Section 12. The Council shall constitute the legislative body of the borough, and, except as otherwise provided, shall exercise the powers thereof.

The Council shall provide by ordinance for the time and place of holding its meetings and the manner in which its special meetings may be called, provided, however, that there shall be at least two regular meetings in each month. which it succeeds at the time consolidation becomes effective, until the borough provides otherwise by ordinance approved by, a majority vote of the vote cast thereon.

The Council shall by ordinance determine what bonds, if any, are to be given by the elective and appointive officers of the borough, and shall fix their amounts and form, and such bonds shall be approved in the case of a Borough Controller by the Council and in the case of all other officers by the Borough Controller, and the premiums thereon shall be paid by the borough.

Section 13. The Council shall choose one of its own number as President to serve at its pleasure. The President shall be the executive head of the borough, upon whom process issued by authority of law shall be served. He shall have such other powers and perform such other duties as may be prescribed by law, or by ordinance or resolution of the Council.

Borough Controller.

Section 14. The Borough Controller shall have; in addition to such duties as are prescribed by this Charter, such other duties as may be prescribed by borough ordinance. No borough funds shall be drawn from the treasury of the city and county except by warrant issued or countersigned by him, and he shall countersign no such warrant unless the claim is a legal obligation of the borough. He shall keep in his office sufficient and proper records and accounts of the financial transactions of the borough. Such records and accounts shall be kept in the forms and manner as prescribed by ordinance of the Board of Supervisors. He shall have access at all times for himself, or for any person designated by him, to books, records and cash in any office of the city and county and/or of the borough in which accounts are kept or money handled on behalf of the borough, He shall have power to inquire into all contracts, including the performance thereof and into all proceedings involving the expenditure of public funds to which the borough is a party, and into the financial transactions of all officers and employees of the borough. For this purpose he may administer oaths, summon witnesses and order the production of relevant books and papers. If any person fails to obey such summons or order or refuses to answer any proper question, the Borough Controller
may petition a court of competent jurisdiction for an order directing such person to comply with said summons or order or to answer such questions. He shall have power to employ such expert accountants or other agents as he may deem necessary to carry out his powers, and the Borough Council shall appropriate such funds as may be needed for this purpose.

Borough Clerk.

Section 15. When consolidation becomes effective, the Clerk of any city which is automatically established as a borough shall continue in office as Borough Clerk thereof until the expiration of the term for which he may be elected or appointed, and thereafter the Council shall appoint a Borough Clerk who shall act as Clerk of the Council. He shall have power to administer oaths and affirmations, to take affidavits, and to certify the same. He shall have such other powers and perform such other duties as may be provided by this Charter, or by ordinance, or order of the Council.

Borough Planning Commission.

Section 16. The Council may provide, by ordinance, for a Borough Planning Commission of five members. The ordinance shall provide for the qualifications, manner of appointment, terms, and compensation of the members of such Commission, but no compensation shall be paid any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon. Said ordinance shall provide that the Borough Planning Commission shall have and exercise within the borough such powers and duties as shall correspond to, so far as possible, the powers and duties of the Planning Commission of the city and county.

Until a Borough Planning Commission is provided, the Council shall have and exercise within the borough such powers and duties of a Planning Commission as the Council, by ordinance, may provide.

The Borough Planning Commission, or the Council, as the case may be, shall have such advisory powers relating to any planning matter of the city and county affecting any property, streets, public work or public improvement of or within the borough, as may be provided by ordinance of the Board of Supervisors.

The Borough Planning Commission, or the Council, as the case may be, shall have power to recommend changes in or the repeal of any city ordinance establishing zones for the uses of
property within the borough which may be continued in effect upon consolidation. In the determination of which class of occupation zones the property within a borough may be divided, or in the modification of any city zoning ordinance continued in effect, the Borough Planning Commission, or the Council, as the case may be, shall accept the classification of occupation zones which the Board of Supervisors, by ordinance, shall establish for the city and county.

Borough Library Board.

Section 17. The Council may provide, by ordinance, for a Borough Library Board of five members. The ordinance shall provide for the qualifications, manner of appointment, terms and compensation of the members of such board, but no compensation shall be paid to any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon.

The Borough Library Board shall have control and management of the borough library and the funds provided for same and shall have power to make such rules and regulations as necessary for the conduct of its affairs, but the Treasurer of the city and county shall have custody of such funds.

