by Supervisors, not by voter signatures, incidentally) Proposition K sidesteps public hearings and freezes planning requirements into formula.

I pledge support to a regular planning ordinance to enhance sunlight in City parks which is now almost ready for enactment, not something which shuts out the public and can have an opposite effect than that which is intended.

Let's do it right — Vote NO on K.

Supervisor Quentin L. Copp

ARGUMENT AGAINST PROPOSITION K

The Downtown Plan's innovative sunlight preservation regulations are nationally recognized. These regulations have not been incorporated in Proposition K, a poorly analyzed and technically flawed proposition. Vote NO on Proposition K.

Proposition K is a well intentioned but badly written law which opposes and conflicts with critical urban and building design portions of the Downtown Plan.

Without a shadow of a doubt, Proposition K is faulty public policy. Show your support for strong and responsible sunlight preservation rules by voting NO on Proposition K.

John H. Jacobs
San Francisco Chamber of Commerce

ARGUMENT AGAINST PROPOSITION K

Proposition K is unnecessary, inconsistent and confusing.

This ill-conceived measure would allow, indeed encourage, the development of a 39-foot building that will completely shade a children's playground — all day. At the same time, Proposition K would not permit construction of a four-story apartment building a full block away from a park and recreation gymnasium if it casts even a partial shadow on the gymnasium for only 3 hours a day, a few days during the year. In a city facing a major rental housing crisis, Proposition K is a ridiculous idea. Vote NO on K.

If the objectives of Proposition K were included in the city planning code where they belong, we would not have conflicts between sunlight and jobs, sunlight and housing, sunlight and city revenues, sunlight and parks. Vote NO on K.

San Francisco Coalition of Business and Labor
Lex Byers
Executive Director

NOTE: The entire section is new.

8.407-1 Prevailing Fringe Benefits and Working Conditions
(a) Notwithstanding the provisions of charter section 8.401, 8.403, 8.404, 8.405, 8.407 or any other section of this charter, except sections 8.345 and 8.346, the board of supervisors by ordinance may grant to persons employed by the City and County of San Francisco fringe benefits or working conditions of any nature, except wages and retirement allowances, if such benefits or working conditions are substantially comparable to those provided to not less than 50% of the employees in the applicable civil service classifications or positions in the jurisdictions covered by the salary survey which the civil service commission conducts pursuant to charter section 8.407 and to subsection (b) hereof.

(b) The civil service commission shall conduct a survey of benefits and working conditions for persons employed by the City and County of San Francisco whose salaries are not set pursuant to section 8.407, which is comparable to the survey conducted pursuant to section 8.407. The board of supervisors by ordinance may grant fringe benefits and working conditions to such persons under the same conditions as specified in subsection (a) for employees covered under section 8.407.

(c) Fringe benefits or working conditions granted by ordinance of the board of supervisors pursuant to this section shall become effective at the beginning of the next succeeding fiscal year if adopted on or before April 1st of any year.

NOTE: Additions or substitutions are indicated by bold-face; deletions are indicated by strike-out type.

8.451 Police Department

(a) The word "member" or "members" as used in this section shall mean the members in the police department set forth in section 3.531 of this charter.

(b) The basic week of service for each member shall be forty hours and the annual compensation set forth in section 3.531 of this charter shall be based upon said basic week of service.

(c) Each member shall be entitled to at least two days off during each week, except as hereinafter provided.

(d) Whenever in the judgement of the chief of police public interest or necessity requires the services of any member to serve in excess of the basic week of service during any week, the chief of police may permit said service, and said member shall be compensated therefor or shall receive equivalent time credited to him in lieu thereof in accordance with this sub-section. For service performed in excess of the basic week, member shall, as requested by the member, be compensated on the basis of time and one-half in accordance with the ratio which said excess service bears to the basic week of service and the annual compensation provided therefor in section 3.531 or in lieu thereof equivalent time off duty with pay at the rate of time and one-half.

(e) Nothing contained in this section shall be deemed to interfere with a vacation, as provided for in section 8.440 of this charter, or the normal days off per week; provided, however, that when in the judgement of the chief of police public interest or necessity requires the services of any member to serve on his vacation, or part thereof, or normal days off, and he shall receive additional compensation for the period so served. Said additional compensation shall be computed on the basis of time and one-half in accordance with the ratio which said extra service performed bears to the basic week of service and the annual compensation provided therefor in section 3.531.

(f) Nothing in this section shall abridge or limit in any way the provisions of section 301, Part I of the San Francisco Municipal Code, approving rule 32 of the civil service commission, insofar as sick leave and disability leave for members are concerned.

(g) Whenever in the judgement of the police commission the efficient performance of police duty requires that one or more members of the police department should report for roll call, orders, and assignments, prior to going on duty, the said commission may designate a period not to exceed fifteen minutes in any one day for said reporting, and the said periods of fifteen minutes need not be compensated for in money or in time off with pay.

(h) Notwithstanding the provisions of any of the foregoing sub-sections, the members of the police department shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the board of supervisors pursuant to the provisions of section 8.401 of the charter as additional days off with pay. Members shall be compensated on the basis of time and one-half as herein computed or shall be granted equivalent time off duty with pay at the rate of time and one-half as requested by the member.

(i) The provisions of this section changing compensation for service in excess of the basic week of service from straight time compensation and equivalent time off duty with pay to time and one-half for compensation and for time off duty with pay shall be effective on and after July 1, 1983.

