JACK BISHOP

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Jack Bishop. My residence address is at No. 438 Grove Street, San Francisco. My business or occupation is Longshoreman.

My qualifications for said office are as follows: Having worked as a longshoreman four years on the San Francisco waterfront and personally knowing the conditions existing there, I will fight against the police protection now given the Shipowners’ Blue Book racket and Fink Hall, which are used for discrimination and blacklisting workers who fight against bad conditions. The shipowners, supported by the City government, are responsible for these conditions, which are growing worse. I will use my office to help stop munition shipments to Japan and other imperialist nations from this harbor. I pledge myself to fight for unemployment insurance and all demands of the Communist platform.

THOMAS F. FEELEY

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Thomas F. Feeley. My residence address is at No. 2727½ Jackson Street, San Francisco. My business or occupation is Laborer.

My qualifications for said office are as follows: My qualifications for Supervisor are that I am a Socialist and a laborer. I have worked my whole life for Socialism and the labor movement. We Socialists demand that the works of hand and brain be paid enough so that they may buy back the full equivalent of what they produce. In municipal affairs we stand for everything that moves toward that goal; better unemployment relief, more public ownership, exemption of workers' homes from taxation; taxation of the wealthy; opposition to police violations of workers' rights. Phone the Socialist Party for a fuller statement of our platform, Walnut 8942.

ALFRED FENTON

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Alfred Fenton. My residence address is at No. 3526 Eighteenth Street, San Francisco. My business or occupation is Insurance.

My qualifications for said office are as follows: I am a native San Franciscan, married, have two children and am an insurance executive, legally trained, specialized in business administration. For many years I have studied municipal government and political and social economics. I am familiar with San Francisco’s requirements and can help provide them better than the unscientific and blundering political amateurs who form its government. Any planned and studied control will necessarily result in lower taxes and actual efficiency. I am familiar with the Hetch Hetchy Project, the efforts of the power companies to control it, and the procedure to defeat their purpose.

Signature of Candidate: ALFRED FENTON.

EDWARD HARRIS

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Edward Harris. My residence address is at No. 37 Grove Street, San Francisco. My business or occupation is Machinist.

My qualifications for said office are as follows: In administering City jobs, workers have been prevented from organizing into militant trade unions; denied the elementary rights of striking and picketing, and the police are used in most brutal fashion against workers in demonstrations. Yet wages are far below requirements for decent living conditions. I stand for the unrestricted right of workers to organize and strike; for adequate unemployment relief and insurance; for trade union wages on all City jobs. I endorse the platform of the Communist Party as steps to improve conditions. I have been a member of the Machinists' Union for twenty years.

Signature of Candidate: EDWARD HARRIS.

That my name is Franck R. Havenner. My residence address is at No. 460 Ellis Street, San Francisco. My business or occupation is Newspaperman.

My qualifications for said office are as follows: The most important problem of government today is to relieve unemployment and to increase the purchasing power of our people. As an official of San Francisco, I pledge active support to the endeavors of our national leaders to provide employment for our workers and to stimulate business and industry. I stand as always for municipal ownership of public-utilities. During my term of office, San Francisco's tax rate has been reduced from $4.13 to $3.48. I shall continue to support all prudent measures of economy which are consistent with the welfare of our people and the progress of our City.

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is James B. McSheehy. My residence address is at No. 137 Clifford Terrace, San Francisco. My business or occupation is Contractor and Builder.

My qualifications for said office are as follows: Native of San Francisco. Lincoln School graduate. I sponsored the following: Bill reducing tax rate 47 cents; bill requiring all City contracts to be on 30-hour basis—in line with N. R. A.; tubercular sanitorium; Memorial Building; maternity fund for care of poor mothers in City Hospital and home. I shall continue to demand cheap water, cheap power; these mean more factories and more employment; maintain 5 cent car fare; employ only citizens on San Francisco jobs. As Supervisor I have faithfully followed this course: Deal squarely with big interests, but never at the expense of wage earners. On my past record as Supervisor I ask your support.

CARL W. MILES

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Carl W. Miles. My residence address is at No. 581 Frederick Street, San Francisco. My business or occupation is President of Miles & Scott, Inc.

My qualifications for said office are as follows: During the past four years as a Supervisor, I have consistently applied business principles to governmental affairs. As Chairman of the Finance Committee during the past two years, I recommended economies which reduced San Francisco’s tax rate from $4.04 to $3.48—lowest in the country for cities over 100,000. I propose continued economy; to put San Francisco’s unemployed back to work and protect their jobs through the Unemployment Registration Bureau; continue the drive for a naval base on San Francisco Bay; actively work for municipal ownership of public utilities as provided for by Charter, and bend every effort toward a greater San Francisco.

For Supervisor

E. JACK SPAULDING

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is E. Jack Spaulding. My residence address is at No. 1251 Francisco Street, San Francisco. My business or occupation is Engineer.

My qualifications for said office are as follows: Have been in public service here for many years. I ask to be judged by my record, which justifies my seeking reelection. The Mills Field Municipal Airport’s position today as one of the country’s leading aviation fields is due to my insisting on the land being purchased and the project developed. Sponsored the Pure Milk Ordinance; helped reduce taxes; voted for removal of County Jail from Ingleside; originated the Shrine East-West football game, proceeds of which have helped care for many crippled children; always fought for veterans’ legislation; constantly voted for unemployed relief; not backed by political bosses or groups.

LOUISE TODD

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:
That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking of such office. That my name is Louise Todd. My residence address is at No. 2237 Twenty-second Street, San Francisco. My business or occupation is Stenographer.
My qualifications for said office are as follows: In City employment administration, discrimination has been shown particularly against women and youth. While thousands are jobless, children have to work and sell newspapers in order not to starve. I stand for adequate relief to women and youth; for abolition of all child labor; for free lunches, clothing and carfare to all needy children in public schools. In Soviet Union municipalities, protective measures for women and children are taken by the workers' government. Following the Communist Party platform, together with San Francisco workers, I will fight for improved conditions, such as the workers in the U. S. S. R. have already won.

JAMES OTIS TRACY

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is James Otis Tracy. My residence address is at No. 616 Baker Street, San Francisco. My business or occupation is Railroad Mechanic.

My qualifications for said office are as follows: As a World War Veteran, unemployed for two years, I see the need for a City government which will remove the present corrupt relief administration, turn over the control of relief distribution to committees elected by the unemployed. There should be free medical and dental services for all who cannot afford to pay, with no discrimination because of color, nationality or creed. I agree with the Communist Party Platform which says that militant struggle can bring improvement in our conditions, but a permanent solution can be achieved only by establishing a workers’ and farmers’ government.

ADOLPH UHL

I hereby declare myself a candidate for the office of SUPERVISOR to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Adolph Uhl. My residence address is at No. 2099 Pacific Avenue, San Francisco. My business or occupation is Merchant.

My qualifications for said office are as follows: I favor economical, efficient conduct of city affairs, in keeping with the spirit of the Charter, and lowering of taxes. A progressive plan “forward San Francisco”; developing industrial lands means increasing industrial payrolls; cheap water and power to industrials. Equitable expenditure of city funds for employment, maintenance and improvements, without favoritism. Limiting municipal positions to either husband or wife. Limiting municipal employment to one job. Opposed to loading Hetch Hetchy with bond issues; favor pay as we go. Cash or script for unemployed. Co-operation of my associates, Frank B. Lorigan, Adolph E. Schmidt, Charles T. Phillips and John M. Ratto, necessary to accomplish foregoing.

I hereby declare myself a candidate for the office of CITY ATTORNEY to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is John J. O'Toole. My residence address is at No. 14 Fair Oaks Street, San Francisco. My business or occupation is City Attorney of San Francisco.

My qualifications for said office are as follows: I again submit to the electors of San Francisco my candidacy for the office of City Attorney, in which office I have served since January 2, 1926. For more than thirty-five years I have been engaged in the practice of law in San Francisco. I feel that the experience which I have had in my present office qualifies me to continue in the performance of its duties. During my incumbency I have administered the affairs of this office, with impartiality to none, determining each case upon the law as I saw it. I seek the continued support of my fellow citizens.

NEIL HICKEY

I hereby declare myself a candidate for the office of TREASURER to be voted for at the General Municipal Election to be held in the City and County of San Francisco on the seventh day of November, A. D. 1933, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office. That my name is Neil Hickey. My residence address is at No. 616 Baker Street, San Francisco. My business or occupation is Miner.

My qualifications for said office are as follows: Workers suffering from unemployment have not been receiving adequate aid from the City Administration. I stand on the Communist Party platform for federal unemployment insurance and for stopping evictions, gas, light, water shut-offs; and foreclosures on small homes through inability to pay. I also propose that there be a reduction of gas, electric and water rates on tenants paying $35 per month rent or less, and the immediate repeal of the sales tax and reduction in prices of retail goods. Furthermore, the wage cut given City employees of all categories earning under $1,800 yearly should be restored.

Signature of Candidate: NEIL HICKEY.

WATER DISTRIBUTION BONDS, 1933—To incur a bonded debt in the sum of $12,095,000 for extensions to the water supply and distribution system owned by the City and County of San Francisco.

BOND PROPOSITION NO. 1

(Code No. 15.021)

Bill No. 436, Ordinance No. 15.0211. CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, THE 7TH DAY OF NOVEMBER, 1933, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO A PROPOSITION TO INCUR A BONDED DEBT OF THE CITY AND COUNTY OF SAN FRANCISCO TO THE AMOUNT OF $12,095,000 FOR MUNICIPAL IMPROVEMENTS CONSISTING OF ADDITIONS TO THE WATER SUPPLY AND DISTRIBUTION SYSTEM OF SAID CITY AND COUNTY, INCLUDING ALL NECESSARY LANDS AND RIGHTS OF WAY, AN ADDITIONAL PIPE LINE CROSSING SAN FRANCISCO BAY, A PIPE LINE FROM CRYSTAL SPRINGS CONNECTING WITH THE UNIVERSITY MOUND RESERVOIR, CONSTRUCTION OF A NEW RESERVOIR BASIN ADJACENT TO THE UNIVERSITY MOUND RESERVOIR, CONSTRUCTION OF A RESERVOIR IN SUNSET HEIGHTS DISTRICT LOCATED BETWEEN TWENTY-SECOND AND TWENTY-EIGHTH AVENUES AND ORTEGA AND RIVERA STREETS, AND THE EXTENSION, CONSTRUCTION AND IMPROVEMENT OF PIPE LINES CONNECTING RESERVOIRS THROUGHOUT THE CITY AND EXTENDING MAINS AND REPLACING OBSOLETE AND INADEQUATE PIPES IN THE WATER DISTRIBUTION SYSTEM AND THE INSTALLATION OF PROPER SHUTOFF VALVES THROUGHOUT SAID DISTRIBUTION SYSTEM, ALL OF SAID IMPROVEMENTS DESIGNED FOR THE PURPOSE OF PROVIDING AN ADEQUATE WATER SUPPLY AND FIRE PROTECTION TO THE RESIDENTS OF SAN FRANCISCO AND ADJACENT TERRITORY, AND PROVIDING FOR THE FORM, DENOMINATION, RATE OF INTEREST, FIXING PAYMENT OF INTEREST, AND RETIREMENT OF SAID BONDS, AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN 30 PER CENT OF THE COST OF THE LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENTS, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION.
Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $12,085,000 for municipal improvements consisting of additions to the water supply and distribution system of said City and County, including all necessary lands and rights of way, an additional pipe line crossing San Francisco Bay from the Irvington Portal of the Hetch Hetchy aqueduct to the easterly portal of the Pulgas tunnel and thence discharging into the Crystal Springs reservoir, including the necessary valves, auxiliary fittings, pipe lines and appurtenances.