Borough Manager.

Section 18. The Council may appoint a Borough Manager, provided, however, that no Borough Manager shall be appointed unless an ordinance creating such office shall first have been approved by a majority of the borough voters voting thereon, and which ordinance, when so approved, shall not be amended or repealed except by ordinance also approved by a majority of the borough voters voting thereon. The City Manager of a city automatically established as a borough shall continue to hold such office as Borough Manager until removed by the Council and the Council may appoint his successor.

The Borough Manager shall be chosen by the Council without regard to political consideration and solely with reference to his executive and administrative qualifications. Residence within the borough shall not be a qualification for his appointment; but promptly thereafter during his term of office, he shall become and shall remain an actual resident of the borough.

The powers and duties of the Borough Manager shall be as follows:

(a) To act as administrative head of the borough government.
(b) To see that all borough ordinances are enforced.
(c) To appoint, remove, and have control of all subordinates and employees, except as otherwise provided by this Charter or by ordinance of the borough.

(d) To see that all permits and privileges granted by the borough are observed and to report any violations thereof to the Council.

(e) To attend meetings of the Council.

(g) To devote his entire time to the interests of the borough.

(h) To have general supervision of borough parks and playgrounds.

(j) To prepare the annual borough budget, as herein provided.

(k) From time to time, in order to facilitate the prompt, economical and efficient dispatch of borough business, to assign assistants, deputies or employees from any office or department of the borough government to perform work or service in any other office or department thereof, or to work in more than one of said offices or departments.

(l) To possess such additional powers and duties as may be provided in this Charter or by ordinance.

The Borough Manager shall have the right to take part in the discussion of all matters coming before the Council, but shall have no vote therein.

In case of the absence or disability of the Borough Manager, the Council may designate some qualified person to perform the duties of the office temporarily.

No member of the Council shall in any manner, directly or indirectly, by suggestion or otherwise, attempt to influence or coerce the Borough Manager in making of any appointment or the purchase of supplies, or attempt to exact any promise relative to any appointment from any candidate for Borough Manager, or discuss, directly or indirectly, with any such candidate, the matter of appointments to borough offices or employments. Any violation of the foregoing provisions of this section shall constitute a misdemeanor and shall work a forfeiture of the office of the offending member of the Council, who may be removed therefrom by the Council or by any court of competent jurisdiction.
No persons related to a Borough Manager by blood or by marriage shall be eligible for borough employment.

A Borough Manager may, by written agreement of the Councils of the boroughs interested, act as joint manager for two or more boroughs, in which case he shall become a resident of one of the boroughs so interested and shall devote his entire time to the interest of such boroughs.

Borough Legislation.

Section 19. The Council shall act in legislative matters by ordinance only. Other action of the Council, unless otherwise provided, may be taken by resolution, motion or order. No ordinance or resolution or order for the expenditure of money shall be passed without receiving the affirmative votes of a majority of all members of the Council.

The enacting clause of all borough ordinances shall be as follows: "The people of the Borough of [name of the borough] of the City and County of San Francisco do ordain as follows." No ordinance shall be passed by the Council on the day of its introduction, nor within five days thereafter, nor at any time other than a regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the President and attested by the Borough Clerk, and shall be published at least once in some newspaper of general circulation established, printed and published in the borough, and if there be no such newspaper they shall be posted in at least three public places in the borough before becoming effective.

Every ordinance passed by a Council shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance and as otherwise provided herein. Ordinances declared by the Council to be necessary as emergency measures for the immediate preservation of public peace, health, safety, or welfare, containing a statement of the reasons for their urgency, and ordinances ordering or otherwise relating to elections and ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments, may go into effect at the will of the Council.

Borough Fiscal Procedure.

Section 20. Within the time limits fixed by this Charter for the preparation and adoption of the budget of the city and
county, every borough shall cause to be prepared and shall adopt a borough budget which shall be a complete statement of the estimate of the revenues and expenditures of the borough departments for the ensuing year. Such budget shall be prepared substantially in the same manner and in such detail as required for the budget of the city and county so far as the same may be applicable. Upon the adoption of the budget, it shall take effect at the same time and shall be binding upon the borough in substantially the same degree and in the same manner as the city and county budget shall be effective and binding upon the city and county.

The fiscal year of a borough shall be the same as for the city and county.

