WARNING CONCERNING COPYRIGHT RESTRICTIONS:

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for the purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.

I wish to order or reproduce photographic reference copies of the following pictorial materials (list photo identification number(s), folder title(s) or a description of the material(s)):

Please select type of reproduction: SCAN PHOTO SHOOT

I understand that the copies I receive are not to be used for any purpose other than private use, scholarship, or research, as stated in the warning above. If the reference copies ordered by me are ultimately selected for publication, I AGREE TO OBTAIN WRITTEN PERMISSION IN ADVANCE from the San Francisco Public Library using a "Request for Permission to Publish Pictorial Materials" form. I further understand that any publication of library materials which may be subject to copyright will also require the permission of the current copyright owner(s).