A new pipe line and necessary appurtenances connecting the Crystal Springs reservoir with the University Mound reservoir for the purpose of adding to the storage facilities of the University Mound reservoir.

The construction of a new reservoir basin adjacent to the present University Mound reservoir providing an additional storage capacity of approximately 100,000,000 gallons of water, the said basin to be roofed, and for all necessary valves, appurtenances and pipes pertinent thereto.

The construction of a new reservoir in the Sunset Heights District located between Twenty-second and Twenty-eighth Avenues and Ortega and Rivera Streets, with the necessary appurtenances, pipe lines to connect the same with the San Andres pipe line and with the distributing main from the Lake Honda reservoir, the said reservoir to be of similar construction to that of the University Mound reservoir above described.

The construction of a pipe line and appurtenances connecting the San Andres pipe line and the University Mound reservoir providing the means of supplying water in an emergency to the University Mound District in the event of breakage of the Crystal Springs line.

The extension of a pipe line and appurtenances, from Twenty-fifth and Potrero Avenue through the South of Market Industrial Area and the Down Town Business District to Battery and Broadway necessary to meet the growing demands.

The construction of a new main extending from College Hill reservoir along Guerrero or adjoining streets to Market Street and thence to the vicinity of Buchanan and O'Farrell Streets necessary to augment the capacity of the present main.

The construction of a small reservoir adjacent to the central pump station which would serve the district between 40th Avenue and the Great Highway and extending from Balboa Street to Sloat Boulevard, which reservoir would also regulate the capacity for the supply of water used at the central pumps.

The replacing of 6 and 8-inch mains located throughout the City which are sufficient for domestic demands but insufficient for fire protection, and the installation of 12 and 16-inch mains with secondary
feeder pipes connecting with the primary supply of water from the distributing reservoirs.

The replacing of 2-inch wrought iron steel pipe with 6 and 8-inch cast-iron pipe throughout the City where the present pipe is deemed insufficient for fire protection purposes, and the installation of gate valves throughout the distributing system, and appurtenances, to permit shutting down of the water supply at one point without interfering with the service in adjacent blocks.

Section 2. The estimated cost of the municipal improvements described herein was fixed by the Board of Supervisors by Resolution No. 1045, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $12,095,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government, through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvements described in Section 1 hereof.

Out of funds realized from the sale of the bonds provided for herein, interest which may become due on said bonds during the actual period of construction of the municipal improvement described herein and during the period of six months immediately following the completion of the same may be paid out of the proceeds of sale of the said bonds.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.
Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Water Distribution Bonds, 1933—To incur a bonded debt in the sum of $12,095,000 for extensions to the water supply and distribution system owned by the City and County of San Francisco."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of said City and County in the City of New York. Said bonds shall be designated "Water Distribution Bonds, 1933," and shall be numbered from 1 to 12,095, both inclusive, and shall be payable $605,000 thereof one year from the date of said bonds, beginning with the lowest number, and $605,000 thereof of the next highest numbers on the same day in each succeeding year for nineteen years, and $600,000 thereof in the twentieth year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed
or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Bond Proposition No. 2
HETCH HETCHY DAM BONDS, 1933—To incur a bonded indebtedness in the sum of $3,500,000 to increase the height of O'Shaughnessy Dam.

BOND PROPOSITION NO. 2
(Code No. 15.031)

Bill No. 437, Ordinance No. 15.0311. CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, THE 7TH DAY OF NOVEMBER, 1933, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO A PROPOSITION TO INCUR A BONDED DEBT OF THE CITY AND COUNTY OF SAN FRANCISCO TO THE AMOUNT OF $3,500,000 FOR THE CONSTRUCTION AND COMPLETION OF A MUNICIPAL IMPROVEMENT CONSISTING OF INCREASING THE HEIGHT OF O'SHAUGHNESSY DAM OF THE HETCH HETCHY WATER SUPPLY, AND PROVIDING FOR THE FORM, DENOMINATION, RATE OF INTEREST, FIXING PAYMENT OF INTEREST, AND RETIREMENT OF SAID BONDS, AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN 30 PER CENT OF THE COST OF THE LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENT, AND PRESCRIBING NOTICE TO BE GIVEN ON SUCH ELECTION.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $3,500,000 for the construction and completion of a municipal improvement consisting of increasing the height of O'Shaughnessy Dam of the Hetch Hetchy water supply for the purpose of increasing the storage capacity in the Hetch Hetchy reservoir to insure the ultimate transmission to San Francisco and adjacent territory of 400,000,000 gallons of water daily and to insure the continuous operation of the generation of power of the Hetch Hetchy project.

Section 2. The estimated cost of the municipal improvement described herein was fixed by the Board of Supervisors by Resolution No. 1046, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $3,500,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

(8)
The method and manner of payment of the estimated cost of the municipal improvement described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvement described in section 1 hereof.

Out of funds realized from the sale of the bonds provided for herein, interest which may become due on said bonds during the actual period of construction of the municipal improvement described herein and during the period of six months immediately following the completion of the same may be paid out of the proceeds of sale of the said bonds.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Hetch Hetchy Dam Bonds, 1933—To incur a bonded indebtedness in the sum of $3,500,000 to increase the height of O'Shaughnessy Dam."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on
cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvement, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of said City and County in the City of New York. Said bonds shall be designated "Hetch Hetchy Dam Bonds 1933," and shall be numbered from 1 to 3500, both inclusive, and shall be payable $175,000 thereof one year from the date of said bonds, beginning with the lowest number, and $175,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published
daily in said City and County of San Francisco, being the official newspaper of said City and County.

### Bond Proposition No. 3
RED MOUNTAIN BAR BONDS, 1933—To incur a bonded debt in the sum of $6,308,000 for the construction of a power plant at Red Mountain Bar in Tuolumne County and a distribution system in San Francisco for electric energy generated on the Hetch Hetchy system, including necessary substations and standby plants, lands and rights of way.

### BOND PROPOSITION NO. 3
(Code No. 15.031)

FORM, DENOMINATION, RATE OF INTEREST, FIXING PAY-
MENT OF INTEREST, AND RETIREMENT OF SAID BONDS,
AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR
SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL
MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY
OF NOT LESS THAN 30 PER CENT OF THE COST OF THE
LABOR AND MATERIALS EMPLOYED UPON THE IMPROVE-
MENTS, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH
ELECTION.

Be it ordained by the People of the City and County of San Fran-
cisco, as follows:

Section 1. A special election is hereby called and ordered to be
held in the City and County of San Francisco on Tuesday, the 7th day
of November, 1933, for the purpose of submitting to the electors of
said City and County a proposition to incur a bonded debt of the City
and County of San Francisco to the amount of $6,308,000 for a mu-
cipal improvement consisting of a power house at Red Mountain
Bar where the Hetch Hetchy aqueduct crosses under the Don Pedro
reservoir, for the purpose of developing power, the construction of a
transmission line from Newark to San Francisco, substations and step-
down stations at Palo Alto, Crystal Springs and San Francisco, stand-
by plants, and a distribution system, for the service of power for mu-
cipal purposes and service to domestic and commercial consumers
within the triangular district bounded by the county line, Alemany
Boulevard and Bayshore Boulevard, and the necessary appurtenances,
lands and rights of way.

Section 2. The estimated cost of the municipal improvements de-
scribed herein was fixed by the Board of Supervisors by Resolution
No. 1047, passed by more than two-thirds of said Board and approved
by the Mayor, in the sum of $6,308,000, and such sum is too great to
be paid out of the ordinary annual income and revenue of the City and
County in addition to the other necessary expenses thereof or other
funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the
municipal improvement described herein are by the issuance of bonds
of the City and County of San Francisco to the amount required there-
for. The said bonds shall not be offered for sale or sold unless the
United States Government through the National Industrial Recovery
Act or other legislation or the Administration Board or Body func-
tioning thereunder shall make or agree to make a grant to the mu-
cipality of not less than 30 per cent of the cost of the labor and
materials employed upon the improvements described in Section 1
hereof.

Out of funds realized from the sale of the bonds provided for herein,
interest which may become due on said bonds during the actual period
of construction of the municipal improvement described herein and
during the period of six months immediately following the completion
of the same may be paid out of the proceeds of sale of the said bonds.

Section 3. The special election hereby called and ordered to be held
shall be held and conducted and the votes thereat received and can-
vassed, and the returns thereof made and the result thereof ascertained,
determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Red Mountain Bar Bonds, 1933—To incur a bonded debt in the sum of $8,303,000 for the construction of a power plant at Red Mountain Bar in Tuolumne County and a distribution system in San Francisco for electric energy generated on the Hetch Hetchy system, including necessary substations and stand-by plants, lands and rights of way."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the
rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of the said City and County in the city of New York. Said bonds shall be designated "Red Mountain Bar Bonds, 1933," and shall be numbered from 1 to 6308, both inclusive, and shall be payable $252,000 thereof one year from the date of said bonds beginning with the lowest number, and $252,000 thereof of the next higher numbers on the same day in each succeeding year for 24 years, and $260,000 thereof in the 25th year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $2,625,000.00 for municipal improvements consisting of reconditioning and rebuilding existing sewers on 15th, Brannan, 6th, 16th, 18th Streets, the Merced Land Sewer and the Lake Street Outfall sewer, the construction of structures at the ends of the existing sewers in San Francisco Bay for treatment of sewerage before discharging into the Bay, the Baker's Beach and Marina Districts treatment plants, extension of the North Point main sewer at the foot of Sansome Street and new pumping equipment
at the Commercial Street pumping station, additional sewerage dis-
posal plants and pumping equipment where necessary, and the construc-
tion of new adequate sewers on Third Street, Yosemite Avenue, Vis-
tacion Valley, Golden Gate Heights, sanitary relief sewer in the Lake
Merced District, sanitary sewer at 44th Avenue and Sloat Boulevard,
extension of the Laguna Street storm sewer to Lewis Street and a
new sewer on Hyde and Jefferson Streets or other and adjacent streets,
and the necessary lands and rights of way for the improvements here-
in described.

Section 2. The estimated cost of the municipal improvements de-
scribed herein was fixed by the Board of Supervisors by Resolution
No. 1048 passed by more than two-thirds of said Board and approved
by the Mayor, in the sum of $2,625,000, and such sum is too great to be
paid out of the ordinary annual income and revenue of the City and
County, in addition to the other necessary expenses thereof or other
funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the
municipal improvements described herein are by the issuance of bonds
of the City and County of San Francisco to the amount required there-
for. The said bonds shall not be offered for sale or sold unless the
United States Government through the National Industrial Recovery
Act or other legislation or the Administration Board or Body function-
ing thereunder shall make or agree to make a grant to the municipality
of not less than thirty (30) per cent of the cost of the labor and ma-
terials employed upon the improvements described in section 1 hereof.