(j) Any member who actually performs services between the hours of 5:00 p.m. and 7:00 a.m. shall be entitled to an additional 6.25% of the compensation otherwise payable for base pay therefor for all such hours worked; provided, however, that such additional compensation shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the board of supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in section 166 of the charter of 1932, as amended, and, with the addition of $15.00 per month now provided in subsection (b) with respect to members assigned to two-wheel motorcycle traffic duty, shall also mean "compensation earmable" as used in section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the City and County of San Francisco,
to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by section 8.361 of this charter, shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the chief of police, the commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the board of supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the city or in any police department of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission's survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the board of supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rates of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. "Average wage" as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than $15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the board of supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the board of supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation", as used in subsections (c) and (d) of this section shall mean "salary attached to the rank" as used in section 169 of the charter of 1932, as amended and "compensation earnable" as used in section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stalkers, tillermen, truckmen, or hosemen, in the San Francisco fire department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave of absence, as defined by section 8.361 of this charter shall be reckoned a part of his service under the city and county, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form or amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent above the compensation established for the rank of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent above the compensation established for the rank of chief's operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen, or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th of August the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the board of supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the civil service commission shall determine and certify to the board of supervisors the
percentage of increase or decrease in the cost of living during the twelve-month period ending March 31st of that same year as shown by the Consumer Price Index, All Items San Francisco, and the percentage of increase or decrease in the cost of living during the same period as shown by the Consumer Price Index, All Items, in the cities included in the certified report of said commission. The Consumer Price Index referred to herein is defined as that certain index issued by the U.S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. In the event the U.S. Bureau of Labor Statistics discontinues the compilation and publication of said indexes, the board of supervisors shall have the power, and it shall be its duty, to appoint a statistical fact finding committee to determine the same data pursuant to the methods theretofore used by the U.S. Bureau of Labor Statistics. The cost of living adjustments as hereinafter provided shall be based upon the percentage of such increases or decreases. The board of supervisors may, in addition to the rates of compensation as established herein, and at the same time said rates of compensation are established, increase said rates of compensation by an amount equal to the difference between the average cost of living increase of the cities included in the certified report of the civil service commission and the actual cost of living increase for San Francisco. In the event the board of supervisors elects not to grant such cost of living increase in any year in which any such increase might be granted, the board of supervisors shall, upon written request filed with the clerk of the board of supervisors not later than the 10th day of September of said year by representatives of the uniformed members of the police and fire departments, as designated by the police and fire commissions, respectively, submit the question of said cost of living increase to the qualified electors of the city and county at the next succeeding citywide election. In the event said cost of living increase is approved by a majority of the qualified electors voting thereon, said cost of living increase shall be effective as of the first day of the then current fiscal year.

(g) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department employed before July 1, 1976, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of any new compensation schedules, and the rates for fiscal year 1975-76 shall continue until such time as the new schedules equal or exceed the current salary increment schedules, provided, however, that such time shall not be extended beyond June 30, 1982, and provided further that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(h) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(i) Notwithstanding the provisions of any of the foregoing sub-sections, members of the fire department employed in the entry rank thereof (H-2) who have completed specified years of satisfactory service shall be entitled to additional compensation as herein provided.

Service shall not qualify as "satisfactory" if the member has been suspended or otherwise disciplined pursuant to the authority granted in section 8.343 during the five year period immediately preceding initial qualification for the additional compensation provided for herein. Any member who shall be so suspended or otherwise disciplined while receiving such additional compensation shall cease to be entitled thereto for a period of two years from the date of decision by the chief of department or the fire commission as appropriate.

Additional compensation as herein provided shall not be included for purposes of retirement benefit calculation or contributions provided elsewhere in this charter.

In determining the years of service necessary to qualify for additional compensation as provided herein, service rendered prior to the effective date of this section as amended shall be given full credit and allowed.

1. Upon the completion of ten and until the completion of fifteen years of aggregate service, an amount equal to 2 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

2. Upon the completion of fifteen and until the completion of twenty years of aggregate service, an amount equal to 5 percent above the rates of compensation as defined and provided for this section shall be paid;

3. Upon the completion of twenty years of aggregate service, an amount equal to 7 1/2 percent above the rates of compensation as defined and provided for this section shall be paid;

The provisions of this sub-section shall become effective in the manner provided by law, but in no event prior to July 1, 1984. Thereafter entitlement to additional compensation as herein provided shall commence with the beginning of the pay period immediately following the completion of the prescribed periods of service.

PROPOSITION E, CONTINUED FROM PAGE 37

ties owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds heretofore issued by the city and county for Hetch Hetchy purposes; (5) reacquisition and replacement as determined by the commission or as required by any Hetch Hetchy revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement, of new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient for the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.313 Hetch Hetchy Revenue Bonds

(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue Hetch Hetchy revenue bonds for the purpose of acquiring, financing, constructing, improving or developing water facilities or electric power facilities or combinations of water and electric power facilities under its Hetch Hetchy project, under such terms and conditions as the commissioner may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the proviso of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the Hetch Hetchy project or from water and power facilities operated or controlled by it.