Within the time limits fixed by law or by this Charter for the city and county, the Council may levy a borough tax sufficient to raise the amount estimated to be required in the annual budget as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue; but such levy, exclusive of the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the borough, and exclusive of special assessment and district taxes and of the library tax, shall not exceed the rate of one dollar on each one hundred dollars of the assessed valuation of the taxable property within the borough. Should the Council fail to fix the tax rate within the time prescribed, then the borough tax rate of the previous year shall constitute the rate of the current year. The Council, by ordinance, may provide for a higher tax limit, but such tax limit shall not be effective unless the ordinance fixing such tax limit shall first have been approved by a majority of the borough voters voting thereon.

All borough taxes levied, together with interest thereon and any percentage imposed for delinquency and the cost of collection, which shall be those prescribed in this Charter for the city and county, shall constitute liens on the property assessed, which taxes, interest, penalties and charges shall be collected in the same manner as is provided for the collection of city and county taxes, and which liens may be foreclosed upon in the same manner as is provided for the foreclosure of liens for city and county taxes.

All borough taxes shall be levied on the valuation of the taxable property within the borough as shall be fixed by the Assessor of the city and county for city and county tax purposes. There shall be a borough fund for each borough. All borough.
taxes shall be collected by the Tax Collector of the city and county, and shall be paid into the city and county treasury to the credit of the borough concerned, together with all revenues of a borough received from fines, licenses, and other sources of revenue, except as otherwise provided. Money shall be payable from a borough fund only on warrants drawn with the approval of a Council by such borough officer as the Council may authorize, and when countersigned by the Borough Controller.

The manner and time within which deposits of borough monies received from taxes, licenses, fees, fines, penalties, forfeitures, and all monies accruing to a borough from any source shall be made, the transfer and disposition of all surplus funds, and the manner in which borough accounts shall be kept, shall be provided for by ordinance of the Board of Supervisors, and shall be uniform for all boroughs.

The Council shall not create, audit, or permit to accrue, any debt or liability in excess of the available money in the borough fund of the borough that may be legally apportioned and appropriated for such purpose; provided that taxes levied though uncollected are deemed available income and revenue for the year for which levied; and provided, that any borough, during the first year of its existence, may incur such indebtedness or liability as may be necessary, not exceeding in all the income and revenue provided for it in such year, nor shall any warrant be drawn, or evidence of indebtedness be issued, unless there be at the time sufficient money in the borough fund legally applicable to the payment of the same, except as hereinafter provided. When any order or demand is presented to the Borough Controller for approval, and such order or demand is a proper and legal order or demand, and the amount of said order or demand does not exceed the amount of the unexpended and not otherwise appropriated moneys remaining in the fund out of which said order is payable, but where there are not actual moneys on hand in said fund for the payment of said order or demand, the Borough Controller must indorse thereon the words, "not approved for want of funds," with the date of presentation, and shall, in attestation thereof, affix his signature thereto; and shall number such indorsement and shall register said order or demand in the records of his office, and shall thereupon deliver said order or demand to the claimant, or his order. From that time, such order or demand shall bear interest at the rate of six per cent per annum. Such orders or demands, so registered
as herein provided, shall be paid in the order in which the same are registered.

All license taxes collected by the city and county within the limits of any borough shall be credited to the borough fund of such borough by the Treasurer of the city and county.

Borough Tax Subventions.

Section 21. The Board of Supervisors shall provide by ordinance for a system of subventions from tax funds of the city and county to boroughs which expend funds for the maintenance of streets, sewers, libraries, parks, or playgrounds during any fiscal year; provided that in no event shall the subvention to any borough either exceed the aggregate amount which such borough shall appropriate out of borough funds in said fiscal year for said purposes, or exceed the amount which the city and county shall raise in said fiscal year by city and county taxes levied and assessed for like purposes against taxable property within such borough. Such system of subventions may be modified from time to time by the Board of Supervisors by ordinance, but all ordinances so providing shall apply generally to all boroughs.

Borough Bonded Indebtedness.

Section 22. A borough may incur an indebtedness, exceeding in any year the income and revenue provided for such year, for the purposes of paying the cost of any borough improvement or acquisition within the power of the borough to make or acquire and may issue and sell borough bonds for such purposes, provided said indebtedness and bonds are authorized as herein provided by ordinance or resolution of the borough pledging the faith and credit of the borough therefor. Such ordinance or resolution shall be adopted and the proposition for the issue and sale of such bonds shall be submitted to a vote of the voters of the borough in substantially the same form and manner and according to the same procedure as is provided in this Charter for the issue and sale of bonds by the city and county, or in the manner and form and according to the procedure provided in any general law of the State of California in force at the time governing the issue and sale of bonds by municipalities, so far as the same may be applicable.