Section 3. The special election hereby called and ordered to be held
shall be held and conducted and the votes thereat received and can-
vassed, and the returns thereof made and the result thereof ascer-
tained, determined and declared as herein provided and according to
the laws of the State of California providing for and governing elec-
tions in the City and County of San Francisco, and the polls for such
election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and here-
by is consolidated with the General Municipal Election to be held Tues-
day, November 7, 1933, and the voting precincts, polling places and of-
ficers of election for said General Municipal Election be and the same
are hereby adopted, established, designated and named, respectively, as
the voting precincts, polling places and officers of election for said spe-
cial election hereby called, and as specifically set forth by the Registrar
of Voters of polling places and election officers for the said General
Municipal Election.

The ballots to be used at said special election shall be the ballots to
be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on
the voting machines used at said special election, in addition to any
other matter required by law to be printed thereon, shall appear there-
on the following:

"Sewer Bonds, 1933—To incur a bonded debt in the amount of
$2,625,000 for the construction of new sewers, reconditioning of exist-
ing sewers and construction of sewerage disposal plants."

To vote for the proposition where ballots are used, and to incur the
bonded indebtedness to the amount of and for the purpose stated here-
in, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in lawful money of the United States, either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of the said City and County in the City of New York. Said bonds shall be designated "Sewer Bonds, 1933," and shall be numbered from 1 to 2625, both inclusive, and shall be payable $58,000 thereof one year from the date of said bonds, beginning with the lowest number, and $88,000 thereof of the next higher numbers on the same day in each succeeding year for 29 years, and $73,000 thereof in the 30th year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest.
of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $2,000,000 for municipal improvements consisting of extensions to the existing high pressure system throughout the Potrero, Mission, South of Market, Clay Street Hill, North Beach, Marina and Golden Gate Valley, Hayes Valley, Park-Presidio and Sunset and other Districts, and the construction of twenty interconnecting underground fire cisterns along Van Ness Avenue, Market and Dolores or other streets, all designed for the purpose of extending fire protection throughout the City.

Section 2. The estimated cost of the municipal improvements described herein was fixed by the Board of Supervisors by Resolution No. 1049, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $2,000,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvements described in Section 1 hereof.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

(19)
"High Pressure-System Bonds, 1933—To incur a bonded indebtedness in the sum of $2,000,000 for extensions to the existing high pressure-system and construction of underground cisterns throughout San Francisco."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of said City and County in the city of New York. Said bonds shall be designated "High Pressure System Bonds, 1933," and shall be numbered from 1 to 2000, both inclusive, and shall be payable $100,000 thereof one year from the date of said bonds, beginning with the lowest number, and $100,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.
Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $815,000 for a municipal improvement consisting of extension and construction by the City and County of San Francisco of the existing Yacht Harbor in the Bay of San Francisco fronting the Marina by extending the same easterly from Scott Street toward Laguna Street, which is the proposed easterly boundary of said Yacht Harbor, both streets extended northerly, consisting of the erection of a breakwater, a concrete pier approach from the concrete seawall to the breakwater consisting of reinforced concrete deck slab and beams supported by wooden piles with reinforced concrete jackets, service and landing wharves, providing lighting and water facilities, a service building and public convenience stations and two light houses, all designed for the use of a Yacht Harbor.

Section 2. The estimated cost of the municipal improvements described herein was fixed by the Board of Supervisors by Resolution No. 1050, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $815,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvement described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvements described in Section 1 hereof.
Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Yacht Harbor Bonds, 1933—To incur a bonded debt in the sum of $815,000 for improving the San Francisco Yacht Harbor."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes". To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No".

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as "serials".

(23)
Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of said City and County in the city of New York. Said bonds shall be designated "Yacht Harbor Bonds, 1933" and shall be numbered from 1 to 815, both inclusive, and shall be payable $41,000 thereof one year from the date of said bonds beginning with the lowest number, and $41,000 thereof of the next higher numbers on the same day in each succeeding year for 19 years and $36,000 thereof in the 20th year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Bill No. 442, Ordinance No. 12.1211. CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY THE 7TH DAY OF NOVEMBER, 1933, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO A PROPOSITION TO INCUR A BONDED DEBT OF THE CITY AND COUNTY OF SAN FRANCISCO TO THE AMOUNT OF $2,100,000 FOR MUNICIPAL IMPROVEMENTS CONSISTING OF BOULEVARDS AND STREETS WITHIN THE CITY AND COUNTY AND THE WIDENING, STRAIGHTENING AND RECONDITIONING OF EXISTING STREETS AND BOULEVARDS TO CONFORM WITH THE APPROACHES TO THE GOLDEN GATE AND THE SAN FRANCISCO-OAKLAND BAY BRIDGES, AND PROVIDE FOR THE FORM, DENOMINATION, RATE OF INTEREST, FIXING PAYMENT OF INTEREST AND RETIREMENT OF SAID BONDS AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN THIRTY (30) PER CENT OF THE COST OF LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENTS, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $2,100,000 for municipal improvements consisting of boulevards and streets, and the widening, straightening and reconditioning of all existing streets and boulevards where necessary in the City and County to conform with the approaches to the Golden Gate and San Francisco-Oakland Bay Bridges, and particularly along the following streets and avenues:

Lombard Street, Lyon Street to Van Ness Avenue; Van Ness Avenue, Market Street to northerly termination; Howard Street, Embarcadero to Army Street; Nineteenth Avenue, Lincoln Way to Sloat Boulevard; Golden Gate Avenue, Market Street to Van Ness Avenue; Front Street,
Market Street to Embarcadero; Fremont Street, Market Street to Harrison Street; Sixth Street, Harrison Street to Market Street; California Street, Fillmore Street to Maple Street; Eighth Street, Harrison Street to Market Street; a highway crossing Golden Gate Park from Funston Avenue to Nineteenth Avenue; a divisional highway from Divisadero Street to Castro Street; Geneva Avenue, Mission Street to Bayshore Highway, and Laguna Honda Boulevard, and other and adjacent streets, avenues or boulevards, all designed for the purpose of providing better traffic facilities in the City and County.

Section 2. The estimated cost of the municipal improvements described herein was fixed by the Board of Supervisors by Resolution No. 1051 passed by more than two-thirds of said Board and approved by the Mayor in the sum of $2,100,000 and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of the payment of the estimated cost of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administrative Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than thirty (30) per cent of the cost of the labor and materials employed upon the improvements described in Section 1 hereof.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Boulevards and Streets Bonds, 1933—To incur a bonded debt in the amount of $2,100,000 for widening, straightening and reconditioning streets and boulevards to conform with approaches to Golden Gate and the San Francisco-Oakland Bay Bridges."

(26)
To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements and structures described therein. BOND PROPOSITION NO. 8

(Code No. 9.082)

Bill No. 443, Ordinance No. 9.0821. CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, THE 7TH DAY OF NOVEMBER, 1933, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO A PROPOSITION TO INCUR A BONDED DEBT OF THE CITY AND COUNTY OF SAN FRANCISCO TO THE AMOUNT OF $325,000 FOR A MUNICIPAL IMPROVEMENT CONSISTING OF AN ADDITION TO THE PRESENT MUNICIPAL CENTRAL WAREHOUSE AND THE BUILDING OF A REPAIR SHOP AND GARAGE TO STORE AUTOMOBILES AND TRUCKS OWNED BY THE CITY AND COUNTY, AND PROVIDING FOR THE FORM, DENOMINATION, RATE OF INTEREST, FIXING PAYMENT OF INTEREST, AND RETIREMENT OF SAID BONDS, AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL MAKE OR AGREE TO
MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN 30 PER CENT OF THE COST OF THE LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENT, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $325,000 for a municipal improvement consisting of an addition to the present municipal central warehouse providing for approximately sixty thousand square feet of additional floor space for warehouse purposes, and the construction of a garage which will store city-owned automobiles and trucks and a service and repair shop in said garage for the purpose of repairing city-owned automobiles and trucks.

Section 2. The estimated cost of the municipal improvement described herein was fixed by the Board of Supervisors by Resolution No. 1052, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $325,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvement described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefore. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvements described in Section 1 hereof.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

(29)
Section 5. On the ballots to be used at such special election and on
the voting machines used at said special election, in addition to any
other matter required by law to be printed thereon, shall appear
thereon the following:

"Warehouse Bonds, 1933—To incur a bonded debt in the sum of
$325,000 for the construction of an addition to the present municipal
central warehouse and the building of a repair shop and garage to
repair and house city-owned automobiles and trucks."

To vote for the proposition where ballots are used, and to incur the
bonded indebtedness to the amount of and for the purpose stated
herein, stamp a cross (X) in the blank space to the right of the word
"Yes." To vote against the proposition and thereby refuse to authorize
the incurring of a bonded indebtedness to the amount of and for the
purpose stated herein, stamp a cross (X) in the blank space to the
right of the word "No."

Where voting machines are used at said special election, the said
voting machines shall be so arranged that any qualified elector may
vote for the proposition by pulling down a lever over the word "Yes"
under or near a statement of the proposed proposition appearing on
cardboard, paper or other material placed on the front of the machine,
and said act shall constitute a vote for the proposition, and by pulling
down a lever over the word "No" under or near a statement of the pro-
posed proposition appearing on cardboard, paper or other material
placed on the front of the machine, shall constitute a vote against the
proposal. Said voting machines and the preparation of the same
are to be used in accordance with the provisions of Chapter 56 of the
Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds
of all the votes cast thereat were in favor of and authorized the in-
curring of a bonded debt for the purpose set forth in said proposition,
then such proposition shall have been accepted by the electors, and
bonds shall be issued to defray the cost of the buildings, municipal
improvements, other properties and structures described therein. Such
bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at
the rate not to exceed 6 per centum per annum, payable semi-annually,
shall be of the denomination of $1000 each, and the principal and in-
terest thereof shall be payable in lawful money of the United States
either at the office of the Treasurer of the City and County of San
Francisco or at the office of the fiscal agent of said City and County in
the city of New York. Said bonds shall be designated "Warehouse
Bonds, 1933" and shall be numbered from 1 to 325, both inclusive,
and shall be payable $33,000 thereof one year from the date of said
bonds beginning with the lowest number, and $33,000 thereof of the
next higher numbers on the same day in each succeeding year for 9
years and $28,000 thereof in the 10th year until all of said bonds shall
be paid.