(c) Hetch Hetchy revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing Hetch Hetchy water facilities or electric power facilities or combinations of water and electric power facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
principal, interest, reserve, sinking fund, and other mandatory funds created to secure revenue bonds hereafter issued by the commission for the acquisition, construction or extension of water department or related facilities owned, operated or controlled by the commission; (4) the payment of principal and interest on general obligation bonds herefore or hereafter issued by the city and county for water department purposes; (5) reconstruction and replacement as determined by the commission or as required by any water department revenue bond ordinance duly adopted and approved; (6) the acquisition of land, real property or interest in real property for, and the acquisition, construction, enlargement and improvement of, new and existing buildings, structures, facilities, equipment, appliances and other property necessary or convenient to the development or improvement of such utility owned, controlled or operated by the commission; and for any other lawful purpose of the commission including the transfer of surplus funds pursuant to section 6.407 (e).

7.312 Water Department Revenue Bonds
(a) Subject to the approval, amendment or rejection of the board of supervisors in each instance, the public utilities commission shall have authority to issue revenue bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the water department, under such terms and conditions as the commission may authorize by appropriate resolution. Such revenue bonds shall be issued in accordance with the Revenue Bond Law of 1941 as it read, including amendments, on June 5, 1984, except that the provisions of said Revenue Bond Law set forth in sections 54380 through 54388, inclusive, of the government code shall not apply to the issuance and sale of such revenue bonds.

(b) Revenue bonds issued pursuant to this section shall bear a rate of interest not to exceed that which may be fixed and prescribed by the public utilities commission subject to the approval or rejection of the board of supervisors without regard to the limitations contained in the Revenue Bond Law of 1941. The bonds issued by the commission pursuant to the provisions of this section shall not constitute nor evidence any indebtedness of the city and county but shall constitute and evidence only indebtedness of the said commission payable solely out of revenues received by the commission from the water department or water department facilities operated or controlled by it.

(c) Water department revenue bonds issued for such purposes pursuant to this section shall not be included in the bonded debt limit provided for in section 6.401. Nothing in this section shall prevent the city and county from issuing general obligation bonds for the purpose of acquiring, constructing, financing, improving or developing water facilities under the commission's jurisdiction, subject to the bond issue procedure provided for in this charter.

(d) The issuance of revenue bonds under this section shall be subject to the revenue bond voter approval requirements of section 7.300, except that voter approval shall not be required for revenue bond issues for reconstruction and replacement of existing facilities, when authorized by resolution adopted by a three-fourths affirmative vote of all the members of the board of supervisors.
The chief administrative officer may designate the recorder to exercise the powers and perform the duties of the registrar of votes and to occupy the office of registrar of votes and recorder, receiving a single salary therefor to be fixed in accordance with the salary standardization provisions of this chapter. The recorder shall be separate officer of the City and County of San Francisco.

The chief administrative officer shall appoint his executive assistant who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter; provided, however, that any person who has civil service status to the position of executive assistant on the date of approval of this amendment by the electorate shall continue to have civil service status to said position under the civil service provisions of this charter.

The chief administrative officer shall appoint a confidential secretary who shall serve at his pleasure, and which position shall not be subject to the civil service provisions of this charter.

PROPOSITION I, CONTINUED FROM PAGE 50

those five members thereof of whose respective terms of office expire on the 8th day of January, 1987. The respective term of office of the members of the board of supervisors elected at the general election in 1986, shall be for a term of three years. At the general municipal election in 1989, and in every fourth year thereafter, successors to said three members of the board of supervisors shall be elected and hold office for a term of four years.

Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the 8th day of January, 1981, shall expire at twelve o'clock noon on said date and the eleven persons elected as members of the board of supervisors at the general election in 1980 shall succeed to said offices on said 8th day of January 1981. The respective terms of office of the members of the board of supervisors elected at the general election in 1980 shall be as follows: the first six members receiving the highest number of votes respectively at said election shall hold office for a term of four years, the five members receiving the next highest number of votes respectively at said election shall hold office for a term of two years. Thereafter, the term of each member elected to the board of supervisors shall be four years from the commencement of his term as herein specified.

At the general election in 1982 there shall be elected five members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1983, and at the general election in each fourth year after 1982, the successors to said five members of the board of supervisors shall be elected; and at the general election in 1984, there shall be elected six members of the board of supervisors to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1985; and at the general election in each fourth year after 1984, the successors to said six members of the board of supervisors shall be elected.

The respective terms of the members of the board of education who shall hold office on the 8th day of August, 1972, shall expire at twelve o'clock noon on said date, and the persons elected as members of the board of education at a special municipal election to be consolidated with the direct primary in 1972 shall succeed to said offices at twelve o'clock noon on said 8th day of August, 1972. The respective terms of office of the members of the board of education elected at a special municipal election to be consolidated with the direct primary in 1972, shall be as follows: The four members receiving the highest number of votes respectively at said election shall hold office for a term consisting of the period of time from the 8th day of January, 1975. Thereafter, the term of each member elected to the board of education shall be four years from the commencement of his term as herein specified.

At the general election in 1974 there shall be elected three members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1975, and at the general election in each fourth year after 1974, the successors to said three members of the board of education shall be elected, and at the general election in 1976 there shall be elected four members of the board of education to succeed those members thereof of whose respective terms of office expire on the 8th day of January, 1977, and at the general election in each fourth year after 1976, the successors to said four members of the board of education shall be elected. Except as set forth herein, all terms of office of elective officials shall commence at twelve o'clock noon on the 8th day of January following the date of their election.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

NOTE: This section is entirely new.

