Deep dive into
Library collections

"We've had lots of good discussions thanks to YELL and it's been wonderful for her to learn more about the library."

-YELL parents

I would recommend YELL to a friend because it gave me the opportunity to learn about a wide range of topics ranging from financial literacy and time management to graphic design and social media management. I was able to combine my interest in Science and Art to complete a project that would allow me to help others in my community. It was overall a really fun experience, I got to know a lot more about sfpl and also about other teens in my community.

-YELL teen

"Thank you so very much for the very high quality program you have put together-in a crisis no less!"

-YELL parents

I'm most proud of finishing the program and getting through all of the requirements. Also im proud to say that I have made new friends through YELL without the need to leave my house and being in quarantine.

- YELL teen

I would definitely recommend YELL to a friend because, again, I thoroughly enjoyed my experience here at YELL and learned various life skills while attending the workshops. I also made so many new friends and became more comfortable with talking in front of large groups of people.