Section 7. Bonds issued hereunder may be converted into registered
bonds upon presentation to the Treasurer of the City and County of
San Francisco, in which event such Treasurer shall cut off and cancel
the coupons of said bond and shall sign a statement stamped, printed
or written upon the back or face of the bond to the effect that the bond

(30)
is registered in the name of the owner, and that thereafter the interest
and principal of the bond are payable to the registered owner. There-
after, and from time to time, the bond may be transferred by such
registered owner in person or by attorney duly authorized on presenta-
tion of the bond to the Treasurer, and the bond be again registered as
before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of
said bonds, the Board of Supervisors shall, at the time of fixing the
general tax levy, and in the manner for such general tax levy, provide,
levy and collect annually each year until such bonds are paid or until
there be a sum in the Treasury of said City and County set apart for
that purpose to meet all sums coming due for the principal and interest
of said bonds, a tax sufficient to pay the annual interest on said bonds
and on such part of the principal thereof as shall become due before
the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least
seven (?) days in The San Francisco Chronicle, a newspaper published
daily in said City and County of San Francisco, being the official news-

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $700,000 for municipal improvements consisting of boat houses for rowing clubs, the creation of a bathing beach, park and playground areas, a concrete wharf to facilitate auto parking, bath houses, convenience stations, service buildings, gymnasiums, hand ball courts, shower and locker rooms,
solariums and club quarters, grading and rock filling, construction of concrete seawall and retaining walls and paving street promenade and sidewalk areas adjacent thereto, relocating belt line railway and creating water and electric light systems and landscape gardening at Aquatic Park and all designed for the better enjoyment of the Aquatic Park.

Section 2. The estimated cost of the municipal improvements described herein was fixed by the Board of Supervisors by Resolution No. 1053 passed by more than two-thirds of said Board and approved by the Mayor in the sum of $700,000 and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than thirty (30%) per cent of the cost of the labor and materials employed upon the improvements described in section 1 hereof.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Aquatic Park Bonds, 1933—To incur a bonded debt in the sum of $700,000 for the improvement of Aquatic Park consisting of boat houses, bathing beach, park and playground areas and other improvements of said Aquatic Park."

To vote for the proposition where ballots are used, and to incur the
bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, municipal improvements, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco, or at the office of the fiscal agent of said City and County in the City of New York. Said bonds shall be designated "Aquatic Park Bonds, 1933," and shall be numbered from 1 to 700, both inclusive, and shall be payable $35,000 thereof one year from the date of said bonds, beginning with the lowest number, and $35,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the
general tax levy, and in the manner for such general tax levy, pro-
vide, levy and collect annually each year until such bonds are paid
or until there be a sum in the Treasury of said City and County set
apart for that purpose to meet all sums coming due for the principal
and interest of said bonds, a tax sufficient to pay the annual interest
on said bonds and on such part of the principal thereof as shall become
due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least
seven (7) days in The San Francisco Chronicle, a newspaper pub-
lished daily in said City and County of San Francisco, being the offi-
cial newspaper of said City and County.

**AIRPORT BONDS, 1933—To incur a bonded debt in the sum of $260,000 for the improvement and extension of San Francisco Municipal Airport.**

---

**BOND PROPOSITION NO. 10.**

(Code No. 15.051)

STATES GOVERNMENT SHALL MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN 30 PERCENT OF THE COST OF THE LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENT, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $260,000 for a municipal improvement consisting of the extension of the East-West runway of the San Francisco Municipal Airport, filling in of tideland now owned by the City to the East of the present Airport, filling, grading, surfacing and drainage of the same, and lighting facilities of the said runway, and the acquisition of necessary lands and rights of way.

Section 2. The estimated cost of the municipal improvement described herein was fixed by the Board of Supervisors by Resolution No. 1954, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $260,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvement described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation of the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvement described in Section 1 hereof.

Out of funds realized from the sale of the bonds provided for herein, interest which may become due on said bonds during the actual period of construction of the municipal improvement described herein and during the period of six months immediately following the completion of the same may be paid out of the proceeds of sale of the said bonds.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting
precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

“Airport Bonds, 1933—To incur a bonded debt in the sum of $260,000 for the improvement and extension of San Francisco Municipal Airport.”

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word “Yes.” To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word “No.”

Where voting machines are used at said special election the said voting machine shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word “Yes” under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word “No” under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 95 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings, lands, other properties and structures described therein. Such bonds shall be of the form and character known as “serials.”

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco, or at the office of the fiscal agent of said City and County in the City of New York. Said bonds shall be designated “Airport Bonds, 1933,” and shall be numbered from 1 to 260, both inclusive, and shall be payable $52,000 thereof one year from the date of said bonds, beginning with the lowest number, and $52,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation
of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, THE 7TH DAY OF NOVEMBER, 1933, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO A PROPOSITION TO INCUR A BONDED DEBT OF THE CITY AND COUNTY OF SAN FRANCISCO TO THE AMOUNT OF $2,900,000 FOR A MUNICIPAL IMPROVEMENT CONSISTING OF A NEW HALL OF JUSTICE TO BE ERECTED ON LAND OWNED BY THE CITY AND COUNTY ON THE BLOCKS BOUNDED BY LARKIN,
HYDE FULTON AND GROVE STREETS, IN WHICH ARE TO BE HOUSED THE POLICE DEPARTMENT, THE PUBLIC DEFENDER, THE PROBATION OFFICER, CRIMINAL AND OTHER COURTS, OFFICES AND COMMISSIONS, AND A CITY PRISON, AND PROVIDING FOR THE FORM, DENOMINATION, RATE OF INTEREST, FIXING THE PAYMENT OF INTEREST, AND RETIREMENT OF SAID BONDS, AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN 30 PER CENT OF THE COST OF THE LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENTS, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $2,800,000 for a municipal improvement consisting of a new Hall of Justice to be erected on land owned by the City and County on the blocks bounded by Larkin, Hyde, Fulton and Grove Streets, in which are to be housed the Police Department, the Public Defender, the Probation Officer, Criminal and other courts, offices and commissions, and a city prison, to be constructed architecturally in conformity with existing buildings in the Civic Center.

Section 2. The estimated cost of the municipal improvement described herein was fixed by the Board of Supervisors by Resolution No. 1056, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $2,800,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvement described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvements described in section 1 hereof.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

(43)
Section 4. The said special election hereby called shall be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Hall of Justice Bonds, 1933—To incur a bonded debt in the sum of $2,500,000 for the construction of a new Hall of Justice to be erected on city land on the block bounded by Larkin, Hyde, Fulton and Grove Streets."

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word "No."

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.

Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the buildings municipal improvements, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1,000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco or at the office of the fiscal agent of said City and County in the
City of New York. Said bonds shall be designated "Hall of Justice Bonds, 1933" and shall be numbered from 1 to 2900, both inclusive, and shall be payable $100,000 thereof one year from the date of said bonds, beginning with the lowest number, and $100,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 9. This ordinance shall be published once a day for at least seven (7) days in The San Francisco Chronicle, a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County.

Bond Proposition No. 13
MUNICIPAL RAILWAY EXTENSION BONDS, 1933
—To incur a bonded debt in the sum of $63,000 for the extension of a line of the Municipal Railway from Taraval Street and 46th Avenue.

BOND PROPOSITION NO. 13
(Code No. 15.041)

Bill No. 448, Ordinance No. 15.0411. CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, THE 7TH DAY OF NOVEMBER, 1933, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO A PROPOSITION TO INCUR A BONDED DEBT OF THE CITY AND COUNTY OF SAN FRANCISCO TO THE AMOUNT OF $63,000 FOR A MUNICIPAL IMPROVEMENT CONSISTING OF AN EXTENSION TO THE MUNICIPAL RAILWAY FROM TARAVAL STREET AND 46TH AVENUE TO VICENTE STREET, AND PROVIDING FOR THE FORM, DENOMINATION, RATE OF INTEREST, FIXING PAYMENT OF INTEREST, AND RETIREMENT OF SAID BONDS, AND SAID BONDS ARE NOT TO BE OFFERED FOR SALE OR SOLD UNLESS THE UNITED STATES GOVERNMENT SHALL MAKE OR AGREE TO MAKE A GRANT TO THE MUNICIPALITY OF NOT LESS THAN 30 PER CENT OF THE COST OF THE LABOR AND MATERIALS EMPLOYED UPON THE IMPROVEMENTS, AND PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 7th day of November, 1933, for the purpose of submitting to the electors of said City and County a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $63,000 for a municipal improvement consisting of an extension to the Municipal Railway Car Line from Taraval Street and 46th Avenue southerly on 46th Avenue to Vicente Street with a single track loop around the block bounded by 46th Avenue, Wawona Street, 47th Avenue and Vicente Street.

Section 2. The estimated cost of the municipal improvement described herein was fixed by the Board of Supervisors by Resolution No. 1057, passed by more than two-thirds of said Board and approved by the Mayor, in the sum of $63,000, and such sum is too great to be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose.

The method and manner of payment of the estimated cost of the municipal improvement described herein are by the issuance of bonds of the City and County of San Francisco to the amount required therefor. The said bonds shall not be offered for sale or sold unless the United States Government through the National Industrial Recovery
Act or other legislation or the Administration Board or Body functioning thereunder shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvement described in Section 1 hereof.

Out of funds realized from the sale of the bonds provided for herein, interest which may become due on said bonds during the actual period of construction of the municipal improvement described herein and during the period of six months immediately following the completion of the same may be paid out of the proceeds of sale of the said bonds.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Municipal Election to be held Tuesday, November 7, 1933, and the voting precincts, polling places and officers of election for said General Municipal Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for said special election hereby called, and as specifically set forth by the Registrar of Voters of polling places and election officers for the said General Municipal Election.

The ballots to be used at said special election shall be the ballots to be used at said General Municipal Election.

Section 5. On the ballots to be used at such special election and on the voting machines used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

“Municipal Railway Extension Bonds, 1933—To incur a bonded debt in the sum of $83,000 for the extension of a line of the Municipal Railway from Taraval Street and 46th Avenue.”

To vote for the proposition where ballots are used, and to incur the bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word “Yes.” To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein, stamp a cross (X) in the blank space to the right of the word “No.”

Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word “Yes” under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word “No” under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923, and amendments thereto.
Section 6. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements, other properties and structures described therein. Such bonds shall be of the form and character known as "serials."

Said bonds shall be dated December 1, 1933, shall bear interest at the rate not to exceed 6 per centum per annum, payable semi-annually, shall be of the denomination of $1000 each, and the principal and interest thereof shall be payable in lawful money of the United States either at the office of the Treasurer of the City and County of San Francisco, or at the office of the fiscal agent of said City and County in the City of New York. Said bonds shall be designated "Municipal Railway Extension Bonds, 1933," and shall be numbered from 1 to 63, both inclusive, and shall be payable $63,000 thereof one year from the date of said bonds.

Section 7. Bonds issued hereunder may be converted into registered bonds upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of said bonds and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner, and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter, and from time to time, the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

Section 8. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Vote "NO"

On these bond issues at the November 7th election:

No. 3—Red Mountain Bar Bonds $6,308,000
No. 6—Yacht Harbor Bonds $815,000
No. 7—Boulevards and Streets Bonds $2,100,000
No. 9—Aquatic Park Bonds $700,000
No. 11—Agricultural Buildings Bonds $1,250,000
No. 12—Hall of Justice Bonds $2,900,000
No. 13—Municipal Ry. Extension Bonds $63,000

Building Owners and Managers Assn. of San Francisco
San Francisco Bureau of Governmental Research
San Francisco Real Estate Board

The direct and indirect taxpayers of San Francisco, which includes all San Francisco citizens, in acting on the various bond proposals on the November ballot, must consider the debt charges that these involve, and must determine the maximum expenditure for necessary public works that they, as San Francisco taxpayers, can afford.