Be it ordained by the people of San Francisco:

No building permit authorizing the construction of any structure that will cast any shade or shadow upon any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission may be issued except upon prior action of the City Planning Commission pursuant to the provisions of this ordinance; provided, however, that the provisions of this ordinance shall not apply to building permits authorizing structures which do not exceed 40 feet in height; structures which cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission only during the first hour after sunrise and/or the last hour before sunset; structures to be constructed on property under the jurisdiction of the Recreation and Park Commission for recreational and park-related purposes; structures of the same height and in the same location as structures in place on June 6, 1984; projects for which a building permit application has been filed and either (i) a public hearing has been held prior to March 5, 1984 on a draft environmental impact report published by the Department of City Planning, or (ii) a Negative Declaration has been published by the Department of City Planning prior to the date of adoption of this initiative ordinance; or projects for which a building permit application and an application for environmental evaluation have been filed prior to March 5, 1984 and which involve physical integration of new construction with rehabilitation of a building designated as historic either by the San Francisco Board of Supervisors as a historic landmark or by the State Historic Preservation Office as a State Historic Landmark, or placed by the United States Department of the Interior on the National Register of Historic Places and which are located on sites that, but for separation by a street or alley, are adjacent to such historic building. The City Planning Commission shall conduct a hearing and shall disapprove the issuance of any building permit governed by the provisions of this ordinance if it finds that the proposed project will have any adverse impact on the use of the property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because of the shading or shadowing that it will cause, unless it is determined that the impact would be insignificant. The City Planning Commission shall not make the determination required by the provisions of this subsection until the general manager of the Recreation and Park Department in consultation with the Recreation and Park Commission has had an opportunity to review and comment to the City Planning Commission upon the proposed project. The City Planning Commission and the Recreation and Park Commission, after a joint meeting, shall adopt criteria for the implementation of the provisions of this ordinance. The zoning administrator shall determine which applications for building permits propose structures which will cast a shade or shadow upon property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission. As used in this subsection, "property designated for acquisition by the Recreation and Park Commission" shall mean property which a majority of each of the Recreation and Park Commission and the City Planning Commission meeting jointly, with the concurrence of the Board of Supervisors, have recommended for acquisition from the open space acquisition and park renovation fund which property is to be placed under the jurisdiction of the Recreation and Park Commission. The provisions of this ordinance shall also be incorporated into the City Planning Code.

TEXT OF PROPOSED ORDINANCE

PROPOSITION K
Application for absentee ballot appears next to Page 48

Application para papeleta de votante ausente aparece en la Pagina 48

POLL WORKERS NEEDED

Election day workers are needed at the polls in most San Francisco Neighborhoods, Bilingual citizens are particularly encouraged to apply.

WHEELCHAIR ACCESSIBILITY:

The "yes" or "no" on the second line of your address label indicates whether or not your polling place is wheelchair accessible.

This evaluation takes into account architectural barriers only. Geographical barriers you may encounter enroute to the polls have not been considered.

CREDITS

The analyses of the ballot measures which appear in this publication were prepared by the San Francisco Ballot Simplification Committee, a non-partisan group appointed by the Mayor and the Board of Supervisors. The members of the Committee are Dick Robertson (Chair), Suzanne Guyette, Roberta Borganova, Stephanie Salter and Susan Kwok. They were assisted by Thomas Toomey of the City Attorney's Office.
YOUR RIGHTS AS A VOTER
By Ballot Simplification Committee

Q—Who can vote?
A—You can vote at this election only if you registered to vote by May 7, 1984.

Q—Who can register to vote?
A—You can register to vote if you:
• are a U.S. citizen.
• are at least 18 years of age on election day.
• are a resident of California, and
• are not imprisoned or on parole for the conviction of a felony.

Q—How do I register?
A—Phone the Registrar of Voters at 558-2232

Q—Do I have to belong to a political party?
A—Only if you want to. If you don’t want to tell what political party you consider yours, you can say “Independent” or “I don’t want to tell."

Q—If I have picked a party, can I change it later?
A—Yes, but you must go and sign up again.

Q—Once I have signed up, do I have to do it again?
A—Only if you have moved.

Q—If I have been convicted of a felony, can I sign up to vote?
A—Yes, if you have served your sentence and parole.

Q—What candidates will voters be choosing at this election?
A—President, Congress, State Legislature and County Committee.

Q—Where do I go to vote?
A—Your voting place is printed above your name and address sent with this Voters’ Pamphlet (back cover).

Q—If I don’t know what to do when I get to my voting place, if there someone there to help me?
A—Yes. The workers at the voting place will help you. If they can’t help you, call 558-3061.

Q—When do I vote?
A—The election will be Tuesday, June 5, 1984. Your voting place is open from 7 A.M. to 8 P.M. that day.

Q—What do I do if my voting place is not open?
A—Call 558-3061.

Q—Can I take my sample ballot into the voting booth even if I’ve written on it?
A—Yes. Writing on your sample ballot will aid you in voting and will eliminate long lines at the polls.

Q—Can I vote for someone whose name is not on the ballot?
A—Yes. This is called a “write-in.” If you want to and don’t know how, ask one of the workers to help you. The poll workers will have a list of eligible write-ins.

