- 2023: 7 programs (266 attendees)
- 2024: 7 programs (283 attendees)

Partnerships

Small Business Week in-person programs

Positive Feedback

Coffee & Community

"The library's support is **invaluable**. It helps new entrepreneurs take the steps on their roadmap to being small business owners and [...] **build confidence** on this journey."

"I came away [from the program] knowing more about the business registration cycle and what the City of San Francisco provides to incentivize small businesses to open storefronts in San Francisco. It's great to see what SF offers. With the high commercial vacancy rate, it's **reaffirming** to hear directly from city staff how SF **incentivizes new business ownership and expansion**."

"The partnership between the library and [SF] SBDC is **outstanding**. The expertise and individual advice has been **exceptional across the board** each time. 90% applied to my needs and brainstorming."