Three items—increased debt charges, possible elimination of temporary pay deductions of municipal employees, and use of Water Department surpluses for Water Department construction instead of tax relief—indicate a possible tax increase of about $4,000,000, or about 15% for our next fiscal year and annually thereafter. This is exclusive of expenditures for unemployment relief, a large part of which must fall on local taxpayers.

San Francisco's net bonded debt, according to January 1933 figures, was $148.55 per capita, the fifth highest among the large cities of the country. If the propositions on which our organizations recommend a "NO" vote are voted down and the remaining bond propositions are approved, such approval will involve an increase in San Francisco's bonded debt of $20,805,000. Of this, $15,595,000 will be self-supporting and will involve no increase in the tax burden. The remainder, $5,210,000, will add to our net bonded debt and will require a tax levy for bond interest and redemption.

No. 3—Red Mountain Bar Bonds—$6,308,000—Vote NO

Major objections to this proposed $6,308,000 bond issue for power distribution are outlined in a separate pamphlet mailed to the voters herewith. In addition, we submit the following further objections to this proposition, from the taxpayers' standpoint.

The official estimates of the $6,308,000 project, as now combined, state that, on the basis of revenue to be derived from a proposed 10% reduction in existing rates, all operating expenses and bond interest and redemption charges can be met and a net profit shown amounting to $92,400 the first year and $183,200 the thirteenth or average year. These estimates were based on an estimated bond interest rate of 4%. This rate probably will have to be increased if the bonds are sold in the open market, as planned.

The proposed project is highly speculative in its nature. A rate reduction by the private company to meet any rate-reduction proposed by the City would eliminate the
only claimed advantage in the proposed plan, and would probably reduce the actual revenues to a point considerably below the official estimates of revenue to be derived.

The official estimates omit two charges required by law. The first is the omission of any charge for depreciation, which charge is required by Section 128 of the charter. Considering the rates of depreciation, as set up by the local privately-owned system and the Los Angeles and Seattle municipal systems, and using the lowest of such rates, a minimum of $89,000 per year would have to be set up for depreciation on the proposed project.

The second omission is that the official estimates do not include a charge required by Section 9-m of the Raker Act. This requires that rates to be charged by the City for its sales of power shall not be less than “the actual total costs of providing and supplying said power ... including a fair proportion of costs of conduits, lands, dams and water supply systems.” Under this legal requirement, additional interest charges of approximately $174,000 a year would have to be added to the charges included in the official estimates for this project and approximately $65,000 a year additional for this project’s proportionate cost of the annual redemption of 1910 Hetch Hetchy bonds.

The inclusion of these mandatory charges would change the official estimates as follows: Instead of a surplus or profit of $92,400 the first year, a deficit of $235,600 would result. Instead of a surplus of $183,200 during the average, or thirteenth year, a deficit of $144,000 would result. Instead of a 10% rate reduction during the initial year, the existing scale of rates would have to be increased (under the provisions of the Raker Act) by 20%, and in the average or thirteenth year, by about 8.5%.

No. 6—Yacht Harbor Bonds—$815,000—Vote. NO

Although the existing Yacht Harbor is operated to capacity and additional yacht capacity no doubt would be desirable, the proposed project would directly benefit only a very small number of our citizens. It is claimed that the expenditure would be self-liquidating in large part. However, the debt charges of the proposed bonds would be an obligation of the taxpayers. The revenues derived from the project, under the charter, would be reserved to the Park Commission to be expended solely by it for park purposes. It probably would not be legally possible to apply any such revenues toward the interest or redemption of the proposed bonds. The further extension of this project should await the time when the taxpaying group can better afford to meet the costs thereof.

No. 7—Boulevards & Sts. Bonds—$2,100,000—Vote. NO

Practically all of the items included herein are considered as necessary to handle expected traffic three or four years hence over the Golden Gate and East Bay Bridges. Fortunately, however, the Board of Supervisors, established a 30-year redemption period for these bonds. During this period, San Francisco will be required to spend many millions of dollars for street construction and reconstruction out of current annual funds. This 30-year period, unduly long for this type of improvements in San Francisco, will increase the taxpayers’ ultimate cost of the improvements by nearly 70%.

No. 9—Aquatic Park Bonds—$700,000—Vote. NO

The completion of Aquatic Park to provide safe, sanitary and easily accessible bathing facilities for the people of San Francisco could be accomplished, coupled with the completion of sewage treatment works provided for in another bond proposal on the November ballot, at a considerably lower expenditure than the $700,000 included in this proposition. The $700,000 estimate includes $250,000 for four athletic or rowing
club-houses. These, while no doubt desirable, will be of direct benefit to only a very small number of our citizens. It is stated that such club-houses will be self-supporting, but the same question as discussed above relative to Yacht Harbor, applies here to the possibility, legally, of using revenues that by the charter are reserved for the Park Commission, for the payment of debt charges on these bonds.

No. 11—Agricultural Bldgs. Bonds—$1,250,000—Vote NO

Appropriations for this project, as the "Livestock Exposition," were vetoed by the Mayor last year, and were voted down by the Supervisors this year. This is essentially a State and not a San Francisco municipal project. The governing board of the Agricultural District is appointed by the Governor. The powers and duties of such board are fixed by the State law and are not subject to any control by the local City and County charter or government. The proposed project would be located outside of the boundaries of the City and County. Because of these factors the City's New York bond attorneys have advised the San Francisco City Attorney that they can not approve the legality of the bonds until such legality shall be established by a decision of the Supreme Court.

The official application for the project shows an estimated annual excess of revenues over operating expenses (exclusive of maintenance) of only $35,000 a year. Such net revenue, which actual operation may prove to be smaller, will be totally inadequate to meet debt charges on the proposed bonds, which will average $106,094 per year, during the first ten years. Information from similar enterprises in Kansas City, Kan., and Omaha, Neb., indicates that such projects fail to carry all charges out of revenues and each is dependent on State subsidy or private subscriptions.

No. 12—Hall of Justice Bonds—$2,900,000—Vote...NO

This project is a proposed replacement, on the Civic Center, of the existing Hall of Justice on Kearny Street which was constructed from the proceeds of a 1908 bond issue.

This proposed project was a last-minute proposal to the Board of Supervisors for inclusion in the proposed public works program. It had been rejected, previously, by the Mayor's "Committee of 79," as a project incompletely-formulated, and not necessary at this time. It has not had sufficient consideration, particularly in view of the large amount, $2,900,000, that is involved, by the Mayor, Supervisors and other city officials interested, as to whether the purposes for which the new building is intended cannot be served by alterations to the existing Hall of Justice at a much lower cost; whether the proposed location in the Civic Center, which location is fixed by the bond proceedings already initiated by the Board of Supervisors, is the most suitable for the project; and whether the proposed structure and intended uses thereof best conform with the purposes and architectural plan of the Civic Center.

No. 13—Municipal Ry. Extension Bonds—$63,000—Vote NO

This proposed extension to the Municipal Railway "L" or Taraval Street line—a loop from the terminal at the Great Highway, to Fleishhacker Playfield and return—was included in proposed bond issues for Municipal Railway extensions, voted down by the people twice in 1927.

Estimates as to the financial results of this proposed extension, based on various assumptions as to how many passengers might be diverted to the Municipal line from the existing No. 17 line of the Market Street Railway Company, range from an estimated deficit of $15,000 per year up to an estimated surplus of about $12,000 per year. While the proposed extension might prove to be a convenience, it will probably add to the amount of the Municipal Railway deficit that must be borne by the taxpayers. In addition, the proposal of competitively diverting passengers from other lines is not in accordance with the letter or spirit of the Federal Recovery Act.
Relative to the taxpayers’ capacity to absorb additional costs involved in a public works program: (1) The current (1933-34) taxpayers’ burden for existing debt charges totals nearly $6,700,000 and absorbs about 25% of this year’s tax levy. This tax burden for existing bond issues will grow to over $7,900,000 in the next four years. (2) Tax moneys will have to be provided to replace Water Department surpluses ($900,000 in 1933-34) which have been used to finance unemployment relief and keep down the tax-rate during the depression, but which will be absorbed by the Water Department’s necessary construction program, or by the debt service and rate reduction program involved in the proposed Water Distribution bonds. (3) Temporary salary-deductions ($2,500,000 in 1933-34) will be terminated, if the continuance of these fails to secure the necessary three-fourths vote of the Board of Supervisors that is required by charter. The official organ of the Federation of Municipal Employees is making an issue of this in the coming supervisiorial election. If the deductions are terminated the major portion of this $2,500,000 will have to be made up by an equivalent tax increase. (4) San Francisco’s “pay-as-you-go” program for public works and improvements, which required appropriations of from $2,500,000 to $3,500,000 per year prior to the depression has, for purposes of keeping down the tax burden, been reduced to approximately $750,000 in the current fiscal year. Such curtailment, involving deferring necessary projects, cannot be continued indefinitely. It is probable that with the improvement of the times, annual appropriations on a pay-as-you-go basis will quickly mount to their former levels.

It is obvious that all of these obligations can not be absorbed by the San Francisco taxpayers, and, in addition, a heavy burden assumed for debt charges on a public works program that is too extensive.

The San Francisco voters must take account of their taxpaying ability to pay, so that they as individuals, and the City as a solvent corporation, shall not be overburdened.

Why the Bond Issue for Red Mountain Bar Power House and for a Transmission Line and Distribution System Should Be Defeated by the Voters of San Francisco

Vote NO on Number 3
To the Voters of San Francisco:

The proposal to issue $6,308,000 of city bonds for building the Red Mountain Bar power house, transmission line and distribution system is misleading and unbusinesslike.

Twice the voters have rejected similar proposals. In 1927 they voted down a plan to extend the transmission line from Newark into San Francisco and build a step-down station in Visitation Valley. Three years later, in 1930, they defeated by the decisive vote of two and a half to one, proposals to construct the Red Mountain Bar power house, extend the transmission line, and purchase the distribution systems of the private companies in San Francisco at a cost of 68 million dollars.

The people then knew that if the city were to go into the power business, the city would be committed to extensions and further bond issues aggregating many additional millions.

By itself the Red Mountain Bar project has some merit. It could be built for $1,000,000. Its output, delivered at Newark under the present Hetch Hetchy contract would net the city $472,000 a year. But the Board of Supervisors have refused to submit the $1,000,000 power house project separately. Instead they have tied together the $1,000,000 power house project with the much more costly, and unnecessary and uneconomic transmission line and distribution system, making the total bond issue $6,308,000.

To build the transmission line and distribution system would be a waste of public funds and a needless duplication of the adequate existing facilities. There are now three transmission lines running from Newark into San Francisco; and there stand idle in San Francisco two steam standby plants, each larger than the one it is proposed to build.

Should the city ever find it necessary to distribute Hetch Hetchy power itself, the businesslike way will be to acquire the existing systems and thus avoid wasteful competition and duplication. The consumers of electricity must pay the bill when uneconomic development is attempted.