Q—What do I do if I cannot work the voting machine?
A—Ask the workers and they will help you.

Q—Can a worker at the voting place ask me to take any test?
A—No.

Q—Is there any way to vote besides going to the polls on election day?
A—Yes. You can vote early by:
• Going to the Registrar of Voters office in City Hall and voting there or
• mailing in the application sent with this voters’ handbook (see the enclosed card).

Q—What can I do if I do not have an application form?
A—You can send a letter or postcard asking for an absentee ballot. This letter or postcard should be sent to the Registrar of Voters, City Hall, San Francisco 94102.

Q—What do I say when I ask for an absentee ballot?
A—You must write:
• your address when you signed up to vote,
• the address where you want the ballot mailed,
• then sign your name, and also clearly print your name underneath.

Q—When do I mail my absentee ballot back to the Registrar of Voters?
A—You should mail your absentee ballot back to the Registrar of Voters as soon as possible. You must be sure your absentee ballot gets to the Registrar of Voters by 8 P.M. on election day, June 5, 1984.

IF YOU HAVE OTHER QUESTIONS ON VOTING CALL THE REGISTRAR OF VOTERS
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—if you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLL—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as “Permanent Absentee Voters”. A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
"WITH SO MUCH VOTER APATHY, I LIKE TO THINK OF IT AS GETTING OUT THE VOTE..."

(Reprinted by permission of the *San Francisco Chronicle*.)

Fortunately, the type of activity depicted above rarely occurs in California elections. To help keep it that way, please report to the Registrar, in writing, any unlawful election activity you may be aware of.
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

STEP 1

Insert the Ballot Card All the Way into the Votomatic.

Using both hands, insert the ballot card all the way into the "Votomatic."

A 第一步

請雙手將選票插入自動投票機選票插孔處。

STEP 2

Be Sure the Two Slots in the Stub of Your Card Fit Down over the Two Red Pins.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coincidan con las dos cabecitas rojas.

B 第二步

請切記將選票插入時，票尾之二孔，契合於二紅點之上。

STEP 3

Hold Punch Vertical (Straight Up). Punch Straight Down Through the Ballot Card to Indicate Your Choice. Do Not Use Pen or Pencil.

Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步

請把選票之選舉針，由小孔內垂直插入打孔投票。

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步

投票選舉之後，把選票取出，放入空封袋內，票尾凸出在外。

在封袋上，有空白格預備為投票人應用。
PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE ATTACHED TO VOTE RECORDER; NEVER WITH PEN OR PENCIL.

INSTRUCTIONS TO VOTERS:

To vote for any candidate of your selection, punch the ballot card in the hole at the point of the arrow opposite that candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card in the hole at the point of the arrow opposite the names of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, write the title of the office and the person's name in the blank space provided for that purpose on the Write-In Ballot Envelope.

To vote on any measure, punch the ballot card in the hole at the point of the arrow after the "YES" or after the word "NO".

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear, or deface the ballot card, or tear or deface the Write-In Ballot Envelope, return it to the precinct board member and obtain another.

PERFORE LA TARETA DE VOTO ÚNICAMENTE CON EL PICADOR ATADO EN LA CUERDA AL REGISTRADOR; NO USE PLUMA NI LAPIZ.

INSTRUCCIONES A LOS VOTANTES:

Para votar por candidato de su selección, perfora la balota en el círculo que señala la flecha opuesta al nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo cargo, perfora la balota en el círculo que señala la flecha opuesta de los nombres de todos los candidatos para el cargo por quienes usted desea votar, sin exceder al número de candidatos que ha de ser elegido.

Para votar por un candidato (write-in) calificado, escriba el título del cargo y el nombre de la persona en los espacios en blanco provistos para este fin en el Sobre de la Balota.

Para votar sobre cualquier medida, perfora la balota en el círculo que señala la flecha después de la palabra "SÍ" o después de la palabra "NO".

Todas las marcas o borradoras están prohibidas e invalidan el voto. Si usted equivocadamente perfora, rompe o estropea la balota, o rompe o estropea el sobre, devuélvala al miembro del consejo del distrito y obtenga otra.

請在選票上打孔

選民須知:

投票時所選擇的任何其他候選人；請在選票上箭頭所指之候選人名打孔。如果有兩個或以上
候選人競選同一職位，請在選票上箭頭所指之所有候選人中，選擇你要選舉的候選人打孔，但不
要超過要選舉的候選人數。

投票合格的非候選的候選人，請在非確定候選人選舉信封所提供的預定位上寫下候選人
所預選的職位和候選的姓名。

票選任何提案，請在選票上箭頭所指 "YES" 或 "NO" 字樣打孔。

選票上若有弄溼、污點或損壞，選票作廢。

如果你在選票上打孔誤了，撕破或弄破了，或撕壞了，弄壞了非候選候選人的選舉信封，應
把該選票退還給選舉區的監票員，另索取一份選票。

NONPARTISAN BALLOT

JUDGE OF THE MUNICIPAL COURT
Office Number One  Vote for One

JUDICIAL

ALBERT C. WOLLENBERG, JR
Judge of Municipal Court

JONATHAN McCURDY
Tenant Attorney

MEASURES SUBMITTED TO VOTE OF VOTERS — STATE PROPOSITIONS

16  COUNTY JAIL CAPITAL EXPENDITURE BOND ACT OF 1984. This act provides for the construction, reconstruction, remodeling, and replacement of county jails and the performance of deferred maintenance thereon pursuant to a bond issue of $250,000,000.

