Patron Feedback

“I want to thank all the library staff for making the lending process work this year. As the pandemic and remote school drag on, it's hard to keep spirits up and the things we look forward to still seem so far away. The excitement my kids have picking up new books from the library is bright spot in the week. (And the books are often the only thing my squabbling kiddos can happily talk to each other about.) The library has been a big part of their childhood, and it's especially treasured right now. Stay safe and high fives to you all.”