Proponents of the project say it will earn a net of $92,400 a year, provided the government contributes $1,577,000 toward
the total cost. This is not true. The San Francisco Bureau of Governmental Research has reported that there will be a deficit, not a profit, because under the Charter and the Raker Act depreciation must be charged up and power must bear its proper share of the interest chargeable to the investment in water storage works, necessary elements in fixing rates which the proponents either forgot or ignored. Electric rates, maintained by the city, would therefore have to be increased approximately 12.2 per cent the first year over the rates now fixed by the Railroad Commission for the private company.

This attempt to build a distribution system may jeopardize the $2,000,000 a year which the city now receives for its Moccasin Creek power. That amount saves 22 cents on the tax rate. The manager of the city's utilities in his report to the Board of Supervisors has raised this question of possible jeopardy to the tax rates.

The Supervisors should have submitted the Red Mountain Bar power house proposal separately from that for the transmission line and distribution system. They refused to do so. By that refusal they have not permitted the voters a free choice on the two unrelated measures but have insisted that to get one project they must accept both. Consequently the voters should vote NO on the whole proposition.

Proposition Number 1
Assure San Francisco's Progress

The water supply of a community and the facilities for its distribution and delivery must be continually expanded to provide for its development and insure its continued prosperity. Hetch Hetchy assures San Francisco an abundant supply of purest water for all time, but the facilities for the delivery of this water across the bay and from the Peninsula reservoirs to San Francisco and for its distribution within the City must be increased.

Before the depression, the transbay pipelines carrying water from our Alameda County sources and the 48-year-old pipeline connecting the University Mound reservoir with the Crystal Springs reservoir were taxed to capacity to supply our demands. Then, as now, the distributing reservoirs within the City limits held only two days' supply as against the seven days' supply considered essential to guard against failure of the pipes leading from the Peninsula reservoirs which might result from an emergency.

During the last ten years of its ownership, the Spring Valley Water Company made no extensions to the distributing system that could possibly be avoided. The distributing system is under-built.

With the upturn in business, San Francisco must prepare to meet a rapid increase in water supply demands. This cannot be deferred.

At this time the President, through the National Recovery Administration, is appealing to every community to construct necessary public works in order to stimulate employment and increase payrolls and purchasing power. As an inducement the Federal government offers to contribute 30 per cent of the cost of labor and materials for approved public works projects.

This is a golden opportunity for San Francisco to rehabilitate and expand its water distributing system in preparation for a greater San Francisco.

Proposition No. 1 covers a bond issue of $12,095,000, of which the government's contribution will approximate 30 per cent of the cost of labor and material, with the balance to be financed out of Water Department revenues.

This will provide:
**ADDITIONAL BAY CROSSING PIPELINE**, with a capacity of
45 million gallons daily, to deliver water to our Peninsula reservoirs, making possible additional sales in San Francisco and the Peninsula communities;

**CRYSTAL SPRINGS UNIVERSITY MOUND PIPELINE**, with a capacity of 56 million gallons daily to supply University Mound reservoir, more than doubling the present pipe capacity and adequate for the next 25 years;

**UNIVERSITY MOUND RESERVOIR ADDITION AND SUNSET RESERVOIR**, each adding 100 million gallons to our storage facilities, will provide seven days' supply within the City available to all districts, in event of catastrophe rupturing the Peninsula pipelines;

**EXTENSIONS TO PIPE SYSTEM** contemplate over 140 miles of supply and distributing pipes throughout all districts of the City to provide the necessary: fire protection service and improve service to consumers. These pipe extensions are in line with recommendations of the Board of Fire Underwriters and will induce lower insurance rates.

Construction of these projects costing $12,005,000, of which the government will contribute as a free gift an amount equal to 30 per cent of the cost of the labor and materials involved, will make possible increased revenues through sale of additional water, which will not only pay all bond interest and redemption charges but over a period of ten years will produce a surplus estimated in excess of $15,000,000.

These projects will give direct employment for two years to more than 1500 residents of San Francisco and indirectly to 1800 others on the fabrication of materials and connected industries.

Vote **YES** on Proposition No. 1. Support the President's Recovery Program. Provide employment. Create purchasing power. Last, but not least, provide increased water facilities for a greater San Francisco, facilities which, if not built with government aid now, must within a year or two be built without such aid.

To Raise O'Shaughnessy Dam
Proposition Number 2
Aid the National Recovery Program

It is proposed to raise the O'Shaughnessy Dam 85 feet. This would almost double the capacity of the Hetch Hetchy storage reservoir. San Francisco would reap material legal and financial benefit from the project. With an outright gift from the Federal Government of 30 per cent of the cost of labor and material, the project can be financed entirely from increased revenues. It will be self-liquidating. It will make a substantial profit. It will not cost the taxpayers one penny.

This storage reservoir, constructed primarily for San Francisco's future water supply, is also an important unit in the production of electrical energy at the City's Moccasin Creek power plant.

At Moccasin Creek we have a power plant which produces 100,000 horsepower of electrical energy. This plant is shut down and idle for two months to five months of each year. The reason it is shut down is that the water in storage behind the present O'Shaughnessy Dam is not sufficient to run it all the year around.

In the spring water spills over the O'Shaughnessy Dam for from six to eight weeks after the present reservoir is filled. This water is completely wasted. It runs down Tuolumne river to the sea and is neither used for power nor irrigation. It is a dead loss to everyone.

Increasing O'Shaughnessy Dam 85 feet in height will conserve this water and enable us to use it to operate this 100,000 horsepower plant 365 days of each year. The net financial result will be that sufficient extra revenue will accrue to completely pay for the contemplated project in a few years.

For the past eight years San Francisco has operated the Moccasin plant. During that time shutdowns on account of lack of water have resulted in a loss of revenue in the amount of $1,800,000, an average of $225,000 loss per year. The United States Government at the present time will contribute approximately 30 per cent of the cost of labor and material to this project. With the increased height of the dam we will be able to liberate through the water wheels of the Moccasin Creek power house 720 cubic feet of water each second of each day of each year. Irrigators in the Turlock, Modesto and Waterford
Irrigation Districts will receive this regulated flow throughout the entire year. Instead of Tuolumne river being a dry stream for from two to five months of each year it will contain a minimum of 720 cubic feet per second, thus enabling all riparian land owners throughout these districts to receive more water than they can possibly use at the end of the fall period, when they need it more than at any other time of the year.

A large number of lawsuits have been brought against the City and County of San Francisco by districts and land owners who utilize Tuolumne river water. We are defending them at the present time at an annual cost of some $75,000. If San Francisco loses these lawsuits no one can tell how much the cost to the City will be. The increased water storage provided by raising the dam will make possible a regulated stream flow which will mean ample water for all users. This will be of inestimable value to farmers and districts and will be the means of settling years of costly litigation, establishing of friendly relations with other water users, and at the same time the City will receive an increased profit of at least $225,000 a year.

Undertaking construction of this project at this time should be San Francisco’s answer to the appeal of the President of the United States in his program for national recovery. The Government’s grant of 30 per cent of the cost of labor and material for the project makes it possible to finance the dam without one cent of additional taxes.

This project will place more than 700 men at work over an 18 months’ period and will stimulate business materially by placing $3,500,000 into circulation.

Proposition Number 3
To Reduce Your Electric Bill

From a purely economic point of view the $6,308,000 bond issue for an additional electrical generating plant at Hetch Hetchy and for construction of a system to enable the city to distribute the power is perhaps the most attractive and desirable proposition before the voters.

The bond issue as submitted proposes to finance: 1. a $1,000,000 generating plant at Red Mountain Bar; 2. an extension of existing transmission lines from Newark at an approximate cost of $1,000,000, and 3. a distributing system to bring the power into public buildings, private factories and homes.

Under this set-up, known as Cahill Plan No. 2, Manager of Utilities E. G. Cahill, an eminent and conservative engineer and contractor, has estimated there will be enough money in the bond issue to pay bond interest and redemption during the period of construction, so that even before the plant is ready for business it will not be a burden on the taxpayer. Mr. Cahill's conservative figures, corroborated by equally competent experts, show that the undertaking will not only be self-supporting from its very beginning, but will show a substantial profit the first year, a profit that will increase with the years.

Mr. Cahill says that the first year of operation will produce sufficient revenue to pay bond interest and redemption, amortization, operating expenses and a net profit of $92,400. This net profit will increase so that the average net return during the 25-year life of the bonds will be $183,000 per year.

More important, perhaps, from the consumer's point of view is the fact that immediately on going into the business the city will reduce rates now charged by the private electric company by 10 to 12 per cent, affording an annual saving to 15,000 consumers in the area to be served by the city. This saving would be extended to all other consumers as the city expands its distributing facilities and as expansion is authorized further cuts in rates can be made. Besides saving money for home-owners, the city would also reduce its own light and power bill $30,000 a year, thus affording relief to the taxpayer to the extent of approximately one-half cent in the tax rate. These savings are
not taken into consideration in the net profit set up by Mr. Cahill in a report made to the Public Utilities Commission.

If any additional argument as to the economic desirability of the project is needed it may be found in the fact that the Federal government has approved it after study by its engineers as a sound, self-liquidating and desirable public undertaking and is contributing 30 per cent of the cost of the labor and material as an outright gift to the people of San Francisco.

Besides its economic phases, the project also has its moral and legal sides. In the Raker Act, granting the city Hetch Hetchy holdings in the Sierras there is a provision requiring the city to distribute the power it generates. Thus we are morally and legally bound to go into the electricity business if we desire to avert expensive court litigation and possible loss of the grant and our $100,000,000 investment.

There is also an additional reason for voting these bonds. For years the city, as a duty to its residents, has protested before the California Railroad Commission for lower electric rates.

These appearances, including expenses of evaluating the plant of private companies, have cost more than $1,000,000 of tax funds. This expense, too, will be eliminated because with competition the company that now has the exclusive privilege of supplying electricity in San Francisco will be compelled to lower its rates to meet that competition.

The citizens should view this undertaking on its merits and refuse to accept propaganda against it advanced by self-seeking interests. This bond issue was approved by the Mayor's Citizens Committee.

Good business sense and a desire to cooperate with President Roosevelt in his efforts to provide work that will lead us to economic recovery should lead us to the polls to vote "YES" on this proposal that offers so much to our people.

On Sewer Bonds
Proposition Number 4

It is of extreme importance from the standpoint of sanitary and health standards that the sewer system of San Francisco be improved by reconstructions and extensions, together with necessary installation of sewage disposal plants.

The work involved in bringing the system up to the proper standard by extensions and reconstruction is of such magnitude that it can only be accomplished by a bond issue at this time.

Typical of the more important projects included in this Bond Issue of $2,625,000 for sewers and disposal plants are:
Fifteenth-Street Sewer, Section "C" (Division Street),
Brannan Street Sewer,
Sixth Street Sewer,
Sixteenth Street Sewer,
Yosemite Avenue Sewer,
Visitacion Valley Sewer,
Sanitary Sewer at Forty-fourth Avenue and Sloat Boulevard,
Sanitary Relief Sewer in the Lake Merced District,
Baker's Beach Sewage Disposal plant,
Marina Sewage Disposal plant,
Pumping equipment at Commercial Street.