YES 163  NO 164

17  NEW PRISON CONSTRUCTION BOND ACT OF 1984. This act provides for the construction, renovation, remodeling, and deferred maintenance of state correctional facilities pursuant to a bond issue of $300,000,000.

YES 167  NO 168

18  CALIFORNIA PARK AND RECREATIONAL FACILITIES ACT OF 1984. This act provides for a bond issue of $370,000,000 to be used for specified acquisition, development, rehabilitation, or restoration of real property for park, beach, recreational, or historical preservation purposes.

YES 171  NO 172

19  FISH AND WILDLIFE HABITAT ENHANCEMENT ACT OF 1984. This act provides for a bond issue of $85,000,000 to be available for appropriation to the Wildlife Conservation Board and the State Coastal Conservancy for specified acquisition, enhancement, and development of habitat areas.

YES 175  NO 176

20  ELECTED OFFICIALS. Disqualification where libelous or slanderous campaign statements are made that are major contributing cause to opposition candidate’s defeat. Fiscal impact: No direct fiscal effect. If a successful candidate is disqualified, local governments could incur additional election costs if an election is required to fill vacancy.

</table>
PUBLIC PENSION FUND INVESTMENTS. Modifies investment provisions. Declares pension fund assets trust funds. Specifies investment standards for fiduciary. Fiscal impact: No direct fiscal effect. Indirect effect would depend on whether public retirement fund investments are at higher or lower rates due to additional flexibility allowed.

YES  185  ➔
NO   186  ➔

EXEMPT STATE CIVIL SERVICE POSITIONS. Makes specified manager positions in the PERS and STRS retirement systems exempt from civil service. Fiscal impact: No direct fiscal effect. Indirect effect could result if additional flexibility in selection of personnel affects performance of investment programs.

YES  190  ➔
NO   191  ➔

PROPERTY TAXATION. SEISMIC SAFETY CONSTRUCTION EXCLUSION. Excludes from reassessment for property taxation specified reconstructions or improvements for seismic safety purposes. Fiscal impact: Unknown local government loss of property tax revenue and increased appraisal costs. Unknown increased state costs to offset revenue losses of schools, community colleges, and possibly other local governments. Minor increased state income tax revenues due to lower property tax deductions.

YES  196  ➔
NO   197  ➔

LEGISLATURE: RULES, PROCEDURES, POWERS, FUNDING. Specifies procedures regarding partisan composition of committees, voting requirements, and other matters. Reduces support appropriations. Fiscal impact: Funds for support of Legislature for 1984-85 would be reduced by up to $37 million from the amounts that would otherwise be appropriated. After 1984-85, an upper limit is set on growth in legislative funding.

YES  204  ➔
NO   205  ➔
INVERSIONES DE LOS FONDOS DE JUBILACIÓN PÚBLICOS. Modifica las disposiciones para la inversión. Declara las haberes de la caja de jubilaciones como fondos fiduciarios. Especifica las normas de inversión para el fiduciario. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto dependería de si las inversiones de los fondos de jubilación públicos están a una tasa más alto a más bajo debido a la flexibilidad adicional que se permite.

PUESTOS EXENTOS DEL SERVICIO CIVIL ESTATAL ENMIENDA CONSTITUCIONAL LEGISLATIVA. Exenta del servicio civil a puestos específicos de directores del Sistema de Jubilación de los Empleados Públicos y del Sistema Estatal de Jubilación de los Maestros. Impacto fiscal: Ningún efecto fiscal directo. Un efecto indirecto podría resultar si la flexibilidad adicional en la selección del personal afecta el rendimiento de los programas de inversiones.

IMPUESTO A LA PROPIEDAD. EXCLUSIÓN DE CONSTRUCCIÓN PARA SEGURIDAD CONTRA SISMOS. ENMIENDA CONSTITUCIONAL Legislativa. Excluye del reavaluación al impuesto a la propiedad las reconstrucciones o mejoras específicas efectuadas para propósitos de seguridad contra sismos. Impacto fiscal: Pérdida desconocida de réditos del impuesto a la propiedad para gobiernos locales y aumento de los costos de avalúo. Aumentos desconocidos de costos estatales para contrarrestar la pérdida de réditos de los distritos escolares y de las universidades binuales de las comunidades y, posiblemente, otros gobiernos locales por pérdida de réditos del impuesto a la propiedad. Aumento menor en los réditos de impuestos a la renta debido a menor deducción en los impuestos a la propiedad.

LEGISLATURA: REGLAS, PROCEDIMIENTOS, PODERES, CONSOLIDACIÓN. Especifica los procedimientos respecto a la composición paritaria de los comités, de los requisitos para votar, y de otros asuntos. Reduce las asignaciones para el sostenimiento. Impacto fiscal: Los fondos para el sostenimiento de la Legislatura de 1984-85 serían reducidos hasta por $37 millones de la cantidad que de otra manera hubiera sido asignada. Después de 1984-85, un límite top se fija al crecimiento de la consolidación para la Legislatura.

BALOTA INDEPENDIENTE

PROPOSICIONES DE LA CIUDAD Y CONDADO

A

¿Deberá autorizarse a la Junta de Supervisores a otorgar a empleados de la ciudad condiciones de trabajo o beneficios adicionales comparables a los previstos a empleados en por lo menos 50% de las entidades gubernamentales del Área de la Bahía?