No such debt shall be incurred and no such bonds shall be issued by any borough without the assent of two-thirds of the voters thereof voting thereon at an election to be held for that purpose, nor unless before or at the time of incurring said debt
or issuing said bonds provision shall be made for the collection of an annual tax sufficient to pay the interest on such debt or bonds as it falls due, and provision shall also be made to constitute a sinking fund for the payment of the principal thereof or before maturity.

In no case shall borough bonds be issued for a term which shall exceed the estimated life of the work or improvement for the payment of which they are issued as certified by the Council in the ordinance calling the bond election, nor for a term to exceed forty years.

No bond shall be issued on the faith and credit of the borough which will increase the bonded indebtedness thereof beyond five per cent of the assessed valuation of the property within the borough subject to direct taxation as shown by the last preceding assessed valuation.

The proceeds from the sale of borough bonds shall be applied exclusively to the purposes and objects to which the voters of the borough have assented, until such purposes and objects have been accomplished, after which the surplus, if any, shall be transferred to the bond interest or redemption fund of the borough.

Borough bonds shall not constitute or be a debt or general obligation of the city and county.

Borough Special Assessments.

Section 23. In the exercise of its power to provide for the payment of the cost of any public improvement in whole or in part by special assessment levied against the property benefited thereby, a borough acting through its Council may establish local improvement districts and levy and collect special assessments and reassessments to pay the costs and expenses of such improvements, which expenses shall be made and assessments levied and collected in conformity with the procedure set forth in this Charter for the city and county, or with the procedure set forth in any ordinance passed or adopted thereunder, or with the procedure set forth in any one or more of the general laws of the State of California in force at the time of the improvement relating to the doing of public work or the making of public improvements in municipalities or in counties, so far as the same may be applicable. The Council may provide in accordance with the procedure set forth in said Charter or said ordinance or general law or laws for the issuance, sale, payment and redemption of interest bearing bonds to represent or to be secured
by such assessments or any reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide that such assessments or reassessments may be paid in installments and be collected in the same manner in which city and county taxes are collected or otherwise, and for the sale of lands burdened by such assessments or reassessments and for the purchase of same on behalf of the borough in event of nonpayment, and may provide other or alternative methods for such collection by foreclosure or otherwise. Such work or improvements are any permitted to be done by boroughs under this Charter or by the city and county or by any such procedure, ordinance or general law.

Nothing contained herein shall prevent the Board of Supervisors from establishing similar local improvement districts where the same shall cover territory in two or more boroughs or parts thereof, or cover territory lying partly within and partly without a borough, or from levying and collecting special assessments and reassessments to pay the cost and expenses of such local public improvements.

**Borough Contracts and Official Advertising.**

**Section 24.** In the preparation of estimates, calling for bids, advertising, and awarding of contracts for supplies, materials, labor, official advertising, or for any public work, a borough shall be subject to the provisions of any ordinance as the Board of Supervisors shall provide to be applicable uniformly to all boroughs. Such ordinance shall follow as closely as practicable the provisions of this Charter relating to such matters applicable to the city and county and shall charge borough officers with appropriate duties in the premises.

Contracts for the official advertising of a borough shall be let as this Charter provides for the letting of contracts for official advertising of the city and county, provided that any such contract shall be let to a daily or weekly newspaper of general circulation established, printed, and published in the borough, if any such there be. If there be no such newspaper, then such contract shall be let to a daily or weekly newspaper of general circulation established, printed and published in the city and county.

Any newspaper of general circulation which for one year next prior to consolidation was established, printed and published in the territory consolidated with the city and county shall thereafter be deemed to have been so established, printed
and published as a newspaper of general circulation for said period of one year within said city and county for all purposes of official publication or advertising.

The advertising of the delinquent borough tax list of the property within a borough shall be let by the Board of Supervisors to the lowest responsible bidder for publication in a newspaper of general circulation established, printed, and published within such borough, if any such there be, and otherwise in such a newspaper established, printed and published in the city and county, and such delinquent tax list shall be published in such newspaper at least once.

Interest in Borough Contracts.