Many of the sewers south of Market Street have been in service more than 50 years, and are in such a condition that they are a menace to health and dangerous to traffic, and they cannot be repaired because no workman could survive in the noxious gases which prevail in such sewers.

The insanitary condition at Baker's Beach and the Marina District is such that the authorities have closed these beaches to public bathing. Because of this, sewage disposal plants should be constructed at the earliest possible date to remedy this condition.

Other projects included in this bond issue are essential to the development and growth of the City by making possible the construction of homes and factories.

Voters should bear in mind the fact that if this bond issue is voted NOW, the Federal government will contribute 30 per cent of the cost of all labor and materials incorporated into the projects. On sewer constructions, the cost of labor and materials is a very large percentage of the total cost of the work.

These projects will also relieve our serious unemployment situation.

Proposition Number 5

Extension of High Pressure System

Under the date of February 12, 1908, Mr. W. C. Robinson, Chief Engineer for the National Board of Fire Underwriters, in an extended report regarding the urgent need of San Francisco for better fire protection measures, stated the following: "The conflagration hazard in San Francisco has always been considered greater than in most other American cities, due to the topographical and climatic conditions, the practical isolation of the city, the large number of frame buildings, and the inadequacy of the water supply. Almost any of these conditions furnishes adequate reason for substantial improvement in the fire protection of the City. It remained for the earthquake of 1906 to clearly demonstrate the real weakness of the present facilities in such emergency, and the necessity for an independent system of fire protection specially designed and constructed to meet the conditions at such times."

In recognition of the truth of these statements, which were overwhelmingly confirmed by all contemporary authorities, the City submitted to the voters a proposition to install a high-pressure fire-protection system, by bond issue, which was practically unanimously carried, and the system was then installed.

The design and construction of this system provides that all of the factors which caused the failure of the water supply in 1906 were eliminated as far as engineering ingenuity could devise, the main reservoir on Twin Peaks was so constructed that even quite considerable earth movements would not rupture the structure, all pipe and other materials used were of much greater strength than those used in ordinary water supply systems, flexible pipe joints were installed in all infirm territory, and two powerful pumping plants capable of pumping vast amounts of water from the bay into the distributing mains were erected on solid rock foundations. In addition, two fire boats were built, equipped with spacious pumping equipment, which, besides protecting the ships and wharves of our harbor, can also be used to supply salt water into the high-pressure system.

This system covers the entire downtown section, most of the Western Addition and part of the Mission District. A few years ago an
extension was built into the Butchertown District, and wherever its mains were installed, substantial reductions of insurance rates followed immediately.

The enormous growth of the City since then has added greatly to the need of high-pressure main extensions, and favorable action by the voters on the proposed bond issue for the same, under the liberal conditions of the NRA program, will permit such extensions to be made into vital sections of the City which do not now share in the benefits of the protection afforded by this system, and the consequent reductions of fire insurance rates.

The successful consummation of this project will not only result in greater security of the lives and property of our citizens from the dangers of fire, but will also materially add to the prosperity of our City, in that it will encourage the establishment of new factories and new industries, thus creating new payrolls and new wealth.

All of the construction work in connection with this project will be located within the City limits, and local labor will be employed exclusively.

The proposed extensions are an urgent necessity, they will practically benefit every section of the City, their cost will be very reasonable by reason of the Federal aid advanced at this time, and every voter who has the welfare of his City at heart should cast a favorable vote thereon.

Extension of the Municipal Yacht Harbor

The expenditure of $815,000 will create a 2100-foot breakwater and esplanade in San Francisco Bay, 500 feet north of the present Marina sea-wall. This breakwater will extend approximately from the foot of Scott street to the foot of Webster street and will insure an absolutely calm harbor for the mooring of 373 additional yachts.

The existing Yacht Harbor cost approximately $250,000, berths over 200 yachts, and has already returned to the City Treasury $60,000 over and above the expenses of operation, besides bringing to San Francisco new payrolls in the form of seamen's wages, boating supplies and boat building. As an example, one yacht in the present Yacht Harbor has a crew of seventeen men steadily employed.

Yachting experts are unanimous in their opinion that the Municipal Yacht Harbor Extension will be equally popular with yachtsmen and beneficial to San Francisco industries, besides repaying the original cost of construction from the mooring fees collected.

San Francisco's Municipal Yacht Harbor is successful financially and affords healthful recreation to thousands of non-boat owners.

Proposition Number 7
Boulevard Bonds

San Francisco, owing to the construction of the Golden Gate and San Francisco-Oakland bay bridges, is confronted with a serious traffic problem.

Streets will have to be widened, reconditioned, and, in some instances, straightened, and additional routes must be provided to permit of a free flow of traffic so that congestion may be minimized and the bridges may properly function.

Aside from bridge requirements, the improvements of existing inadequate major thoroughfares has long been a pressing need.

The bond issue of $2,100,000 for streets and boulevards, No. 7 on the ballot, will provide funds for projects that will remedy the traffic conditions referred to. Typical of the projects that will be constructed out of these funds are:

- Lombard Street from Lyon Street to Van Ness Avenue,
- Nineteenth Avenue from Lincoln Way to Sloat Boulevard,
- Fremont Street from Market Street to Harrison Street,
- Golden Gate Avenue from Market Street to Van Ness Avenue,
- Geneva Avenue from Mission Street to the County Line,
- Highway crossing Golden Gate Park from Funston Avenue to Nineteenth Avenue,
- California Street from Fillmore Street to Maple Street,
- Divisional highway from Divisadero Street to Castro Street,
- Laguna Honda Boulevard from Lawton Street to Plaza Street, and also extensions and approaches.

The work will consist of the straightening, widening and resurfacing of streets, or the construction of extensions to thoroughfares over rights of way already acquired or being acquired, including all necessary boulevard or major highway appurtenances.

Voters should bear in mind that if this bond issue is voted NOW, the Federal Government will contribute 30 per cent of the cost of labor and materials incorporated into the projects. Our serious unemployment situation will be greatly relieved.

To Build Municipal Warehouse
Proposition Number 8

The experience of recent years in large and small cities throughout the United States has proved the superior efficiency and great economy of centralized repair shops and garages for motorized equipment. San Francisco should take advantage of this experience by establishing a central repair shop and garage for all City-owned motor vehicles. We are expending a great deal of money for maintenance work and garaging which could be very considerably reduced if we adopted the centralized system. Aside from economy, the advantage of the up-to-date system lies in the fact that it permits the proper protection of all equipment, much of which is now parked in open spaces through all seasons of the year, the exposure resulting in unnecessary depreciation. The investment in a central shops and garage will be an excellent one for San Francisco and will pay for itself many times over within a short period.

Complete a healthful play area for San Franciscans on our great Bay.

The expenditure of $700,000 will finish and make available for use within the coming year a complete Aquatic Park at the foot of Van Ness Avenue, with boathouses for rowing clubs, a safe and sanitary bathing beach and bathhouse, park and playground areas, a recreation pier extending far into the bay and a large auto parking space.

San Francisco has already spent over half a million dollars on this project for the purchase of land and the construction of the recreation pier. $250,000 of this will be returned to the City through rentals from rowing clubs.

Besides being a definite tourist attraction, the completed Aquatic Park of San Francisco will be a source of keen enjoyment and substantial benefit to young and old, enabling them to swim with safety in the waters of the bay and enjoy a sheltered, sanitary bathing beach.

THIS MEASURE WILL ADD GREATLY TO THE HEALTH AND PLEASURE OF NOT ONLY THE CITIZENS OF TODAY BUT FUTURE GENERATIONS.

For Airport Improvements

Proposition Number 10
Assure San Francisco's Place as the Aviation Center of the West

Less than one year ago citizens of San Francisco had no direct air connection with the rapidly expanding and highly efficient group of air transport systems embracing every other major city in the United States.

During the past year air transport companies have recognized the great desirability of affording fast, direct aviation service to San Francisco, by operating their planes from the only airport immediately adjacent to the City—the municipally owned San Francisco Airport. These services have been brought to San Francisco Airport upon the City's pledge that adequate facilities will be provided to care for transport business.

Today every air mail, express and passenger transport line operating in Northern California has adopted San Francisco Airport as its local terminal, providing citizens and industries of San Francisco with air mail, express and passenger transportation to all parts of the United States. Five major air lines operate 35 schedules every 24 hours, night and day. During the same period of time San Francisco Airport's private tenants have nearly doubled in number; flying school and charter flying activities have more than doubled; operating costs of the airport have been materially reduced; and income derived from these activities and other sources of revenue which have been developed, even in this period of depression, show an increase of more than 100 per cent.

This development of San Francisco Airport, which is located within less than 25 minutes by land from the heart of the City, is of incalculable benefit to San Franciscans who utilize air transport service for mail or travel. If these citizens and businessmen were compelled to utilize other Bay region airports they would be required, for example, to spend almost as much time in traveling by ferryboat and train or automobile to the airport as it now takes them to fly from San Francisco Airport to Los Angeles.

Despite this beneficial development, San Francisco today faces the loss of its airport business unless immediate steps are taken to comply
with Federal Government orders to enlarge the landing area of the Municipal Airport. An official warning has been served on the City by the Airways Division of the United States Department of Commerce that the temporary permits which have been issued to transport and mail lines to use San Francisco Airport will be withdrawn unless the City takes immediate steps to enlarge the available landing area. The improvement contemplated will meet the Government requirements and will give San Francisco a first-class airport, fully complying with all regulations for transport operations.

It is for the purpose of providing funds for the extension of the east-west runway at San Francisco Airport that Proposition No. 10 is placed on the ballot. This extension is mandatory and must be made if the airport is to maintain its usefulness. If it is not made the citizens of San Francisco will lose the benefit they now derive from this air terminal and San Francisco's million-dollar investment in its airport will be sacrificed. It is only common sense that San Francisco should prepare for the inevitable expansion of air traffic. Within the next seven years, at the present rate of increase of air commerce, it is estimated by aviation authorities that there will be at least a 700 per cent increase in flying.

The improvement provides for lengthening of the east-west runway through filling of approximately 25 acres, together with installation of proper drainage, surfacing and lighting.

This project fits in admirably with President Roosevelt's N. R. A. program of essential public works, which will give employment and create payrolls, result in sale of contract materials, and directly benefit the entire community. The project will give employment directly for six months to more than 140 workers and will indirectly benefit several hundred more. The Government's contribution under N. R. A. will be 30 per cent of the cost of labor and materials, San Francisco, therefore, by approving the bond issue for the airport, will get a $260,000 job done for 70 per cent of its cost. The Department of Commerce has issued its ultimatum—we must act.

San Francisco has gained its place on the air maps of the nation. To keep this place we must keep our field abreast of the development of aviation through approval of this essential improvement.

To Construct Agricultural Building

Proposition Number 11
History of Agricultural District No. 1A,
Livestock Exposition Buildings

For more than thirty years the leading civic and labor organizations of San Francisco and those interested in the livestock industry have advocated the establishment of a livestock exposition in San Francisco. At the conclusion of the Panama-Pacific International Exposition, 19 livestock breeders of California met in the office of D. O. Lively, a prominent livestock producer and manager of the livestock division of the Exposition, and formed an organization known as the San Francisco Exposition Company.