B

¿Deberá pagárselas a las oficiales de policía un 6.25% adicional de su compensación por trabajar noches entre las 5:00 p.m. y las 7:00 a.m., estipulándose que esto no aumentará sus beneficios de jubilación?

C

¿Deberán los bomberos a nivel de entrada que hayan completado diez años de servicio satisfactoriamente recibir compensación del 21/2% adicional, después de quinco años de servicio 5%, y después de veinte años de servicio 7 1/2%, estipulándose que la compensación adicional no aumentará sus beneficios de jubilación?

D

¿Deberá autorizarse a la Comisión de Servicios Públicos a emitir bonos de ingresos de Hetch Hetchy para la reconstrucción y reemplazo de instalaciones existentes, mediante el voto de tres cuartas partes de la Junta de Supervisores y deberá necesitar la aprobación de los votantes para la emisión de bonos de ingresos para nuevas instalaciones?

E

¿Deberá autorizarse a la Comisión de Servicios Públicos a emitir bonos de ingresos del Departamento de Aguas para la reconstrucción y reemplazo de instalaciones existentes, mediante el voto de tres cuartas partes de la Junta de Supervisores y deberá necesitar la aprobación de los votantes para la emisión de bonos de ingresos para nuevas instalaciones?

WRITE YOUR CHOICES ON THIS CARD AND TAKE IT INTO THE VOTING BOOTH WITH YOU.
PROPOSICIONES DE LA CIUDAD & CONDADO

G. ¿Deberá el Secretario Gerente General y el Funcionario Inversionista Principal del Sistema de Jubilaciones ser nombrado por la Junta de Jubilaciones y estar exento del Servicio Civil?

H. ¿Deberá ser eliminada la autoridad para combinar la Oficina del Registro con la Oficina del Registrador de Votantes, y deberá hacerse al funcionario del Registro un funcionario de la Ciudad en forma separada, bajo las órdenes del Funcionario Administrativo Principal?

I. ¿Deberá la Junta de Supervisores ser reducida de once miembros a nueve miembros después de la elección de noviembre de 1984 y deberá posteriormente ser reducida a siete miembros después de la elección de noviembre de 1986, y deberán cambiarse de años pares a años impares las elecciones para Supervisores?

J. ¿Deberá San Francisco adoptar una ordenanza que establece el cobrar los costos de encarcelamiento en una cárcel del condado u otra instalación local de detención a un acusado que la Corte lo considere financieramente capaz de pagar?

K. ¿Deberá adoptarse una ordenanza que prohíbe los permisos de construcción para ciertas estructuras que produzcan considerable sombra sobre propiedades del Departamento de Recreación y Parques, a excepción de aquellos previamente autorizados por la Comisión de Planeamiento Municipal de conformidad con la ordenanza, con ciertas excepciones?
WORDS YOU NEED TO KNOW
By Ballot Simplification Committee

Here are a few of the words that you will need to know:

BALLOT—A list of candidates and propositions.

ABSENTEE BALLOT—If you wish to vote by mail you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. Please refer to the insert card in this pamphlet.

VOTE BY MAIL—See Absentee Ballot, above.

POLLS—The place where you go to vote.

PROPOSITION—This means any issue that you vote on. If it deals with City & County government it will have a letter, such as Proposition A. If it deals with State government it will have a number, such as Proposition 1. State propositions are numbered 16 through 24 because last time the numbers were 1 through 15. In November the State propositions will begin with Proposition 25.

CHALLENGE—Officers at the polls can challenge a voter for various reasons, such as living in a different precinct from the one in which he or she is voting.

CHARTER AMENDMENT—The charter is the basic set of laws for the city government. A charter amendment changes one of those basic laws. It takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

ORDINANCE—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

DECLARATION OF POLICY—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

INITIATIVE—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Each initiative ordinance needs signatures from 7,334 qualified voters. An ordinance passed by the people cannot be changed again without another vote of the people, unless the initiative expressly gives the Board of Supervisors the power to change the law.

PETITION—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

RIGHTS OF THE HANDICAPPED VOTER

1. Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them.

2. If architectural barriers prevent a handicapped voter from entering the polling place then the voter will be allowed to vote a ballot on the sidewalk in front of the polling place (Section 14234, Elections Code).

3. Under a new law, the handicapped may apply as "Permanent Absentee Voters". A permanent absentee voter will receive a ballot in the mail at all future elections. A permanent absentee application appears as part of the regular absentee application enclosed in this book.
Candidates for Judge

JONATHAN McCURDY

My address is 80 Alvarado Street, San Francisco
My occupation is Tenant Attorney
My age is 37

My qualifications for office are: I will bring a needed and revitalizing perspective to the Court. My career has been dedicated and guided by the belief that good government requires that everyone have equal access to justice. I have represented hundreds of tenants in our Municipal Court, argued precedent-setting cases and successfully fought City Hall. This experience has shown me that there is a desperate need for a judge with my background and perspective.

I have not sought or received the support of any of the powerful, special interest groups which dominate the politics of our city. As a result, I won’t be afraid to make the right decision, even if it upsets the power brokers, bankers, and downtown developers. My only allegiance will be to the equal and fair enforcement of the law. If you are satisfied with our court system and want business as usual, don’t vote for me. If you want a judge who has a new perspective and is free of special interests, vote for Jonathan McCurdy.