Section 25. No officer or employee of a borough shall be or become directly or indirectly interested in any contract of such borough. Any such officer or employee violating the provisions of this section shall forfeit his office of employment and be disqualified from being elected, appointed or employed in the service of such borough, or the city and county, or any other borough thereof, and such contract shall be void.

Borough Civil Service.

Section 26. Whenever the voters of a borough shall approve an ordinance of the Council providing for Civil Service for officers and employees of the borough, the Council shall enter into an agreement with the Civil Service Commission of the city and county for the administration of the Civil Service system of the borough, and it shall provide in the borough budget for the payment to the city and county of the costs of such services.

In any such ordinance it shall be provided that all borough officers and employees, not otherwise exempt as herein provided, shall be subject to the Civil Service provisions of this Charter as far as they may be consistently applicable to such officers and employees. Such ordinance shall further provide that there shall be no exemption of any borough officers or employees from the borough Civil Service system except in the case of elective borough officers, appointees to any borough board or commission not required to give full-time service, and the Borough Manager, if any. Such ordinance may also provide that any borough officer or employee, who shall be subject to the borough Civil Service system and who has been continuously employed full time for one year prior thereto by the
borough or by the city automatically established as such borough, shall without examination be deemed appointed within the Civil Service provisions of this Charter to the position to which he may be assigned, and entitled to all the benefits of said Civil Service provisions thereafter.

Borough Pensions.

Section 27. Whenever the voters of a borough shall approve an ordinance of the Council providing for retirement allowances and death benefits applicable to officers and employees of the borough, the Council shall enter into an agreement with the Board of Administration of the employees' retirement system of the city and county for the administration of the borough retirement allowances and death benefits, and for contributions by the borough and the borough officers and employees to the employees' retirement system of the city and county in like manner as is provided for such administration and contributions by the city and county and city and county officers and employees.

The right of borough officers and employees to participate in such a retirement system, the manner in which they may participate, and the benefits they may enjoy, shall be those provided by the employees' retirement system for officers and employees of the city and county.

In any such ordinance it may be provided that any officer or employee participating in its benefits shall receive credit for his prior continuous full-time service to the borough and/or to the city automatically established as such borough, and all liabilities accruing under such system because of such prior service shall be met by the borough.

Borough Elections.

Section 28. The primary and general elections of a borough shall be held at the time provided in this Charter for municipal primary and general elections of the city and county. Except as otherwise provided in this Charter, the Council by ordinance shall call any special borough election and notice of such special election shall be given by proclamation issued by the President of the Council and posted and published as the Council may direct for the period of at least thirty days next preceding the date of such election. Any borough election shall be conducted and canvassed in the same manner as an election of the city and county, but the cost of any special election shall be borne by the borough. A borough special election may be
called to be held on any day appointed for any primary or general election of the city and county.

Borough Initiative, Referendum, and Recall.

Section 29. The voters of a borough may invoke the initiative provisions of this Charter to apply to any borough ordinance, and they may also invoke the referendum provisions of this Charter to apply to any ordinance, act or measure of a Council. The Council may submit any ordinance it is empowered to pass to a vote of the borough voters. The voters of a borough may invoke the recall provisions of this Charter to apply to any elective borough officer. It shall be the duty of the Board of Supervisors, by ordinance uniformly applicable to all boroughs, to make the provisions of this section effective:

Interchange of Services.

Borough Continuation of Employees, Contracts, and Ordinances.

Section 31. Except as otherwise provided, any employee of a city consolidated with the city and county, who shall be in the employ of any department or office of such city, the duties of which shall be undertaken by a borough automatically established as successor to any such city, shall continue in the position to which he may be assigned in the employ of the borough until the end of his term or if without a term until removed by the authority to whom power of removal is committed.

All contracts for materials, supplies and labor, and all public works, special assessments or similar proceedings entered into or undertaken by a city consolidated with the city and county in force or in course of performance when consolidation becomes effective, shall be continued and perfected by the borough automatically succeeding any such city, provided the borough shall have jurisdiction in the matter for which such contracts were entered into or over such public works, special assessment or similar proceedings, and otherwise by the city and county.

All ordinances of a city consolidated with the city and county which are not inconsistent with the provisions of this Charter or with any ordinance of the city and county shall, until repealed
or amended by borough ordinances, be continued in force as ordinances of the borough automatically succeeding such city.