Two livestock expositions and horse shows have been held under the auspices of this organization and were signally successful. The organization sponsoring the shows was composed of the following:

D. M. Linnard       James D. Phelan
J. A. McGregor      B. F. Schlesinger
C. N. Hawkins       Mary A. Bowles
W. H. Crocker       Mrs. W. P. Roth
Fred Lüpman         A. B. C. Dohrmann
H. F. Fleishhacker  Angelo Rossi
Paul Shoup          Selah Chamberlain
A. P. Giannini      John Drum
Wallace M. Alexander Jennie Crocker Henderson

R. B. Hale

The San Francisco-San Mateo District Agricultural Association (originally called Agricultural District 1-A) was formed and obtained an appropriation of $250,000 from the State of California for the erection of livestock exposition buildings near the county line, on the understanding that San Francisco would match this sum. A united San Francisco backed the project, led by the San Francisco Chamber of Commerce, the Down Town Association, the California Cattlemen's Association, the California Wool Growers Association, the San Francisco Examiner, the San Francisco Chronicle, the Call-Bulletin, the News, and all of the local periodicals and district newspapers, backed
up by the active and unanimous support of the Mayor and the Board
of Supervisors of San Francisco, and endorsed by the Civic League
of Improvement Clubs, Central Council of Improvement Clubs, San
Francisco Advertising Club, California Northern Hotel Men's Asso-
ciation, Marina Merchants Association, Mission Park Improvement
Club, Knob Hill Improvement Association, North Beach Merchants
Association, Order of Camels, Park-Presidio Improvement Club, Prop-
erty Owners Association of North Beach, Sunset Transportation and
Development Association, Southern Heights Improvement Club, 29th
and Castro District Improvement Club, Upper Market & Castro Mer-
chants Association, Marina Home Owners Protective Association,
Judah Street Improvement Association, Haight-Fillmore District, Inc.,
Golden Gate Valley Improvement Association, Excelsior People's As-
sociation, Eureka Valley Promotion Association, East & West of Castro
Improvement Club, Divisadero District Merchants & Improvement
Association, Crescent Avenue Improvement Club, Civil Service per-
diem Men's Association, Central Mission Improvement Club, Bayview
Merchants Association, Bayview Civic Club, San Francisco Labot
Council, and San Francisco Building Trades Council.

The committee of 79 appointed by the Mayor for the purpose of
passing upon projects to be submitted to the Federal Government for
federal aid unanimously approved the project; it was then presented to
the Board of Supervisors of San Francisco and to the Mayor. It was
approved, presented to F. E. Trask, State Engineer for the Public
Works Administration at Los Angeles, and, having had his approval,
it was then presented to the Hon. Justus Wardell and the State-wide
committee composed of H. H. Cotton, E. A. Scatteredgood and Franck
Havenner. They also approved it. The application was then sent to
Washington and received the approval of the federal administrator, Mr.
Harold Ickes.

The proposition is No. 11 on the ballot, and it is submitted that you
should vote "YES" thereon for the following reasons:

1. The livestock industry is the third largest in California and sev-
enty per cent of it centers in San Francisco.

(a) The livestock business in San Francisco last year amounted to
approximately $100,000,000, and the annual payroll was approximately
$7,800,000.

(b) The history of similar enterprises in other cities such as Port-
land, Ore.; Kansas City, Mo.; Chicago, Denver, Colo.; Fort Worth,
Texas, and Los Angeles demonstrates that a livestock exposition will
bring directly to San Francisco annually in excess of $1,500,000.

(c) There are 15,000 members of the 4-H Club and Future Farmers
of America, made up of grammar school and high school students who
want to come annually to San Francisco to exhibit their prize livestock,
and there should be provided by your vote a suitable place where their livestock can be exhibited.

(d) There are 200,000 days of labor involved in the construction of this building and the fabrication of the raw materials.

2. The total cost of the project, exclusive of the land purchase, is $1,500,000—$1,250,000 of which will be provided by the Federal Government and $250,000 by the State of California. Thirty per cent of the total cost of the project, or $450,000, is an outright gift from the United States Government.

(a) Therefore it will be seen that the gifts from the State and the National Government for this project amount to $700,000, leaving but $800,000 to be assumed by San Francisco and repaid by the revenues derived from the use of the exposition buildings.

3. Approximately 103,000 square feet of the exposition building of class "A" construction can be used for school purposes for San Francisco school children during 10 months of the year without any expense to San Francisco other than the expense made necessary by the occupancy of the buildings for their purposes. An offer has been made for this use, and is now being investigated by the Board of Education.

4. Los Angeles, in 1909, procured an appropriation from the State and is making a most determined effort to have the livestock industry now dominated by San Francisco removed to Los Angeles. San Francisco has done nothing to protect itself, and unless the voters realize the importance now and vote "YES" on this measure, Los Angeles will be the livestock center of the West, instead of San Francisco.

Detailed information in regard to the project can be had from W. L. Douglas, Secretary of San Francisco-San Mateo District Agricultural Association, 790 Mills Building, telephone GARfield 0085.

Proposition Number 12
New Hall of Justice

1. EMPLOYMENT: This building is practically the only project in the National Recovery Act for this locality that would furnish labor for all branches of the building trades. It would furnish employment for four hundred and fifteen (415) persons each month for the period of eighteen (18) months.

2. HISTORICAL: The Hall of Justice, which is located at the corner of Kearny and Washington Streets, was constructed in 1909 to replace a similar building which was destroyed in the great fire of 1906. It was intended to satisfy the pressing need of that time and little thought was given to future requirements; it was even then woefully unsuited as a Police Department headquarters in a city such as San Francisco. In addition, the location was not a proper one for a building of this type and it should have been erected in a more accessible part of the City.

3. The population of San Francisco has greatly increased since this building (Hall of Justice) was completed, its Police Department has been strengthened proportionately in all branches of the service, with many new sub-bureaus being created in an endeavor to keep ahead of modern organized crime, with the result that this present Hall of Justice, now obsolete, is hopelessly inadequate to care for the needs of a highly efficient and thoroughly modernized Police Department.

4. DESCRIPTION: The criminal departments of both the Superior and Municipal courts, which are to be housed in this building, will have additional courtrooms which are very much needed at the present time. The County Clerk will also have adequate quarters for the filing of criminal records. The Police Department has at this time no space available in which to garage its eighty (80) automobiles, where they can be serviced and minor repairs effected. The basement of this proposed new building would amply provide for one hundred and fifty (150) automobiles, while at the same time affording sufficient space for (a) storerooms, (b) target range, (c) property
clerk's storage vault, (d) locker rooms for officers, and (e) for a building mechanical equipment room.

5. The present garage in the Hall of Justice at Washington and Kearny Streets is virtually a fire trap, having just one (1) combined entrance and exit. A fire in this garage at any time would mean the destruction of every piece of automotive equipment stored therein, in addition to Police Department records and evidence stored in the basement of the present building. Loss of life would also occur if the target range were being used when a fire happened to break out.

6. LOCATION: Due to the fact that the proposed Hall of Justice will, on the average, be four and one-half ($4\frac{1}{2}$) miles nearer to the various police stations than the present Hall of Justice at Kearny and Washington Streets, it is quite apparent that more prompt cooperation and, consequently, greater police efficiency would result from a transfer of the present Hall of Justice at Kearny and Washington Streets to the Civic Center.

7. San Francisco has grown and is growing, westward, and while the present Hall of Justice was the center of the City's activities a half a century ago, it now is located at the northeast corner of the City entirely away from the various centers of population, and in addition, the structure is not at all in conformity with modern-day Police Department requirements.

The proposed Hall of Justice, in addition to being located in the heart of San Francisco, as the City is today, and probably will be for at least a century, would naturally bring the citizens closer, in a business way, to our Police Department.

The proposed Hall of Justice will occupy a natural geographical center of our City, in addition to being located in the Civic Center. There will be a vast improvement in the matter of location for the reason that the irksome inaccessibility of the present Hall of Justice will be obviated. Owing to the location of our present Hall of Justice, citizens, especially women, refrain (when it is at all possible) from transacting business at our present Hall of Justice in the daytime even. In fact, it is well known that they have an instinctive fear of visiting our present Hall of Justice for any purpose.

Because of its central location many attorneys, having learned of the proposed new Hall of Justice, have already expressed their approval of having it in close proximity to the center of the City, feeling that the hearing of both civil and criminal cases will be handled with greater facility and dispatch than at the present time.

When the transbay bridges are completed, the Civic Center will virtually become the traffic hub of the City of San Francisco, and the fact of having the Hall of Justice located there will be of incalculable value to the community in the matter of saving time. It will also place the services of the men of the Police Department responding to
major alarms, valuable minutes nearer the scene of action, thus effecting a saving in such instances of precious moments now unnecessarily lost in proceeding on urgent calls from Kearny and Washington streets.

8. RENTAL SAVING: The erection of this building will effect a substantial saving in rentals now being paid for office space occupied by the (a) District Attorney, (b) Public Defender, and (c) Adult Probation Officer.

During the past ten years over $180,000 has been paid in rental for the offices of (a) the District Attorney, (b) the Public Defender, and (c) the Adult Probation Officer in a privately owned building several blocks removed from the present inadequate Hall of Justice.

9. COMPLETION OF CIVIC CENTER: The proposed building will be the last of a group of civic buildings to face the public square in the Civic Center. In design it will harmonize with the Library, the Auditorium and the other modern civic structures at present forming the heart of San Francisco. The Federal government is giving outright as a gift to the city, 30 per cent of the entire cost of construction.

10. ENDORSEMENTS:

(a) The Board of Supervisors,
(b) Hon. Matthew Brady—District Attorney,
(c) Gerald J. Kenny—Public Defender,
(d) William Nicholls—Probation Officer,
(e) The Board of Police Commissioners,
(f) William J. Quinn—Chief of Police,
(g) Superior and Municipal Court Judges,
(h) Civic Leagues and Improvement Associations.

Vote "YES"
onProposition Number 13
For Municipal Railway "L" Line Extension

Approval by the voters of Proposition No. 13 will make possible a highly desirable extension of the Municipal Railway "L", or Taraval street, line, to serve Fleishacker pool and playfield, an additional area of the ocean beach and a new section of the Parkside district.

This project will cost but $63,000, of which the Federal government will contribute 30 per cent of the cost of labor and materials. It is possible to operate cars over this extension of four blocks without additional operating costs. Resulting increased revenue will, therefore, be pure profit.

This short extension will make the terminal of the "L" line the Fleishacker pool, the great playfield of the west. It will help build up the Parkside district and, through increased tax revenue, will contribute to tax reduction.

It is unfair both to the Municipal Railway and to its patrons to end the "L" line at the end of Taraval street while four blocks away thousands of people visit attractions daily.

This project will save those thousands 20 minutes traveling time now used in reaching the district by other car lines, or 40 minutes round-trip. No direct car service is now provided. It will provide employment during construction, it will give the Municipal Railway much-needed new revenue, and it will provide car service and stimulate development of a large residential section. This inexpensive extension is a sound business proposition and merits your "YES" vote.