Jonathan McCurdy

ALBERT E. WOLLENBERG, JR.

My address is 27 Commonwealth Avenue, San Francisco
My occupation is Municipal Court Judge

My qualifications for office are: I am a graduate of U.C. Boalt Law School and practiced law for 15 years before my appointment to the Municipal Court in 1970. I also served as Presiding Judge for nearly a year and a half.

As Judge of the Municipal Court, I continue to combine sensitivity and understanding with respect for the law, and a commitment to the orderly administration of justice in San Francisco. As Judge, I have helped start a number of constructive changes in our local judicial system.

Many San Francisco attorneys, as well as people in the community support my candidacy.

Albert Wollenberg, Jr.

Statements printed on this page are volunteered by the candidates and have not been checked for accuracy by any official agency. These statements are printed at the expense of the candidates.
Employee Benefit Formula

PROPOSITION A

Shall the Board of Supervisors be authorized to grant city employees fringe benefits or working conditions comparable to those provided employees in at least 50% of Bay Area government agencies?

YES 212
NO 213

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City surveys wages and benefits in similar government agencies in the Bay Area. Without voter approval, the Board of Supervisors may not provide certain employee benefits similar to those provided in the agencies surveyed.

THE PROPOSAL: Proposition A would allow the Board of Supervisors, by ordinance, to provide certain employee benefits that are allowed to at least 50% of the employees in the survey.

A YES VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to provide certain employee benefits that are allowed to at least 50% of the employees surveyed.

A NO VOTE MEANS: If you vote no, you want to continue to require voter approval for these comparable employee benefits.

How Supervisors Voted on “A”

On March 5 the Board of Supervisors voted 8-2 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: Supervisors Quentin Kopp and Louise Renne.

Controller’s Statement on “A”

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A: “Should the proposed Charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its application, the City could negotiate collective bargaining agreements changing certain employee fringe benefits and working conditions which are now set by Charter formulae. These negotiated benefits could significantly affect the cost of government.”

THE TEXT OF PROPOSITION A APPEARS ON PAGE 59

POLLs ARE OPEN FROM 7 A.M. TO 8 P.M.
ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco Board of Supervisors urges a Yes vote on Proposition A because Proposition A will promote efficient, effective City government.

Today a rigid, obsolete system regulates employee benefits for the City.

Our present system bears no relationship to the marketplace, or to recognized, sound business practices. In fact, no modern business is run this way.

What are the consequences of this outmoded system?
1. Quality. We are unable to attract the top employees in many fields, and we train workers who move on as soon as they are fully qualified.
2. Cost. Locked into a rigid system, the City is barred from introducing cost-effective new practices.
3. Service. The services provided to taxpayers are essential — fire, police, health, Muni; and also, our libraries, parks, and courts. We need to modernize in order to maintain and improve the quality of City service.

Proposition A is an important step toward modernizing San Francisco city government.

We support Proposition A because we believe it will improve the efficient delivery of services, and enable San Francisco to attract and retain well qualified employees.

We strongly recommend a Yes vote on Proposition A.
Submitted by the Board of Supervisors

ARGUMENT IN FAVOR OF PROPOSITION A

In its treatment of public employees, San Francisco is an outcast among urban centers.

In every large county in California, in big cities across the country, public employees can bargain with local governments for basic job benefits. These benefits include life insurance, dental plans, family health coverage, and disability insurance. San Francisco, the fairest and most forward-looking city in the United States, does not afford its own workers this basic right. In this respect, San Francisco shows a lack of foresight. Public employees are the very backbone of city government, and hence, of a well-run city. San Francisco needs the best workers it can get. In return, San Francisco must be fair to its workers, and give them the same rights as employees in other cities and counties.

Let’s make our fair city truly fair. Vote YES on PROPOSITION “A”!
Honorable Willie L. Brown
Speaker of the Assembly

ARGUMENT IN FAVOR OF PROPOSITION A

In the next 20 years, San Francisco’s growth rate will be phenomenal.

This growth will place even more pressure on essential city services — services such as police and fire protection and transportation. To handle that pressure, and to make our growth as smooth as possible, San Francisco needs talented, productive and dedicated workers in all areas of government.

PROPOSITION “A” will help San Francisco attract those workers. Without PROPOSITION “A”, we face an uncertain future. Because city government is only as effective as the people who work for it.

PROPOSITION A does not force the City to spend any additional money on public employees.

PROPOSITION A simply asks that the City engage in a fair, responsible, and widely accepted business practice: negotiating benefit plans for City and County employees. It lets the City take a more flexible stance in negotiations with groups of public workers. It lets the City explore creative proposals for saving taxpayers’ money.

Public employees can bargain for family health plans, dental coverage, life insurance and disability insurance in every major county in California and most major cities in the United States. But not in San Francisco! Without PROPOSITION “A”, our loss will be these cities’ and counties’ gain.

Take stock in San Francisco’s future. Vote YES on PROPOSITION “A”.

Honorable Sala Burton
Member of Congress

ARGUMENT IN FAVOR OF PROPOSITION A

If San Francisco and its employees are unable to reach an agreement in these negotiations, the final say on benefits for employees would still be up to the voters. PROPOSITION A does not lock the City into any agreement.
